Travels with the Evil Inclination - Gershon Winkler 2004

According to Jewish theology, the Evil Inclination, or yetzer ha-ra, is the little voice inside us all, goading us -- against our better judgment -- to do bad things. *Travels with the Evil Inclination* is Gershon Winkler's hilarious account of his struggles with the Evil One and the life journey that takes him from an ultra-Orthodox upbringing in Brooklyn, New York, to an ultra-Flexidox lifestyle in rural New Mexico. Through his early childhood in Denmark and his yeshiva boyhood in Brooklyn, his years in the U.S. Army and those spent ranching in Colorado, Winkler's faith and belief undergo constant upheaval as he grapples towards a reconciliation of his passion for religious tradition with his passion for things more earthly. With irreverence and humor, Winkler tells his tale of personal spiritual dissolution and his subsequent re-emergence as a teacher and writer exploring the long-forgotten connections between Judaism and shamanism. *Travels with the Evil Inclination* is an inspiring and entertaining story of the unusual life of a most original man.

**Embracing Judaism** - Debra Gonsler-Vinik 1999

To find more information on Rowman & Littlefield titles, please visit us at [www.rowmanlittlefield.com](http://www.rowmanlittlefield.com).

**The Passionate Torah** - Danya Ruttenberg 2009-06

This collection of essays from Jewish scholars explores a broad range of fundamental questions in an effort to balance ancient tradition and modern sexuality. Amongst other topics, it looks at post-modernism, feminism and gay liberation, discussing how subjects such as these have challenged time-honoured traditions and ways of thinking.

**Historical Dictionary of the Jews** - Alan Unterman 2010-11-15

This ready reference tells the history of the Jewish people through a

detailed chronology, an introductory essay, an extensive bibliography, and over 200 cross-referenced dictionary entries on significant persons, places, events, institutions, and aspects of culture, society, economy, and politics. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Jewish people.

*The History of Sexuality Sourcebook* - Mathew Kuefler 2007

"This volume is a keeper. Courses based on Kuefler will illuminate their audiences and probably win teaching awards too." - Paul R. Hyams, Cornell University

**Sex, God, and the Conservative Church** - Tina Schermer Sellers 2017-04-21

*Sex, God, and the Conservative Church* guides psychotherapy and sexology clinicians on how to treat clients who grew up in a conservative faith—mired in sexual shame and dysfunction—and who desire to both heal and hold on to their faith orientation. The author first walks clinicians and readers through a critique of Western culture and the conservative Christian Church, and their effects on intimate partnerships and sexual lives. The book provides clinicians a way to understand the faulty sexual ethic of the early church, while revealing the hidden mystical sex and body positive understanding of sexuality of the Hebrew people. The book also includes chapters on strategies for a new sexual ethic, on clinical steps to heal religious sexual shame, and on specific sex therapy interventions clinicians can use directly in their practice. Finally, it offers a four step model for healing religious sexual shame and actual touch and non-touch exercises to bring healing and intimacy into a person's life.

Forthcoming Books - Rose Army 2002

**Reader's Guide to Judaism** - Michael Terry 2013-12-02

The Reader's Guide to Judaism is a survey of English-language translations of the most important primary texts in the Jewish tradition. The field is assessed in some 470 essays discussing individuals (Martin Buber, Gluckel of Hameln), literature (Genesis, Ladino Literature), thought and beliefs (Holiness, Bioethics), practice (Dietary Laws, Passover), history (Venice, Baghdadi Jews of India), and arts and material culture (Synagogue Architecture, Costume). The emphasis is on Judaism, rather than on Jewish studies more broadly.

[AJL Newsletter](#) - Association of Jewish Libraries 1998

**Sanctified Sex** - Noam Sachs Zion 2021-08

Sanctified Sex draws on two thousand years of rabbinic debates addressing competing aspirations for loving intimacy, passionate sexual union, and sanctity in marriage. What can Judaism contribute to our struggles to nurture love relationships? What halakhic precedents are relevant, and how are rulings changing? The rabbis, of course, seldom agree. Underlying their arguments are perennial debates: What kind of marital sex qualifies as ideal—sacred self-control of sexual desire or the holiness found in emotional and erotic intimacy? Is intercourse degrading in its physicality or the highest act of spiritual/mystical union? And should women or men (or both) wield ultimate say about what transpires in bed? Noam Sachs Zion guides us chronologically and steadily through fraught terrain: seminal biblical texts and their Talmudic interpretations; Talmud tales of three unusual rabbis and their marital bedrooms; medieval codifiers and mystical commentators; ultra-Orthodox rabbis clashing with one another over radically divergent ideals; and, finally, contemporary rabbis of varied denominations wrestling with modern transformations in erotic lifestyles and values. Invited into these sanctified and often sexually explicit discussions with our ancestors and contemporaries, we encounter innovative Jewish teachings on marital intimacy, ardent lovemaking techniques, and the art of couple communication vital for matrimonial success.

[The Mystical Exodus in Jungian Perspective](#) - Shoshana Fershtman

2021-04-07

The Mystical Exodus in Jungian Perspective explores the soul loss that results from personal, collective, and transgenerational trauma and the healing that unfolds through reconnection with the sacred. Personal narratives of disconnection from and reconnection to Jewish collective memory are illuminated by millennia of Jewish mystical wisdom, contemporary Jewish Renewal and feminist theology, and Jungian and trauma theory. The archetypal resonance of the Exodus story guides our exploration. Understanding exile as disconnection from the Divine Self, we follow Moses, keeper of the spiritual fire, and Serach bat Asher, preserver of ancestral memory. We encounter the depths with Joseph, touch collective grief with Lilith, experience the Red Sea crossing and Miriam's well as psychological rebirth and Sinai as the repatterning of traumatized consciousness. Tracing the reawakening of the qualities of eros and relatedness on the journey out of exile, the book demonstrates how restoring and deepening relationship with the Sacred Feminine helps us to transform collective trauma. This text will be key reading for scholars of Jewish studies, Jungian and post-Jungian studies, feminist spirituality, trauma studies, Jungian analysts and psychotherapists, and those interested in healing from personal and collective trauma. Cover art: 'Radiance' by Elaine Greenwood

**Reflections on Issues in Judaic Law and Lore** - Dr. Martin Sicker  
2023-02-22

The fundamental basis of Judaism, as is well known, is the Torah, the teachings contained in the Pentateuch, the five biblical books the composition of which is traditionally attributed to Moses. These teachings may be grouped in two basic categories, matters between man and man, individually as well as societally, and matters between man and God. The basic guidelines that apply in matters between man and man are referred to as mishpatim or 'ordinances,' whereas those applying to matters between man and God are referred to as 'statutes.' The fundamental distinction between the two categories is that the 'ordinances' are subject to human judgment, whereas the 'statutes' are not; the divine reason for them a mystery, about which people may

speculate but cannot know for certain. The present work is primarily concerned with four 'statutes' that have direct and significant impact on the lives of those committed to compliance with them. Since simply rejecting any of them is not an acceptable option, over the millennia since their codification in the Torah efforts have been made to deal with them under conditions that are significantly different from those that prevailed at the beginning of their revelation. Given that the 'statutes' as set forth in the Torah cannot be tampered with, issues have been raised regarding how they are to be applied in the contemporary Jewish world. These reflections are not intended to propose answers to those issues, but only to clarify their significance and their present treatment in the various schools of Judaic thought.

**Desire** - Anna Clark 2008

A sweeping survey of sexuality in Europe from the Greeks to the present, *Desire* follows changing attitudes toward sexuality through the major turning points of European history. Drawing on a rich array of sources including poetry, novels, pornography and film as well as court records, autobiographies and personal letters, this volume integrates the history of heterosexuality with same-sex desire, and explores the emotions of love and lust as well as the politics of sex and personal experiences.

Sacred Secrets - Rabbi Gershon D. Winkler 1998-04-01

By returning to primary source material, including the Torah and ancient and medieval rabbinic literature, Rabbi Gershon Winkler illustrates the often uninhibited and celebrative attitudes towards sexuality and sensual pleasure found in Jewish teachings. Unfortunately, Judaism's healthy outlook on human desires and physical enjoyment has been nearly lost after centuries of subjection to host religions and cultures that have all but squelched the notion of sensuality. In this fascinating and often surprising volume, the myth of a 'Judeo-Christian' approach to sex is shattered.

*Reflections on the Book of Leviticus* - Martin Sicker 2013-10-28

The theme that unifies the diverse contents of this biblical work is that of holiness, as the text asserts: Ye shall be holy; for I the Lord your God am holy (Lev. 19:2). The burden of the work is set forth guidelines as to how

the children of Israel were to attain that goal. One of the great practical issues dealt with in Leviticus is the problem of connecting with the one and only God through the practice of a form of worship that is superficially similar to but at the same time radically different from the modes of worship practiced by the other peoples of the ancient world, which almost universally included sacrificial rites. Because it was extremely difficult for one to relate to a deity that could not be depicted graphically, sacrificial rites were also prescribed for the children of Israel as a concession to human weakness, but were designed in a manner to leave little if any room for human inventiveness, which if left unchecked would likely result in idolatrous practices. Accordingly, the ancient rites were infused with layers of detailed instructions and obscure symbolisms that make the text difficult to comprehend, while raising important ethical considerations that are an essential aspect of the biblical concept of holiness. This study explores some of the profound ideas that lie buried beneath the surface of this extremely complex biblical text.

Magic of the Ordinary - Gershon Winkler 2003-01-10

A spiritual crisis sent Orthodox rabbi Gershon Winkler to remote regions of the Southwest, where he studied with Native American healers. From them he began to recover the long-lost wisdom of what he calls "Aboriginal Judaism": the religion's tribal roots. This book tracks his personal journey and draws from a dazzling mix of sources to detail the surprising connections between two seemingly unrelated religions.

*Polyamory in the 21st Century* - Deborah Anapol 2010-08-16

Unlike other books on this topic, *Polyamory in the 21st Century* weaves together research and facts to provide an informed and impartial analysis of polyamory as a lifestyle and as a movement, and to place it in a psychosocial as well as an historical context. Anecdotes and personal experiences allow the reader to develop a better understanding of polyamory and the people who practice and enjoy it. Anapol addresses the practical, the utopian, and the shadow sides of this intriguing, mysterious, yet often threatening lifestyle. It honestly addresses difficult issues such as the nature of commitment without exclusivity, balancing

personal needs with loyalty to a partner, evaluating beliefs about love and relationship, the impact of polyamory on children, and the challenges that arise when one partner wants monogamy and another prefers polyamory. Without judgement, she explores this increasingly common practice, and reveals the true nature of a lifestyle that many do not understand.

**The Big Book of Masturbation** - Martha Cornog 2003

Discusses various perspectives on masturbation, including its changing role throughout history, how it has impacted cultures, and answers numerous questions.

**Tree of Souls** - Howard Schwartz 2006-12-27

From tales of Adam, Moses, and other biblical figures, to the fall of Lucifer and the quarrel of the sun and moon, an anthology of Jewish myth presents seven hundred key stories and through extensive commentary places them in context with the literature of the world.

**Daily Kabbalah** - Gershon Winkler 2011-10-25

From sorcery to animal totems, buzzard feathers to hawk spirits, talking trees to magical stones, sacred circles to healing rituals, the Kabbalah brings readers a rich body of ancient wisdom that has been long neglected and even longer misunderstood. The Kabbalah celebrates a quality of consciousness that enables one to experience magic in the ordinary, miracles in the natural course of events, and spirituality in the physical. Its roots are as old and rich as most aboriginal shamanic traditions, sharing in common with many of them the belief that all of creation is alive, from animals and plants to the sun and the moon. The uniqueness of this book lies in its selections from this rare tradition of Jewish mystery wisdom. Culled from ancient and medieval Hebraic and Aramaic sources, much of this material has been hidden in dusty archives or obscure translations. These short selected readings are intended as contemplative, inspirational, and even entertaining extracts. As short as a few lines or as long as a page, they are translated and paraphrased here to render them accessible to readers of all backgrounds and spiritual paths. From the Trade Paperback edition.
