Our World in Poetry Book I - Jerrifaye Thomason 2011-09

Inspired by national and international current events, *Our World in Poetry: Today's News Is Tomorrow's History* is an illuminating and honest look at the trials and tribulations of our times. JerriFaye Thomason brings a keen sense of observation and thought to her poems, which are enhanced with pictures that capture their historical outlook.

This collection provides a unique yet accessible and universal perspective to the issues facing our world. Against the backdrop of history, these poems will resonate for the reader in a lasting and profound way that speaks to our past, present and future. About the Author: JerriFaye Thomason lives in Vincennes, Indiana. Her inspiration to write comes from her mother, who would read poetry to her for as far back as she can remember, creating a safe haven and giving her the world of words, imagination, and dreams. For a little girl with Cerebral Palsy, this laid the foundation to be a poet. Ms. Thomason is working on the sequel to *Our World in Poetry*, which continues the lyrical examination of current events. <http://SBPRA.com/JerriFayeThomason>

Sexual Exploitation in Schools - Robert J. Shoop 2004

Learn how to identify and prevent sexual exploitation of students in your school! Though most schools are safe environments for students, research shows that sexual abuse of children at all levels is on the rise. Recent media attention has captured the public's growing concern about the number of cases involving boys molested by adult females. Nationally recognized risk management expert and author Robert J. Shoop was recently quoted in *USA Today* (November 30, 2005), noting that "In the past 18 months, at least 25 cases nationwide involved female teachers molesting students." He has also addressed the topic of sexual exploitation as a guest on CNN, *The Today Show*, ABC's *20/20*, ESPN's *Outside the Lines*, and other independent television talk shows. In his new book, Shoop identifies the early warning signs of sexual abuse in schools. Based on interviews, newspaper reports, journal articles, court records, and personal experiences gained from 25 years of consulting with school districts in the areas of harassment, abuse, risk management and negligence, this book demonstrates the critical need to implement strategies so students are protected while also learning how to protect

themselves. Shoop's two-fold objectives are: How to spot sexual exploitation and what early warning signs to look for and How to stop sexual exploitation--actions that schools and parents can take to prevent sexual abuse, and how to respond promptly and appropriately if it occurs. *Sexual Exploitation in Schools* prepares educators to manage one of the most difficult and troubling issues in our public and private schools. Explanations are provided concerning the legal context, consequences and pathology of sexual exploitation, district and employee rights, conducting an investigation, and steps educators and parents can take so that students will be safe in their learning environment, leading to a successful and healthy future.

Sex Offenders and Preventive Detention - Bernadette McSherry 2009

How should society manage sex offenders who are released from prison? How can sex offenders be detained in a way that prevents re-offending while respecting civil liberties? Is preventive detention a type of double punishment? Do prison-based sex offender treatment programs work? What is the best way to protect the community from sex offending? Professors McSherry and Keyzer focus on three key modern policy responses to such questions, and the cases that propelled their development: Earl Shriner in Washington State, and the United States approach of detaining 'sexually violent predators' in special institutions; Dennis Ferguson in Queensland, and the Australian post-sentence detention and supervision schemes; John Cronin in Scotland, and the Scottish approach of making orders for lifelong restriction at the time of sentence.
