**Not Set for a Serious Relationship** - Eucharia Kelvin 2022-10-05

I'm just not yet ready. While there are a few people who hold themselves back all the time, there are many others who completely succumb

to love within the first week or so. They obsess about their new lover, drive themselves up the wall thinking about the together time, and fall head over heels in love in no time. It's not fair to stay guarded all the time in a new relationship. **Getting Played** - Mohosho Pofane 2021-01-04

Bob Marley once said the biggest coward is a man who awakens a woman's love with no intention of marrying her. But what about a woman who awakens a man's love with intentions of marrying him? Well, that's a topic for another book! Love is a beautiful thing. It's a risk that most of us take over and over again with the hope of finding the perfect partner whom we're willing to spend the rest of our lives with. Someone who will make the love journey worthwhile. While we're searching, we end up in toxic situations, being played or ghosted, as a result end up looking at the whole notion of love

differently. Some people give in to the cruelty and play the game too, while others keep hoping for a good partner on try over and over again. It's often said that the world does not reward those who play by the rules (which is arguably true), so wouldn't it be great if we knew the difference between people who come to us to play and those who come with genuinely good intentions? We all know the feeling of being played in dating. You were misled by someone who seemed to be into you. There were no warning signs that someone was about to flip the script but just as you were letting your guard down and starting to get excited about the promise of a long term relationship, the person you were dating totally flakes. They pull away. They dump you. They ghost. At the end of the day leaving you feeling like a fool for believing in something that clearly was not real. So how can we avoid getting played or made to feel like a fool in dating? First understand what it means when someone plays you. Essentially they have tricked you into giving up something that you would normally never give up unless you were guaranteed to get something in turn. This could be sexy time, money, time, or intimacy. But a player makes you believe in the promise of a return on your investment. They make you feel like you can trust them, when in fact they are completely untrustworthy. Thing is, most girls secretly wish they had a male best friend. One who would tell them all about boys, their conversations, their daily plans about women, everything. However, those are rare to find because under normal circumstances, your male best friend is only hanging around because he's patiently hoping that one day you'll give in and he'll hit it. That's if the two of you haven't made that 'mistake' already. It's through our friends of opposite the sex that we get the kind of information contained in this book. Although most content in this book is more oriented to the females: take this book as your companion who is not patiently waiting to sleep with you. After all, it is the ultimate guide to a healthy relationship. All I'm saying is, we need to start treating others like we'd want them to treat us. We need to have compassion and respect for the feelings of others. When I wrote this book, I thought of all the people who are going to fall victims to someone who behaves the way my

friends and I did long ago. I thought to myself, "what if it's my own daughter?", what if it's my nephew or someone I love?" Then I decided that since I may not be there to guide them or give them a little pep talk about men, I might as well write a book, something they can keep referring to every time things get out of control. I'm not saying the book will completely help, but it's always good to know the truth, the decision is always yours! Enjoy

*Soul Signs In Love* - Diane Eichenbaum

2001-02-08

Do you believe that the key to finding your soul mate is only in your stars? That you and your partner must have compatible Sun signs if romance is going to thrive? Not so! The truth is that many couples who seem ideally matched astrologically don't sustain a loving relationship. While most astrology books may tell you that true love is a matter of fate, Diane Eichenbaum's *Soul Signs in Love* shows you that you have the freedom to create the relationship that's right for you. Eichenbaum reveals that relationships involve a combination of factors: destiny, an understanding of each partner's sign, and the willingness to work through the highs and lows of love's natural progression. Each of the twelve signs of the Zodiac corresponds to a phase of a romance, from passionate courtship, represented by fiery Aries, to the commitment and soul bonding of watery Pisces. Each Sun sign has its gifts (the discernment of Virgo or the enthusiasm of Sagittarius, for example) and its corresponding challenges (the self-doubt of Taurus or the unpredictability of Aquarius) that it brings to a relationship. By understanding that the choice to love and grow with your partner is yours and yours alone, *Soul Signs in Love* shows you how to enjoy and revel in the unfolding process of discovery and revelation that underlies lasting love.

Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In *Deeper Dating*, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that

the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. Deeper Dating guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. When we do this, something miraculous happens: we begin to attract people who love us for who we are, we become more self-assured

and emotionally available, and we lose our taste for relationships that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer . . . Deeper Dating integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.
