The Social Dimension of Human Sexuality - Robert R. Bell 1972

The Social Dimension: Volume 2 - Henri Tajfel 1984-05-24

The two volumes of *The Social Dimension* present a comprehensive survey of the major developments in social psychology which took place in Europe during the very active 1970s and 1980s. They aim to capture the diversity and vitality of the discipline, stress the growing emphasis on fully social analyses of social psychological phenomena - hence 'the social dimension' - and to provide a valuable resource for researchers in the future. Although comprehensive in scope, the volumes are not written in the formal style of a reference handbook. Instead, the authors of the thirty-three chapters, drawn from more than a dozen mainly European countries and all experts in their own fields, were invited to present their own personal overviews of the issues in social psychology on which they were actively working. Both volumes are organized into three main Parts. Volume 1 is concerned with the social development of the child, interpersonal communication and relationships, and the social reality, group processes, and intergroup relations. This ambitious enterprise has produced a distinctive yet authoritative summary and evaluation of the growth points of social psychology in Europe which will interest and influence not only social psychologists but many readers from related disciplines.

Exploring the Dimensions of Human Sexuality - Jerrold S. Greenberg 2007

Exploring The Dimensions Of Human Sexuality, Third Edition, Has Been Extensively Updated To Include Information And Statistics About Recent Developments. This Text Continues To Encourage Students To Explore The Varied Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality, Sexual Health, And Sexual Responsibility. All Aspects Of Sexuality--Biological, Spiritual, Psychological, And Sociocultural--Are Presented Factually And Impartially.

Psychological Dimensions in Human Sexual Health and Behavior - Joana Carvalho 2021-10-14

The Social Dimension of European Integration - EC Social Regulation and Sex Equality - Bente Blanche Nicolaysen 1993

Dimensions of Human Sexuality - Curtis O. Byer 1999

This text has integrated psychological, feminist and multicultural perspectives throughout. The strong coverage of the biological aspects of human sexuality facilitates student understanding of a basic area of sexuality.

The Social Dimension of Sex - Roy F. Baumeister 2001

A contemporary, provocative exploration of the social dimension of sexuality, with a focus on applying research findings. Much of the scientific writing about sex has focused on the inner, biological processes and clinical problems and treatments, neglecting the important social dimension of sexuality. This unique volume merges research in social psychology and human sexuality, using themes from social psychology to shed light on sexual behavior and demonstrate how sexual behavior is shaped by social surroundings.

At the Boundaries of Law (RLE Feminist Theory) - Martha Albertson Fineman 2013-05-20

Feminists have recently begun to challenge the powerful influence of the law on the social and cultural construction of women's roles, identities, and rights. *At the Boundaries of Law* is a timely and path-breaking work that provides a series of non-technical, interdisciplinary explorations into the nature and effects of legal regulation on women's lives. Together the

essays examine the fertile - and radically revisionary - links between feminism and legal theory. *But At the Boundaries of Law* rejects the abstract 'grand theorizing' of traditional feminist legal theory, focusing instead on the concrete and material implications of the legal injustices endured by women. These essays emphasise the complex diversity of female experience, collectively arguing for legal theory and practice that both recognises and accommodates the concept of 'difference' - in gender, class, race and sexual orientation. *At the Boundaries of Law* also raises provocative questions about the methodology and future of feminist legal theory itself. In its rich variety of issues and approaches, this volume will command the interest not only of legal theorists, but of those interested in women's studies, philosophy, politics, sociology and history. It is sure to set the future agenda for scholars, policymakers and anyone concerned with the role of law in society.

From Church House to Main Street: Volume 4 - Edward Wayne Kimbrough 2020-06-30

The express purpose of this book is to provide concrete evidence that the Bible is not just a religious book; it is a scientific book that teaches us how the universe was created; it is a social book that teaches us how to live peaceably with our neighbors; it is a prophetic and historical book that reveals how God has worked in the past to fulfill His promises and purposes; and it is a spiritual book that teaches how God has revealed his will and purpose for humanity. The book is divided into five volumes which deal with questions that we might ask about the Bible and the origin of the universe. The first four volumes of the book deal with the four dimensions of the Bible. Volume 1 deals with the Physical (Scientific) Dimension of the Bible. It seeks to answer the questions: How did we get here? How old is the universe? And who are our Ancestors? Volume 2 deals with the Spiritual Dimension of the Bible and seeks to find Universal Principles from God's Word that teach us how to live according to God's will. Volume 3 deals with the Prophetic Dimension of the Bible. It provides a historical record of how God has worked through the Nation of Israel to pre-determine the events and conditions of life and judged the nation's responses to the events and conditions of life.

Volume 4 deals with the Social Dimension of the Bible. It defines the four social institutions created by God: the family, human government, the Nation of Israel, and the Church, and describes how the Universal Principles discovered in Volume 2 may be or have been applied in those four social institutions. Volume 5 summarizes the bottom-line conclusions and recommendations from the scientific analysis of the four dimensions of the Bible, and it defines the meaning of the symbols that are used to represent the Universal Principles.

Gender Violence in the American Southwest (AD 1100-1300) -

Debra L. Martin 2022-11-28

This volume uses osteobiography and individual-level analyses of burials retrieved from the La Plata River Valley (New Mexico) to illustrate the variety of roles that Ancestral Pueblo women played in the past (circa AD 1100-1300). The experiences of women as a result of their gender, age, and status over the life course are reconstructed, with consideration given to the gendered forms of violence they were subject to and the consequences of social violence on health. The authors demonstrate the utility of a modern bioarchaeological approach that combines social theories about gender and violence with burial data in conjunction with information from many other sources—including archaeological reconstruction of homes and communities, ethnohistoric resources available on Pueblo society, and Pueblo women’s contemporary voices. This analysis presents a more accurate, nuanced, and complex picture of life in the past for mothers, sisters, wives, and captives.

The International Journal of Indian Psychology, Volume 3, Issue 2, No. 9 - IJIP.In 2016-03-25

The International Journal of Indian Psychology (e-ISSN 2348-5396 | P-ISSN 2349-3429) is an psychological peer-reviewed, academic journal that examines the intersection of Psychology, Education, and Home science. The journal is an international electronic and print journal published in quarterly.

The Social Organization of Sexuality - Edward O. Laumann
2000-12-15

Reports the complete results of the United States' most comprehensive

representative survey of sexual practices in the general adult population.
Social Psychology and Human Sexuality - Roy F. Baumeister 2001
Presents a selected group of influential articles dealing specifically with the social aspects of sexuality, topics covered include differences between male and female sexuality, virginity, harassment, rape and coercion and jealousy.

The Psychology of Personality - Bernardo J. Carducci 2009-03-09
This engaging, comprehensive introduction to the field of personality psychology integrates discussion of personality theories, research, assessment techniques, and applications of specific theories. The Psychology of Personality introduces students to many important figures in the field and covers both classic and contemporary issues and research. The second edition reflects significant changes in the field but retains many of the special features that made it a textbook from which instructors found easy to teach and students found easy to learn. Bernardo Carducci’s passion for the study of personality is evident on every page.

At the Boundaries of Law - Martha Fineman 2012

Annotation Feminists have recently begun to challenge the powerful influence of the law on the social and cultural construction of women's roles, identities, and rights. This timely work provides a series of non-technical, interdisciplinary explorations into the nature and effects of legal regulation on women's lives.

Exploring the Dimensions of Human Sexuality - Jerrold Greenberg
2010-03-10

Exploring the Dimensions of Human Sexuality, Fourth Edition addresses all aspects of sexuality—biological, spiritual, psychological, and sociocultural—and presents the information both factually and impartially. Throughout the text, students will find an emphasis on health and well-being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality. Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality, sexual health, and sexual responsibility.

The Social Dimension Of Sex - Roy F. Baumeister 2006-01-01
