A Guide to Systems Research - Mary C. Edson 2016-12-15

This guide is designed for systems researchers – emerging and seasoned – searching for holistic approaches of inquiry into complexity, which the Systems Sciences provide. The authors share insight into the foundations of research that are not only systematic in terms of rigor, but systemic in perspective, analysis, design, development, implementation, reporting, and evaluation. This guide also explores researcher competencies necessary to conduct sound systems research. Researchers using this guide will gain understanding of what distinguishes systems research from other types of research and why it is important in research today.

Coercive Relationships - Jennifer C. Parker 2021-03-11

Coercive Control provides a beacon for survivors of partner abuse. Parker's nonjudgmental, empathic voice offers knowledge gleaned from years of experience. Survivors gain answers to frequently asked questions: • Am I being abused? • Why do they hurt me? • Why do I feel so crazy? • What can I change? • Why do they believe they should control us? • How do I recognize abuse of power? • How do I heal? Each chapter contains illustrative vignettes and suggestions for reflection to assist readers in discovering what they want. Coercive Relationships lifts the private shame survivors feel by connecting their abusers' actions to societal values and beliefs that permit all forms of violence.

The Real Wealth of Nations - Riane Eisler 2008-11-10

Bestselling author Riane Eisler (*The Chalice and the Blade*, which has sold more than 500,000 copies sold) shows that at the root of all of society's big problems is the fact that we don't value what matters. She then presents a radical reformulation of economics priorities focused on the home.

Transforming Interprofessional Partnerships: A New Framework for Nursing and Partnership-Based Health Care, 2014 AJN Award Recipient - Riane Eisler 2014-01-10

Transforming Interprofessional Partnerships: A New Framework for Nursing and Partnership-Based Health Care provides nurses and other health care professionals tools to reexamine the current state of interdisciplinary partnerships in order to build a more effective, caring, and sustainable health care system. This comprehensive text will benefit nurses by defining and illustrating full partnership in practice, education, and research in order to improve communication and interprofessional collaboration.

Peace, Literature, and Art - Volume I - Ada Aharoni 2009-08-30

Peace, Literature, and Art is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. Culture is the essence of individual and national identity. What children and people read and watch and the kind of Culture, Literature and Media, they are exposed to, through home, education and society - provide them with basic values, attitudes and norms which affect and motivate them throughout their lives. It is of crucial importance therefore, that those stories we are exposed to, at the socio-cultural and educational levels, which we watch on television, in films and on the Internet, and which we read - should be peaceful ones, which open our eyes to a humane world that can prosper from peace and harmony. This Theme on Peace, Literature, and Art deals, in two volumes and cover several topics related to Peace Education: Definition, Approaches, and Future Directions; Importance of a Literature and a Culture of Peace These two volumes are aimed at the following five major target audiences: University and College Students Educators, Professional Practitioners, Research Personnel and Policy Analysts, Managers,

and Decision Makers, NGOs and GOs.

The Power of Partnership - Riane Eisler 2010-09-03

Based on the research that brought international recognition to Riane Eisler's groundbreaking work *The Chalice and the Blade* but addressing the world as it is today, *The Power of Partnership* offers inspiration and guidance for moving to the better lives we yearn for. Eisler offers us a new lens, a new paradigm, for seeing the world and living in it. The Partnership Model, which emphasizes mutual respect and a fundamental awareness of the sacredness of all life, creates a solid foundation for families, businesses, communities, and the world. In contrast, the suffocating paradigm that has guided much of recorded history — what Eisler calls the Domination Model — has led individuals and groups, acting out of fear, to oppress women, wage war, terrorize, and subjugate others. Using these simple yet far-reaching models, Eisler shows how political and personal relationships based on domination inevitably result in misery and violence, while those founded on partnership foster respect, love, and an explosion of creativity.

Diet for a New Life Anthology - Mariana Bozesan 2005-03

Narrative Rewritings and Artistic Praxis in Derek Walcott's Works - Mattia Mantellato 2022-08-18

This book focuses on Derek Walcott's literary and artistic work. Western postcolonial critique has depicted the Nobel Prize laureate as one of the greatest poets of the 20th century world. This, however, devalues his fundamental contribution to the realm of Caribbean theatre and art. The text examines Walcott's multimodal production, a combination of West Indian folkloric forms and Western-oriented structures and themes, by discussing three of his works—two plays, *The Joker of Seville* and *Pantomime*, and a long poem, *Tiepolo's Hound*. These epitomise respectively a response to Spanish, English, and French cultural legacies in the New World as postcolonial re-writings of *Don Juan*, *Robinson Crusoe*, and *Camille Pissarro's* stories. Following Quijano and Mignolo's decolonial approaches and Riane Eisler's partnership perspective, the book uncovers the strategies used by Walcott to respond to the colonial matrix of power.

We Saved the Best for You - Tricia M. Kress 2013-02-11

As standardization and "accountability" have continued to increase in the 21st century, educators and scholars of education have become increasingly frustrated. Yet as frustrated as we are, it is essential that we not send to our our students, children, grandchildren the message that the past was better and they "should have been there." Instead, we must render a clear vision of what can be. Indeed, where would we be without the vision we have been freely given to us from great scholars, philosophers, and artists, as well as our own teachers, friends, neighbors, and family? We are indebted to carry forward the legacy of these torchbearers to present and future educators. This book is a collection of letters to 21st century educators of all age levels and content areas. It has been compiled with the goal of fulfilling our responsibility to share with the next generation of educators our vision of the future, just as our predecessors and role models shared theirs with us. Informed by the past but oriented toward the future, this collection aims to inspire in present and future educators hope, wisdom and imagination for addressing the educational challenges shaped by bureaucratic, economic and cultural forces. Authors such as Nel Noddings, Sonia Nieto, Sandy

Grande, Riane Eisler, Mike Rose, William Schubert, William Reynolds, and many more speak directly to their readers, building a relationship with a scholarly backbone, and encouraging: "we saved the best for you" because "the best" is the world you will create.

PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume III - Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles Elliot 2010-07-24

This 11-volume set contains several chapters, each of size 5000-30000 words, with perspectives, issues on Peace studies, Public Policy and Global security. These volumes are aimed at the following five major target audiences: University and College students Educators, Professional practitioners, Research personnel and Policy analysts, managers, and decision makers and NGOs.

Journeys in Complexity - Alfonso Montuori 2016-01-22

In this book, fascinating autobiographical accounts by leading scholars in a variety of fields and disciplines provide a rich introduction to the art and science of complexity and systems thinking. We learn how the authors' interest in complexity thinking developed, the key figures and texts they encountered along the way, the experiences that shaped their path, their major works, and their personal journeys. This volume serves as an introduction to complexity as well as a vivid account of the personal and intellectual development of important scholars. This book was originally published as a special issue of World Futures.

Partnership and Transformation - Leda Stott 2022-11-24

Over the last 30 years, partnership has received growing attention across a range of sectors and disciplines. Widely used to describe a relationship in which different actors pool their resources, knowledge and skills to address common problems, partnership is currently presented as central to the achievement of more inclusive and sustainable development. Rejecting "one size fits all" approaches, and mindful of different understandings of the term, Partnership and Transformation: The Promise of Multi-stakeholder Collaboration in Context, which is designed to appeal to both academics and practitioners alike, argues that partnership must be understood in relation to specific contexts and the added value it may offer for individuals, organisations and wider society. It is further suggested that the transformational potential of partnership rests critically upon a move away from purely instrumental considerations of its worth to a deeper appreciation of its intrinsic value as a process based on interpersonal relationships. A stronger balance between pragmatic and reflective dimensions of partnership can, the author claims, enhance opportunities for meaningful deliberation and productive conflict and contribute to the systems change needed for a global citizenship that embraces human well-being and stewardship of the planet.

BULLYING: An assault on human dignity - 2020-04-28

This inter-disciplinary collection explores bullying and the abuse of power in a range of settings in which they make themselves known, including schools; workplaces and institutions of higher education from a range of perspectives, including psychology, sociology, philosophy and ethics.

The Trance of Scarcity - Victoria Castle 2010-08

In her own life and through her work with others, Victoria Castle has repeatedly encountered the tragic theme of "not-enough-ness"--both the "I am not enough" and "there is not enough" varieties--and witnessed how it cripples even the most buoyant and passionate people among us. Castle calls this blight the Trance of Scarcity. It shows up in a hundred personalized versions, but the results are always the same. Instead of expressing our brilliance and creativity, we show the world only the by-products of oppression, isolation, exclusion, and defeat. We spend our time lamenting the way things are, justifying all the reasons they can't be different. In this inspiring and very personal book, Castle shows that there is life on the other side of the Trance -- a life characterized by vitality, fulfillment, and efficacy. She shares specific practices you can use to change your story--to identify and interrupt negative, constraining patterns and replace them with more positive and liberating ones to achieve greater freedom, fulfillment, and satisfaction. With compassion and

surprising humor, *The Trance of Scarcity* will help you embody abundance as your way of being. Once you do, you'll be more inspired and more inspiring, you'll build bridges to replace dead ends, and you'll easily arrive at solutions to issues that once overwhelmed you. Having broken free from the Trance of Scarcity, you'll be able to live a life where ease and plenty emanate from you as naturally as your breath.

The Power of Now - Eckhart Tolle 2010-10-06

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

Visionary Business - Marc Allen 2010-09-07

A powerful book presenting the 12 keys of business success and the 25 principles and practices of visionary business This transformative book has helped people all over the world to not only envision and create success but also build a truly visionary business: one that supports its employees, the community, and the environment. We meet Marc Allen's mentor Bernie, an unforgettable character who teaches Marc the ways of ethical and socially responsible business. Together they turn Marc's fledgling attempts at business into a thriving corporate success, founded on diverse principles of positive psychology, Eastern and Western spirituality, market savvy, and simple kindness. Marc finds that it's all too easy to fall prey to anxieties and negative beliefs when you set out to create your own business, especially if you are learning the details as you go. Fortunately, Bernie shows Marc the most important thing of all: how to transform his thinking and change his old beliefs. This essential inner work is one of the great keys Bernie gives Marc. Step by step, Marc learns everything necessary to create the business of his dreams.

Quiet Wisdom in Loud Times - Kayta Curzie Gajdos 2014-04-20

In *The Girl Who Played with Fire*, the second story of the Larsson trilogy, Lisbeth Salander, the protagonist, is shot by her father and buried by her half-brother. But at dawn, her hand rises from the grave. Stunning! Here it is: the rise of the wounded feminine despite patriarchy's destructive violence. *Quiet Wisdom in Loud Times* considers her attempted murder by a brutal father and her resurrection despite it, to be the resounding metaphor of our times: we are in a global crisis of an old order of the patriarchy that wants to maintain the status quo of wealth and power. Yet the feminine principle, so wounded by the violence against it, continues to rise up. The wounded feminine principle refers to both women and men. Women have come a long way since the 1960's, but that really isn't the whole story. In fact, the story is not even about women only. It is about men also. It is about something, in fact, beyond both men and women, and that is the rise of the wounded feminine soul energy that needs to be part and parcel of all of us. Why now? We are at a very important time, where there are huge psychic upheavals happening. Right now life is still in patriarchal dominator mode. But this is not about gender. Women can be daughters of a rigid patriarchal structure as much as men can be its sons. Likewise, men, as well as women, can carry the collaborative, partnership model that attends to the feminine, relational aspects of life. *Quiet Wisdom in Loud Times* explores the rise of the wounded feminine principle, as well as its burials in relation to the environment, money, politics, and the media, with particular attention to the Larsson trilogy. By addressing the rise of the wounded feminine, *Quiet Wisdom in Loud Times* can help us face courageously the powers that be, while not collapsing into the indifference and apathy that define letting the patriarchy continue its violent way. This book elucidates how in relationship to one another and to the earth, the wounded feminine shall rise.
