Written on the Body -

Jeanette Winterson 2013-04-26
'This book is a deep, sensual plunge, a worship of the body, inside and out' The Times In a quiet English suburb, a love affair ignites. For our nameless narrator, Louise is the last in a long line of explosive passions, but the first to have broken their heart. With Louise's husband, Elgin, blocking love's course, their affair is doomed to unravel - until, that is, a terrible choice must be made. With its witty and masterful prose, *Written on the Body* takes the reader on a beguiling and defying exploration of love and its physical forms. 'An ambitious work, at once a love story and a philosophical meditation on the body' Sunday Telegraph

Art & Lies - Jeanette Winterson 2013-04-26

'Brave and ambitious'

Independent In a near-future London, Sappho, Picasso and Handel each set upon the same plan - to flee the city by train. Finding themselves fellow passengers, the poet, the painter and the musician discover their fates drawn together by the curious agency of a book. As stories within stories unfold and journeys intersect, another world comes to the fore - one of painful beauty, where language has the power to heal. 'Winterson's belief in love, beauty, and most of all, language, is evangelical and redemptive...it is timely and exciting to read' Rachel Cusk, The Times

The Passion - Jeanette Winterson 2011-10-31

'A fantasy, a vivid dream...inventive and brilliant' Guardian Henri has a passion

for Napoleon - but Napoleon has a passion for chicken. As soldier and emperor butcher their way across Europe, glory falls to ruin and love turns to hate. But, when Henri encounters the red-haired, web-footed Villanelle, he discovers in her an equal. Together they abandon their pasts, and flee to the Venetian canals to meet their singular destiny in the city of chance and disguises. 'A deeply imagined and beautiful book, often arrestingly so.' New York Times

Boating for Beginners -

Jeanette Winterson 1990

Do you understand the meaning of life? asked Gloria. She knew that everyone sought this mysterious meaning because it was in all the magazines. Every month there was an article on how to be fulfilled and what to invest in when you were...

Frankissstein - Jeanette

Winterson 2019-10

LONGLISTED FOR THE BOOKER PRIZE. From New York Times bestselling author Jeanette Winterson comes her

most anticipated book since *Why Be Happy When You Could Be Normal?* about the bodies we live in and the bodies we desire. Since her astonishing debut at twenty-five with *Oranges Are Not the Only Fruit*, Jeanette Winterson has achieved worldwide critical and commercial success as "one of the most daring and inventive writers of our time" (Elle). Her new novel, *Frankissstein*, is an audacious love story that weaves disparate lives into an exploration of transhumanism, artificial intelligence, and queer love. Lake Geneva, 1816. Nineteen-year-old Mary Shelley is inspired to write a story about a scientist who creates a new life-form. In Brexit Britain, 2019, a young transgender doctor called Ry is falling in love with Victor Stein, a celebrated professor leading the public debate around AI and carrying out some experiments of his own in a vast underground network of tunnels. Meanwhile, Ron Lord, just divorced and living with his mum, is set to make his

fortune launching a new generation of sex dolls for lonely men everywhere. Across the Atlantic, in Phoenix, Arizona, a cryogenics facility houses dozens of bodies of men and women who are medically and legally dead...but waiting to return to life. What will happen when homo sapiens is no longer the smartest being on the planet? In fiercely intelligent prose, Jeanette Winterson shows us how much closer we are to that future than we realize. Funny and furious, bold and clear-sighted, Frankisstein is a love story about life itself.

Lighthousekeeping - Jeanette Winterson 2006-04-03

An orphaned girl is held spellbound by the tales of a lighthouse keeper on the Scottish coast, in a novel by the Costa Award-winning author of *The Passion*. After her mother is literally swept away by the savage winds off the Atlantic coast of Salts, Scotland, never to be seen again, the orphaned Silver is feeling particularly unmoored. Taken in by the mysterious keeper of a

lighthouse on Cape Wrath, Silver finds an anchor in Mr. Pew—blind, as old and legendary as a unicorn, and a yarn spinner of persuasive power. The tale he has to tell Silver is that of a nineteenth-century clergyman named Babel Dark, whose life was divided between a loving light and a mask of deceit. Peopled with such luminaries as Charles Darwin and Robert Louis Stevenson, Mr. Pew's story within a story within a story soon unfolds like a map. It's one that Silver must follow if she's to be led through her own darkness, and to find her own meaning in life, in this novel by a winner of the Costa, Lambda, and E.M. Forster Awards, the author of *Oranges are Not the Only Fruit*; *Why Be Happy When You Could Be Normal?* and other acclaimed works. "In her sea-soaked and hypnotic eighth novel, Winterson turns the tale of an orphaned young girl and a blind old man into a fable about love and the power of storytelling...Atmospheric and elusive, Winterson's high-

modernist excursion is an inspired meditation on myth and language.”—The New Yorker

Weight - Jeanette Winterson
2009-06-04

Condemned to shoulder the world forever by the gods he dared defy, freedom seems unattainable to Atlas. But then he receives an unexpected visit from Heracles, the one man strong enough to share the burden . . . Jeanette

Winterson's retelling of the myth of Atlas and Heracles asks difficult and eternal questions about the nature of choice and coercion. Visionary and inventive, Weight turns the familiar on its head to show us ourselves in a new light.

Weight - Jeanette Winterson
2005-10-24

The Titan Atlas has led a failed rebellion against the gods of Olympus and is condemned to bear the weight of the earth and the heavens for eternity. When Heracles is required, as one of his twelve labours, to steal the golden apples of life he seeks out Atlas and proposes a bargain: he will

shoulder the world temporarily if the Titan will bring him the fruit. Enticed by the prospect of even a short-lived freedom, Atlas agrees and an uneasy partnership is born. With typical wit and verve, Jeanette Winterson brings Atlas' story into the twenty-first century and peppers her retelling with thorny questions—about the nature of choice and coercion and about how we forge our own destiny. In Weight, Winterson's skill in turning the familiar on its head and showing us a different truth is once more put to dazzling effect. In reference to her reworking of the tale of Atlas, Jeanette Winterson commented that, 'When I was asked to choose a myth to write about, I realized I had chosen already. The story of Atlas holding up the world was in my mind before the telephone call had ended. If the call had not come, perhaps I would never have written the story, but when the call did come, that story was waiting to be written. Re-written.' The recurring language motif of Weight is 'I

want to tell the story again.'
The World and Other Places -
Jeanette Winterson 2000-06-27
In this, her first collection of
short stories, Jeanette
Winterson reveals all the facets
of her extraordinary
imagination. Whether
transporting us to bizarre new
geographies - a world where
sleep is illegal, an island of
diamonds where the rich wear
jewellery made of coal - or
recalling the joy and pain of
owning a brand-new dog,
Winterson proves herself a
master of the short form. In
prose that is almost tactile, full
of imagery and word play, she
creates worlds that are at once
familiar yet shockingly strange.
For anyone who has been
moved by Jeanette Winterson's
novels, The World and Other
Places is essential reading: a
grand celebration of
Winterson's gifts that spans
her entire literary career.

Offering To Shoulder The World Temporarily If The Titan Will Bring Him The Fruit. Knowing That Heracles Is The Only Person With The Strength To Take His Burden, And Enticed By The Prospect Of Even A Short-Lived Freedom, Atlas Agrees And An Uneasy Partnership Is Born. With Her Typical Wit And Verve, Jeanette Winterson Brings Atlas Into The Twenty-First Century. Simultaneously, She Asks Her Own Difficult Questions About The Nature Of Choice And Coercion, And How We Forge Our Own Destiny. Visionary And Inventive, Yet Completely Believable And Relevant To Our Lives Today, Winterson's Skill In Turning The Familiar On Its Head And Showing Us A Different Truth Is Once More Put To Dazzling Effect.

Winterson Narrating Time and Space - Mine Özyurt Kılıç
2009-05-27

In this book, scholars, students and aficionados of Jeanette Winterson will find ten analyses of time, space and narrative in her works. From her very first novel, Jeanette

Winterson has made her characters move in time and in space, and she has always shown a sophisticated interest in narrative forms, and this is the first book to focus entirely on these central concerns. The writers of the essays provide different perspectives on the three subjects, from postmodernism to quantum physics, queer theory to genre studies and the uncanny to stylistics. In its section on time and narrative, the volume offers a fresh approach to Winterson's works, with a concentration on autobiographical elements, love, desire, the language of quantum physics, and the queer uncanny. The next section, space and narrative, pursues the motifs of journeys, utopic spaces, cyberspace and labyrinths, and includes a chapter on the shorter fiction. The last section, which comprises essays that cover all three elements of time, space and narrative equally, examines these themes as they affect Winterson's representation of voices and

corporeality, and her use of romance narrative in the children's fiction. The volume covers Winterson's major fiction, with the Introduction connecting the images of huts, rivers and fire-gazing that are found extensively in her works to the themes of time and space, and bringing the discussion up to Winterson's latest novel, *The Stone Gods*. A mixture of established and new scholars presents in this book an exciting array of the latest ideas on this respected and popular writer.

The World and Other Places - Jeanette Winterson 2013-04-26

In this, her first collection of short stories, Winterson reveals all the facets of her extraordinary imagination. In prose that is full of imagery and word-play, she creates physical and psychological worlds that are at once familiar and yet shockingly strange.

The World of P.G.

Wodehouse - Herbert Warren Wind 1981

12 Bytes - Jeanette Winterson 2021-07-29

'Joins the dots in a neglected narrative of female scientists, visionaries and code-breakers' Observer How is artificial intelligence changing the way we live and love? Now with a new chapter, this is the eye-opening book from Sunday Times bestselling author Jeanette Winterson. Drawing on her years of thinking and reading about AI, Jeanette Winterson looks to history, religion, myth, literature, politics and, of course, computer science to help us understand the radical changes to the way we live and love that are happening now. With wit, compassion and curiosity, Winterson tackles AI's most interesting talking points - from the weirdness of backing up your brain and the connections between humans and non-human helpers to whether it's time to leave planet Earth. 'Very funny... A kind of comparative mythology, where the hype and ideology of cutting-edge tech is read through the lens of far older stories' Spectator 'Refreshingly optimistic' Guardian

Vintage Monsters:
Frankenstein & Sexing the
Cherry - Jeanette Winterson
2007
2 classic books for the price of
1: Vintage Monsters is a
limited edition gift pack which
consists of beautifully designed
separate volumes
of Frankenstein by Mary Shelley
and Jeanette
Winterson's Sexing the Cherry.
Vintage Monsters is just one of
ten Vintage Classic Twins to
collect. Each twin consists of
two books: a specially designed
limited edition of one modern
classic title and one established
classic work. The books in each
pair have been carefully
selected to provide a thought-
provoking combination.
Frankenstein: One freezing
morning, a lone man
wandering across the arctic ice
caps is rescued from starvation
by a ship's captain. Victor
Frankenstein's story is one of
ambition, murder and revenge.
As a young scientist he pushed
moral boundaries in order to
cross the final scientific
frontier and create life. But his
creation is a monster stitched

together from grave-robbled
body parts who has no place in
the world, and his life can only
lead to tragedy. Sexing the
Cherry: Sexing the Cherry
follows the adventures of
Jordan, an explorer, and his
mother, the gigantic and
violent 'Dog Woman'. Jeanette
Winterson's stunning novel
celebrates the power of the
imagination as it juggles with
our perception of history and
reality; love and sex; lies and
truths; and 12 dancing
princesses who lived happily
ever after, but not with their
husbands.

Why Be Happy When You
Could Be Normal? - Jeanette
Winterson 2012-03-06

A New York Times bestseller:
The "magnificent" memoir by
one of the bravest and most
original writers of our time—"A
tour de force of literature and
love" (Vogue). One of the New
York Times' "50 Best Memoirs
of the Past 50 Years" Jeanette
Winterson's bold and
revelatory novels have
established her as a major
figure in world literature. Her
internationally best-selling

on 2020-12-20 by guest

debut, *Oranges Are Not the Only Fruit*, tells the story of a young girl adopted by Pentecostal parents, and has become a staple of required reading in contemporary fiction classes. *Why Be Happy When You Could Be Normal?* is a “singular and electric” memoir about a life’s work to find happiness (*The New York Times*). It is a book full of stories: about a girl locked out of her home, sitting on the doorstep all night; about a religious zealot disguised as a mother who has two sets of false teeth and a revolver in the dresser, waiting for Armageddon; about growing up in a north England industrial town now changed beyond recognition; about the universe as a cosmic dustbin. It is the story of how a painful past, rose to haunt the author later in life, sending her on a journey into madness and out again, in search of her biological mother. It is also a book about the power of literature, showing how fiction and poetry can form a string of guiding lights, or a life raft that

supports us when we are sinking. Witty, acute, fierce, and celebratory, *Why Be Happy When You Could Be Normal?* is a tough-minded story of the search for belonging—for love, identity, home, and a mother.

Lighthousekeeping - Jeanette Winterson 2006

Taken in by the enigmatic blind keeper of the Cape Wrath lighthouse, an orphaned Silver listens as the aged man recounts stories that center around a nineteenth-century clergyman who lived a paradoxical life while experiencing unfulfilled passions, displacement, and betrayal. Reader's Guide available. Reprint. 50,000 first printing.

Oranges are Not the Only Fruit - Jeanette Winterson 2011

Winner of the Whitbread Prize for best first fiction, *Oranges*

Are Not the Only Fruit is a coming-out novel from

Winterson, the acclaimed author of *The Passion* and

Sexing the Cherry. The

narrator, Jeanette, cuts her teeth on the knowledge that

she is one of God's elect, but as

this budding evangelical comes of age, and comes to terms with her preference for her own sex, the peculiar balance of her God-fearing household crumbles.

The Stone Gods - Jeanette Winterson 2009-05-06

The Whitbread Prize-winning author of *Oranges Are Not the Only Fruit* delivers a novel that “transports us to something like the future of our own planet” (The Washington Post Book World). On the airwaves, all the talk is of the new blue planet—pristine and habitable, like our own was sixty-five million years ago, before we took it to the edge of destruction. Off the air, Billie Crusoe and the renegade Robo sapien Spike are falling in love. Along with Captain Handsome and Pink, they’re assigned to colonize the new blue planet. But when a technical maneuver intended to make it inhabitable backfires, Billie and Spike’s flight to the future becomes a surprising return to the distant past—“Everything is imprinted forever with what it once was.” What will happen when their

story combines with the world’s story? Will they—and we—ever find a safe landing place? Playful, passionate, polemical, and frequently very funny, *The Stone Gods* will change forever the stories we tell about the earth, about love, and about stories themselves. “Scary, beautiful, witty and wistful by turns, dipping into the known past as it explores potential futures.” —The New York Times Book Review “[A book] that you don’t so much read as drink in, refuse to put down, cast inside of like a hunting dog, seeking against all odds the insight that will illuminate everything, a true answer to the fix we’re in.” —Los Angeles Times “A vivid, cautionary tale—or, more precisely, a keen lament for our irremediably incautious species.” —Ursula K. Le Guin, bestselling author of *Changing Planes*

Sexing the Cherry - Jeanette Winterson 2013-03-01

'A book of innocence and bawdiness, fury and joy...needs to be read and re-read' The Times On the banks of the

Thames a baby is found
floating. Rescued by the Dog-
Woman, a giant strong enough
to fling an elephant into the
air, their lives together will
take them on a dizzying
journey through space and
time. As past and present
collapse and centuries overlap,
love, sex, truth, lies and twelve
dancing princesses take centre

stage. 'Entrancing...fabulous...
Its language retains the clear
music of poetry' Sunday
Telegraph 'Simple prose shows
the subtlest of minds behind it,
swift, confident and dazzling'
Financial Times 'Her stories
and characters levitate off the
page into dancing life... A bold,
bizarre and timely book'
