Vaginismus - Katrin with Love 2019-03-19
Dear diary, I never thought I could feel so alone. I'm losing hope and don't know who to turn to anymore... I thought I could be strong! I promised myself I would be. But this pain is getting to be unbearable. If only I could be normal... I want to enjoy sex like everyone else! My jealousy of other women has been growing and I can't help it... I just want to be worthy of love. What if I never am? Vaginismus has turned into my worst nightmare. Can I get through this? Hi, my name is Katrin and I know what you're going through... I wanted to beat vaginismus, but my unconscious mind and my body didn't cooperate for years. After going down many different paths looking for a solution, finding disappointment at every turn, I eventually created the recipe to success! I found freedom and it was so worth it! Now I'd like to share it with you. - Katrin, with Love

Getting the Sex You Want - Sandra R. Leiblum 2003-09-01
Why are so many women eager to kindle or re-kindle their interest in sex and get the satisfaction they deserve? Sandra Leiblum, Ph.D. and Judith Sachs have been to the trenches to talk to women of all ages and all stages of life, and they know that sex is a topic of great concern. Women want pleasure but have no idea

how to go about getting it. They may be uncomfortable in their bodies, tired at the end of the second shift, confused about their relationships with men and/or other women, and totally mystified as to how to turn themselves on. "GETTING THE SEX YOU WANT" will help you to understand the cycles of interest and boredom over your lifetime and discover--or rediscover--the joys of your sexuality. Leiblum and Sachs have synthesized the latest research into women's sexuality and desire with exciting results. As warmly intimate as it is savvy, this clear, accessible, inviting guide includes the voices of dozens of women speaking out for sex--hot, mysterious, elusive, but always delicious--at every stage of life.

Human Sexual Response - Ishi Press International 2010

"Masters and Johnson's basic groundwork in sex physiology will now make it possible for medicine to assume a responsibility it has neglected far too long - that of educating its own. Through the authors' efforts, those responsible for sex education finally have before them clinical facts about one of the more vital aspects of human existence. [This volume] is primarily concerned with the sexual response cycles of men and women between the ages of 21 and 50, with emphasis on similarities rather than differences in their sexual response patterns."--Excerpt from the Publisher's Description.

Sex and the Goddess - Karin E Weiss Ph.D., PhD 2019-11-25

It has been over twenty years since the full manuscript of my book was edited for publication in 1998. I had begun writing it in the previous decade, the 1980's... a period of flourishing women's liberation movements against the patriarchal status quo. Books about women's sexuality and spirituality were flooding the bookstores, and many writers were producing profound studies of the untold heroism of women throughout history. I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School's "Program in Human Sexuality." In addition, I conducted women's self-enrichment groups and workshops in my private practice... "Woman's Discovery Institute" ...

where I also gave professional Astrology readings and classes. This rich mix of psychology, philosophy, spirituality, and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women's unsung heroism throughout history. It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi-layered lives. I based my theory on the lunar cycle, which is eternally linked to women's menstrual, emotional, and psychic cycles. With a friend, I created a series of workshops for women to celebrate their many-faceted selves and gain confidence to pursue their goals. Yet for various reasons my book manuscript remained in my own bookshelf, never getting published. Until now... the times again call for women to claim their autonomy and gain equality in an overly male-dominated and viciously callous world. I am blessed to find in Xlibris a publisher ready to take on the project with me. I am thrilled to finally see my "Life's Masterwork" in print. You will find many divergent ideas in these two volumes. No single woman encompasses all that are described, but as you read and recognize these characters in yourselves and your friends, I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers.
