Foundations of Christianity - Karl Kautsky
2007

Kautsky is probably the first Marxist to interest himself both in the movement and the enigmatic personality of the crucified prophet. His "Foundations of Christianity" is one of the most popular Marxist theoretical works due to the interest of socialist militants to see a vision of the origins of Christianity which permits the modern workers movement to appropriate to itself the figure of Jesus as a prophet and martyr for the proletarian cause. [The Varieties of Religious Experience](#) - William James 2009-01-01

Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. "Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind."

[Purity and Danger](#) - Professor Mary Douglas 2013-06-17

Purity and Danger is acknowledged as a modern masterpiece of anthropology. It is widely cited in non-anthropological works and gave rise to a body of application, rebuttal and development within anthropology. In 1995 the book was included among the Times Literary Supplement's

hundred most influential non-fiction works since WWII. Incorporating the philosophy of religion and science and a generally holistic approach to classification, Douglas demonstrates the relevance of anthropological enquiries to an audience outside her immediate academic circle. She offers an approach to understanding rules of purity by examining what is considered unclean in various cultures. She sheds light on the symbolism of what is considered clean and dirty in relation to order in secular and religious, modern and primitive life.

[The Five Great Philosophies of Life](#) - William De Witt Hyde 2022-11-21

"The Five Great Philosophies of Life" is a book by then President of Bowdoin College, William de Witt Hyde. He writes, "When asked why some men with moderate talents and meagre technical equipment succeed, where others with greater ability and better preparation fail; why some women with plain features and few accomplishments charm, while others with all the advantages of beauty and cultivation repel, we are wont to conceal our ignorance behind the vague term personality. Undoubtedly the deeper springs of personality are below the threshold of consciousness, in hereditary traits and early training. Still some of the higher elements of personality rise above this threshold, are reducible to philosophical principles, and amenable to rational control. The purpose of this book is to let the masters of these sane and wholesome principles of personality talk to us in their own words; with just enough of comment and interpretation to bring us to their points of view, and make us welcome their friendly assistance in the philosophical guidance of life."

[Sfera E Il Labirinto](#) - Manfredo Tafuri 1990

"Tafuri's work is probably the most innovative and exciting new form of European theory since French poststructuralism and this book is

Read and Riot - Nadya Tolokonnikova
2019-03-07

"as indispensable to confronting, say, your domineering mother-in-law or your local city council as it is to helping foment an ongoing and ever-escalating insurrection against, say, a sexist, racist, nepotistic power-mad oligarchy threatening to destroy democracy as we know it...My advice: Buy one" - VOGUE A guerrilla guide to radical protest and joyful political resistance from artist, activist and Pussy Riot founder Nadya Tolokonnikova. The face of modern protest is wearing a brightly colored ski mask. Nadya Tolokonnikova, founding member of the Russian activist group Pussy Riot, is a creative activist, professional protestor, brazen feminist, shocking visual artist, and force to be reckoned with. Her spontaneous, explosive approach to political action has involved jumping over barbed wire, kissing police officers, giving guerilla performances in crowded subway cars, and going on a hunger strike to protest the abuse of prisoners. She's been horse-whipped by police in Sochi, temporarily blinded when officers threw green paint in her eyes, and monitored by the Russian government. But what made Nadya an activist icon overnight happened on February 21, 2012, when she was arrested for performing an anti-Putin protest song in a Moscow church. She was sent to a Russian prison for 18 months and emerged as an international symbol of radical resistance, as

calls to "Free Pussy Riot" resounded around the world. With her emblematic ski mask, black lipstick, and unwavering bravery, Nadya has become an emissary of hope and optimism despite overwhelming and ugly political corruption. Read & Riot is structured around Nadya's ten rules for revolution (Be a pirate! Make your government shit its pants! Take back the joy!) and illustrated throughout with stunning examples from her extraordinary life and the philosophies of other revolutionary rebels throughout history. Rooted in action and going beyond the typical "call your senator" guidelines, Read & Riot gives us a refreshing model for civil disobedience, and encourages our right to question every status quo and make political action exciting--even joyful.

Girl Boner - August McLaughlin 2018-08-07

In a culture where female empowerment is used to sell everything from sex toys to soap, most sex education continues to bypass pleasure. In *Girl Boner: The Good Girl's Guide to Sexual Empowerment*, August McLaughlin offers an inclusive, unfiltered blend of personal narrative and practical tips on relationships, solo play, journaling, gender issues, and more.
