HM Government: Serious Organised Crime Strategy - Cm. 8715 Great Britain: Home Office 2013-10-07 This is a new strategy to deal with the challenges we face from serious and organised crime. It is published to coincide with the launch of the new National Crime Agency (NCA) and reflects changes to the threats faced and the lessons learned from previous work. Organised crime includes drug trafficking, human trafficking, and organised illegal immigration, high value fraud and other financial crimes, counterfeiting, organised acquisitive crime and cyber crime. The aim of the strategy is to substantially reduce the level of serious and organised crime affecting the UK and its interests. The strategy uses the framework developed for our counter-terrorist work and has four components: prosecuting and disrupting people engaged in serious and organised crime (Pursue); preventing people from engaging in this activity (Prevent); increasing protection against serious and organised crime (Protect); and reducing the impact of this criminality where it takes place (Prepare). The strategy lists strategic objectives under each of the four areas of work. Tactical operational objectives (e.g. priority crime groups) will be set by the NCA with law enforcement agency counterparts. Our immediate priority is the work set out under Pursue to prosecute and relentlessly disrupt organised criminals and reduce the threat they pose. Like other threats to our national security, serious and organised crime requires a response across the whole of government, and close collaboration with the public, the private sector and with many other countries

High Quality Care for All Secretary of State for Health 2008 This review incorporates the views and visions of 2,000 clinicians and other health and social care professionals from every NHS region in England, and has been developed in discussion with patients, carers and the general public. The changes proposed are locally-led, patient-centred and clinically driven. Chapter 2 identifies the challenges facing the NHS in the 21st century: ever higher expectations; demand driven by demographics as people live longer; health in an age of information and connectivity; the changing nature of disease; advances in treatment; a changing health workplace. Chapter 3 outlines the proposals to deliver high quality care for patients and the public, with an emphasis on helping people to stay healthy, empowering patients, providing the most effective treatments, and keeping patients as safe as possible in healthcare environments. The importance of quality in all aspects of the NHS is reinforced in chapter 4, and must be understood from the perspective of the patient's safety, experience in care received and the effectiveness of that care. Best practice will be widely promoted, with a central role for the National Institute for Health and Clinical Excellence (NICE) in expanding national standards. This will bring clarity to the high standards expected and quality performance will be measured and published. The review outlines the need to put frontline staff in control of this drive for quality (chapter 5), with greater freedom to use their expertise and skill and decision-making to find innovative ways to improve care for patients. Clinical and managerial leadership skills at the local level need further development, and all levels of staff will receive support through education and training (chapter 6). The review recommends the introduction of an NHS Constitution (chapter 7). The final chapter sets out the means of implementation.

Sara Payne: A Mother's Story Sara Payne 2017-11-02 'Thank God we have found her.' Sara Payne's words as she announced that the body of her daughter - snatched and murdered by paedophile, Roy Whiting - had finally been found. In this memoir, Sara tells her personal story. She describes the numbness as she waited for seventeen days, desperate to hear news of her missing daughter, and the terrible moment when her worst fears became reality. She explains how her family tried to cope with their grief and the stress placed upon them by the media campaign for Sarah's Law. As the family tried to rebuild their lives in the aftermath of tragedy, they found that each reminded the other of the child they had lost. Guilt and anger pushed Sarah's marriage into a spiral of alcohol abuse and violence. This is the ultimate story of a family's journey through hell, but Sara's strength is an inspiration as, despite everything, she and her family slowly found a way to go on.

Victim Zero Kat Ward 2016-07-28 Kat Ward was the first victim to speak out about the abuse she suffered at the hands of Jimmy Savile. Her shocking testimony was the catalyst for the uncovering of decades of abuse and cover-ups. Kat Ward's childhood was marked by physical, emotional and sexual abuse. She was eventually taken into local authority care to a children's home in Norfolk, and first encountered Savile whilst on a 'holiday' with the home on Jersey. Later, she was moved to Duncroft Approved School in Surrey, a secure unit. Amazingly, Savile turned up there too; he would regularly drive up in his Rolls-Royce and offer sweets and cigarettes in return for sexual favours. Kat's revelations had already appeared in a memoir she'd placed online using Savile's initials, but she first spoke on camera as part of Newsnight's infamous shelved Savile exposé. However, it was ITV's Exposure: The Other Side of Jimmy Savile (in which Kat did not take part), that led to his unmasking as a serial sex offender and opened the floodgates for hundreds of other victims to come forward, and for many other offenders to be unmasked. Freddie Starr brought a High Court case against her for libel and slander, seeking £300,000 in damages, calling her 'liar' and 'nutter'. It failed spectacularly in July 2015, with costs awarded against him. Although the last few years have been trying, they have ultimately brought Kat vindication after years of being labelled an attention-seeker and liar. Her book, which charts her life from the 1960s to the end of Starr's failed action, is a

Desistance from Crime Michael Rocque 2017-04-25 This book represents a brief treatise on the theory and research behind the concept of desistance from crime. This ever-growing field has become increasingly relevant as questions of serious issues regarding sentencing, probation and the penal system continue to go unanswered. Rocque covers the history of research on desistance from crime and provides a discussion of research and theories on the topic before looking towards the future of the application of desistance to policy. The focus of the volume is to provide an overview of the practical and theoretical developments to better understand desistance. In addition, a multidisciplinary, integrative theoretical perspective is presented, ensuring that it will be of particular interest for students and scholars of criminology and the criminal justice system.

In Plain Sight Dan Davies 2014-07-17 Winner of the 2015 Gordon Burn Prize and the 2015 CWA Non-Fiction Dagger Shortlisted for the Orwell Prize and the James Tait Black Prize Dan Davies has spent more than a decade on a quest to find the real Jimmy Savile, and interviewed him extensively over a period of seven years before his death. In the course of his quest, he spent days and nights at a time quizzing Savile at his homes in Leeds and Scarborough, lunched with him at venues ranging from humble transport cafes to the Athenaeum club in London and, most memorably, joined him for a short cruise aboard the QE2. Dan thought his quest had come to an end in October 2011 when Savile's golden coffin was lowered into a grave dug at a 45-degree angle in a Scarborough cemetery. He was wrong. In the last two and a half years, Dan has been interviewing scores of people, many of them unobtainable while Jimmy was alive. What he has discovered was that his instincts were right all along and behind the mask lay a hideous truth. Jimmy Savile was not only complex, damaged and controlling, but cynical, calculating and predatory. He revelled in his status as a Pied Piper of youth and used his power to abuse the vulnerable and underage, all the while covering his tracks by moving into the innermost circles of the establishment.

Who I Am Pete Townshend 2013-08-06 "Raw and unsparing...as intimate and as painful as a therapy session, while chronicling the history of the band as it took shape in the Mod scene in 1960s London and became the very embodiment of adolescent rebellion and loud, anarchic rock 'n' roll." — Michiko Kakutani, *New York Times* One of rock music's most intelligent and literary performers, Pete Townshend—guitarist, songwriter, editor—tells his closest-held stories about the origins of the preeminent twentieth-century band The Who, his own career as an artist and performer, and his restless life in and out of the public eye in this candid autobiography, *Who I Am*. With eloquence, fierce intelligence, and brutal honesty, Townshend has written a deeply personal book that also stands as a primary source for popular music's greatest epoch. Readers will be confronted by a man laying bare who he is, an artist who has asked for nearly sixty years: Who are you?

The Bike Path Killer Michael Beebe 2012-03-01 "He Raped. . . Altemio Sanchez was a modern-day Jekyll and Hyde—a family man who resided in Buffalo, New York, with a wife and two sons, worked nights as a machinist, and concealed a terrible secret. Once a year, after his shift, he'd make a side trip to a secluded spot where women would ride bikes and jog. He was called ""The Bike Path Rapist""—until he crossed the line from rape to murder. He Killed. . . For fourteen years, the Bike Path Killer mercilessly raped and murdered his prey, eluding police every step of the way. Then, the killings stopped. People wondered whether he'd left town, had been locked up in prison for another crime, or maybe even died. But when another woman's corpse with the same lethal signature surfaced, authorities knew the Bike Path Killer was back. And He Almost Got Away With It. Now, for the first time, two award-winning reporters follow a depraved killer's bloody trail of terror to the bitter end: his horrifying confession. . . Includes 16 pages of shocking photos. "

Night Stalker John McShane 2011-06-23 On Sunday 15 November 2009, detectives hunting one of the most prolific sex offenders in Britain finally made an arrest; 17 years after the first terrifying attack took place. Delroy Grant, the 'Night Stalker' first struck in 1992, raping an 84-year-old woman in her flat in Croydon. What followed was a sickening series of horrifying sexual assaults on elderly victims across south London, Kent and Surrey. All the victims lived alone and were woken in

Delroy would shine a torch into their eyes, or switch off their electricity, before subjecting them to terrifyingly violent attacks. DNA profiling revealed a list of 21,000 possible suspects before officers working on Operation Minstead finally pieced together enough evidence to make an arrest. This is the full story of the man dubbed the 'Night Stalker', who brought terror and violence to the streets of South London.

And yet we still fall into so much laughter, feel so much insane gladness and joy. It's such a contrast from one minute to the next and it teaches me constantly: it makes me stronger and more humble and more empathetic and caring and kind." The many people who are dealing with a loved one who is losing it will find inspiration and strength in Jann's wholehearted, loving response and her totally Jann take on the upside-down world of a daughter mothering her mother. *Feeding My Mother* is one heck of an affirmation that life just keeps on keeping on, and a wonderful example of how you have to roll with it.
