

Love And Awakening Discovering The Sacred Path Of Intimate Relationship

Toward a Psychology of Awakening - John Welwood 2002-02-12

How can we connect the spiritual realizations of Buddhism with the psychological insights of the West? In *Toward a Psychology of Awakening* John Welwood addresses this question with comprehensiveness and depth. Along the way he shows how meditative awareness can help us develop more dynamic and vital relationships and how psychotherapy can help us embody spiritual realization more fully in everyday life. Welwood's psychology of awakening brings together the three major dimensions of human experience: personal, interpersonal, and

suprapersonal, in one overall framework of understanding and practice.

Perfect Love, Imperfect Relationships - John Welwood 2005-12-27

While most of us have moments of loving freely and openly, it is often hard to sustain this where it matters most—in our intimate relationships. Why if love is so great and powerful are human relationships so challenging and difficult? If love is the source of happiness and joy, why is it so hard to open to it fully and let it govern our lives? In this book, John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us

Love And Awakening Discovering The Sacred Path Of Intimate Relationship

from experiencing love's full flowering in our lives. Perfect Love, Imperfect Relationships begins by showing how all our relational problems arise out of a universal, core wounding around love that affects not only our personal relationships but the quality of life in our world as a whole. This wounding shows up as a pervasive mood of unlove—a deep sense that we are not intrinsically lovable just as we are. And this shuts down our capacity to trust, so that even though we may hunger for love, we have difficulty opening to it and letting it circulate freely through us. This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace our humanness and appreciate the imperfections of our relationships as trail-markers along the path to great love. It sets forth a process for releasing deep-seated grievances we hold against others for not loving us better and against ourselves for not being better loved. And it shows how our longing to be loved can magnetize the great love

that will free us from looking to others to find ourselves. Written with penetrating realism and a fresh, lyrical style that honors the subtlety and richness of our relationship to love itself, this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world.

The journey of love in couples - Jessica Riberi
2021-01-20

A couple's relationship is not just about two people. Numerous unconscious psychological scripts from the collective sphere and mandates inherited from family history affect our way of living love, one of the most significant human experiences. The psychotherapists and Master Trainer in NLP, Jessica Riberi and Inge Ludvigsen, combine their professional and teaching experience in Chile and Denmark, and propose a system to align six energy fields that promote and strengthen the love bond. "Jessica Riberi and Inge Ludvigsen have written a delightful and very helpful guide to how

Love And Awakening Discovering The Sacred Path Of Intimate Relationship

archetypal forms - that is, the patterns of the universal energies of human being - can support and transform intimate relationships. They are especially good in describing how to develop more mature and generative levels of each universal energy. I highly recommend it to both people helpers, as well as those seeking deeper intimacy connections." Stephen Gilligan, psychologist, author of *The Courage to Love and The Hero's Journey* (with Robert Dilts) "What could be more important and timely than having pathways to bring more quality into our relationships. We are relational beings seeking the connections for outcomes of life: partners, families, work-spaces and communities. Connection is there but managing these connections is quite a different order. This is where archetypes guide us by reflecting back an ideal. Not that we ever really get to the ideal but they remind us to bring awareness to the learning and the nurturing of the relationships that bring the joy to our lives. Thank you so

much for this book, *The Journey of love in couples* as it also can bring us some hope for our inner and outer peace" Judith DeLozier, anthropologist, coauthor of *Turtle all the way down* (with John Grinder) and *Encyclopedia of Systemic NLP* (with Robert Dilts).

The New Relationship Blueprint - Nancy Levin 2018

"Nancy's latest book takes a fresh look at relationships, showing you how to build them better from the ground up - or perform some skillful renovations where needed. This book is for you if you're ... - single and craving a new relationship that's beyond what you've experienced before - divorced and determined never to do that again - recovering from the death of a partner and unsure how to move on to other relationships - in a relationship you're not sure you can salvage - looking to refresh and restore your relationship - in a relationship that you recognise as being the right teacher for you, even if it's not easy Whatever your relationship

status, if you're looking for more, this book is for you. Working from the essential truth that relationship is first and foremost where we learn to love ourselves, Nancy will walk you through a 10-step process to overcome your emotional and psychological roadblocks to self-love and the relationship you truly desire."--Publisher's description.

The Handbook of Humanistic Psychology - Kirk J. Schneider 2001

The Handbook of Humanistic Psychology promises to be a landmark in the resurgent field of humanistic psychology and psychotherapy. Their range of topics is far-reaching--from the historical, theoretical, and methodological, to the spiritual, psychotherapeutic, and multicultural. Students and professionals are looking for the fuller, deeper, and more personal psychological orientation that this Handbook promotes.

Awaken 101 - Christopher Uhl 2020-09-15
Discovering our meaning and purpose--our

reason for being--can seem like an impossible task, especially given the tumultuous times in which we find ourselves. Through challenging provocations, uplifting narratives, and profound insights, this book emboldens readers to experience their lives, not as spectators, but as reflective, courageous and purposeful participants. We can turn toward the problems, look them in the eye, and begin the work of setting things right--we can begin the process of awakening. Organized as a five-part journey, it explores, both cognitively and experientially, what it might mean to assume the rightful authorship of your life. By breaking out of the dominant narrative of how life should be lived, and by becoming more aware of the world around us, we can gain the tools essential for becoming open-minded, embodied, introspective and soulful human beings.

Integral Relationships: A Manual for Men -
Martin Ucik 2010-08

The Faces of Buddhism in America - Charles S. Prebish 2023-11-10

Buddhism is the fastest growing religion in the United States, with adherents estimated in the several millions. But what exactly defines a "Buddhist"? This has been a much-debated question in recent years, particularly in regard to the religion's bifurcation into two camps: the so-called "imported" or ethnic Buddhism of Asian immigrants and the "convert" Buddhism of a mostly middle-class, liberal, intellectual elite. In this timely collection Charles S. Prebish and Kenneth K. Tanaka bring together some of the leading voices in Buddhist studies to examine the debates surrounding contemporary Buddhism's many faces. The contributors investigate newly Americanized Asian traditions such as Tibetan, Zen, Nichiren, Jodo Shinshu, and Theravada Buddhism and the changes they undergo to meet the expectations of a Western culture desperate for spiritual guidance. Race, feminism, homosexuality, psychology,

environmentalism, and notions of authority are some of the issues confronting Buddhism for the first time in its three-thousand-year history and are powerfully addressed here. In recent years American Buddhism has been featured as a major story on ABC television news, National Public Radio, and in other national media. A strong new Buddhist journalism is emerging in the United States, and American Buddhism has made its way onto the Internet. The faces of Buddhism in America are diverse, active, and growing, and this book will be a valuable resource for anyone interested in understanding this vital religious movement.

The Tao of Contemplation - Jasmin Lee Cori 2000-01-01

Cori presents a new look at the concept of relaxation and handling stress as she provides exercises that teach how to drop into silence, let go of control, live in the present, and allow actions to come from a deeper source.

Transpersonal Knowing - Tobin Hart

2000-07-20

The freshest and most respected thinkers in transpersonal psychology explore the myriad pathways to knowledge.

Journey of the Heart - John Welwood

1996-01-05

As men and women find that they can no longer rely on old roles and formulas to get along, intimate relationships call for a new kind of honesty and awareness, a willingness to let go of old patterns and cultivate new capacities.

Journey of the Heart shows how we can rise to this challenge by learning to use whatever difficulties we face in relationships as opportunities to expand our sense of who we are and deepen our capacity to connect with others. This is the path of conscious love.

[Awakening the Heart](#) - John Welwood

1983-11-12

Can a meditative practice assist and promote the healing relationship between psychotherapist and patient? The notable contributors to this

practical book draw on a wide range of Eastern and Western disciplines—psychoanalysis, Gestalt, Aikido, and various Christian, Hindu, and Buddhist contemplative traditions—to show that it can. What they propose is a meeting between the Western psychotherapeutic approach—grounded in working with the personal problems and the need to carve out a strong awareness of self—and Eastern tradition, which emphasizes a larger kind of awareness and equanimity as a continuously available source of clarity and health for those who know how to find it. They show that joining psychotherapy with meditation can mutually awaken the hearts of both therapist and client, sparking them both to open more fully. Jacob Needleman, Erich Fromm, Robin Skynner, Ram Dass, Karl Sperber, Roger Walsh, Chögyam Trungpa, and Thomas Hora are among the contributors.

Teaching as If Life Matters - Christopher Uhl

2011-05-15

Love And Awakening Discovering The Sacred Path Of Intimate Relationship

This book is an open letter to teachers offering guidance and encouragement for nurturing students in ways that make teaching and learning meaningful. The authors promote an approach to teaching that fosters self-knowledge, creativity, curiosity, and an appreciation for our planet. Central to their philosophy is the question of what we humans need in order to live meaningful lives, and the answer lies in healthy relationships with ourselves, each other, and the world.

Heart of the Living God - Michael G. Maness
2004-06-23

Maness asks us to tie up our sneakers, for we are going to have some fun as we hike into the Grand Canyon of Love. Love is the treasure of life. It is Love all the way. Nothing else really matters outside of Love. Best of all, our Love will only get better in heaven. The treasured ability to have loving relationships is Gods gift to us in our Imago Deithe image of God we all share. Likewise, what we know of Love this side of

heaven is but a dusty image of what God experiences. I want to get personally involved, says Maness. Can we have a free-will relationship with anyone, even God, if all of what we do and think is settled? I dont think so. Love is greater than that, and I shall prove that, and that is indeed a Grand Canyon. Manes brings some of the brain-splitting complexities of this to light with good humor, introduces dynamic foreknowledge, and challenges Classical Theisms avoidance of Love. And he exposes some foul play in the process. Thats the first half of the book. For those wanting to strike out on their own (wanting to see more of the depth and diversity of the Grand Canyon), the second half contains reviews of about 60 major authors, a 4,000+ Abysmal Bibliography, and a huge index to just about everything in the book. Maness has thrown a gauntlet before the Classical Theists. So tie up your sneakers and take a hike with Michael G. Maness as he walks with you into the Grand Canyon. see more at

Shadow, Self, Spirit - Revised Edition -

Michael Daniels 2021-09-28

New and enlarged edition. Transpersonal Psychology concerns the study of those states and processes in which people experience a deeper sense of who they are, or a greater sense of connectedness with others, with nature, or the spiritual dimension. Pioneered by respected researchers such as Jung, Maslow and Tart, it has nonetheless struggled to find recognition among mainstream scientists. Now that is starting to change. Dr. Michael Daniels teaches the subject as part of a broadly-based psychology curriculum, and this new and enlarged edition of his book brings together the fruits of his studies over recent years. It will be of special value to students, and its accessible style will appeal also to all who are interested in the spiritual dimension of human experience. The book includes a detailed 38-page glossary of terms and detailed indexes.

ENDLESS LOVE, ROMANCE , AND INTIMACY -

Bukenya Siraje

As a society we are embarrassed by love. We treat it as if it were an obscenity. We reluctantly admit to it. Even saying the word makes us stumble and blush ... Love is the most important thing in our lives, a passion for which we would fight or die, and yet we're reluctant to linger over its names. Without a supple vocabulary, we can't even talk or think about it directly. As the title ENDLESS LOVE, ROMANCE, AND intimacy : indicates, we want to live in a culture where love can flourish. We yearn to end the lovelessness that is so pervasive in our society. This book tells us how to return to love. ENDLESS LOVE, ROMANCE, AND intimacy : provides radical new ways to think about the art of loving, offering a hopeful, joyous vision of love's transformative power. it lets us know what we must do to love again. Gathering love's wisdom, it lets us know what we must do to be touched by love's grace. THERE ARE NOT many

public discussions of love in our culture right now. At best, popular culture is the one domain in which our longing for love is talked about. Movies, music, magazines, and books are the place where we turn to hear our yearnings for love expressed. Yet the talk is not the life-affirming discourse of the sixties and seventies, which urged us to believe “All you need is love.” Nowadays the most popular messages are those that declare the meaningless of love, its irrelevance. A glaring example of this cultural shift was the tremendous popularity of Tina Turner’s song with the title boldly declaring, “What’s Love Got to Do with it.” I was saddened and appalled when I interviewed a well-known female rapper at least twenty years my junior who, when asked about love, responded with biting sarcasm, “Love, what’s that— have never had any love in my life.” Youth culture today is cynical about love. And that cynicism has come from their pervasive feeling that love cannot be found. Expressing this concern in When All

You’ve ever Wanted isn’t Enough, Harold Kushner writes: “I am afraid that we may be raising a generation of young people who will grow up afraid to love, afraid to give themselves completely to another person, because they will have seen how much it hurts to take the risk of loving and have it not work out. I am afraid that they will grow up looking for intimacy without risk, for pleasure without significant emotional investment. They will be so fearful of the pain of disappointment that they will forgo the possibilities of love and joy.” Young people are cynical about love. Ultimately, cynicism is the great mask of the disappointed and betrayed heart. When I travel around the nation giving lectures about ending racism and sexism, audiences, especially young listeners, become agitated when I speak about the place of love in any movement for social justice.

MARRIAGE FOR BETTER AND WORSE -

Bukenya Siraje

We marry to be happy and have our companions

Love And Awakening Discovering The Sacred Path Of Intimate Relationship

with whom to live the rest of our lives in harmony. We get loved, have fun, children but at times things get bitter, we fail to cope with our partners' behaviors who are drunkard, quarrelsome, abusive, fighting, and violent, only to hold on because we promised ourselves better and worse. A person meets the other having been from different places with different walks of life, it's not easy to learn each other very fast especially when love is much at first sight. Couples met, and they, unlike their ancestors, married for love. Men and women were transformed into husbands and wives. Husbands assumed they were legally and culturally assigned the role of provider and protector. In exchange for providing shelter and putting food on the table, they exacted obedience and sexual submission and expected their wives to give birth and nurture children cheerfully. Wives willingly assumed their place in the domestic sphere, submitted to their husbands' rule in exchange for their protection, and ceased having

an independent legal identity. But despite these rigid roles, they placed high expectations on the relationship: Wives hoped for a romantic, communicative, and fair-minded protector; husbands for a supportive, gentle, and loving companion. Marriages were fundamentally stable, but as the century progressed, expectations rose, and marital instability increased as those expectations went unfulfilled. *Surrender to Love* - David G. Benner 2015-09-24 In this expanded edition of a spiritual formation classic, David G. Benner explores the twin themes of love and surrender as the heart of Christian spirituality. God doesn't want his people to respond to him out of fear or obligation, but invites us to enter into an authentic relationship of intimacy and devotion—by surrendering to love. *Love and Awakening* - John Welwood 1996 Combining practical advice (like that of Harville Hendrix) with spiritual teaching (like those of Thomas Merton), the bestselling author of
