

# Teen Agers And Sex Revolution Or Reaction

**Teen-agers and Sex: Revolution Or Reaction?** - Jack L. Nelson 1970

*America's Sexual Transformation* - Gary F. Kelly 2011-11-15

This book explains how the short-lived sexual revolution 50 years ago has led to the current evolution of our sexual values and behaviors and social standards among youth culture, examining topics such as communication technologies and sex, teen pregnancy, and divorce rates in the Bible Belt. Is an increase in sexual activity during adolescence a normal part of the transition to adulthood, or evidence of a societal problem? Why would conservative religious youth become sexually active earlier than their peers and be more likely to have an unintended pregnancy or sexually transmitted disease? How are women continuing to lead our society's sexual transformation? Written by an author whose 40-year career in sexology and university administration provides a uniquely qualified perspective upon both sex research and the changing sexual perceptions of American youth, this comprehensive book is must-read for both parents and policy makers. *America's Sexual Transformation* traces the philosophical, cultural, and scientific developments responsible for the beginning and end of America's sexual revolution that have now spawned a more substantive sexual transformation. It examines traditional theories and attitudes regarding sex, and demonstrates how the findings of sex research provide entirely new paradigms that should replace outmoded and harmful theories. This groundbreaking book also explains who we are as sexual individuals and how we got to be that way.

*Human Sexuality and its Problems* - J. H. J. Bancroft 2008-12-29

Prepared by one of the world's leading authorities, *Human Sexuality and its Problems* remains the foremost comprehensive reference in the field. Now available in a larger format, this classic volume continues to address the neurophysiological, psychological and socio-cultural aspects of human sexuality and how they interact. Fully updated throughout, the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear, practical guidelines for clinical intervention. Clearly written, this highly accessible volume now includes a new chapter on the role of theory, and separate chapters on sexual differentiation and gender identity development, transgender and gender non-conformity, and HIV, AIDS and other sexually transmitted diseases. *Human Sexuality and its Problems* fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective, as well as health professionals involved in the management of sexual problems. Long awaited new edition of the definitive reference text on human sexuality Addresses the neurophysiological, psychological and socio-cultural aspects of human sexuality and how they interact Examines the normal sexual experience and covers the various ways in which sex can be problematic, including dysfunctional, 'out of control', high risk and illegal sexual behaviour Reviews the clinical management of problematic sexuality and provides clear, practical guidelines for clinical intervention Presents a broad cross-disciplinary perspective of the subject area making the book suitable for all professionals involved in the field Presents a more theoretical approach to the study of human sexuality reflecting recent changes in research Includes a section on brain imaging to demonstrate the latest research findings in sexual arousal and to compare and contrast individuals with normal and low levels of sexual desire Discusses the use of sex as a mood regulator and the importance of current research in this area Discusses the impact on the internet on the modern sexual world Explores the relevance of transgender and gender non-conformity Contains a chapter on HIV and AIDS and other sexually transmitted infections Chapter on therapy fully updated to reflect the movement towards integration of psychological and pharmacological approaches to management Explores the complex relationships between anger, sexual arousal and sexual violence

**Bad Girls** - Amanda H. Littauer 2015-07-17

In this innovative and revealing study of midcentury American sex and culture, Amanda Littauer traces the origins of the "sexual revolution" of the 1960s. She argues that sexual liberation was much more than a reaction to 1950s repression because it largely involved the mainstreaming of a counterculture already on the rise among girls and young women decades earlier. From World War II-era "victory girls" to

teen lesbians in the 1940s and 1950s, these nonconforming women and girls navigated and resisted intense social and interpersonal pressures to fit existing mores, using the upheavals of the era to pursue new sexual freedoms. Building on a new generation of research on postwar society, Littauer tells the history of diverse young women who stood at the center of major cultural change and helped transform a society bound by conservative sexual morality into one more open to individualism, plurality, and pleasure in modern sexual life.

**Sex Education in the Eighties** - Lorna Brown 2012-12-06

The odd reader (here in England "odd" means occasional) may be interested in how a book comes about. Members of the SIECUS Board of Directors were planning a Festschrift and dinner for Mary Calderone on the occasion of her 75th birthday. One planning idea was to have a booklet, filled with brief essays from prominent sex educators, distributed between the roast beef and the ice cream. My reaction was that such "souvenirs" find their burial place in the same dusty drawer as the program from the high school prom and ticket stubs from South Pacific. I suggested a more lasting, noticeable "monument," a "proper" (as the English say) book which would draw contributions from both SIECUS and non-SIECUS scholars. I was too clever to be trapped as editor (in a 1974 preface, I had written "I swore I wouldn't edit another book"). And so I seduced Lorna Brown (into being editor). I contacted a few potential contributors, suggested a few others, convinced Leonard Pace at Plenum Press that this was a worthwhile venture, and left the country. To my amazement, six months after settling in Cambridge, England, the rough draft of the book arrived along with a reminder from Lorna that during the seduction I had promised to write an Introduction.

*Sex Education and the Public Schools* - Lawrence J. Haims 1973

*Teenage Pregnancy* - United States. Congress. Senate. Committee on Appropriations. Subcommittee on Departments of Labor, Health and Human Services, Education, and Related Agencies 1994

The Senate Subcommittee met in order to examine the alarming increase of out-of-wedlock teenage pregnancies in the United States. Information provided at the hearings included: the scope of the issue; input from experts on what is causing the increases being recorded; different approaches to reducing teen pregnancy; and, teen parent perspectives. Statements were given by organizations such as: Women's Health Services, Teen Services Program, Athletes for Abstinence, Family Court Division of the City of Philadelphia, Sex Respect, Inc., and the Philadelphia Board of Education. Dr. Jocelyn Elders, Surgeon General, also gave a statement. Topics discussed include: pressure to become sexually active, role of mass media, young men's responsibility, the role of parents, comprehensive health education, abstinence, welfare, and the use, cost, and availability of Norplant were addressed. Extensive charts, graphs, program descriptions, and testimony are included. (JBJ)

*Focus on the Family* - 1970

**Dilemmas of Desire** - Deborah L. Tolman 2002

In movies and magazines, in music and advice columns, girls are portrayed as the object or the victim of someone else's desire-but virtually never as someone with acceptable sexual feelings of her own. What teenage girls make of these contradictory messages, and what they make of their awakening sexuality, emerges for the first time in frank and complex fashion in Deborah Tolman's *Dilemmas of Desire*.

*From Vichy to the Sexual Revolution* - Sarah Fishman 2017

*From Vichy to the Sexual Revolution* explores the factors that led to such radical changes in French notions of gender roles, family structures, and sexuality. Sarah Fishman follows French women's path toward emancipation from winning suffrage in 1945 to the social movements of 1960s, painting a broad view of shifting habits and ideas about love, courtship, sex, marriage, parenting, childhood, and adolescence. She surveys a wide range of sources, including juvenile court cases, inexpensive guidebooks on marriage and childbirth, and popular magazines--*Marie Claire* and *Elle* most notably, where iconic columnists such as Marcelle Auclair and Marcelle Ségol answered readers' letters and dispensed intimate and inspirational advice to millions of women.

*Sexual Wisdom* - Richard Wetzel (M.D.) 1998

Sexual revolution has created record levels of disease, spread of

pornography, higher hostility between sexes and critically high divorce rate. Baked by solid, documented research, Dr. Wetzel offers unique insight into the 17 misconceptions about sexuality.

*The Sexual Revolution in Russia* - Игорь Семенович Кон 1995

**National Library of Medicine Current Catalog** - National Library of Medicine (U.S.) 1971

**Learning with the Lights Off** - Devin Orgeron 2011-11-25

A vastly influential form of filmmaking seen by millions of people, educational films provide a catalog of twentieth century preoccupations and values. As a medium of instruction and guidance, they held a powerful cultural position, producing knowledge both inside and outside the classroom. This is the first collection of essays to address this vital phenomenon. The book provides an ambitious overview of educational film practices, while each essay analyzes a crucial aspect of educational film history, ranging from case studies of films and filmmakers to broader generic and historical assessments. Offering links to many of the films, *Learning With the Lights Off* provides readers the context and access needed to develop a sophisticated understanding of, and a new appreciation for, a much overlooked film legacy.

**The Sexual Scene** - John H. Gagnon

"The new morality" has excited countless public and private, formal and informal, scientific and non-scientific, sober and frankly provocative discussions. Those aspects related to sexual relationships and sexual behavior and the meaning of our "moral breakdown" have been much discussed. The essays in this volume address themselves to a more subtle and potentially more meaningful question: What is the extent of deviance from traditional patterns of sexual relationships, and what have been the legal and political implications of widespread transgression of legal and, for many, personal codes or morality? This volume confronts the myths and the realities of the sexual revolution in America. As such it helps explain the limits as well as the goals of a new generation in search of new standards of conduct.

**Erotic Wars** - Lillian B. Rubin 1991

Results of Rubin's (sociology, Queens College and UC Berkeley) intensive interviews or questionnaires with some 1,000 heterosexuals aged 13 to 48 and members of all social classes. She studies the generation of the sexual revolution, that which came of age inheriting the new mores, and the young people of today. Annotation copyrighted by Book News, Inc., Portland, OR

**Studies in Human Sexuality** - Suzanne G. Frayser 1987

**The Sexual Century** - Ethel Spector Person 1999-01-01

Over the course of the past century, sexual liberation has transformed the way in which most of us regard our bodies and live our sexual lives. Now a preeminent psychoanalytic theoretician on sex and gender discusses what has gone into this unquiet revolution—the roles played by sexologists and psychoanalysts, antibiotics and birth control, the liberation movements, and Freud's insight that sex has as much to do with the mind as with the genitals. In this collection of new and previously published papers, Ethel Person writes of the centrality of sexuality to our identity. She describes the role of fantasy in desire, its different expression in the sexes, and the way in which desire is inevitably intertwined with power. Her classic papers on transvestism, transsexualism, and cross-dressing homosexuals, written with Lionel Ovesey, help us to understand how gender and sex develop in all of us. The public acceptance of the transsexual, says Person, is emblematic of the profound scientific and intellectual shifts that have taken place in the past hundred years. The way that sex and gender develop and are experienced and expressed is the result not only of nature and nurture but also of the cultural zeitgeist, its unspoken values and biases.

**American Evangelicals and the 1960s** - Axel R. Schäfer 2013-08-23

In the late 1970s, the New Christian Right emerged as a formidable political force, boldly announcing itself as a unified movement representing the views of a "moral majority." But that movement did not spring fully formed from its predecessors. American Evangelicals and the 1960s refutes the thesis that evangelical politics were a purely inflammatory backlash against the cultural and political upheaval of the decade. Bringing together fresh research and innovative interpretations, this book demonstrates that evangelicals actually participated in broader American developments during "the long 1960s," that the evangelical constituency was more diverse than often noted, and that the notion of right-wing evangelical politics as a backlash was a later creation serving the interests of both Republican-conservative alliances and their critics. Evangelicalism's involvement with—rather than its reaction against—the main social movements, public policy initiatives, and cultural transformations of the 1960s proved significant in its 1970s political ascendance. Twelve essays that range thematically from the oil industry to prison ministry and from American counterculture to the Second Vatican Council depict modern evangelicalism both as a religious movement with its own internal dynamics and as one fully integrated into general American history.

**Teen-agers and Sex** - Jack L. Nelson 1970

Brief introductory survey, intended for young people as discussion group material.
