Total Law of Attraction - David Che 2013-03-12

Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is

also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name "experts" on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to "manifest" what we desire into our physical reality. *Total Law Of Attraction* explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. *Total Law Of Attraction* avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

Advanced Law of Attraction Techniques - Eddie Coronado 2015-09-20
THE LAW OF ATTRACTION WORKS...IF YOU WORK IT! The fastest way to manifest your desires is by implementing a Law of Attraction action plan. Since everything in the Universe is energy, the necessary ingredient for manifestation is the consistent mental and emotional energy that you emit in the form of thoughts, feelings, words and actions. It's very important to remember that the phrase "Law of Attraction" contains the word ACTION. Too many people on this spiritual path get

caught up reading lots of books about the Law of Attraction, attending numerous seminars and hearing lectures about the Universal Law, but they fail to use the powerful tools that will translate their desires from the invisible world of cause to the visible world of manifestation. There are many books and audio programs on the market that explain what the Law of Attraction is and what it does, but few that actually teach people how to use this creative power on a daily basis. As a result, this book will provide you with advanced manifestation techniques, strategies, insights, and success stories that will help you quickly manifest your desires with the Law of Attraction. Many students of the Law of Attraction have expressed concerns about being overwhelmed with all the manifestation books and study materials on the market. A friend recently told me: "I went to a book store and saw so many Law of Attraction books that I couldn't decide which to buy." Another friend said, "I know what the Law of Attraction is and what it does, but I am having trouble understanding what I need to do each day to make it work for me." I responded by telling my friend that she is not alone with her concerns. There is a lot of information on the market explaining what the Law of Attraction does, yet much of it fails to explain what must be done on a daily basis to make it work effectively. As a result of these concerns, I have written this book to guide readers through a series of real-life, daily scenarios that demonstrate what should be done each day in order to use the Law of Attraction effectively. The people interviewed for this book are among hundreds of people whom I have met during the course of my spiritual journey. I have met these wonderful people at seminars, workshops, lectures, churches, spiritual centers and through online forums on spirituality and personal growth. These enlightened individuals are among my growing community of spiritual friends who have shared their insights and experiences with me, and who comprise a growing support group of like-minded people who understand the importance of self-empowerment and spiritual evolution.

I will explain why your body is hindering your manifesting capabilities Here are some of the benefits you may experience if you follow the program in this

book: Clear skin More energy Dark circles under the eyes disappear Happier moods and able to manifest with ease Significant weight loss (20 pounds on average) Folks, Millions of people all across America just witnessed the solar eclipse on August 21st 2017. The people in our country even bought special glasses for the event. Just days after the eclipse, people seemed to forget all about it and continued on with their lives. Are we really so distracted as a species that it takes a solar eclipse to occur for people to stare into the heavens and wonder? Does our social media, Netflix movies & shows, nightclubs, and our cell phones have such a grip on us that it takes our moon to move in front of our sun to get our attention? What about our cable news? Do you ever notice how the majority of news is only about doom and gloom circumstances? When Hurricane Harvey hit, doom and gloom took a backseat on our daily news feed. We could see people helping each other in the storm that swept across Houston Texas. We momentarily forgot about the Kardashians, who won the football game, and which bachelor or bachelorette is getting married. Race, age, orientation, gender, political views, and any other personal attribute dwindled away as we witnessed the compassion that mankind is capable of. Does it really take a natural disaster for us to come together as a species for the common good of all? In 2006, there was a bestseller written by Rhonda Byrne called "The Secret" that described the law of attraction selling more than 19 million copies worldwide. That same year the documentary "The Secret" was released. This was really the first time that the law of attraction was popularized. And many people were completely imperceptive of its existence. The law of attraction is one of the greatest secrets of the power elite. And has once again been suppressed and debunked by those who have an interest in keeping this knowledge for themselves and out of the hands of the people. Napoleon Hill, Henry Ford, Thomas Edison, Einstein, Lincoln, Jesus Christ, along with many other historical figures, all knew of this law and used it to their advantage. Now, one of the reasons the secret lost its popularity is because shortly after its release, people began to apply the concepts in the book and the movie to their lives and only a few were able to

manifest some success while others failed. Why? Well, there was vital information left out of both the book and the film...Learn what our creator says about the law of attraction and how it was meant to be used "Conviction produces faith, faith produces expectation, expectation produces manifestations." Life will never be the same...

Victoria takes this very misunderstood subject and truly does make it accessible to even the most

skeptical thinker. This book is an outstanding way to introduce new people to the Law of Attraction, and a great refresher for long-time students who could benefit from a refresher. "Bob Doyle - Featured Expert in "The Secret" Victoria Gallagher's book eases the burden of one ever having to wonder whether the genie has gotten the message or not. All the power to manifest is within you. Manifesting, which goes beyond simple positive thinking, is a collaboration between all three levels of mind; Conscious, Subconscious, and Superconscious. It's impersonal and happens; whether positive or negative, when these eight conditions are in alignment. Desire or Fear Thoughts Imagination Belief/Expectancy Feelings/Vibration Creative Attraction Inspired Action Manifestation Each condition plays an important role in manifesting. They do not always happen in a specific order. When the conditions are in alignment, manifestation occurs simultaneously. The book demystifies the concepts of manifesting and attracting. It helps you understand in no uncertain terms, the practical personal development work which is a requirement to attract success. Included are dozens of downloadable worksheets, meditative scripts, mental techniques and strategies to develop yourself into a person who has the kind of manifesting power that can help you create the life of your dreams. Victoria book eases the burden of having to wonder whether the genie has gotten the message or not. There is no genie, granting wishes. The power to manifest is within you and requires a level of belief, which can only come as a result of releasing deeply embedded negative subconscious programs and having the motivation to take action on your dreams and goals. This book is for anyone who has a dream or simply wishes to change their life for the better. Shift out of the old ways which haven't worked and implement new strategies to finally make it work for you.

The 48 Laws of Power - Robert Greene 2000-09-01

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of The Laws of Human Nature. In the book that People magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost

Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
