Mapping Gendered Routes and Spaces in the Early Modern World - Professor Merry E. Wiesner-Hanks 2015-04-28
How did gender figure in the routes and spaces of the early modern world, both real and imagined, from the inner spaces of the body to the furthest reaches of the globe? Essays in this volume address this question from a variety of

disciplinary perspectives, with topics key to the 'spatial turn', such as borders and their permeability, actual and metaphorical spatial crossings, travel and displacement, and the built environment.

The Spanish Lady - Joan Smith
2016-07-10

Lady Helena, whose father was an English lord, had spent her whole life in Spain, but she was sent to England to find a proper English husband. She found England dull and its men less than sterling. Her cousin Edward, for example, was a tyrant and disposed to ignore her, if not overset her plans. She would settle only for a passionate love... Regency Romance by Joan Smith; originally published by Fawcett Crest

Women and Spanish Fascism - Kathleen J.L. Richmond 2003-09-02

Using forty-five interviews with former members and sympathisers, this book traces the development of the Women's section of the Franco government from its roots in the Spanish fascist party to its role in the dictatorship up to 1959. The study reveals that

despite its anti-feminist agenda, the section was, in some areas, a catalyst for women's emancipation in post-Franco Spain.

Geographies of Urban Female Labor and Nationhood in Spanish Culture, 1880-1975 - Mar Soria 2020-05

Mar Soria presents an innovative cultural analysis of female workers in Spanish literature and films. Drawing from nation-building theories, the work of feminist geographers, and ideas about the construction of the marginal subject in society, Soria examines how working women were perceived as Other in Spain from 1880 to 1975. By studying the representation of these marginalized individuals in a diverse array of cultural artifacts, Soria contends that urban women workers symbolized the desires and anxieties of a nation caught between traditional values and rapidly shifting socioeconomic forces. Specifically, the representation of urban female

on 2021-06-03 by guest

work became a mode of reinforcing and contesting dominant discourses of gender, class, space, and nationhood in critical moments after 1880, when social and economic upheavals resulted in fears of impending national instability. Through these cultural artifacts Spaniards wrestled with the unresolved contradictions in the gender and class ideologies used to construct and maintain the national imaginary. Whether for reasons of inattention or disregard of issues surrounding class dynamics, nineteenth- and twentieth-century Spanish literary and cultural critics have assumed that working women played only a minimal role in the development of Spain as a modern nation. As a result, relatively few critics have investigated cultural narratives of female labor during this period. Soria demonstrates that without considering the role working women played in the construction and modernization of Spain, our understanding of Spanish

culture and life at that time remains incomplete.

Protecting the Spanish Woman
- Xabier Granja Ibarreche
2023-09-05

An important contribution to the study of women writers. María de Zayas is unique in the seventeenth century as the only Spanish woman to write a collection of exemplary novels whose quality is often compared to Miguel de Cervantes' masterful works. Her two main collections of short stories, *Novelas amorosas y ejemplares* and *Desengaños amorosos*, encompass a social critique based on literary fiction that exposes flaws in the idealized archetypes of masculine identity in early modern Spain. Zayas's stories redefine women's patriarchal disadvantage as a tool to expose the ways in which early modern Spanish women could be empowered to counteract men's discursive and political authority, which they use to unfairly maintain their own social privilege. Xabier Granja Ibarreche explores how Zayas

Downloaded from
legacy.opendemocracy.net
on 2021-06-03 by guest

defies Spanish hegemony by manipulating and transforming the ideals of courtly masculinity that had been popularized by conduct manuals and the traits they specified for appropriate noble comportment. In doing so, Zayas elaborates a nonofficial discourse throughout plots that subvert patriarchal hierarchies: she rearticulates the existing ideological order to empower women who are no longer willing to remain silent and oppressed by masculine domination after centuries of failing to attain a sufficiently self-sufficient political position to ascend in the social hierarchy. By inverting the male gaze that assumes masculinity as a preeminent identity, Zayas subverts the patriarchal subject/masculine, object/feminine order and destabilizes manly superiority as a basic universal reality, thereby empowering and unshackling Spanish women to liberate Iberian culture from the repressive and pernicious future she forebodes.

[Spanish Women Writers and Spain's Civil War](#) - Maryellen

Bieder 2016-12-01

The Spanish Civil War

(1936-1939) pitted

conservative forces including

the army, the Church, the

Falange (fascist party),

landowners, and industrial

capitalists against the

Republic, installed in 1931 and

supported by intellectuals, the

petite bourgeoisie, many

campesinos (farm laborers),

and the urban proletariat.

Provoking heated passions on

both sides, the Civil War soon

became an international

phenomenon that inspired a

number of literary works

reflecting the impact of the war

on foreign and national writers.

While the literature of the

period has been the subject of

scholarship, women's literary

production has not been

studied as a body of work in

the same way that literature by

men has been, and its unique

features have not been

examined. Addressing this

lacuna in literary studies, this

Downloaded from

legacy.opendemocracy.net

volume provides fresh perspectives on well-known women writers, as well as less studied ones, whose works take the Spanish Civil War as a theme. The authors represented in this collection reflect a wide range of political positions. Writers such as Maria Zambrano, Mercè Rodoreda, and Josefina Aldecoa were clearly aligned with the Republic, whereas others, including Mercedes Salisachs and Liberata Masoliver, sympathized with the Nationalists. Most, however, are situated in a more ambiguous political space, although the ethics and character portraits that emerge in their works might suggest Republican sympathies. Taken together, the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history.

Twenty-First Century Arab and African Diasporas in Spain, Portugal and Latin America - Cristián H. Ricci 2022-12-30

This volume considers the Arabic and African diasporas

through the underexplored Afro-Hispanic, Luso-Africans, and Mahjari (South American and Mexican authors of Arab descent) experiences in Spain, Portugal, and Latin America. Utilizing both established and emerging approaches, the authors explore the ways in which individual writers and artists negotiate the geographical, cultural, and historical parameters of their own diasporic trajectories influenced by their particular locations at home and elsewhere. At the same time, this volume sheds light on issues related to Spain, Portugal, and Latin American racial, ethnic, and sexual boundaries; the appeal of images of the Middle East and Africa in the contemporary marketplace; and the role of Spanish, Portuguese, and Latin American economic crunches in shaping attitudes towards immigration. This collection of thought-provoking chapters extends the concepts of diaspora and transnationalism, forcing the reader to reassess their present limitations as

Downloaded from
legacy.opendemocracy.net
on 2021-06-03 by guest

interpretive tools. In the process, Afro-Hispanic, Afro-Portuguese, and Mahjaris are rendered visible as national actors and transnational citizens.

Transcultural Encounters amongst Women - Gabrielle Carty 2010-05-11

Traditionally women have found recourse in artistic means to interrogate change and upheaval. This volume explores the experiences of women from Spain, Portugal and Latin America in the twentieth and twenty-first centuries who themselves have crossed cultural boundaries or have described this experience in their literature and film. Areas investigated in this collection of essays include the experience of the exiled or the immigrant and their personal or collective response to displacement and adaptation: the transcultural potential of cyberspace for women, how patterns and styles of the fashion industry have crossed borders, how women have crossed canonical cultural boundaries in search of identity

and meaning, how global cultural influences have manifested in Hispanic and Lusophone cultural practices and production by or about women, and the challenging question of whether canine writing can be considered a branch of feminist theory. Common to most of the essays are the central issues of identity, values, conflict and interconnectedness and an analysis of the patterns that result from the transcultural encounter of these aspects.

Free Women of Spain - Martha A. Ackelsberg 2005
With fists upraised, *Mujeres Libres* struggled for their own emancipation and the freedom of all.

Making Waves Anniversary Volume - Ann Davies
2021-02-10

Gender and women's studies have formed part of the academic landscape for many years, but while the field is now established enough to have developed in depth and perspectives, there remain many areas of significance yet to be explored—most

Downloaded from
legacy.opendemocracy.net
on 2021-06-03 by guest

significantly, much of the work carried out has remained rooted in the Anglo-American context. Those working outside this context are increasingly aware of the need to understand women in different cultural contexts in order to determine whether, to what extent and how representations of women and cultural contexts are interactive and dynamic concepts. The current volume contributes to the growing interest in the field of women and culture in the Hispanic and Lusophone worlds and shows how women writers, researchers, teachers and students have always made waves to counteract the complacency, prejudice and tradition that threatens to ignore or subsume them. The volume draws on literary study—the starting point for much of the early work on gender in Spain, the Lusophone world and Latin America—but also goes beyond it, to discuss women’s interaction not only with literature but also with art, and language itself, in the Hispanic

and Lusophone contexts. It acts as a showcase for contemporary scholarship undertaken in Hispanic and Lusophone gender studies, developing earlier insights and forging new ones, to refine the debate continuing in the subject. The contributors include both established scholars with a proven track record and promising newcomers to the field. The volume arises from the individual research projects and sustained discussions of Women in Spanish, Portuguese and Latin American Studies (WiSPs), an organisation that exists to promote scholarship by and about women in the field of Iberian, Lusophone and Latin American Studies. This volume celebrates the first seven years of WiSPs's life and presents some of the research presented under its auspices at annual conferences and study days.

Women and Bullfighting - Sarah Pink 2020-07-12

This book investigates the popularity and success of contemporary women

*Downloaded from
legacy.opendemocracy.net
on 2021-06-03 by guest*

performers in bullfighting culture, which has been framed by a discourse of 'traditionalist' masculinity. This examination of the changing situation of women in the bullfighting world is used to explore the ways in which gender is represented, enacted and negotiated in contemporary Spain. The bullfight in the 1990s is in an ambiguous position: it is a 'traditional' performance in a changing consumer society. In order to survive, it needs to adapt itself to a wider social context and, in particular, to international media coverage. It is in this context that the current success of women performers is located. However, women performers are a contested phenomenon in the bullfighting world: there is heated debate over their acceptability, much of which focuses on the body. Moreover, the entry of women into the bullfight questions existing definitions of the sport's ritual structure and of gender relations in Spain. Thoroughly researched and compelling to read, *Women and*

Bullfighting addresses these issues and argues that existing traditionalist approaches to gender, bullfighting and ritual in Spain need to be revised in order to locate women bullfighters in the context of a richly varied culture which is increasingly affected by the media and contemporary patterns of consumption. This provocative book will be of interest to researchers and students of anthropology, gender studies, sociology, cultural studies, media studies and Spanish studies.

How To Pick Up Spanish Girls - Yoonj Kim 2012-02-08
ABOUT THE BOOK España.

The country's Spanish name rolls off the tongue so easily, provoking images of a lazy afternoon during siesta as warm breezes gently stir you awake. Upon awakening, you would stroll over to the nearest

Downloaded from
legacy.opendemocracy.net
on 2021-06-03 by guest

restaurant on Las Ramblas, Barcelona's most famous street, and sit down for some steaming-hot tapas. As you knock back a glass of wine while waiting for your order, the thought hits you: if only you had a lovely Spanish lady by your side to complete this perfect moment. This book will attempt to help you find that dark-haired, boisterous woman of your dreams. Playboys and voyeurs, however, beware. Since this guide is written by a girl, respect and good intentions will be requirements on the journey. But if you heed my woman's intuition to the end, with a little bit of luck and the key foreign languages phrases in this book, you will be successful no matter what your aim, be it a first date or long-term relationship. MEET THE AUTHOR Having trudged through four continents and lived in two countries by the age of 21, Yoonj considers herself a citizen of the world. It is through this perspective that she approaches everything in her life, including writing. Having studied journalism and

international studies at Northwestern University, she is keen to tell stories of people and events around the world. She has previously written for The Chicago Tribune, The Orange County Register, and dabbled in documentary production at CNN. Her next stop will be e.tv, a television channel in Johannesburg, South Africa, where in her free time she hopes to indulge her other interests of food, drink, and dance. EXCERPT FROM THE BOOK So you're at the club, or cafe, or whatever your social venue of choice is, to meet people. You look around and spy over in the corner a tanned shoulder, dark eyelashes, a beautiful smile. A chica bonita. You're dying to go over and talk to her but you have absolutely no idea what to do, what to say, or even which smile to give her. My advice to you: have no worries. Spanish girls, at least the many I've met through traveling, possess a wonderful combination of qualities: they stay relaxed while being vivacious talkers. All you will need is an

Downloaded from
legacy.opendemocracy.net
on 2021-06-03 by guest

interesting fact about yourself, so you're basically covered since by virtue of being a foreigner in Spain (or Mexico, or any other Spanish-speaking country), you're instantly interesting. Use that to your advantage, since one of the best ways to experience a new

country is to meet new people. Now all you need to do is straighten your collar, fix that cowlick, and head on over to her armed with these Spanish terms. Buy a copy to keep reading!
