The Ellis Island Snow Globe - Erica Rand 2005-08-17

In *The Ellis Island Snow Globe*, Erica Rand, author of the smart and entertaining book *Barbie's Queer Accessories*, takes readers on an unconventional tour of Ellis Island, the migration station turned heritage museum, and its neighbor, the Statue of Liberty. By pausing to reflect on what is and is not on display at these two iconic national monuments, Rand focuses attention on whose heritage is honored and whose obscured. She also reveals the shifting connections between sex, money, material products, and ideas of the nation in everything from the ostensible father-mother-child configuration on an Ellis Island golf ball purchased at the gift shop to the multi-million dollar July 4, 1986 Liberty Weekend extravaganza celebrating the Statue's centennial just days after the Supreme Court's un-Libertylike decision upholding the antisodomy laws challenged in *Bowers v. Hardwick*. Rand notes that portrayals of the Statue of Liberty as a beacon for immigrants tend to suppress the Statue's connections to people brought to this country by force. She examines what happened to migrants at Ellis Island whose bodies did not match the gender suggested by the clothing they wore. In light of contemporary ideas about safety and security, she examines the "Decide an Immigrant's Fate" program, which has visitors to Ellis Island act as a 1910 board of inspectors hearing the appeal of an immigrant about to be excluded from the country. Rand is a witty, insightful, and open-minded tour guide, able to synthesize numerous diverse ideas—about tourism, immigration history, sexuality, race, ethnicity, commodity culture, and global capitalism—and to candidly convey her delight in her Ellis Island snow globe. And pen. And lighter. And back scratcher. And golf ball. And glittery pink key chain.

The Color of Sex - Mason Stokes 2001-02-08

DIVReads white supremacist narratives in the context of Black and white literature at the turn of the century, with special attention to the interconnections between race and sexuality./div

Genetics of Mate Choice: From Sexual Selection to Sexual Isolation - W.J. Etges 2012-12-06

Genetic studies aimed at understanding the origin of species are dominating major scientific journals. In the past decade, genetic tools that were previously available only in model systems have become accessible to investigators working on nearly all species. Concurrent with these technical advances has been an increase in understanding of both the importance of considering the ecological context of speciation and testing hypotheses about causes for species formation. Many recent studies suggest a prominent role of sexual selection in species formation. These advances have produced a need for a synthesis of what we now understand about speciation, and perhaps more importantly, where we should go from here. In this volume, several leading investigators and rising stars have contributed reviews and/or novel primary research findings aimed at understanding the ultimate mystery on which Darwin named his most famous and influential book. Fundamental to the origin of species is the evolution of mate choice systems. This collection of papers discusses burgeoning genetic, evolutionary, and ecological approaches to understanding the origins of mating discrimination and causes of premating reproductive isolation both within and between species. The individual contributions span a wide spectrum of disciplines, taxa, and ideas (some controversial). This synthesis brings together several of the most recent ideas with supporting empirical data. This book will be of particular interest to both undergraduate and postgraduate researchers and students and researchers in the field of evolutionary biology, genetics and animal behaviour.

New York Magazine - 1986-02-03

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
