

Sober Women Sober Sex A Bridge To Intimacy

Dual Diagnosis, Second Edition - Katie Evans 2012-01-20

The treatment of coexisting chemical dependency and psychiatric disorders has long been a serious challenge for care providers. With the advent of managed care, counselors, case managers, and other professionals increasingly are called upon to treat very ill and troubled clients in outpatient settings. This popular volume offers a thorough introduction to clinical work with this difficult-to-treat population. Providing a unique synthesis of chemical dependency and mental health models, the book articulates a framework for assessment and treatment and describes a range of effective counseling and motivational strategies for adolescents and adults. The practical utility of the volume is enhanced by numerous clinical vignettes and clearly presented tables to aid in assessment. Appendices feature helpful reproducible forms.

To Love, Honor, and Vacuum - Sheila Wray Gregoire 2014

"Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"--Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a

party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.

The Art Of Seduction - Robert Greene 2010-09-03

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process,

the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. *The Art of Seduction* is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

Sober Women, Sober Sex - Pauline Falstrom 1997-01-01

Yes, there is sex after sobriety. Dr. Falstrom will show you how to bring intimacy back into your life. Based on interviews with hundreds of people, Dr. Falstrom found that 12-Step programs help, but they didn't have all the answers to sexual issues. "Where do you go to discuss the truly intimate stuff?" "Is there such a thing as normal sex?" "When do I get to start having fun without the guilt?" In *Sober Women, Sober Sex*, Dr. Falstrom discusses these questions and more: - Learn how to handle flashbacks and not lose your sobriety. - Explores sexual addiction programs--is it just another label? - Discover the link between food, alcohol and sex. - Find out how roles may change after sobriety. - What happens to issues of control? Fantasies? Moods? - Uncover the relationship between shame, sex and spirituality.

[Healing Sex](#) - Staci Haines 2010-02

Healing Sex is the encouraging, sex-positive guide for all women survivors of sexual assault - heterosexual, bisexual, lesbian, coupled, and single - who want to delight in their own sexuality. While most books on the topic broach sexuality to reassure women that it's all right to say "no" to unwanted sex, *Healing Sex* encourages women to learn how to say "yes" - to their own desires and on their own terms

[Isn't Forever](#) - Amy Key 2018

Amy Key's *Isn't Forever* is a spell book for feminine selfhood in a world where a sense of self is flimsy, elusive and unrequited. The poems in this book are obsessive in their desire to construct and breach the terms of their own intimacy. The poems have their own 'narrative costume' but are vexed with it, not quite able to master the 'diligence of having a body'. This is a book where a tender and sabotaging shame of aloneness has taken root. Where wants cluster and are at war with each other. Where the heart is at once 'all lurgy' and an 'investment piece' to be

saved for best. Where the sea is the only solace, but the sea is blase. The 'ta-dah!' and candour of these poems is an exercise in Amy Key's imaginative protection and urge for personal extravaganza, an attempt to acknowledge but fight back the brutal inner voice. The obscure audience of the reader is never out of sight. Amy Key's first collection *Luxe* was published by Salt in 2013. *Isn't Forever*, her second book-length collection, is a Poetry Book Society Wildcard Choice.

Dancing through the Storms - Bren Gandy-Wilson 2013-09-15

Dancing through the Storm focuses on these concepts: • You can recognize and resist abuse in relationships. • Love can only be expressed properly through knowing God intimately and knowing yourself. • A healthy relationship doesn't just happen. It is the fruit resulting from heeding the promptings of the Holy Spirit and applying God's Word in every situation. • Marriage is a "God thing," created by God before sin entered the world. • A blessed marriage is a synthesis of three not two because Christ is to be the head. • Through Christ, you can fully recover from an abusive situation.

The Transformation of Intimacy - Anthony Giddens 2013-04-23

The sexual revolution: an evocative term, but what meaning can be given to it today? How does 'sexuality' come into being and what connections does it have with the changes that have affected personal life on a more general plane? In answering these questions, Anthony Giddens disputes many of the dominant interpretations of the role of sexuality in modern culture. The emergence of what the author calls plastic sexuality - sexuality freed from its intrinsic relation to reproduction - is analysed in terms of the long-term development of the modern social order and social influences of the last few decades. Giddens argues that the transformation of intimacy, in which women have played the major part, holds out the possibility of a radical democratization of the personal sphere. This book will appeal to a large general audience as well as being essential reading for students and professionals.

Beware the Witch - Patrick J. Van Ora 2013-12-30

In almost every page of *Beware the Witch*, something supernatural happens. Don't be concerned if you don't believe in the supernatural. Just suspend your disbelief and go along with the ride. This novel is meant to be a roller coaster, not an exhibit. The goal is to thrill, excite, amaze, and maybe even get you to cry out in horror or perhaps laugh. Meet the three main characters. The witch is a spectacularly beautiful, hypnotically alluring, powerful, vengeful, and very dangerous woman with dark and destructive secrets. The man with six forms of ESP is the hero. At first, he is drawn to the witch. However, he later decides that he must kill her because he wants to prevent his new love from succumbing to the temptation of becoming a witch and giving allegiance to His Satanic Majesty. This new love interest is caught between her fascination with both witchcraft and sensuality and her drive to do no harm to herself or others. She dislikes her humdrum, repetitious, not-very-sober life. Then again, you can't simply flirt with powerful forces. You need to be in or out, committed or not. You must choose one or the other: God or the devil.
