Kyle 2017-12-28 Sometimes a gal's gotta admit defeat and decide how many cats she's gonna have when she's old and crazy... Chloe Hall has tried every dating website out there and continues to connect with duds. Then her mother signs her up for a new dating—mating—service. Human or shifter, everyone is welcome as long as they're looking for love and not their next bang. Chloe doesn't care if her mate roars and sheds or howls and smells like wet dog. He'll be hers. It's not until she meets Holt—a massive, muscular, totally gorgeous werecougar—that she realizes she really will become a cat lady, and he absolutely drives her crazy. Werecougar Holt Moore's animal is restless and craves things that scare the shit outta him: a mate, cubs, and a white picket fence. It doesn't seem to remember that cougars are solitary animals in the wild, which also applies to his human half. His cat is too dominant to tolerate other shifters and when he's on two legs, he towers over every human he meets. He's big and mean and that's how he likes it. Then he meets Chloe—curvy, luscious, human Chloe—and realizes he needs to add “possessive” and “biggest asshole on the planet” to his list of traits. Well, not all relationships are smooth sailing. fated mate was just an app swipe away? Curvy Dina Taylor hates the idea of online dating. It's something kids do, not 36-year old women, whose boyfriends have left them for the office intern. All Dina has to do is tap Shiftr, the cute little paw-print app that Lauren has just installed on her phone. In the time it takes Dina to get over her shock that there are guys who can shift into animals, she's hit up by Logan - a dark-eyed bear-guy with a torso like sculpted marble and eyes like pools of lust. He tells her that he feels a magnetic connection to her, but before she can tell him that the feeling's mutual, her clumsy thumb swipes the wrong way, and he's gone. Dina is distraught, but Tamika, the creator of Shiftr has a cunning plan that may just bring them together again. Will Dina find the sexy Logan in the midst of the eccentric matchmaker's beautiful, opulent summer garden party? And will they discover that they're fated to be together? This is a standalone, short, sweet, steamy read, perfect for a lunch break, bath time, or a little dose of me-time, wherever you are. HEA and no cliffhanger! The Scorpion's Mate Susan Trombley 2018-02-16 This is a full-length, science-fiction, alien abduction romance that was previously released as part of a two-book collection introducing the first books in two series. Each book is now being released separately. This revised edition of *The Scorpion's Mate* has some small changes from the original. Claire has never really fit in with everyone around her, but she's carved out a life for herself using her own unique style and artistic ability to support herself on the Internet. The last thing she expects is to be abducted by aliens and dropped into a research facility, where a genetically-engineered alien soldier chooses her as his life-mate. Thrax's pheromones are compelling, and his status as a fellow unwilling test subject makes them allies, but Claire isn't certain she can trust someone who is convinced she belongs to him, when all she wants to do is find a way to return home to Earth—a place that her devoted alien can never follow, because there's no way the scorpion-like alien would ever be able to pass for human. Still, she'll accept help where she can find it, so she doesn't hesitate to escape with Thrax from the facility, though their time running from their pursuers in the warrens beneath the research facility will forever change Claire, and could make it impossible for her to return to Earth. But will there be anywhere else in the galaxy they can go where their love will be accepted? Author's Note: 18+ only, this book contains scenes of graphic intimacy and violence that are not intended for younger readers. Also, please note that the hero in this book is not human-looking and possesses an appearance and attributes that may not be comfortable for some readers to read about.
