A Celebration Society - Jonathan Kolber 2015-12-01

Accelerating automation threatens to displace multitudes of workers. The proposals to deal with the crisis -- increased education and guaranteed minimum income -- are insufficient. Here is a new solution from Jonathan Kolber, author of "Adam Smith's Wealth of Nations." ENDORSEMENTS: "A far reaching elucidation of many of today's (and more importantly, tomorrow's) global problems, but he has also done that rare and difficult thing - provided a thoughtful and detailed solution to them....The coming economic disruption that will be caused by automation and robotics in the next few decades will create enormous social upheaval - and whether that effect is negative or positive depends on how many people will seriously embrace the principles in this book." Alexander R. Bandar, Ph.D. Founder/CEO of the Columbus Idea Foundry "This is an unusual book that you have to read. Most works on "the future" are familiar treatments of fairly well-known issues, whereas Jonathan Kolber has given us exactly what the title suggests-a celebration of the marvelous breakthroughs ahead and their profound possibilities. Well-researched and beautifully written, this book will inspire you." William E. Halal

George Washington University and President of TechCast Global Author, Technology's Promise: Expert Knowledge on the Transformation of Business and Society "Well-researched and instructive, this is a must-read for people interested in creating a more positive and meaningful society." Brian Vicente co-director of Colorados's Amendment 64 campaign "An excellent book which is a par excellence achievement that connects 26 widely disparate domains. Very well written.... every chapter and page had great insights." Rohit Sharma Founder of Perchingtree Author, Luck Reengineering and Mental Model Innovation "Kolber has created the blueprint for growth and effortless prosperity by shifting from the competitive model to the cooperative model." Berny Dohrmann Founder of CEO Space International Author, Redemption: The Cooperation Revolution "The author takes a systematic look at every function of a civilization: from economics to well-being to governance, and paints a picture of a civilization that is based on abundance instead of scarcity." Rent a Boyfriend - Gloria Chao 2021-11-09

"Chloe Wang is nervous to introduce her parents to her boyfriend, because the truth is, she hasn't met him yet either. She hired him from Rent for Your 'Rents, a company specializing in providing fake boyfriends trained to impress even the most traditional Asian parents. Drew Chan's passion is art, but after his parents cut him off for dropping out of college to pursue his dreams, he became a Rent for Your 'Rents operative to keep a roof over his head. Luckily, learning protocols like 'Type C parents prefer quiet, kind, zero-PDA gestures' comes naturally to him. When Chloe rents Drew, the mission is simple: convince her parents fake Drew is worthy of their approval so they'll stop pressuring her to accept a proposal from Hongbo, the wealthiest (and douchiest) young bachelor in their tight-knit Asian American community. But when Chloe starts to fall for the real Drew, who, unlike his fake persona, is definitely not 'rent-worthy, her carefully curated life begins to unravel"--Dust jacket.

Homesick For Another World - Ottessa Moshfegh 2017-01-12

'Razor-sharp' Zadie Smith An electrifying, prizewinning short story collection from the Booker-shortlisted author of *Eileen* and *My Year of Rest and Relaxation*. There's something eerily unsettling about Ottessa Moshfegh's stories, something almost dangerous while also being delightful - and often even weirdly hilarious. Her characters are all unsteady on their feet; all yearning for connection and betterment, in very different ways, but each of them seems destined to be tripped up by their own baser impulses. The flesh is weak; the timber is crooked; people are cruel to each other, and stupid, and hurtful, but beauty comes from strange sources, and the dark energy surging through these stories is oddly and powerfully invigorating. One of the most gifted and exciting young writers in America, she shows us uncomfortable things, and makes us look at them forensically - until we find, suddenly, that we are really looking at ourselves. 'Moshfegh's writing is cinematic - vivid, immediate' TLS

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings

and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
