Blue Truth - David Deida 2011

In Blue Truth, internationally acclaimed teacher David Deida presents a treasury of insights for uncovering your true heart of purpose, passion, and unquenchable love. In Part One, Deida shows you how to "open as the entirety of the moment, feeling as deep inside and as far outside as you can, for as long as now opens." In Part Two, he reveals how to walk this path in the wilderness of intimate relationship, illuminating "the art and play of sexual gifting" and how to

expertly navigate the tangle of anger, jealousy, fear, and lust.

Wild Nights - David Deida 2011

Meet Mykonos: scurrilous madman - and voice of truth. *Wild Nights* presents David Deidas remarkable account of his days with the unconventional teacher who revealed to him the deeper wisdom of the erotic path to the divine. From our very first encounter to the "burden of bliss" that is his parting gift, Mykonos challenges our understanding of what makes a spiritual life. Brutally candid, he offers his teaching to anyone ready to listen, with an uncanny ability to see into the hearts and minds of his students better than they can their own. Charged with provocative scenes of unbridled passion and play, *Wild Nights* explodes with spiritual insights into our choice to "open as love, or close and suffer" yogic sexual techniques including circular breathing and expanding feeling beyond the self and into the heart of a lover and why, for some, full sexual

expression is a requirement of spiritual maturation. For its honest depiction of the spiritual teacher and student relationship - and the questions it demands we ask about our own sexuality - *Wild Nights* proclaims David Deida a guiding light in the often cloudy realm of sex and spirit.

Self Observation - Red Hawl 2012-07-23

This book is an in-depth examination of the much needed process of “self” study known as self observation. We live in an age where the “attention function” in the brain has been badly damaged by TV and computers-up to 90 percent of the public under age 35 suffers from attention-deficit disorder! This book offers the most direct, non-pharmaceutical means of healing attention dysfunction. The methods presented here are capable of restoring attention to a fully functional and powerful tool for success in life and relationships. This is also an age when humanity has lost its connection with conscience. When humanity has poisoned the Earth’s atmosphere, water, air and soil, when cancer is in epidemic proportions and is mainly an environmental illness, the author asks: What is the root cause? And he boldly answers: Failure to develop conscience! Selfobservation, he asserts, is the most ancient, scientific, and proven means to develop this crucial inner guide to awakening and a moral life. This book is for

the lay-reader, both the beginner and the advanced student of self observation. No other book on the market examines this practice in such detail. There are hundreds of books on self-help and meditation, but almost none on self-study via self-observation, and none with the depth of analysis, wealth of explication, and richness of experience which this book offers. Red Hawk, author of 5 collections of poetry, was the Hodder Fellow at Princeton University (1992-93) and is currently a full professor at the University of Arkansas, Monticello. He has practiced self-observation for over 30 years, under the guidance of the Gurdjieff Society of Arkansas, meditation master Osho Rajneesh, and spiritual teacher, Lee Lozowick.

King, Warrior, Magician, Lover - Robert Moore
2013-10-01

The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity,

Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of

initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). King, Warrior, Magician, Lover is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.
