Women Who Run with the Wolves - Clarissa Pinkola Estés
Phd 1995-08-22

NEW YORK TIMES

BESTSELLER • One million copies sold! “A deeply spiritual book [that] honors what is tough, smart and untamed in women.”—The Washington Post Book World Book club pick for Emma Watson’s *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society’s attempt to “civilize” us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women*

Who Run with the Wolves, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature.

Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

Get Over Yourself! - Patti

Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it-and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: •

Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships,

and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.

Blush - Shirley Hershey Showalter 2013-09-19

"I promise: you will be transported," says Bill Moyers of this memoir. Part Mennonite in a Little Black Dress, part Growing Up Amish, and part Little House on the Prairie, this book evokes a lost time, in Lancaster County, Pennsylvania, when a sheltered little girl named after Shirley Temple entered a family and church caught up in the midst of the cultural changes of the 1950's and '60's. With gentle humor and clear-eyed affection the author, who grew up to become a college president, tells the story of her first encounters with the "glittering

world" and her desire for "fancy" forbidden things she could see but not touch. The reader enters a plain Mennonite Church building, walks through the meadow, makes sweet and sour feasts in the kitchen and watches the little girl grow up. Along the way, five other children enter the family, one baby sister dies, the family moves to the "home place." The major decisions, whether to join the church, and whether to leave home and become the first person in her family to attend college, will have the reader rooting for the girl to break a new path. In the tradition of Jill Ker Conway's The Road to Coorain, this book details the formation of a future leader who does not yet know she's being prepared to stand up to power and to find her own voice. The book contains many illustrations and resources, including recipes, a map, and an epilogue about why the author is still Mennonite. Topics covered include the death of a child, Pennsylvania Dutch cooking, the role of bishops in the

Mennonite church, the paradoxes of plain life (including fancy cars and the practice of growing tobacco). The drama of passing on the family farm and Mennonite romance and courtship, as the author prepares to leave home for college, create the final challenges of the book.

Language and Woman's Place - Robin Tolmach Lakoff
2004-07-22

The 1975 publication of Robin Tolmach Lakoff's *Language and Woman's Place*, is widely recognized as having inaugurated feminist research on the relationship between language and gender, touching off a remarkable response among language scholars, feminists, and general readers. For the past thirty years, scholars of language and gender have been debating and developing Lakoff's initial observations. Arguing that language is fundamental to gender inequality, Lakoff pointed to two areas in which inequalities can be found: Language used about women, such as the asymmetries between seemingly parallel terms like master and mistress, and language used by women, which places women in a double bind between being appropriately feminine and

being fully human. Lakoff's central argument that "women's language" expresses powerlessness triggered a controversy that continues to this day. The revised and expanded edition presents the full text of the original first edition, along with an introduction and annotations by Lakoff in which she reflects on the text a quarter century later and expands on some of the most widely discussed issues it raises. The volume also brings together commentaries from twenty-six leading scholars of language, gender, and sexuality, within linguistics, anthropology, modern languages, education, information sciences, and other disciplines. The commentaries discuss the book's contribution to feminist research on language and explore its ongoing relevance for scholarship in the field. This new edition of *Language and Woman's Place* not only makes available once again the pioneering text of feminist linguistics; just as important, it places the text in the context of

contemporary feminist and gender theory for a new generation of readers.

emotions. Are you honest with yourself about how you feel and what you really need from a partner? • Long term relationships: Mars is the planet of conflict. The Rover - Aphra Behn 1998
Aphra Behn (1640-89) was both successful and controversial in her own lifetime; her achievements are now recognized less equivocally and her plays, often revived, demonstrate wit, compassion and remarkable range. This edition brings together her most important comedies in a single volume: *The Rover*, her

best-known play; *The Feigned Courtesans*, a lively comedy of intrigue; *The Lucky Chance*, a comedy with a bitter edge, which takes a satirical look at marriage customs; and the dazzling and popular farce, *The Emperor of the Moon*. All the plays have been newly edited and are presented with modernized spelling and punctuation.

Ovid: *Ars Amatoria*, Book III

- Ovid 2003

This is a full-scale commentary devoted to the third book of Ovid's *Ars Amatoria*. It includes an Introduction, a revision of E. J. Kenney's Oxford text of the book, and detailed line-by-line and section-by-section commentary on the language and ideas of the text.

Combining traditional philological scholarship with some of the concerns of more recent critics, both Introduction and commentary place particular emphasis on: the language of the text; the relationship of the book to the didactic, 'erotodidactic' and elegiac traditions; Ovid's usurpation of the *lena's*

traditional role of erotic instructor of women; the poet's handling of the controversial subjects of cosmetics and personal adornment; and the literary and political significances of Ovid's unexpected emphasis in the text of Ars III on restraint and 'moderation'. The book will be of interest to all postgraduates and scholars working on Augustan poetry.
