A Woman Like Me - Bettye LaVette 2012-09-27
Acclaimed R&B singer Bettye LaVette celebrates her storied career in show business with her stunning memoir, *A Woman Like Me*, and her new album, *Thankful N' Thoughtful*. As a teenager in Detroit, Bettye LaVette had a hit single with “My Man—He’s a Lovin’ Man.” By the time she was twenty, she had faded back into obscurity and was barely surviving in New York City. For the next forty years, despite being associated with legends such as Aretha Franklin, Otis Redding, Marvin Gaye, and James Brown, she remained relatively unknown outside a circle of devoted fans. Every time it seemed that her

dream of stepping into the spotlight was finally coming true, bad luck smashed her hopes, again and again. Then, after a lifetime of singing in clubs and lounges, her unforgettable televised performances at the 2008 Kennedy Center Honors and at President Obama’s pre-Inaugural Concert at the Lincoln Memorial in 2009 won her the recognition she had sought for her entire life. Bettye LaVette’s career has been a one-of-a-kind roller-coaster ride through the world of music; it has taken her from the peaks to the pits and back. In this unflinchingly honest memoir, she boldly recounts her freewheeling childhood—her parents ran an illegal liquor business out of their living room, which was frequented by some of the top acts of the forties

and fifties—her short-lived conquest of the R&B world in the 1960s, her decline into poverty and despair, and her recent comeback and career revival, with two Grammy-nominated CDs and numerous appearances on major television talk shows. Poignant, brazen, and fearless, *A Woman Like Me* is a tour de force from one of the most outspoken female performers singing today—and she's a force to be reckoned with.

Woman Walk the Line - Holly Gleason

2017-09-20

Full-tilt, hardcore, down-home, and groundbreaking, the women of country music speak volumes with every song. From Maybelle Carter to Dolly Parton, k.d. lang to Taylor Swift—these artists provided pivot points, truths, and doses of courage for women writers at every stage of their lives. Whether it's Rosanne Cash eulogizing June Carter Cash or a seventeen-year-old Taylor Swift considering the golden glimmer of another precocious superstar, Brenda Lee, it's the humanity beneath the music that resonates.

Here are deeply personal essays from award-winning writers on femme fatales, feminists, groundbreakers, and truth tellers. Acclaimed historian Holly George Warren captures the spark of the rockabilly sensation Wanda Jackson; Entertainment Weekly's Madison Vain considers Loretta Lynn's girl-power anthem "The Pill"; and rocker Grace Potter embraces Linda Ronstadt's unabashed visual and musical influence. Patty Griffin acts like a balm on a post-9/11 survivor on the run; Emmylou Harris offers a gateway through paralyzing grief; and Lucinda Williams proves that greatness is where you find it. Part history, part confessional, and part celebration of country, Americana, and bluegrass and the women who make them, *Woman Walk the Line* is a very personal collection of essays from some of America's most intriguing women writers. It speaks to the ways in which artists mark our lives at different ages and in various states of grace and imperfection—and ultimately how music transforms not just the person making it,

Ray Charles - Michael Lydon 2004-06
Ray Charles: Man and Music is a complete biography of this seminal singer/pianist who has been active on the American music scene since the mid-'50s. Originally published in 1995 by Penguin Books, and universally hailed as the definitive biography, this new edition will bring Charles's life up to date, covering the last 7 years of his life. There are only a few legendary singers who have developed mass audiences while pursuing their own artistic visions: Sinatra is one; Ella Fitzgerald another. Ray Charles undoubtedly belongs in this pantheon of major musical stars. Ray Charles: Man and Music begins with Charles's impoverished childhood in Greenville, Florida, where tragedy struck early when the young Charles went blind at age 6 and was orphaned at age 14. Driven by his enormous talent and determination, Charles landed work playing some of the toughest juke joints in the

state, fought heroin addiction, and finally landed a recording contract with Atlantic Records. Unlike other R&B singers, Charles took control of his career from its earliest days, moving on from his gospel-soul stylings of the mid-'50s to break through musical barriers, recording two country albums in the late '50s (at a time when the black presence in country music was barely felt), pure jazz, and then the powerful pop hits of the '60s. Famed music journalist Michael Lydon - a founding editor of Rolling Stone - is uniquely qualified to document Charles's career, having interviewed Charles and followed the star's performances since the 1960s. Originally published in 1995, and universally hailed as the definitive biography, this new edition brings Charles's life up to date, covering the last 7 years of his life. It coincides with the release of a made-for-TV movie starring Jamie Fox as Charles, currently in production by Taylor Hackford. Charles has also issued a new CD recently and remains active as a touring artist

The Best of Ray Charles: Sheet Music -
Carisch 2004

Ray Charles, absolutely essential collection -
Ray Charles 2011

This three-disc box from Proper Records collects 60 vintage early tracks from the incomparable Ray Charles, including his classic singles "What I Say" and "I Got a Woman," as well as fine versions of "Rockin' Chair Blues," "Get on the Right Track, Baby," "Night Time Is the Right Time," "Mess Around," and "Lonely Avenue," among countless other minor masterpieces. It's no secret that this guy could sing, but the country-gospel passion he brought to these secular songs was nothing less than the merging of Saturday night and Sunday morning, with love at the center -- the very birth of soul music. Charles recorded frequently throughout his career, but if these 60 sides were all he had ever done, his legacy would still be more than

assured. Steve Leggett.

Looking to Get Lost - Peter Guralnick

2020-10-27

By the bestselling author of *Sam Phillips: The Man Who Invented Rock 'n' Roll* and *Last Train to Memphis: The Rise of Elvis Presley*, this dazzling new book of profiles is a culmination of Peter Guralnick's remarkable work, which from the start has encompassed the full sweep of blues, gospel, country, and rock 'n' roll. It covers old ground from new perspectives, offering deeply felt, masterful, and strikingly personal portraits of creative artists, both musicians and writers, at the height of their powers. "You put the book down feeling that its sweep is vast, that you have read of giants who walked among us," rock critic Lester Bangs wrote of Guralnick's earlier work in words that could just as easily be applied to this new one. And yet, for all of the encomiums that Guralnick's books have earned

for their remarkable insights and depth of feeling, *Looking to Get Lost* is his most personal book yet. For readers who have grown up on Guralnick's unique vision of the vast sweep of the American musical landscape, who have imbibed his loving and lively portraits and biographies of such titanic figures as Elvis Presley, Sam Cooke, and Sam Phillips, there are multiple surprises and delights here, carrying on and extending all the themes, fascinations, and passions of his groundbreaking earlier work.

I Say," "Georgia on My Mind," "Unchain My Heart," "I Can't Stop Loving You," and "America the Beautiful," Ray Charles's music is loved by fans around the world. Now his eldest son, Ray Charles Robinson Jr., shares an intimate glimpse of the man behind the music, with never-before-told stories. Going beyond the fame, the concerts, and the tours, Ray Jr. opens the doors of his family home and reveals their private lives with fondness and frankness. He shares his father's grief and guilt over his little brother's death at the age of five — as well of moments of personal joy, like watching his father run his hands over the Christmas presents under their tree while singing softly to himself. He tells of how Ray overcame the challenges of being blind, even driving cars, riding a Vespa, and flying his own plane. And, in gripping detail, he reveals how as a six-year-old boy he saved his father's life one harrowing night. Ray Jr. writes honestly about the painful facts of the addiction that nearly destroyed his father's life. His father's

struggles with heroin addiction, his arrests, and how he ultimately kicked the drug cold turkey are presented in unflinching detail. Ray Jr. also shares openly about how, as an adult, he fell victim to the same temptations that plagued his father. He paints a compassionate portrait of his mother, Della, whose amazing voice as a gospel singer first attracted Ray Charles. Though her husband's drug use, his womanizing, and the paternity suits leveled against him constantly threatened the stability of the Robinson home, Della exhibited incredible resilience and inner strength. Told with deep love and fearless candor, *You Don't Know Me* is the powerful and poignant story of the Ray Charles the public never saw — the father and husband and fascinating human being who also happened to be one of the greatest musicians of all time.

gospel artists figure heavily in the mythology of twentieth-century culture. The styles in which they sang have proved hugely influential to generations of popular singers, from the wholesale adoptions of singers like Robert Cray or James Brown, to the subtler vocal appropriations of Mariah Carey. Their own music, and how it operates, is not, however, always seen as valid in its own right. This book provides an overview of both these genres, which worked together to provide an expression of twentieth-century black US experience. Their histories are unfolded and questioned; representative songs and lyrical imagery are analysed; perspectives are offered from the standpoint of the voice, the guitar, the piano, and also that of the working musician. The book concludes with a discussion of the impact the genres have had on mainstream musical culture. *Ray Charles* - Frédéric Adrian 2018-04-20

La seule biographie en français ! Des années 1950 à son décès, Ray Charles a enchaîné les

succès dans le jazz, la pop, le R&B, la soul et même la country avec des tubes comme I Got A Woman, What'd I Say, Georgia on my mind... Frédéric Adrian revient ici sur toute la vie du mythique interprète de Hit The Road Jack sans voyeurisme mais sans occulter les côtés sombres de sa personnalité, des problèmes de drogue à ses relations compliquées avec les femmes. Ray Charles est désormais considéré comme l'un des plus grands musiciens de jazz. Depuis une dizaine d'années, Frédéric Adrian écrit sur les musiques populaires afro-américaines (de la soul au blues en passant par le gospel et le funk), principalement pour le magazine Soul Bag. Il est l'auteur au Castor Astral d'Otis Redding (2013), Marvin Gaye (2014) et Stevie Wonder (2016).

Michael Ray Charles, 1989-1997 - Michael Ray Charles 1997

Michael Ray Charles is a painter whose carefully crafted and faux-aged canvases and works on paper draw attention to race relations historically and in contemporary society.

Borrowing pop culture images of characters such as Sambo, Buckwheat, and Aunt Jemima, Charles uses them ironically to comment on racial issues. His concerns range from how tobacco and liquor companies target marketing to minorities to the depiction of African Americans in the entertainment and sports industries to concepts of all-American (i.e., white) beauty. This book is the catalog of the first major solo exhibition of Charles' work, staged by Blaffer Gallery, the Art Museum of the University of Houston. It contains a broad range of color images of paintings and works on paper. In addition to the catalog entries, the book contains an interview between exhibit curator
