The Kama Sutra of Vatsyayana - Vatsyayana
2021-08-29

The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsyayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love,

and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraji. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are

removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular

perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

Kamasutra Sex Position for Beginners - Vincent Brown

IntroductionWhen Indian philosopher Vatsyayana was

writing the text that would be known as the Kama Sutra a few thousand years ago, there's no way he could have anticipated the impact his work would have on the world. Nowadays, the words "Kama Sutra" are a synonym for sex. A number of outlets have used "Kama Sutra" to signify "crazy ways to do it," from the (very earnest) Cosmo Kama Sutra to the (highly unauthorized) parody Star Wars Kama Sutra; go to kamasutra.com and you'll find a company specializing in "luxury romance and intimacy products," like edible body paints and dusts. If it seems strange that a 2,000-year-old text continues to carry such impact on our erotic imaginations, it gets even stranger when you realize that most of the Kama Sutra isn't actually about sex. Unlike the many hot-and-heavy sex manuals that bear its name, the original Kama Sutra is a philosophical text offering musings on how to have a rewarding life and fruitful relationships; to the extent that it's a sex manual, it's mostly

because it doesn't shy away from the notion that sex (and interesting sex positions) is a healthy and normal part of life. (Of course, given that this is a 2,000-year-old text, it's very heteronormative while queer sex and non-normative gender identities do make appearances in the text, the general assumption is that the reader's primary sexual relationship will be a heterosexual one.)

translations of this ancient Indian treatise on politics, social mores, love, and intimacy are the Kama Sutra, which Mallanaga Vatsyayana wrote in the second century CE. Its clean presentation raised the bar for Sanskrit translation. The Kama Sutra is a unique combination of sexology, society, psychology. It has been hailed as a great work of Indian literature for more than 1,700 years and has served as a window for the West into the mysticism and culture of the East. The Kama Sutra, a prehistoric Indian literature, is regarded as the most important Sanskrit study of human sexuality. The Kama Sutra remains one of the most accessible and entertaining of all the ancient classics, having been written with frankness and unassuming simplicity. The Kama Sutra is so significant as a work of philosophy, psychology, sociology, theology, science, and sexology that it simultaneously had an impact on Indian civilization and remained a crucial component in understanding it.

The Kama Sutra - Vatsyayana

2015-09-19

The Kama Sutra, is an ancient Indian text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by the Indian scholar Vatsyayana. A portion of the work consists of practical advice on sex. Kama means sensual or sexual pleasure, and sutra are the guidelines of yoga, the word itself means thread in Sanskrit. The Kama Sutra is the oldest and most notable of a group of texts known generically as Kama Shastra). Traditionally, the first transmission of Kama Shastra or "Discipline of Kama" is attributed to Nandi the sacred bull, Shiva's doorkeeper, who was moved to sacred utterance by overhearing the lovemaking of the god and his wife Parvati and later recorded his utterances for the benefit of mankind.
