Playing for God Annie Blazer 2015-07-24 When sports ministry first emerged in the 1950s and 1960s, its founders imagined male celebrity athletes as powerful salespeople who could deliver a message of Christian strength: "If athletes can endorse shaving cream, razor blades, and cigarettes, surely they can endorse the Lord, too," reasoned Fellowship of Christian Athletes founder Don McClanen. But combining evangelicalism and sport did much more than serve as an advertisement for religion: it gave athletes the opportunity to think about the embodied experiences of sport as a way to experience intimate connection with the divine. As sports ministry developed, it focused on individual religious experiences and downplayed celebrity sales power, opening the door for female Christian athletes to join and eventually dominate sports ministry. Today, women are the majority of participants in sports ministry in the United States. In *Playing for God*, Annie Blazer offers an exploration of the history and religious lives of Christian athletes, showing that evangelical engagement with popular culture can carry unintended consequences. When sport became an avenue for embodied worship, it forced a reckoning with evangelical teachings about the body. Female Christian athletes increasingly turned to their own bodies to understand their religious identity, and in so doing, came to question evangelical mainstays on gender and sexuality. What was once a male-dominated masculinist project of sports engagement became a female-dominated movement that challenged evangelical ideas on femininity, marriage hierarchy, and the sinfulness of homosexuality. Though evangelicalism has not changed sporting culture, for those involved in sports ministry, sport has changed evangelicalism.

**Unwanted** Jay Stringer 2018-09-04 Outreach magazine 2018 Resource of the Year—Counseling & Relationships! *Unwanted: How Sexual Brokenness Reveals Our Way to Healing* is a ground-breaking resource that explores the "why" behind self-destructive sexual choices. The book is based on research from over 3,800 men and women seeking freedom from unwanted sexual behavior, be that the use of pornography, an affair, or buying sex. Jay Stringer's (M.Div, MA, LMHC) original research found that unwanted sexual behavior can be both shaped by and predicted based on the parts of our story—past and present—that remain unaddressed. When we pay attention to our unwanted sexual desires and identify the unique reasons that trigger them, the path of healing is revealed. Although many of us feel ashamed and unwanted after years of sexual brokenness, the book invites the reader to see that behavior as the very location God can most powerfully work in their lives. Counselors, pastors, and accountability partners of those who experience sexual shame will also find in this book the deep spiritual and psychological guidance they need to effectively minister to the sexually broken around them.

**Colonial Australian Women Poets** Katie Hansord 2021-01-08 My book traces the significant poetic and political contributions made by non-canonical women poets, situating women's poetry both in colonial Australian print culture and in wider imperial and transnational contexts. Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent. This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism, particularly within newspapers and periodical print culture. Without the inclusion of

periodical literature, women's poetry in Australia during the colonial period would appear to have been fairly limited. When periodical literature is taken into account, this picture is radically altered, and poets emerge as consistent contributors, often across a variety of newspapers and journals, who were well-known, influential and connected with political figures and literary circles. In examining this poetry in the original context of the newspapers and journals, the political intervention and the reception of that poetry is made much more apparent.

**Love, Sex, & Marriage** Barrington O. Burrell 2013-04-09 This is a valuable book on the topical subjects of love, sex and marriage, from a practical Christian perspective. The author uses clear, understandable language to point out the God-given purpose of sex in marriage, and some of the potential dangers of sexual abuse. He explores the early beginnings of new-born babies and their subsequent growth over the years to puberty and adolescence. 'Teenagers are like strangers in a foreign country. They are experiencing a difficult period of transition between childhood and adulthood. At this crucial stage of their development, young people have a keen interest in fashion, music and sex. Many are sexually active, and some begin to think about marriage and family life, although they often confuse love with lust, and they are not mature enough to assume the responsibility of parenthood.'

**The Romance of Innocent Sexuality** Geoffrey Rees 2011-01-01 From the polling place to the pulpit, *The Romance of Innocent Sexuality* investigates the passions that are enacted in debates about same-sex marriage. In a critique that is at once humorous and unrelenting, Geoffrey Rees argues that sexual desire is fundamentally a desire to make sense of oneself as a whole person. Through a constructive engagement with the writings of Saint Augustine on original sin, Rees turns on its head the conventional wisdom regarding the goodness of sexual relationship, arguing that sin, not innocence, is the starting point in pursuing justice in sexual ethics. To that end Rees boldly reclaims the wisdom of the most disreputable teachings of the Augustinian tradition: that original sin is a literal inheritance of all humanity of the singular disobedience of Adam and Eve in Eden, and the inherent sinfulness of all human sexuality. This work also engages theological readings of nineteenth-century fiction and literary readings of contemporary theological writings. In so doing Rees shows that debates about same-sex marriage are so compelling because the participants are all telling a common story in which they seek to establish the innocence of their own preferred forms of self-understanding as defined against some other persons' sinful selves. In contrast to this, Rees argues for the acceptance of responsibility for the sinful exclusions that make possible finding the meaning of embodied personal identity through marriage between any two persons.

**Sex, War, and "Sin"** James H. Gailey 2012-07-12 An examination of the Hebrew Scriptures reveals the ethical situations in ancient Israel as a structural analysis, and exposes a covenantal triangle that features a dynamic of giving and receiving, taking and paying penalties, as a meme for human relationships. This can be applied to groups as well as individuals and is surprisingly applicable to life in the twenty-first century. Two senses of "Law"--natural scientific discoveries and the rules laid down by a divine creator--lead to frames for considering these covenantal relationships, and even the existence of "Sin." Are we bound to obey the rules laid down by God, or may we decide what is best for us?

*Ethnologia Europaea vol. 46:1* Laura Stark 2016-05-30 Special issue: Muslim Intimacies In every society, individual choice and freedom are shaped at least to some degree by the needs of familial and marital institutions. Currently, negotiations between individuals and families are undergoing transformations due to late modern processes such as recent waves of mass migration, the increasing transnationalism of everyday practices, global commerce in ideas and images, and the expansion of information technology into all corners of people's lives. Some of the greatest challenges are experienced by Muslim families; the majority of the world's Muslims live in extreme poverty, and in Europe, anti-Muslim sentiment has found a firm foothold in public attitudes and debates. This special issue explores the dilemmas facing transnational Muslim families as well as those who feel the impact of late modern transformations in societies where they have lived for generations. Five scholarly articles address family dynamics among Muslims in Finland (Anne Häkkinen), Ethiopia (Outi Fingerroos), Italy and Sweden (Pia Karlsson Minganti), Morocco (Raquel Gil Carvalheira), and Tanzania (Laura Stark); these are complemented by the insightful commentary by Garbi Schmidt. The aim of this theme issue is to develop new ways of talking about the links between Islam, family and the individual, which move away from the ethnocentrism of Western concepts and pay greater attention to the desires and goals of those studied. This volume includes two open issue contributions: Magdalena Elchinova scrutinizes identity construction among Orthodox Bulgarians based in Istanbul, and in the context of the post-Fordist "creative city" Ove Sutter analyses the playful and performative protests of activists following the declaration of the so-called Danger Zone 2014 in Hamburg, Germany.

*Sex and the Single Christian* Alexis Soberanis 2005-05 FORNICATION: CONSENSUAL SEXUAL INTERCOURSE BETWEEN TWO PERSONS NOT MARRIED TO EACH OTHER What does God say about fornication? To avoid fornication, let every man have his own wife, and let every woman have her own husband. (I Corinthians 7:2 kjv) In her book, Pastor Alexis Soberanis explores the dangerous and devastating effects of fornication. She reveals that when God instructed the human race to avoid fornication at all costs, He provided a beautiful alternative: the covenant of marriage. "Marriage is honorable, and the bed is undefiled, but fornicators and adulterers God will judge" (Hebrews 13:4 nkjv). Pastor Soberanis demonstrates how the act of fornication will continue to affect generations unless the cycle of pre-marital sex is broken by the power and blood of Jesus Christ. Fornication is a forgivable sin, but it has disturbing consequences, including incurable sexual diseases; mass murder (by abortions); unplanned and unwanted children, resulting in hundreds of thousands of them having to be placed in the foster care system (many of these foster homes are incompatible and abusive); and most recently, many newborns being disposed of in garbage dumpsters by unwed teenage girls not emotionally and psychologically prepared for motherhood. Pastor Soberanis' desire is that every single who reads this book will make the decision to accept God's alternative to pre-marital sex, which is to wait for their Godordained spouse, leading into the confines of marriage, and in the process, canceling the generational iniquity of fornication and fatherlessness and starting a new blessing of sexual abstinence until marriage, resulting in strong and lasting family units. Pastor Alexis Soberanis and her husband Pastor Harrison Soberanis are the Founders and Senior Pastors of Prophetic Word Global Fellowship Inc., in Tampa, Florida. They are also the Founders and Administrators of People Helping People, Inc., a non-profit agency through which they have been serving the disadvantaged in Los Angeles, CA, and Tampa, Florida, since 1990. Pastor Alexis Soberanis currently resides in Tampa, Florida, with her husband Pastor Harrison Soberanis, and their son Christopher.

**The Perfection of Our Faithful Wills** Nicholas Rudolph Quiant 2019-12-06 "Be perfect as your heavenly Father is perfect." What does it mean to be perfect? Is entire sanctification possible in this life? Such words evoke worry and wonder in this time. In this introductory resource, pastor Nick Quiant carefully explores the relevant questions surrounding Pauline theology and the journey toward perfect holiness in Christ. Addressing topics like sin, heaven, marriage, and the work of Jesus Christ in relation to sanctification, this book is a helpful resource for the church and for pastor-theologians who are seeking to live out the life of the Spirit.

**Bioethics: Volume 19, Part 2** Ellen Frankel Paul 2002-07-22 Technological innovations and social developments have led to dramatic changes in the practice of medicine and in the way that scientists conduct medical

research. Change has brought beneficial consequences, yet these gains have come at a cost, for many modern medical practices raise troubling ethical questions: Should life be sustained mechanically when the brain's functions have ceased? Should potential parents be permitted to manipulate the genetic characteristics of their embryos? Should society ration medical care to control costs? Should fetal stem cells be experimented upon in an effort to eventually palliate or cure debilitating diseases? Bioethicists analyze and assess moral dilemmas raised by medical research and innovative treatments; they also counsel healthcare practitioners, patients, and their families. In this anthology, fifteen philosophers, social scientists, and academic lawyers assess various aspects of this field.

**The 7 Deadly Sins** Christian Vandergrout 2018-06-07 Seven titles in one book. All the seven deadly sins explained and analyzed. Book 1: Envy Envy is often something we point out in others, but if we face the facts and admit to being imperfect, finding it in ourselves can actually improve our lives, our attitude, and our happiness. When we figure out where our feelings are wrong, we can take action and change our mindset. So many people think of envy as a sin against others, but actually, we are doing this to ourselves. We create our own misery by looking at others and comparing ourselves to them. Book 2: Gluttony Gluttony has been mistaken for many things in the past. Some people judge others for being fat. Some are confused as to how far to go when indulging themselves in delicious foods. And others wonder if self-discipline in general is the underlying commandment that is related to the sin of gluttony. Understanding the sin, and the essence of it, can be life changing. It can mean the difference between a constant nagging feeling or urge to have more, and on the other hand, a divine feeling of contentment and a smile on your face. Book 3: Greed We've heard it before: The love of money is the root of all evil. Greed, or avarice, has caused many to "err from the faith" according to Paul, who wrote to Timothy. "Flee these things," he said, urging him--and all of us--to concentrate on Christlike qualities instead of worldly possessions, and on treasures in heaven, not on earth. Greed is everywhere. It is almost unavoidable. If we let go of the possessions that so easily possess us, we can focus more on God and His purposes. Book 4: Lust Lust has caused so much grief, so much heartbreak, and so many broken homes. We cannot underestimate the consequences of infidelity or rushing into a passion without self-control. Not only do our actions have an impact on ourselves, but also on many others around us. As you read through the examples and the immensity of sexual immorality and its consequences, you will see things from a different light. The seriousness of this topic will be impressed on your soul as you read through shocking stories, ironic consequences, and logical yet spiritual theories you will feel are true. Book 5: Pride Many people don't see it this way, but pride is truly the most important thing we need to control and eliminate. We all have something to work on. We all need to realize better who we are. If we do, we won't look down on others, and less conflict, more equality, and more tolerance will follow. Learn how to make the world a better place by overcoming your own ego, and instead of blowing up your self-image, submitting to God's will and allowing Him to make you the best you can be. Start seeing things from His perspective, not our own narrow-minded vision. See your potential and forget the world's judgment of superficial matters. Book 6: Sloth Sloth, or laziness, is not something we do; rather, it's NOT doing something we should that makes it so sinful. The Latin words "tristitia" or "acedia" mean "without care." When we stop caring, things go wrong. How come laziness is so destructive, especially when we are not actually doing something wrong? In holy writ, life is sometimes referred to as a spiritual war. Book 7: Wrath Regarded as one of the seven deadly sins, wrath can lead to serious consequences, such as violence, aggression, saying things we regret later, or making decisions that go contrary to what benefits us. The world is filled with anger, rage, and frustration. The difference between passive and aggressive anger will be explained, as well as neurological connections that are made each time we lose our temper. On top of that, tips and suggestions are made to learn to let it fade, without any negative, unforeseen consequences. Become a better person now b

**Clean** Douglas Weiss 2013 Clean also offers a unique theological perspective on the true nature of this battle. The enemy of our souls uses sexual addiction as a distraction to keep believers from pursuing their God-given purpose. However, as Dr. Weiss pulls back the curtain on this charade, men will discover the power of God's love to restore their souls and reclaim their lives.

**Holiness** Matt Ayars 2023-10-17 Be holy because I am holy. Be perfect as your heavenly Father is perfect. The Christian life includes many demands, but perhaps none are as challenging or as misunderstood as the biblical command to "be holy" (Leviticus 11:44 and 1 Peter 1:16) or to "be perfect" (Matthew 5:48). How should we understand these charges? In this volume, three scholars from the Wesleyan tradition offer a collective treatment of the theme of holiness that includes: exegesis of key biblical passages a survey across church history theological reflections on the relationship between entire sanctification and other doctrines In addition, the coauthors constructively argue for a "neo-holiness" model that encourages the pursuit of Christian perfection but avoids the pitfalls of Pelagianism by incorporating historic understandings of grace and the work of the Holy Spirit with the best of the Wesleyan tradition. Here, the commands to "be holy" and to "be perfect" take on new meaning. What may have been a burden becomes a blessing.

*The Consequences of Sin* K.A. Robinson 2015-01-23 When the sun disappeared, the world was cast in shadows, hiding the evil that lay in wait. When it was dark, I hunted. The shadows caressed my body as I did things I could never do in the light of day. Eighteen-year-old Bree Bowen has spent her entire life training and working as one of her father's assassins. Fear has kept her and her best friend, Wes, under her father's thumb--until now. When Wes takes matters into his own hands, securing Bree a new identity and a plane ticket to America, he gives her the one chance she's been desperately seeking. Learning to live a new life isn't easy. Add in her new roommate, Reid, who just happens to be a stripper, and things start to get a little crazy. Falling for a man has never been part of her plan, but she can't seem to stay away from Reid. When Bree's past comes crashing back into her life, secrets that she's fought to keep hidden are revealed, and she's forced to choose between Reid and the life she could have with him, or Wes, the one man who has always loved her unconditionally. Regardless of her choice, she must learn the consequences of sin.

*Push Back the Dark* Elizabeth M. Altmaier 2017-01-09 Adults in your church, small group, or other Christian organization are silently suffering the tragic consequences of having been sexually abused as children or youth. Why aren't they coming forward for help? Their reluctance may be related to wounds given by the faithful--religious people they trusted, who said things like "well, it wasn't rape" or "it's been thirty years--why is this such a big deal?" Such responses from people with religious authority deepen victims' need to shrink into anxiety, depression, and self-degradation. This book offers you the tools needed to undertake caring ministry to adults suffering in the aftermath of childhood sexual abuse. Once you understand the scientific research on such topics as trauma memory, consequences of abuse, and forgiveness, you will appreciate how caring collaboration can create hope and healing. In these pages every reader will find helpful content that will take you from feeling out of your depth to knowing you are empowered to be an effective companion in God's transforming work in the lives of survivors of abuse.

**Prayer Toolbox Volume 2** Ebenezer Gyasi 2014-12-05 It has been said that Lucifer knows very well that one authentic Kingdom builder and warrior rightly equipped for warfare can strike terror and wreak havoc in the kingdom of darkness. Why? By the covenant of His own blood, Jesus has made us unto our God kings and priest to reign on the earth. As a king, you have a kingdom and your kingdom is under attack! It is being overrun and violated by demonic kings and kingdoms! Let me ask you a question, if according to Jesus, since from the days of John the Baptist until now, the kingdom of heaven suffers violence, what do you think has happened to your kingdom? The secret to possess the kingdoms of your enemies is through the Word, and prayer! As a king, you have the power to decree and declare the Word of God for it to be established. In this book, you will learn how: To avoid feeble, spiritless, faithless, halfhearted, and spineless prayers. Why? Here is a mystery: In the realms of the spiritual, the weaker spirit bows to the stronger power! Therefore, to dethrone demonic kings and other ruling personalities, and entities over your life: You need to arm all areas of spiritual vulnerabilities in your life. You need to pray with a plan, passion, purpose, power, precision, persistence, and perseverance. You need to pray with faith, firepower, intensity, and expectancy based on the Word at all times. To enter into the Kingdom of heaven, you must be triumphant in many fierce secular trials, and spiritual battles. For these fights, you need anointed weaponry as revealed in Prayer Toolbox Volumes 1 and 2. Do you want to be in control of your destiny, and become a regional taker, a nation changer, and an overcomer of the world? Here is a secret: To legally battle and rout demonic kings and kingdoms, you need the backing of a more powerful king. Fear Not! You have Jesus, the only King of Kings and the Lord of Lords, your Commander-in-Chief to back you up. God has given us, the power of His Word in our mouths to defeat, and destroy nations and overthrow the kingdoms! (Jeremiah 1:10 NKJV) You are the mouthpiece of God, His instrument of dominion to release into His Kingdom, deliverance, restoration, peace, healing, prosperity, protection, and much more on earth!

**How the Mind Forgets and Remembers** Daniel L. Schacter 2011-12-01 Daniel L. Schacter, chairman of Harvard University's Psychology Department, is internationally recognised as one of the world's authorities on memory, explains that just as the seven deadly sins, the seven memory sins appear routinely in everyday life, and why it is a good thing that they happen and surprisingly vital to a keen mind. The author explains how transience reflects a weakening of memory over time, how absent-mindedness occurs when failures of attention sabotage memory and how blocking happens when we can't retrieve a name we know well. Three other sins involve distorted memories: misattribution (assigning a memory to the wrong source), suggestibility (implanting false memories), and bias (rewriting the past based on present beliefs). The seventh sin, persistence, concerns intrusive recollections that we cannot forget - even when we wish we could. Daniel Schacter illustrates decades of research into memory lapses with compelling, and often bizarre, examples - for example, the violinist who placed a priceless Stradivarius on top of his car before driving off and the national memory champion who was plagued by absentmindedness. This book also explores recent research, such as the imaging of the brain that actually shows memories being formed. Together the stories and scientific findings examined in *How The Mind Forgets and Remembers* will reassure everyone from twenty-somethings who find their lives too busy to those in their fifties and sixties who are worried about early Alzheimers. Beautifully written, this original book provides a fascinating new look at our brains and what we more generally think of as our minds.
