Useless Sexual Trivia - Shane Mooney 2000-02-21

Everything You Always Wanted to Know About Sex, But Never Knew to Ask Did you know that in Middle-Eastern Islamic countries it is not only a sin but also a crime to eat a lamb that you've had sex with? Or that the world vanilla comes from a Latin word meaning "vagina" because of the vanilla pod's resemblance to the female genitalia? Or that Grand Tetons literally means "big tits"? You've probably never even thought about such things. But here they are, in this unusual compilation of strange facts about the facts of life that will make you laugh out loud while your hair stands on end. Highlights include: * Just the Factoids, Man -- For instance, the number of human ova necessary to repopulate the world could fit into a chicken egg. * When Sex Goes Horribly Awry -- Don't be caught with your pants down. Learn once and for all the words you didn't find on your SATs, such as "acrotomophilia," "oculolinctus," and "taphephilia." * Animal Lust -- There is more to sex in the animal kingdom than doing it doggie style. Did you know that a barnacle's penis is 150 percent of its body length? * They Said What?! -- They said plenty: "I knew her before she was a virgin." (Oscar Levant on Doris Day) * Sex Styles of the Rich and Famous -- Forget Bill and Monica. Adolf Hitler was a coprophiliac. * Sex in History -- Catherine the Great did not die under a horse, but she did love to have her feet tickled and her bottom slapped. * Around the World -- It's good to know, for the next time you're invited to the dinner party of a North-African Siwa man, that he believes you will find him irresistible if he laces your food with his semen. * Crimes of Passion -- Did you know that in Harrisburg, Pennsylvania, it is illegal to have sex with a truck driver in a tollbooth? Wonderfully outrageous and absolutely deadpan, this book is, unbelievably, all true.

Sex - Thomas Landefeld, Ph.d. 2016-04-09

This book is designed to provide readers with a better understanding of what they already know about sex while at the same time describing other aspects about sex that they may want to know and/or perhaps have not even thought about. The actual teaching of sex in our society appears to be lacking at many levels, resulting in a lack of information or, even worse yet, misinformation. Since sex plays such an important role in our lives, knowing and understanding basic facts about sex is critical to living healthy lives. With that, some basic principles and facts are described in the book; however, other aspects of the book cover little known facts about sex and sexuality, some of which are "unique" and, as such, provide even more insights into the sexual process. The book can serve as an educational tool, but importantly, also as a practical guide to knowing what works, what does not work and possible efforts as to "what to try" to improve one's sexual experiences. As such, the readers should include both the younger and older generations, as the former group learns about sex, and the latter group expands their existing knowledge about sex. In both cases, it is hoped that the book will provide valuable information that the groups can use to have a fulfilling sex life as well as to educate their children in meaningful ways.

Wow your friends, wow yourself, and wow your lovers with what you discover in the pages of this compendium of illuminating pieces from the personal notebooks of the acclaimed sexologist and relationship counselor Dr. Amy Marsh. Of this very special book, the author says: "I'm in love with sexology and I'm in love with writing-and I expect these to remain lasting passions. During the period when I was writing this book, I was at my most smitten and high-spirited. No one told me what to write about, so writing it was pure pleasure. I could address any topic at all, as long as it had something to do with sexuality or gender. Some chapters emerged from my clinical interests, others from sexological "field trips," current events, escapades, personal crusades, or the desire to seduce, dazzle, startle, or inform. I liked switching from serious topics to humor, from eccentricity to advocacy. I enjoyed being unpredictable. I can't really explain it, but writing these chapters made me feel both gleeful and desirable. I never had a problem coming up with new ideas, never felt the dread of an empty page." Chapters include: The Brisk Trade in Panties Santaphilia Sex Squicks Toxins Ate My Sex Life Ecosexology The Semen Survey Intimate Edibles Everything I Needed to Know About Sex I Learned from Science Fiction Aquaphilia and many others! What are you waiting for? Buy Sex Squicks and it'll blow your mind-and enhance your sex life. "A witty and fabulously entertaining collection of essays delivering arcane sexual facts, explorations of kink and carnal outer limits!" Christine Milrod, Ph.D., sex researcher and co-editor of The Cultural Encyclopedia of the Penis.
