*Shopping* Michelle A. Gonzalez 2010-10 What could be more mundane or less religious than shopping? Yet shopping asks us to choose our values and weigh the good in everyday terms. It also brings us instantly in contact with the myriad relationships and labor of people all over the world who have grown, harvested, or crafted the food, clothes, and other items with which we sustain and adorn our lives. Michelle Gonzalez, whose work on spirituality has lifted up the life practices of Latina women, explores the rich material on economic activity and relationships in the Christian tradition and the larger pertinence of our actions in an era of globalized economic interconnection. Shopping focuses on the practice of shopping and its relationship to Christian spirituality and asks: How does Christian justice and solidarity play a role in the ways in which we value and spend our money? Can shopping be a Christian act? Can it be sinful?

*White Saviorism and Popular Culture* Kathryn Mathers 2022-09-15 This book interrogates the white savior industrial complex by exploring how America continues to present an imagined Africa as a space for its salvation in the 21st century. Through close readings of multiple mediated sites where Americans imagine Africa, *White Saviorism and Popular Culture* examines how an era of new media technologies is reshaping encounters between Africans and westerners in the 21st century, especially as Africans living and experiencing the consequences of western imaginings are also mobilizing the same mediated spaces. Kathryn Mathers emphasizes that the articulation of different forms of humanitarian engagement between America and Africa marks the necessity to interrogate the white savior industrial complex and the ways Africa is being asked to fulfill American needs as life in the United States becomes increasingly intolerable for Black Americans. Drawing on case studies from Savior Barbie (@barbiesavior) to Black Panther and Black is King, Mathers posits that global imperialism not only still reigns, but that it also disguises white supremacy by outsourcing Black American emancipation onto an imagined Africa. This is crucial reading for courses on the cultural politics of representation, particularly in relation to race, social media and popular culture, as well as anyone interested in issues of representation in the global humanitarianism industry.

Analyses indicate that the returns on investment for workplace mental health programs are significant, with employers reporting lower productivity-related financial losses and less need staff turnover due to mental health conditions. Forever, That's How Long I'm Going to Love You Zeke Smith 2012-04-23 A modern day love story about a couple named Zeke and Legs. Zeke sprung from a world filled with danger and secrets. He was raised by two parents that instilled strong moral values in him. Zeke instead began to favor the excitement of the street life. Legs, on the other hand, was a stunning beauty from a loving family that fell victim to the negative trappings of urban life. Their paths crossed as they were beginning to live a normal life. Legs and Zeke fell madly in love in only a short time. Their lust and desire for each became a priority. They decided to marry when a child was on the way. This began the drama that was their life. Keep an open mind as you relive their lives. The story is written with truth and detailed accounts of the many events that took place. They both found God and sought redemption through Jesus the Christ. Don't let the discomfort of their acts deter you from reading their entire story. Remember; they had to live through it too! The real heroes of the story are God and Christ; consequently, without the resurrecting power of the almighty their lives may have remained lost. I suggest you keep a Bible close by; just as I did while writing the story.

The Urge to Splurge Laura Byrne Paquet 2003 Tracing the cultural evolution of shopping from outdoor bazaars to suburban malls, this brazen look at the history and psychology of one of humankind's oldest pursuits considers the variety of reasons (and excuses) that drive the impulse to buy. An opulent collection of shopping places are described, including ancient markets, covered arcades of 18th-century France, gallerias of 19th-century Italy, and megamalls of 1950s America. Examples from literature and other sources explore the historically conflicted attitudes about shopping, it seems that fashionistas have always fought over the trendiest hemlines and hats. The development of buying options is detailed, from mail order catalogs and Internet stores to retail districts and massive supermarkets.

The Feel The Fear Guide To... Lasting Love Susan Jeffers 2010-12-15 *Feel the Fear and Do It Anyway* has sold a million copies round the world since 1987, and is still one of the top ten bestsellers in the category of personal development. In this book, Susan Jeffers takes the approach and practical strategies that made her first such a success and applies them to the subject that is closest to all our hearts: Love. The author explains that, although most people desire a wonderful relationship, too many of us don't really understand what love truly means. We say we love people in our lives yet, too often, we don't act very lovingly. Nor do we choose our partners wisely. This lack of understanding about love is reflected in the ever-increasing divorce rate and the huge number of people who ask with a deep yearning in their hearts: Why is love so hard? *The Feel The Fear Guide To... Lasting Love* shows what real love actually looks like, how to learn the essentials for finding it - and how to make it last a lifetime. It also lays out solutions to common problems and explains the destructive power of fear. Full of Jeffers' own experiences, humour and down-to-earth techniques, as well as the wisdom of others, this book will show us all how to enjoy the delight, satisfaction, peace and caring that true love can bring us.

Bob's Trip Through Manhood Glenn G. Tucker 2016-01-14 Bob Brand was being raised by drunken, brutal parents until he was fifteen years old. He had a paper route, like many young boys. One night, he refused to give his father the money he collected to pay his paper bill and was beaten badly by his father. He escaped from the home and went to see an elderly doctor on his route to get help. Dr. Ted Woods sewed him up and called the police. His father was arrested and given a year in jail and was allowed three days to get his affairs in order. He and his wife fled, and Dr. Woods gained custody of Bob in a hearing. Dr. Woods hired Julia Finney to be his housekeeper. Julia had a daughter, Martha, who was born when Julia was fifteen years old. Both Julia and Martha suffered feelings of guilt and shame due to Julia's background. Bob's presence in his new family somehow seemed to knit the four people into a happy, loving family and cured the feelings of shame, guilt, and inferiority held by both Julia and Martha. As Dr. Woods remarked, Bob provided the glue to make them a happy, loving family. He also said Bob had gifts he was unaware he had. Whenever he was near, held, or kissed a person, they experienced great warmth and love. He had the same effect on animals, which had no fear of him and wanted to get close to him, much to the amazement of Dr. Woods and his family and bystanders. Martha fell in love with Bob, as did Julia, but Julia knew the difference in the ages between Bob and her made it impossible for them to ever marry. Bob fell in love with both Julia and Martha. Martha fell deeply in love with Bob and constantly tried to seduce him, believing when he did, he would marry her, even as young as they were. This book is about the life of Bob and how he reacted when he lost first his wife, Martha; his second wife, Julia; and finally his housekeeper, Peggy. He, finally, with the help of Peggy's daughter, Cynthia, discovers his hidden gift.

I get paid to follow a womanizing troglodyte who thinks rules are for other people and that my pants are the next pair he’s getting into. Dream on. Bet your first professional job didn’t involve babysitting an extremely hot, muscle-bound Scottish Highlander with an ego the size of a kilt and a libido bigger than his...well... Chicken. Keeping Scottish football (that’s ‘soccer’ to us Americans) player Hamish McCormick away from inappropriate scandals while he does product endorsement campaigns is my mission. No problem. Until Hamish decides I’m his next scandal. And maybe more.... Shopping for a Highlander is an enemies-to-lovers, slow burn romance that opens with a surprise kiss and ends with a happily ever after. This sports comedy in the New York Times bestselling Shopping for a Billionaire world contains no actual chickens, but it has plenty of locker room scenes, a fake relationship, very real banter, and more. You do not have to have read the previous books in this world, though after you read about Amy and Hamish, you’ll want to. ;)

**Food Is Love** Katherine J. Parkin 2011-06-03 Modern advertising has changed dramatically since the early twentieth century, but when it comes to food, Katherine Parkin writes, the message has remained consistent. Advertisers have historically promoted food in distinctly gendered terms, returning repeatedly to themes that associated shopping and cooking with women. Foremost among them was that, regardless of the actual work involved, women should serve food to demonstrate love for their families. In identifying shopping and cooking as an expression of love, ads helped to both establish and reinforce the belief that kitchen work was women's work, even as women's participation in the labor force dramatically increased. Alternately flattering her skills as a homemaker and preying on her insecurities, advertisers suggested that using their products would give a woman irresistible sexual allure, a happy marriage, and healthy children. Ads also promised that by buying and making the right foods, a woman could help her family achieve social status, maintain its racial or ethnic identity, and assimilate into the American mainstream. Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work, diet, and gender roles.
