Human Sexuality in a World of Diversity - Spencer A. Rathus 2014

Engaging students and cultivating understanding in a world of diversity. Human Sexuality in a World of Diversity, 9/e examines the rich diversity found in human sexuality. More significantly, the text places an emphasis on cultivating understanding in a world of increasing diversity through personal engagement. Students are encouraged to reflect upon their own beliefs and experiences throughout the text in order to foster a more personal and impactful learning experience. The text also helps students develop their own opinions by promoting critical thinking skills, personal

sexual health awareness, and responsible decision-making.

MyDevelopmentLab is an integral part of the Rathus / Nevid / Fichner-Rathus program. Key learning applications include Video Series for Human Sexuality, "My Life, My Sexuality," Assessment, and Personalized Study Plan. Teaching & Learning Experience Personalize Learning - MyDevelopmentLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking - Critical Thinking boxes are integrated into the margins. Boxes ask students to delve deeper into the material and reconsider their own opinions and ideas. Engage Students - The newly updated "Real Students Real Questions" feature increases students' critical thinking skills by incorporating real questions from actual college students, as posed to instructors. Explore Research - Throughout the text, "A Closer Look" boxes provide in-depth discussions of scientific techniques and skill-building exercises such as "Breast Self-Examination," "Self-Examination of the Testes," and "What to Do If You Suspect You Have Contracted an STD." Understand Sexuality - Through new and updated features like "My Life, My Sexuality," and "A World of Diversity" the authors strengthen comprehension of the material while fostering greater reflection and understanding. Support Instructors - The 9th edition is accompanied by a rich instructor support package, including new video embedded PowerPoints, a heavily updated Instructor's Manual and Test Bank that are organized according to in-text Learning Objectives for ease of use, and MyDevelopmentLab with the new Human Sexuality Video Series. 0205989322 / 9780205989324 Human Sexuality in a World of

S=EX2 - Pere Estupinyà 2016-08-25

You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After *The Brain Snatcher*, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the "heat of the moment" is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to "cure" homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists, multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona's Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the

curious.

L'usage de plaisirs - Michel Foucault 1992

Offers an account of the emergence of Christianity from the Ancient World. Foucault describes the stranger byways of Greek medicine (with its advice on the healthiest season for sex and exercise and diet), the permitted ways of courting young boys, and the economists' ideas about the role of women.
