Mazurkas - Ignacy Jan Paderewski 2020-08

(PWM). The most famous and popular edition of Chopin's works prepared by I. J. Paderewski, L. Bronarski and J. Turczynski. The edition has been based primarily on Chopin's autograph manuscripts, copies approved by him and first editions. The principal aim of the Editorial Committee has been to establish a text which fully reveals Chopin's thoughts and corresponds to his intentions as closely as possible. The full version of this edition includes 21 volumes.

Global Art Cinema - Rosalind Galt 2010-04-14

"Art cinema" has for over fifty years defined how audiences and critics imagine film outside Hollywood, but surprisingly little scholarly attention has been paid to the concept since the 1970s. And yet in the last thirty years art cinema has flourished worldwide. The emergence of East Asian and Latin American new waves, the reinvigoration of European film, the success of Iranian directors, and the rise of the film festival have transformed the landscape of world cinema. This book brings into focus art cinema's core internationalism, demonstrating its centrality to understanding film as a global phenomenon. The book reassesses the field of art cinema in light of recent scholarship on world film cultures. In addition to analysis of key regions and films, the essays cover topics including theories of the film image; industrial, aesthetic, and political histories; and art film's intersections with debates on genre, sexuality, new media forms, and postcolonial cultures. Global Art Cinema brings together a diverse group of scholars in a timely conversation that reaffirms the category of art cinema as relevant, provocative, and, in fact, fundamental to contemporary film studies.

The Radio Operator - Ulla Lenze 2021-05-04

Based on a true story, a gripping historical novel about a German immigrant who becomes embroiled in a Nazi spy ring operating in New York City in the early days of World War II. At the end of the 1930s, Europe is engulfed in war. Though America is far from the fighting, the streets of New York have become a battlefield. Anti-Semitic and racist groups spread hate, while German nationalists celebrate Hitler's

strength and power. Josef Klein, a German immigrant, remains immune to the troubles roiling his adopted city. The multicultural neighborhood of Harlem is his world, a lively place full of sidewalk tables where families enjoy their dinner and friends indulge in games of chess. Josef's great passion is the radio. His skill and technical abilities attract the attention of influential men who offer him a job as a shortwave operator. But when Josef begins to understand what they're doing, it's too late; he's already a little cog in the big wheel—part of a Nazi espionage network working in Manhattan. Discovered by American authorities, Josef is detained at Ellis Island, and eventually deported to Germany. Back in his homeland, fate leads him to his brother Carl's family, soap merchants in Neuss—where he witnesses the seductive power of the Nazis and the war's terrible consequences—and finally to South America, where Josef hopes to start over again as José. Eventually, Josef realizes that no matter how far he runs or how hard he tries, there is one indelible truth he cannot escape: How long can you hide from your own past, before it catches up with you?

The Magic Mountain - Hermann J. Weigand 2020-05

Praised highly by Mann himself, Weigand's book (originally published in 1933) is an essential piece of criticism on Mann's monumental novel. In his study of The Magic Mountain Weigand comments on the novel's genre and organization before dissecting the themes of disease and mysticism, Mann's use of irony, and other aspects of this masterpiece of German literature.

The Arts of Cinema - Martin Seel 2018-07-15

"Explores film's connections to the other arts and the qualities that distinguish it from them. He explores the cinema's singular aesthetic potential and uses specific examples from a diverse range of films--from Antonioni and Hitchcock to The Searchers and The Bourne Supremacy--to demonstrate the many ways this potential can be realized"--

Your Christmas Love - Layla Hagen 2019-11-17

Sienna Hensley loves everything about the Christmas season, from hanging decorations to the cozy get-togethers with her family. Despite being part of the well-known Bennett family, Sienna is determined to first gather experience before joining their business. Her job at Statham department store is perfect for that. But her new boss, Winston, is going to be a slight problem. He is broody, dictatorial, and sexy as all get out. For Winston Statham, Christmas is just a reminder of the deadline looming ahead this year. Saving the store his parents build is his top priority. At least until he finds his branding manager singing and dancing to carols while hanging twinkling lights in his favorite meeting room. He can't get the sexy sway of her hips out of his mind...or her determination to make him smile. When he asks her to stay overtime, work isn't the only thing on his mind. Before long, he's willing to do anything for one more kiss, one more night together. Winston falls so hard for Sienna, that he can't imagine ever letting her go. But with his future up

in the air, can he promise her anything more than an unforgettable Christmas season?

Writing the Revolution - Raphael Hörmann 2011

This study investigates German and English revolutionary literary discourse between 1819 and 1848/49. Marked by dramatic socioeconomic transformations, this period witnessed a pronounced transnational shift from the concept of political revolution to one of social revolution. *Writing the Revolution* engages with literary authors, radical journalists, early proletarian pamphleteers, and political theorists, tracing their demands for social liberation, as well as their struggles with the specter of proletarian revolution. The book argues that these ideological battles translated into competing "poetics of revolution." (Series: Kulturgeschichtliche Perspektiven - Vol. 10)

Die Bedeutung von "Wit" bei Shakespeare - Kathe Wittlake 1943

Word and Music Studies - Walter Bernhart 2011

The main section of this volume of essays addresses the topic of 'Performativity in Literature and Music', a subject of high contemporary relevance since a substantial part of recent reflections in the humanities are concerned with the performance aspect of cultural activities, particularly in the arts. This decisive reorientation of scholarly interests in the arts, trendily called the 'performative turn', has yielded significant contributions to an increasingly refined understanding of artistic processes from an up-to-date perspective, and specifically what has been called the 'crisis of the work concept' has sharpened our awareness of the need of finding the 'proper' object of such scholarly investigations, which, as in most traditional studies, cannot be exclusively the written documents of our cultural heritage, but additionally, and essentially so, their actualizations in performance situations. This volume for the first time offers a set of careful case studies from a wide range of artistic genres (narrative fiction, poetry, opera, instrumental music, songs, jazz) and historical phases (from Elizabethan verse to 21st-century HD opera performances) which give detailed insight into consequences of addressing issues of performativity in the field of word and music studies. Closely examined examples range, in music, from the romantic reception of Bach and the opera singer Maria Malibran through Mahler and Schoenberg to Brigitte Fassbaender, Philip Glass and Charles Mingus, and, in literature, from Sidney through Yeats and Celan to Katherine Mansfield, Alejo Carpentier and Toni Morrison. In addition, the volume contains a smaller section on 'Surveying the Field' of word and

music studies which includes an essay of general reflection on interart relationships and an attempt at identifying new features of the 'musicalization of fiction'. This collection of essays will be relevant to students and scholars from a wide variety of fields: performance studies, intermediality studies, art theory, musicology, voice studies, literary criticism, and philosophy.

Sir Tristrem - Thomas (Anglo-Norman poet) 1886

Sleeping Where I Fall - Peter Coyote 2015-04-01

In his energetic, funny, and intelligent memoir, Peter Coyote relives his fifteen-year ride through the heart of the counterculture—a journey that took him from the quiet rooms of privilege as the son of an East Coast stockbroker to the riotous life of political street theater and the self-imposed poverty of the West Coast communal movement known as The Diggers. With this innovative collective of artist-anarchists who had assumed as their task nothing less than the re-creation of the nation's political and social soul, Coyote and his companions soon became power players. In prose both graphic and unsentimental, Coyote reveals the corrosive side of love that was once called "free"; the anxieties and occasional terrors of late-night, drug-fueled visits of biker gangs looking to party; and his own quest for the next high. His road through revolution brought him to adulthood and to his major role as a political strategist: from radical communitarian to the chairman of the California Arts Council, from a street theater apprentice to a motion-picture star.

Mother's Punishment - John Wilson 2010-03

Precursor del Neoclasicismo en la España a comienzos del siglo XVIII, formó parte del grupo denominado Novatores y desempeñó labores muy representativas dentro de éste. El Tratado de la montea... es una obra arquitectura práctica que revela el talento y la destreza intelectual de Tomás Vicente Tosca.

Thomas Mann - T. J. Reed 1996-09-19

T.J. Reed's study has long established itself as the standard work in English on Thomas Mann, and offers as comprehensive a view of Mann's fiction and thought as is available in any language. It is based on a coherent close reading of Mann's oeuvre, literary and political, and also on manuscripts and sources, and was part of the first phase of literary scholarship that opened up the resources of the Zurich Thomas Mann Archive. Further documents that have appeared since then - Mann's diaries, notebooks, and other correspondences - have not fundamentally altered the individual interpretations or the overall picture the study offers, and in some respects have emphatically confirmed them. A further chapter added to this edition covers the new documentation, gives a vigorous account of the main currents in Mann scholarship and criticism over the last two decades suggesting how we should now see the writer, the man, and the political figure, and above all the complex relationship between the three.
