*Perfect Love, Imperfect Relationships* John Welwood 2005-12-27

While most of us have moments of loving freely and openly, it is often hard to sustain this where it matters most—in our intimate relationships. Why if love is so great and powerful are human relationships so challenging and difficult? If love is the source of happiness and joy, why is it so hard to open to it fully and let it govern our lives? In this book, John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives. *Perfect Love, Imperfect Relationships* begins by showing how all our relational problems arise out of a universal, core wounding around love that affects not only our personal relationships but the quality of life in our world as a whole. This wounding shows up as a pervasive mood of unlove—a deep sense that we are not intrinsically lovable just as we are. And this shuts down our capacity to trust, so that even though we may hunger for love, we have difficulty opening to it and letting it circulate freely through us. This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace our humanness and appreciate the imperfections of our relationships as trail-markers along the path to great love. It sets forth a process for releasing deep-seated grievances we hold against others for not loving us better and against ourselves for not being better loved. And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves. Written with penetrating realism and a fresh, lyrical style that honors the subtlety and richness of our relationship to love itself, this revolutionary book offers profound and practical guidance for healing our lives as well as our

embattled world.

**How To Love** Thich Nhat Hanh 2016-07-07 How to Love is part of a charming series of books from Zen Master, Thich Nhat Hanh, exploring the essential foundations of mindful meditation and practise. How to Love shows that when we feel closer to our loved ones, we are also more connected to the world as a whole. Nhat Hanh brings his signature clarity, compassion and humour to the thorny question of how to love and distils one of our strongest emotions down to four essentials: you can only love another when you feel true love for yourself; love is understanding; understanding brings compassion; and deep listening and loving speech are key ways of showing our love.

*Miracle of Love - Stories about Neem Karoli Baba* Ram Dass The material in this volume is culled from over two thousand stories about Maharajji gathered during five years from more than one hundred devotees. To these devotees who shared their treasured memories, I wish to express my deep love and appreciation. Some of them felt that no book could or should be written about a being with qualities as vast, formless, and subtle as Maharajji's, and yet they contributed their stories nevertheless. I honor them for this kindness and I hope that in my zeal to share experiences of Maharajji with others who were not fortunate enough to have met him, I have not misused their trust. Some devotees tell me that stories told by other devotees are not factually accurate. I have no way of ascertaining the authenticity of any single story. All I can report is that those of us who gathered the stories were impressed by the credibility of those of us who told the stories.

Though the responsibility for this manuscript lies solely with me, I am delighted to acknowledge a lot of loving help from my friends: *The Four Noble Truths of Love* Susan Piver 2018-06-01 "Susan Piver consistently offers what so many of us seek: A generous, caring, loving teacher, someone with an open heart and a clear mind, eager to help us find our own way forward." —Seth Godin, author of *Linchpin* Broken hearts, resentment, affairs, divorce.

Why is it so hard to make relationships work? New York Times bestselling author and mindfulness expert Susan Piver applies classic Buddhist wisdom to modern romance, including her own long-term relationship, to show that ancient philosophies have timeless—and unexpected—wisdom on how to love. The Four Noble Truths of Love will challenge the expectations you have about dating, sex, and romance, liberating you from the habits, traumas, and expectations that have been holding back your relationships. This mindful approach toward love will help you open your heart fearlessly, deepen communications with your partner, increase your compassion and resilience, and lead you toward a path of true happiness. You have nothing to lose and everything to gain: expansive, real love for yourself and others.

Real Magic Wayne W. Dyer 2010-08-24 BESTSELLING BOOK In this inspirational guide, Wayne Dyer, the author of the phenomenal bestsellers *Wisdom of the Ages*, *Pulling Your Own Strings*, and *Your Erroneous Zones*, reveals seven beliefs central to working miracles in our everyday lives. When most of us think of magic, we picture a man in a black cape sawing a woman in half, or a sleight-of-hand card trick. But there's another kind of magic - real magic - that can enrich your life. According to Dyer, real magic means creating miracles in everyday life. Quitting smoking or drinking, achieving new Job success, or finding a happy relationship - these are all miracles because they transcend our perceived limitations. From "creating a miracle mind-set" and achieving change in the areas of personal health, prosperity, and fulfilling love relationships to believing in the magic of miracles on a global scale, Dyer shows us that miracles within our reach and within our own minds. In *Real Magic*, Dyer teaches us how to achieve a higher level of consciousness. He asks us to imagine what would make us happy, then offers specific strategies for attaining these goals. In every aspect of our individual lives - physical health, finances, intimate relationships, and personal identity - there is always room for a miracle or two.

And with Dyer's help, each and every one of us can be a miracle worker.

**Illuminata** Marianne Williamson 2013-01-30 Marianne Williamson's bestselling *A Return to Love* ended with a prayer in which she asked God to help us "find our way home, from the pain to peace, from fear to love, from hell to Heaven." Now, in this stunning new collection of thoughts, prayers, and rites of passage, Marianne Williamson returns to prayer. Prayer is practical, Williamson tells us. "To look to God is to look to the realm of consciousness that can deliver us from the pain of living." *Illuminata* brings prayer into our daily lives, with prayers on topics from releasing anger to finding forgiveness, from finding great love to achieving intimacy. There are prayers for couples, for parents, and for children; prayers to mend broken relationships and prayers to overcome obsessive and compulsive love. There are prayers to heal the soul, prayers to heal the body, and prayers for work and creativity. Williamson also gives us prayers for the healing of America, including two prayers that have had powerful effects on audiences at her lectures: a prayer of amends on behalf of European Americans to African-Americans and one to Native Americans. How, Williamson asks, can we expect anyone to forgive when we have made no formal apology? Another section includes rites of passage, ceremonies of light for the signal events in our lives: blessing of the newborn, coming of age, marriage, and death. There is also a ceremony of the elder, for moving into midlife, and a ceremony of divorce, in which a gentle transition is provided for both the couple and their

children. "Read my prayers or someone else's," Williamson says. "By all means, create your own." *Illuminata* is a way to bring prayer into practical use, creating a sweeter, more abundant life for yourself and the people you care for. "No conventional therapy," she says, "can release us from a deep and abiding psychic pain. Through prayer we find what we cannot find elsewhere: a peace that is not of this world."

**A Return to Love** Marianne Williamson 2009-10-13 The phenomenal #1 bestseller – preorder Marianne Williamson's latest, picking up where *A Return to Love* left off: *The Mystic Jesus* This mega-bestselling spiritual guide has become a classic. Marianne Williamson shares her reflections on *A Course in Miracles* and her insights on the application of love in the search for inner peace. Williamson reveals how we each can become a miracle worker by accepting God and by the expression of love in our daily lives. Whether psychic pain is in the area of relationships, career, or health, she shows us how love is a potent force, the key to inner peace, and how by practicing love we can make our own lives more fulfilling while creating a more peaceful and loving world for our children.

**Rebirthing into Androgyny** Berenice Andrews 2012-11-14 In these "interesting times," when many people are searching for spiritual nourishment, this book is intended to be a means of providing it. *Rebirthing Into Androgyny: Your Quest For Wholeness, And Afterward* offers to the hungry ones a familiar yet totally different feast. While it sets forth an already-established metaphysics, it also presents a radical new idea—one that has been implicit in that spiritual thought but unavailable until now and the new awareness associated with quantum physics. In other words, while this book provides soul searchers—also known as learners—with an ages-old means of generating a fundamental inner change (a rebirthing), it also provides a new, living prototype of what is being reborn. Thus, a person's rebirthing is both a gestation and a labor (a quest) producing an ever-

increasing knowing (“gnosis”), which gradually becomes being that can finally merge with the Beloved/Self. And the new, living prototype is that of the human soul, not as what a person has but as what a person is: a creative energy being who generates its own “bodies” out of its soul substance—its creative consciousness energy—by means of its archetypal human energy system, while always being guided by its nucleus of divinity. In this book, which is a textbook for soul searchers, all of this transformative change is offered, explored and explained in a series of carefully-crafted lessons lovingly taught by a shamanic teacher/healer in a stone circle “classroom,” the ancient site of a modern teaching. There is a grand feast awaiting!

*The Art of Everyday Ecstasy* Margot Anand 1999-04-20 "Ecstasy is about waking up and finding that you are in love with life."

Most people think of ecstasy in terms of sexual ecstasy, which Tantric sex expert Margot Anand wrote about in her bestselling *The Art of Sexual Ecstasy*. Now, in *The Art of Everyday Ecstasy*, Anand expands our definition of ecstasy and shows how we can harness its energy to help us live, work, and love more passionately, joyfully, and with true spiritual focus. Our modern, work-obsessed, stress-filled culture—what Anand calls the "anti-ecstatic conspiracy"—has dulled our spirits, thrown us off balance, and alienated us from meaningful everyday experiences. In this inspirational journey toward finding the healing nature of ecstasy, Anand explains how the two types of ecstatic experiences—the moments of epiphany called Ecstatic Awakenings, and Everyday Ecstasy, or the Ecstasy of Flow, a connection to our power and inner wisdom—can help us move beyond pain and doubt to reach our highest potential. Based on the spiritual path of Tantra, Anand shows how to use the natural energy system of our bodies—the seven chakras—as a map to ecstasy. As she guides us through the chakras, she explains how each one plays an important role in transforming energy into erotic passion, healing, empowerment, compassion, creativity, insight, and gratitude. Blocked chakras manifest themselves in surprising ways; wholeness can be achieved only when all of the chakras are open with energy flowing freely. By transforming negative behavioral patterns into positive ones and strengthening ourselves physically, emotionally, and spiritually, we can improve our health, sex life, career, relationships, and find profound meaning in everyday moments. With personal anecdotes, exercises, meditations, and rituals, *The Art of Everyday Ecstasy* shows us how to bring ecstatic energy into the body, mind, heart, and spirit—"to embrace every moment in our totality, to respond bodily, feel from the heart, perceive with clarity, and be fully present to others and to life."

**Molecules Of Emotion** Candace Pert 2012-12-11 Why do we feel the way we feel? How do our thoughts and emotions affect our

health? Are our bodies and minds distinct from each other or do they function together as part of an interconnected system? In *MOLECULES OF EMOTION*, neuroscientist Candace Pert provides startling and decisive answers to these long-debated questions, establishing the biomolecular basis for our emotions and explaining these new scientific developments in a clear and accessible way. Her pioneering research on how the chemicals inside us form a dynamic information network, linking mind and body, is not only provocative, it is revolutionary. The Mother's Manual Audrye S. Arbe 2019-08-05 Who am I and where do I come to write this book? I feel it necessary to address all aspects of motherhood, so I decided to include both the sweetness and delight plus the shadow side of motherhood in this book. Some challenging life situations occur that are vital for us to consider, so I am including some disquieting statistics. Because many women (and men) have refrained from checking within themselves or making an examination on emotional, mental, physical and spiritual planes about having children, hardships have been created, both personally and planetary.

*The Oxford Handbook of Psychology and Spirituality* Lisa J. Miller

2013-11 Postmaterial spiritual psychology posits that consciousness can contribute to the unfolding of material events and that the human brain can detect broad, non-material communications. In this regard, this emerging field of postmaterial psychology marks a stark departure from psychology's traditional assumptions about materialism, making this text particularly attractive to the current generation of students in psychology and related health and wellness disciplines. The Oxford Handbook of Psychology and Spirituality codifies the leading empirical evidence in the support and application of postmaterial psychological science. Sections in this volume include: - personality and social psychology factors and implications - spiritual development and culture - spiritual dialogue, prayer, and intention in Western mental health - Eastern traditions and psychology - physical health and spirituality - positive psychology - scientific advances and applications related to spiritual psychology With chapters from leading scholars in psychology, medicine, physics, and biology, The Oxford Handbook of Psychology and Spirituality is an

interdisciplinary reference for a rapidly emerging approach to contemporary science. This overarching work provides both a foundation and a roadmap for what is truly a new ideological age.

**True Work** Michael Toms 1999-03-23 Here is wisdom for the workplace from the husband-and-wife team of the nationally syndicated public radio series New Dimensions, which airs each week on more than 300 stations and is often described as "Bill Moyers on radio." Some people are consumed by their work, others simply endure it as they anticipate the weekend or retirement, and hardly anyone enjoys it anymore. If we could find a way to transform how we view what we do so that it becomes a source of enjoyment and refreshment, it would be a cause for celebration. And indeed, this is exactly what Michael and Justine Toms provide in their remarkable book--the fruit of their own twenty-five years of practical experience. According to the Toms, the bottom line is: Has our compassion grown with our business? Has our wisdom expanded with our budget? And has our laughter increased with our staff? Their book looks at work as service and as a spiritually sustaining activity that promotes healing. It is brimful with stories and helpful techniques culled from their radio interviews with Joseph Campbell, Buckminster Fuller, the Dalai Lama, Alice Walker, Jon Kabat-Zinn, Marsha Sinetar, and many others.

**Dialogue** Linda Ellinor 2023-03-11 Originally published in 1998 by John Wiley & Sons, this book offers insights, skills, and suggestions for how to introduce David Bohm's proposal of Dialogue into organizational contexts. In 1990 Peter Senge called Dialogue a key leadership tool for promoting team learning and fostering shared meaning, and community. The insights and skills offered in Dialogue: Discover the transforming power of conversation are just as relevant today as they were in 1998 or 1798 and will be far into the future. By republishing this book as an ebook, the material will now be more easily available. How do we, as members of a global human family engage the questions of global climate change, poverty, growing income inequality, wars, etc.? These are complex systemic issues with viewpoints becoming increasingly polarized. Many feel that the world is more divided and fragmented than ever. Dialogue is a way of connecting across such gaps of meaning; of listening, of speaking and being deeply heard and respected, building the trust that fosters people talking across positions and beliefs. New portals can then open for seeing beyond the levels of thinking that created the problems in the first place. Dialogue leads to new possibilities and hope for a vital future. Linda Ellinor and Glenna Gerard, co-founders of The Dialogue Group, collectively draw upon 50+ years of experience in multiple contexts ranging from corporations, education, and government, to personal and professional coaching. While the strategies in this book are focused on business contexts, they can help anyone to: -Develop trust building skills to speak about 'undiscussable' issues that block creativity, learning, effectiveness and satisfaction -Build strong and vital agreements that foster shared responsibility, collaboration, and accountability -Open doors to new and innovative ways of thinking and problem solving -See the roots of

recurring problems' and make different choices moving forward -Reawaken and vitalize meaning, satisfaction and inspiration in all relationships, personal and professional. The Dialogue Group [www.thedialoguegroup.net](http://www.thedialoguegroup.net), is a consulting firm, with two private retreat centers, specializing in training and application of interpersonal communication skills for collaboration, full system engagement, innovation and strategic systemic thinking. *The Divine Matrix* Gregg Braden 2010 THE DIVINE MATRIX Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits? Could the spontaneous healing of disease, an instant connection with everyone and everything, and even time travel, be our true heritage in the universe? There is a place where all things begin, the place of pure energy that simply "is." In this quantum

incubator for reality, everything is possible. In 1944, Max Planck, the father of quantum theory, shocked the world by saying that this "matrix" is where the birth of stars, the DNA of life, and everything between originates. Recent discoveries reveal dramatic evidence that Planck's matrix - The Divine Matrix - is real. It is this missing link in our understanding that provides the container for the universe, the bridge between our imagination and our reality, and the mirror in our world for what we create in our beliefs. To unleash the power of this matrix in our lives, we must understand how it works and speak the language that it recognizes. For more than 20 years, Gregg Braden, a former senior aerospace computer systems designer, has searched for the understanding to do just that. From the remote monasteries of Egypt, Peru, and Tibet to the forgotten texts that were edited by the early Christian church, the secret of the Divine Matrix was left in the coded language of our most cherished traditions. It is verified in today's science. In this paradigm-shattering book, Gregg shares what he's found. Through 20 keys of conscious creation, we're shown how to translate the miracles of our imagination into what is real in our lives. With easy-to-understand science and real-life stories, Gregg shows us that we're limited only by our beliefs, and what we once believed is about to change!

*"With the Spirit and Power of Elijah" (Lk 1,17)* Stephen Robson 2004 The contention of the author is that all Bernard's writings have, in one way or another, a prophetic-reforming purpose. First, Bernard's prophetic-reforming work as Abbot is considered. Also examined is the extent to which Bernard not only formed future leaders with a similar reforming vision as his own, but also how he used 'windows of opportunity' and 'circles of influence' to further his prophetic-reforming aims through others. This same 'prophetic-reforming' can offer a valuable hermeneutic key for approaching an interpretation of Bernard's writings.

**Enchanted Love** Marianne Williamson 2013-12-17 Three of Marianne Williamson's previous bestsellers -- *A Return to Love*, *A Woman's Worth*, and *Illuminata* -- explored the issue of relationships. Now, in this deeply personal collection of essays, prayers, and self-reflection, she turns to romantic love. In *Illuminata*, Williamson wrote that "we experience God to the extent to which we love, forgive, and focus on the good in others and ourselves." Now, in *Enchanted Love*, she writes that "enchanted partnership begins with the conscious understanding, on the part of two people, that the purpose of their relationship is

not so much material as spiritual, and the internal skills demanded by it are prodigious." High romance, she says, "is not about past or future. It is not about practicality. It is not about society or worldly routines. It is an audacious ride to the center of what is, at the heart of every person. It is a bold and masterful inquiry into what two people really are and how we might become, while still on earth, the angels who reside within us."

### The Miraculous Achievements of Bodywork Ronan M. Kisch

2011-06-09 Why do some people miraculously turn around after suffering from life threatening illnesses, emotional trauma, and spiritual despair? Dr. Ronan Kisch has documented twenty-seven bodywork/massage therapists whose clients despite grave medical

prognoses or life traumahad unusual, if not miraculous recoveries after having bodywork with these practitioners. Who are these practitioners that have had these successes? What transpired in their sessions that allowed for such miraculous events? What is it that you could do to create these possibilities for yourself and others? Dr. Kisch, who brought to light the psycho-behavioral aspects confronting bodywork practitioners in *Beyond Technique: The Hidden Dimensions of Bodywork*, now examines the spiritual domain of bodywork.

**Children's Spirituality, Second Edition** Kevin E. Lawson  
2019-06-13 The Society of Children's Spirituality: Christian Perspectives launched in 2003 with its first conference held at Concordia University Chicago, in River Forest, Illinois. An earlier edition of this book, composed of chapters based on presentations from that conference, was published in 2004. In 2018 a decision was made to revise this book from the inaugural conference, updating some chapters and providing a new perspective on the ongoing work of the organization, now called the Children's Spirituality Summit. For example, given the advances in what we are learning from brain research, a chapter on this topic has been extensively updated. What this revised volume provides is a collection of chapters offering theological perspectives, social science research, and insights on ministry practice about the spiritual lives of children: how they relate to God, how this relationship grows, and what helps in promoting the spiritual formation and vitality of children in the home, church, and school. This book offers twenty-three chapters by professors, graduate students, social science researchers, and ministry leaders from different denominational traditions addressing a wide range of issues in theory, research, and ministry practice with children. This second edition offers much to learn from, stimulate your thinking, and improve your practice.
