Predatory Priests, Silenced Victims - Mary Gail Frawley-O'Dea 2016-05-06

The sexual abuse scandal in the Catholic Church captured headlines and mobilized public outrage in January 2002. But much of the commentary that immediately followed was reductionistic, focusing on single "causes" of clerical abuse such as mandatory celibacy, homosexuality, sexual repressiveness or sexual permissiveness, anti-Catholicism, and a decadent secular culture. *Predatory Priests, Silenced Victims: The Sexual Abuse Crisis and the Catholic Church*, a collection of groundbreaking articles edited by Mary Gail Frawley-O'Dea and Virginia Goldner, eschews such one-size-fits-all theorizing. In its place, the abuse situation is explored in all its troubling complexity, as contributors take into account the experiences, respectively, of the victim/survivor, the abuser/perpetrator, and the bystander (whether family member, professional/clergy, or the community at large). Setting polemics to the side, *Predatory Priests,*

Silenced Victims provides a sober and sobering analysis of the interlacing historical, doctrinal, and psychological issues that came together in the sexual abuse scandal. It is mandatory reading for all who seek thoughtful, informed commentary on a crisis long in the making and yet to be resolved.

Research in the Social Scientific Study of Religion, Volume 30 - Ralph W. Hood 2019-12-16
RSSR 30 includes an empirical study of attachment and another on daily spiritual practices, as well as two special sections which explore the social scientific study of religion in Indonesia and what has become widely known as the Pope Francis effect in contemporary Catholicism.

Opening the Bible - Anthony Campbell 2014-08-30

"When Tony Campbell, aged 75, asked the Council of Jesuit Theological College for Emeritus status and retirement from JTC, both were granted most graciously, along with a

testimonial document which said in part: "His teaching has combined evocation and provocation in the best sense of those terms. He has mentored research students with scholarly exactitude and personal care. He has published books of the highest scholarly quality, of engaging readability, and of passionate conviction. When we at ATF were considering asking him for a volume of Collected Works or Selected Writings, we were well aware that published books of the highest scholarly quality were likely to be found on the shelves of libraries and of specialised academics, but not with students and others generally interested. There may be a dozen or more of Tony's books on the list from Amazon.com booksellers, along with another two or three that are not listed there. But most are heavy-duty specialist works, not easily accessible even to the educated public. We were equally well aware that there was a surprising number of essays and articles scattered in journals and proceedings of conferences that were, because of the scattering, often just as inaccessible. We thought that a collection of these in a single volume would be of great value to those interested. In the Introduction to this volume, Father Campbell has gone into some detail about the contents. Suffice for us to say that Job and the issues associated with suffering concern us all, that the interplay of history and narrative is a constant in the understanding of much biblical text, and that the nature of the Bible and its role in our lives is a major concern for most thinking Christians. While Father Campbell's focus is on the Older Testament, pondering what he looks at throws light on much of the Newer Testament as well. The writings Tony Campbell has pulled together in this single volume address significant issues within the readable length of an article or a talk. Addressed originally to thinking people, we at ATF believe they are likely to be of interest to a wide audience."

Perversion of Power - Mary Gail Frawley-O'Dea 2007

A sweeping account of the dynamics of sexual abuse by priests and its cover-up.

Clergy Sexual Misconduct - John Thoburn 2012-07-10

Nearly 10 percent of pastors have adulterous affairs and 15 percent are addicted to Internet

pornography. Clergy Sexual Misconduct addresses how prevention, education, and treatment interventions can positively impact all levels of the clergy system. Numerous contributing experts share guidance on how individuals, families, congregants, and denominations can achieve recovery and reconciliation through a systemic approach.

Sleeping Giant Awakens - David B. MacDonald 2019-01-01

Confronting the truths of Canada's Indian residential school system has been likened to waking a sleeping giant. In *The Sleeping Giant Awakens*, David B. MacDonald uses genocide as an analytical tool to better understand Canada's past and present relationships between settlers and Indigenous peoples. Starting with a discussion of how genocide is defined in domestic and international law, the book applies the concept to the forced transfer of Indigenous children to residential schools and the "Sixties Scoop," in which Indigenous children were taken from their communities and placed in foster homes or adopted. Based on archival research, extensive interviews with residential school Survivors, and officials at the Truth and Reconciliation Commission of Canada, among others, *The Sleeping Giant Awakens* offers a unique and timely perspective on the prospects for conciliation after genocide, exploring the difficulties in moving forward in a context where many settlers know little of the residential schools and ongoing legacies of colonization and need to have a better conception of Indigenous rights. It provides a detailed analysis of how the TRC approached genocide in its deliberations and in its Final Report. Crucially, MacDonald engages critics who argue that the term genocide impedes understanding of the IRS system and imperils prospects for conciliation. By contrast, this book sees genocide recognition as an important basis for meaningful discussions of how to engage Indigenous-settler relations in respectful and proactive ways.

Children's Eyewitness Testimony and Event Memory - Martha E. Arterberry 2022-06-23

This Element addresses the factors that influence children's accuracy in reporting on events and draws implications for children's ability to serve as reliable eyewitnesses. The following topics are covered: short- and long-

term memory for event details; memory for stressful events; memory for the temporal order of events; memory for the spatial location of events; the ways poorly worded questions or intervening events interfere with memory; and individual differences in language development, understanding right from wrong and emotions, and cognitive processes. In addition, this Element considers how potential jurors perceive children as eyewitnesses and how the findings of the research on children's event memory inform best practices for interviewing children.

[The Rowman & Littlefield Handbook of Contemporary Christianity in the United States](#) - Mark A. Lamport 2022-02-15

This one-volume handbook examines Christianity's contributions to and conflicts with the contemporary culture of the postmodern United States. Chapters present historical, cultural, and theological context for the ways conservative, mainline, and evangelical Christian traditions have influenced and responded to modern life.

Sexual Boundary Violations - Andrea Celenza 2011-02-24

Sexual boundary violations are considered the most serious ethical infractions in the mental health profession, as well as in higher education and pastoral counseling. Recognized as unethical due to the power imbalance inherent in the structure of the therapist-patient and teacher-student dyads, erotic contact between therapists and patients has been revealed in prevalence studies to occur at an unacceptably high incidence rate (nine to twelve percent) among mental health practitioners. There exist few programs, teaching methods, and preventative measures that adequately address the problem of sexual boundary violations, despite the fact that discussing this problem openly is no longer taboo. *Sexual Boundary Violations* addresses this gap, providing educators, trainers, and clinicians with a resource to aid in developing programs, ethics workshops, seminars, and other educative or clinical teaching projects.

Spiritual Healing from Sexual Violence - Debra Meyers 2023-05-18

Spiritual Healing from Sexual Violence: An Intersectional Guide is a collection of essays from survivors, scholars, activists, spiritual

leaders, and social justice practitioners that offers numerous intersectional and culturally competent options for women, men, and non-binary conforming adults to create their own safe healing conditions and establish pathways for recovery. These chapters provide a wide range of survival stories that raise awareness of the issues involved in healing after sexual assault and also provide inspiration for reforming negative societal issues and patterns. In a classroom setting, these chapters deliver both the culturally grounded knowledge and the skillsets necessary for recovery. This is a vital guide for students and practitioners in counseling, social work, theology, and gender studies.

[Child Sexual Abuse and the Catholic Church](#) - Marie Keenan 2013-04-01

A meticulously researched inside look at child sexual abuse by clergy, this exhaustive, hard-hitting analysis weaves together interviews with abusive priests and church historical and administrative details to propose a new way of thinking about clerical sexual offenders. Linking the personal and the institutional, researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology, but also within larger systemic factors, such as the very institution of priesthood itself, the Catholic take on sexuality, clerical culture, power relations, governance structures of the Catholic Church, the process of formation for priesthood and religious life, and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations, including child sexual abuse. Keenan draws on the priests' own words not to excuse their horrific crimes, but to offer the first in-depth account of a tragic, multi-faceted phenomenon. What emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new, more critical theology. Only through radical institutional reform, Keenan argues, can a more representative and accountable Church emerge. *Child Sexual Abuse and the Catholic Church* is a unique reference for scholars of the Church and therapists who work with both victims and offenders, as well as a forward-thinking blueprint for reform.

Predatory Priests, Silenced Victims - Mary Gail Frawley-O'Dea 2016-05-06

The sexual abuse scandal in the Catholic Church captured headlines and mobilized public outrage in January 2002. But much of the commentary that immediately followed was reductionistic, focusing on single "causes" of clerical abuse such as mandatory celibacy, homosexuality, sexual repressiveness or sexual permissiveness, anti-Catholicism, and a decadent secular culture. **Predatory Priests, Silenced Victims: The Sexual Abuse Crisis and the Catholic Church**, a collection of groundbreaking articles edited by Mary Gail Frawley-O'Dea and Virginia Goldner, eschews such one-size-fits-all theorizing. In its place, the abuse situation is explored in all its troubling complexity, as contributors take into account the experiences, respectively, of the victim/survivor, the abuser/perpetrator, and the bystander (whether family member, professional/clergy, or the community at large). Setting polemics to the side, **Predatory Priests, Silenced Victims** provides a sober and sobering analysis of the interlacing historical, doctrinal, and psychological issues that came together in the sexual abuse scandal. It is mandatory reading for all who seek thoughtful, informed commentary on a crisis long in the making and yet to be resolved.

International Perspectives on the Assessment and Treatment of Sexual Offenders - Dr Douglas P. Boer 2011-03-21

International Perspectives on the Assessment and Treatment of Sexual Offenders: Theory, Practice and Research provides the first truly global perspective on the assessment and treatment of sex offenders. Presents a comprehensive overview of current theories and practices relating to the assessment and treatment of sex offenders throughout the world, including the US, Europe, and Australasia. Covers all the major developments in the areas of risk assessment, treatment, and management. Includes chapters written by internationally respected practitioners and researchers experienced in working with sexual offenders such as Bill Marshall, Ruth Mann, Karl Hanson and Jayson Ware.

Living on the Edge of the Edge - Ruth Elizabeth Krall 2017-06-26

There are several divisive issues that separate

Christian from Christian in the current century. One issue is the church's management of clergy sexual abuses of children, teens and adults. A second is the issue of sexual gender orientation and church membership. Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation. In this book Professors Krall and Schirch disentangle and discuss these two issues. They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices. Throughout the book, they apply Anabaptist-Mennonite principles of peace-making in situations of sexual violation. Case studies are provided. A feminist hermeneutic is applied. Each letter-essay is auto-ethnographic in style: the professional and the personal are deliberately blurred inside a framework of narrative and story. Each essay is deeply rooted in its author's academic interests and in her personal life history. This book can be a text in graduate and undergraduate classrooms. It can also be used in denominational self-study programs.

American Masculinities in Contemporary Documentary Film - Sara Martín 2023-05-24

Most documentaries deal with men, but what do they actually say about masculinity? In this groundbreaking volume Sara Martín analyses more than forty 21st-century documentaries to explore how they represent American men and masculinity. From Jennifer Siebel Newsom's *The Mask You Live In* to Raoul Peck's *I Am Not Your Negro*, this volume explores sixteen different faces of American masculinity: the good man, the activist, the politician, the whistleblower, the criminal, the sexual abuser, the wrongly accused, the dependent man, the soldier, the capitalist, the adventurer, the sportsman, the architect, the photographer, the musician, and the writer. The collective portrait drawn by the documentaries discloses a firm critical stance against the contradictions inherent in patriarchy, which makes American men promises of empowerment it cannot fulfill. The filmmakers' view of American masculinity emphasizes the vulnerability of disempowered

men before the abuses of the patriarchal system run by hegemonic men and a loss of bearings about how to be a man after the impact of feminism, accompanied nonetheless by a celebration of resilient masculinity and of the good American man. Firmly positioning documentaries as an immensely flexible, relevant tool to understand 21st-century American men and masculinity, their past, present, and future, this book will interest students and scholars of film studies, documentary film, American cultural studies, gender, and masculinity.

Religion, Media and Culture: A Reader - Gordon Lynch 2012-02-13

This Reader brings together a selection of key writings to explore the relationship between religion, media and cultures of everyday life. It provides an overview of the main debates and developments in this growing field, focusing on four major themes: Religion, spirituality and consumer culture Media and the transformation of religion The sacred senses: visual, material and audio culture Religion, and the ethics of media and culture. This collection is an invaluable resource for students, academics and researchers wanting a deeper understanding of religion and contemporary culture.

Servant-Leadership and Forgiveness - Jiyong Song 2020-08-01

In a world where leaders and organizations face conflicts and complexity at an alarming rate, where human cruelty sometimes dominates kindness in individuals and families, and where nations hover in the shadow of moral and financial collapse, how do we find courage to forge a strong and enduring path into the future? In a fresh and profound approach to the personal, organizational, and global dynamic, discerning leaders consider the role of leadership and forgiveness in the midst of political and social upheaval. The epicenter of *Servant-Leadership and Forgiveness* speaks to leadership, the heart of the leader, and the power of forgiveness. It is a compilation of insightful, life-transformative, and significant essays on the nexus of servant-leadership and forgiveness in everyday life, the organizational world, and international contexts. The hope of the book is that people of all ages and creeds will engage in a deeper conversation around

forgiveness and leadership, specifically servant-leadership, and reach greater personal and collective responsibility for leadership that helps heal the heart of the world through forgiveness. *On the Significance of Religion for Deliberative Democracy* - Ruby Quantson Davis 2023-02-24 This exciting volume pioneers the study of the complex relationship between religion and deliberative democracy, a practice that places importance on the need for citizens to come together to identify shared concerns and issues, work through choices and options for action, weigh consequences and trade-offs, and possibly take collective action to influence decisions and policies. Chapters use case studies to demonstrate instances where deliberative democracy has advanced the positive role of religion and where religious practices have advanced the role of deliberative democracy. The authors look at the actions of various denominations of Christianity in Africa, the United States of America, and the South Pacific, as well as examining how such groups operate within the context of indigenous religions such as African Traditional Religion. This volume also explores instances where the absence of deliberative practices in religion has curtailed the ability of people to realise their full potential, and the ability of religious groups to act decisively for the common good to influence the politics of the times. Combining innovative research with case studies and practical implications and recommendations for religious leaders, academics, policy makers, and practitioners, this concise and easily accessible volume instructs on how religious and democratic institutions can symbiotically address community and national challenges.

The Oxford History of British and Irish Catholicism, Volume V - Alana Harris 2023-09-01

The fifth volume of *The Oxford History of British & Irish Catholicism*—covering the period from the Great War, through the Second World War and the Second Vatican Council—surveys the transformed ecclesial landscape between the papacies of Benedict XV and Pope Francis. It explores the efforts of bishops, priests and people in Ireland and Scotland, Wales and England to respond to modern challenges and reintegrate the experiences and expertise of the laity into the ministry of the Church. Alongside

the twentieth century's designation as an era of technological innovation, war, peace, globalization, decolonization and liberation, this period has also been designated 'the People's Century'. Viewed through the lens of the Catholic church in Britain and Ireland, these same dynamics are explored within thematic, synoptic chapters by leading scholars. As a century characterized by the rise, or better renewal of the apostolate of the laity, this edited collection traces the struggles to reconcile tradition, re-evaluate hierarchical authority, adapt to social and educational mobility, as well as to adjudicate serious challenges from outside and within—including inflammatory biopolitics and clerical sexual abuse—to religious belief and the legitimacy of the Church as an institution. *Confronting Child and Adolescent Sexual Abuse* - Cynthia Crosson-Tower 2014-01-30 *Confronting Child and Adolescent Sexual Abuse* is the first text to examine the history, theory, treatment, and prevention of this complex phenomenon. With in-depth insights into the

psychologies of victims, their families, and the perpetrators, this comprehensive text shows readers how to recognize the symptoms and impact of childhood sexual abuse, critically engage with the unique nature of each case, complete a thorough assessment, develop a treatment plan, and effectively intervene in critical situations. A national expert on child abuse and neglect and the author of numerous books and publications, Cynthia Crosson-Tower addresses a wide range of special topics and helps readers prepare for working in this challenging professional field. "This is sure to become the definitive 'classic' text in courses preparing students for competent practice with sexually abused children and adolescents." —Barbara Nowak, Albany State University "This text opens with a history of sexual abuse, offers models for treatment and assessment and provides excellent insights into many of the major sexual abuse dynamics of our times. Finally we have a textbook that is very relevant for our times." —Nancy DeCesare, Chestnut Hill College
