

Whats An Asexual

The Lolita Effect - M. Gigi Durham 2009-06-30
Pop culture—and the advertising that surrounds it—teaches young girls and boys five myths about sex and sexuality: Girls don't choose boys, boys choose girls—but only sexy girls; there's only one kind of sexy—slender, curvy, white beauty; girls should work to be that type of sexy; the younger a girl is, the sexier she is; and sexual violence can be hot. Together, these five myths make up the Lolita Effect, the mass media trends that work to undermine girls' self-confidence, that condone female objectification, and that tacitly foster sex crimes. But identifying these myths and breaking them down can help girls learn to recognize progressive and healthy sexuality and protect themselves from degrading media ideas and sexual vulnerability.

Gender Queer: A Memoir Deluxe Edition -

Maia Kobabe 2022-05-31

2020 ALA Alex Award Winner 2020 Stonewall — Israel Fishman Non-fiction Award Honor Book In 2014, Maia Kobabe, who uses e/em/eir pronouns, thought that a comic of reading statistics would be the last autobiographical comic e would ever write. At the time, it was the only thing e felt comfortable with strangers knowing about em. Now, *Gender Queer* is here. Maia's intensely cathartic autobiography charts eir journey of self-identity, which includes the mortification and confusion of adolescent crushes, grappling with how to come out to family and society, bonding with friends over erotic gay fanfiction, and facing the trauma and fundamental violation of pap smears. Started as a way to explain to eir family what it means to be nonbinary and asexual, *Gender Queer* is more than a personal story: it is a useful and touching guide on gender identity—what it means and how to think about it—for advocates, friends, and humans everywhere. This special deluxe hardcover edition of *Gender Queer* features a brand-new cover, exclusive art and sketches, and a TK from creator Maia Kobabe.

Understanding Asexuality - Anthony F. Bogaert 2015

In a world where people often feel compelled to advertise their sexual inclinations and preferences, many people identify as asexual, lacking sexual attraction to either men or women. This book introduces the idea of asexuality as a fourth category of sexual orientation and re...

That's Not What Happened - Kody Keplinger 2018-08-28

From New York Times bestseller Kody Keplinger comes an astonishing and thought-provoking exploration of the aftermath of tragedy, the power of narrative, and how we remember what we've lost. It's been three years since the Virgil County High School Massacre. Three years since my best friend, Sarah, was killed in a bathroom stall during the mass shooting. Everyone knows Sarah's story--that she died proclaiming her faith. But it's not true. I know because I was with her when she died. I didn't say anything then, and people got hurt because of it. Now Sarah's parents are publishing a book about her, so this might be my last chance to set the record straight . . . but I'm not the only survivor with a story to tell about what did--and didn't--happen that day. Except Sarah's martyrdom is important to a lot of people, people who don't take kindly to what I'm trying to do. And the more I learn, the less certain I am about what's right. I don't know what will be worse: the guilt of staying silent or the consequences of speaking up . . .

Scientific and Medical Aspects of Human Reproductive Cloning - National Research Council 2002-06-17

Human reproductive cloning is an assisted reproductive technology that would be carried out with the goal of creating a newborn genetically identical to another human being. It is currently the subject of much debate around the world, involving a variety of ethical, religious, societal, scientific, and medical issues. *Scientific and Medical Aspects of Human Reproductive Cloning* considers the scientific and medical sides of this issue, plus ethical issues that pertain to human-subjects research.

Based on experience with reproductive cloning in animals, the report concludes that human reproductive cloning would be dangerous for the woman, fetus, and newborn, and is likely to fail. The study panel did not address the issue of whether human reproductive cloning, even if it were found to be medically safe, would be "or would not be" acceptable to individuals or society.

The Invisible Orientation - Julie Sondra Decker
2015-10-13

Lambda Literary Award 2014 Finalist in LGBT Nonfiction Foreword Reviews' INDIEFAB Book of the Year Award 2014 Finalist in Family & Relationships Independent Publisher Book Awards 2015 (IPPY) Silver Medal in Sexuality/Relationships Next Generation Indie Book Awards 2015 Winner in LGBT -- What if you weren't sexually attracted to anyone? A growing number of people are identifying as asexual. They aren't sexually attracted to anyone, and they consider it a sexual orientation—like gay, straight, or bisexual. Asexuality is the invisible orientation. Most people believe that "everyone" wants sex, that "everyone" understands what it means to be attracted to other people, and that "everyone" wants to date and mate. But that's where asexual people are left out—they don't find other people sexually attractive, and if and when they say so, they are very rarely treated as though that's okay. When an asexual person comes out, alarming reactions regularly follow; loved ones fear that an asexual person is sick, or psychologically warped, or suffering from abuse. Critics confront asexual people with accusations of following a fad, hiding homosexuality, or making excuses for romantic failures. And all of this contributes to a discouraging master narrative: there is no such thing as "asexual." Being an asexual person is a lie or an illness, and it needs to be fixed. In *The Invisible Orientation*, Julie Sondra Decker outlines what asexuality is, counters misconceptions, provides resources, and puts asexual people's experiences in context as they move through a very sexualized world. It includes information for asexual people to help understand their orientation and what it means for their relationships, as well as tips and facts for those who want to understand their asexual friends and loved ones.

The World According To Garp - John Irving
2012-05-10

This is the life and times of T. S. Garp, the bastard son of Jenny Fields - a feminist leader ahead of her times. It is also the life and death of a famous mother and her almost-famous son; theirs is a world of sexual extremes - even of sexual assassinations. It is a novel rich with 'lunacy and sorrow'; yet the dark, violent events of the story do not undermine a comedy both ribald and robust. It provides almost cheerful, even hilarious evidence of its famous last line: "In the world according to Garp, we are all terminal cases."

The Charm Offensive - Alison Cochrun
2021-09-07

A MOST ANTICIPATED ROM-COM SELECTED BY * BUZZFEED * LGBTQ READS * BUSTLE * THE NERD DAILY * ENTERTAINMENT TONIGHT * FROLIC MEDIA * AND MORE! A BEST BOOK PICK BY * HARPER'S BAZAAR * ENTERTAINMENT WEEKLY "The Charm Offensive will sweep you off your feet."
—PopSugar In this witty and heartwarming romantic comedy—reminiscent of *Red, White & Royal Blue* and *One to Watch*—an awkward tech wunderkind on a reality dating show goes off-script when sparks fly with his producer. Dev Deshpande has always believed in fairy tales. So it's no wonder then that he's spent his career crafting them on the long-running reality dating show *Ever After*. As the most successful producer in the franchise's history, Dev always scripts the perfect love story for his contestants, even as his own love life crashes and burns. But then the show casts disgraced tech wunderkind Charlie Winshaw as its star. Charlie is far from the romantic Prince Charming *Ever After* expects. He doesn't believe in true love, and only agreed to the show as a last-ditch effort to rehabilitate his image. In front of the cameras, he's a stiff, anxious mess with no idea how to date twenty women on national television. Behind the scenes, he's cold, awkward, and emotionally closed-off. As Dev fights to get Charlie to connect with the contestants on a whirlwind, worldwide tour, they begin to open up to each other, and Charlie realizes he has better chemistry with Dev than with any of his female co-stars. But even reality TV has a script, and in order to find to happily ever after, they'll

have to reconsider whose love story gets told.

Asexualities - Karli June Cerankowski

2014-03-14

What is so radical about not having sex? To answer this question, this collection of essays explores the feminist and queer politics of asexuality. Asexuality is predominantly understood as an orientation describing people who do not experience sexual attraction. In this multidisciplinary volume, the authors expand this definition of asexuality to account for the complexities of gender, race, disability, and medical discourse. Together, these essays challenge the ways in which we imagine gender and sexuality in relation to desire and sexual practice. *Asexualities* provides a critical reevaluation of even the most radical queer theorizations of sexuality. Going beyond a call for acceptance of asexuality as a legitimate and valid sexual orientation, the authors offer a critical examination of many of the most fundamental ways in which we categorize and index sexualities, desires, bodies, and practices. As the first book-length collection of critical essays ever produced on the topic of asexuality, this book serves as a foundational text in a growing field of study. It also aims to reshape the directions of feminist and queer studies, and to radically alter popular conceptions of sex and desire. Including units addressing theories of asexual orientation; the politics of asexuality; asexuality in media culture; masculinity and asexuality; health, disability, and medicalization; and asexual literary theory, *Asexualities* will be of interest to scholars and students in sexuality, gender, sociology, cultural studies, disability studies, and media culture.

Ace - Angela Chen 2020-09-15

An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction, and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same

conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, *Ace* addresses the misconceptions around the “A” of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that “not wanting sex” was a sign of serious illness, and a man who grew up in a religious household and did everything “right,” only to realize after marriage that his experience of sexuality had never been the same as that of others. Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness.

Dreamland Burning - Jennifer Latham

2017-02-21

A compelling dual-narrated tale from Jennifer Latham that questions how far we've come with race relations. Some bodies won't stay buried. Some stories need to be told. When seventeen-year-old Rowan Chase finds a skeleton on her family's property, she has no idea that investigating the brutal century-old murder will lead to a summer of painful discoveries about the present and the past. Nearly one hundred years earlier, a misguided violent encounter propels seventeen-year-old Will Tillman into a racial firestorm. In a country rife with violence against blacks and a hometown segregated by Jim Crow, Will must make hard choices on a painful journey towards self discovery and face his inner demons in order to do what's right the night Tulsa burns. Through intricately interwoven alternating perspectives, Jennifer Latham's lightning-paced page-turner brings the Tulsa race riot of 1921 to blazing life and raises important questions about the complex state of US race relations--both yesterday and today.

Who I Was with Her - Nita Tyndall 2020-09-15

"A beautiful, poised, and thought-provoking debut about love, loss, coming out, and

Downloaded from
legacy.opendemocracy.net on 2023-01-18
by guest

discovering living life on your own terms."
 —New York Times bestselling author Kathleen Glasgow
 There are two things that Corinne Parker knows to be true: that she is in love with Maggie Bailey, the captain of the rival high school's cross-country team and her secret girlfriend of a year, and that she isn't ready for anyone to know she's bisexual. But then Maggie dies, and Corinne quickly learns that the only thing worse than losing Maggie is being left heartbroken over a relationship no one knows existed. And to make things even more complicated, the only person she can turn to is Elissa—Maggie's ex, and the single person who understands how Corinne is feeling. As Corinne struggles to make sense of her grief and what she truly wants out of life, she begins to have feelings for the last person she should fall for. But to move forward after losing Maggie, Corinne will have to learn to be honest with the people in her life...starting with herself.

[Aim True](#) - Kathryn Budig 2016-03-29

Are You Ready to Discover What Aim True Means to You? Yoga teacher and inspirational speaker Kathryn Budig is known for her ability to encourage others to set their intentions and goals, no matter how lofty, and work toward them while staying true to themselves. In *Aim True*, Budig extends her empowering message beyond the mat. Life is an adventure that is meant to be explored, challenged, and fully lived. The best part? When you approach life with an open mind and heart, the possibilities are endless. Allow Budig to be your guide along the journey with:

- A 5-day purification process
- 6 yoga sequences to put into practice
- Over 85 recipes to seduce your inner Top Chef
- An introduction to meditation
- Homeopathic self-care and beauty recipes

Whether your goal is to love who you are right now, reshape the way you view food, develop a meditation practice, or discover new ways to embrace the great balancing act that is life, this holistic approach to yoga, diet, and mindfulness has something for you. Filled with vibrant photographs and whimsical illustrations, this guide is as beautiful as it is life-changing.

Loveless - Alice Oseman 2020-07-09

WINNER OF THE YA BOOK PRIZE 2021
 The fourth novel from the phenomenally talented Alice Oseman, author of *Solitaire* and the

graphic novel series *Heartstopper* - now a major Netflix series.

[The ABC's of LGBT+](#) - Ashley Mardell
 2016-11-08

The YouTube star presents a personal, approachable, and informative guide for anyone seeking a deeper understanding of gender and sexual identity. *The ABCs of LGBT+* is essential reading for questioning teens, teachers or parents looking for advice, or anyone who wants to learn how to talk about gender and sexual identity. In this volume, popular vlogger Ash Mardell, who embraces all pronouns, answers your questions about the post-binary world of the twenty-first century. With in-depth definitions, personal anecdotes, helpful infographics, resources, and more, Mardell lets readers know that it really does get better when we are empowered by information and understanding. In Mardell's own words, "This book is also for allies and LGBT+ people simply looking to pack in some extra knowledge . . . a critical part of acceptance. Learning about new identities broadens our understanding of humanity, heightens our empathy, and allows us different, valuable perspectives." Topics covered include:

- LGBT and LGBTQIA+
- Gender identity
- Sexual identity
- Teens in a binary world
- The LGBT family and more

Asexuality and Sexual Normativity - Mark Carrigan 2015-09-07

The last decade has seen the emergence of an increasingly high profile and politically active asexual community, united around a common identity as 'people who do not experience sexual attraction'. This unique volume collects a diverse range of interdisciplinary empirical and theoretical work which addresses this emergence, raising important and timely questions about asexuality and its broader implications for sexual culture. One of the most pressing and contentious issues within academic and public debates about asexuality is what relationship, if any, it has to sexual dysfunction. As well as collecting cutting edge scholarship in the emerging field of asexuality studies, rendering it indispensable to any sexualities course across the range of disciplines, this anthology also addresses this urgent debate, offering a variety of perspectives on how and why some have pathologised asexuality. This

Downloaded from
legacy.opendemocracy.net on 2023-01-18
 by guest

includes a range of chapters addressing the broader issues of sexual normativity within which these contemporary debates about asexuality are taking place. This book was originally published as a special issue of *Psychology and Sexuality*.

Sexual Harassment of Women - National Academies of Sciences, Engineering, and Medicine 2018-09-01

Over the last few decades, research, activity, and funding has been devoted to improving the recruitment, retention, and advancement of women in the fields of science, engineering, and medicine. In recent years the diversity of those participating in these fields, particularly the participation of women, has improved and there are significantly more women entering careers and studying science, engineering, and medicine than ever before. However, as women increasingly enter these fields they face biases and barriers and it is not surprising that sexual harassment is one of these barriers. Over thirty years the incidence of sexual harassment in different industries has held steady, yet now more women are in the workforce and in academia, and in the fields of science, engineering, and medicine (as students and faculty) and so more women are experiencing sexual harassment as they work and learn. Over the last several years, revelations of the sexual harassment experienced by women in the workplace and in academic settings have raised urgent questions about the specific impact of this discriminatory behavior on women and the extent to which it is limiting their careers. *Sexual Harassment of Women* explores the influence of sexual harassment in academia on the career advancement of women in the scientific, technical, and medical workforce. This report reviews the research on the extent to which women in the fields of science, engineering, and medicine are victimized by sexual harassment and examines the existing information on the extent to which sexual harassment in academia negatively impacts the recruitment, retention, and advancement of women pursuing scientific, engineering, technical, and medical careers. It also identifies and analyzes the policies, strategies and practices that have been the most successful in preventing and addressing sexual harassment in

these settings.

Magnetic Partners - Stephen Betchen
2010-05-18

Do you and your partner argue about the same things over and over again? Are you often confused about why your partner is so angry with you? Are things getting worse and worse even though you've tried everything you can think of to make them better? In this breakthrough guide to repairing romantic relationships, therapist and marriage researcher Dr. Stephen Betchen presents a powerful new explanation of what leads to this kind of escalating conflict in couples and how you can repair your relationship and find a whole new level of happiness. Based on his extensive experience as a couples' therapist, Dr. Betchen has discovered that the prevailing idea that opposites attract is wrong. Instead, one of the strongest forces that attracts people to one another is that they share a hidden, inner conflict in their lives—an unconscious struggle within themselves that each of them developed growing up—which he calls a "master conflict." The fact that a couple shares a master conflict acts as an almost magnetic force of attraction, but, over time, master conflicts often begin to push a pair apart—many of the very things you most appreciated about each other start to grate on you, producing increasing hostility. The good news is that by identifying the master conflict that you share, you and your partner can take the steps to break the cycle of fighting and come to a new place of understanding and happiness in your relationship. Often, just the realization that you have this hidden conflict acts as a powerful cure, allowing you to appreciate each other once again and to be empathetic about the things that have been irritating you both. From his years of work with couples, Betchen has identified the nineteen most common master conflicts—such as getting your needs met vs. caretaking; giving vs. withholding; commitment vs. freedom; power vs. passivity—and for each he provides vivid stories of couples who have struggled with them, as well as simple tests that help you to:

- Identify the core master conflict that is causing your relationship problems
- Understand the origins of your conflict and how it drew you to your partner
- Diagnose how the conflict is now pushing you apart
- Come to new

terms with the conflict to save your relationship. As Dr. Betchen writes, knowledge of a master conflict is power, and *Magnetic Partners* is an empowering guide that will help you not only to identify and control your master conflict, but also to bring your relationship to a new level based on deeper understanding, ultimately leading to greater fulfillment and long-term resilience. *Partners*

Rick: A George Novel - Alex Gino 2020-05-07
"Profound, moving, and - as Charlotte would say - radiant, this book will stay with anyone lucky enough to find it." - Publishers Weekly, starred review for *GEORGE*. Rick's never questioned much. He's tagged along with his best friend Jeff, even when Jeff's acted like a bully. He's let his Dad joke with him about girls, even though it makes him feel uncomfortable. Everyone around him seems to think that they've figured him out. But the truth is, Rick hasn't given his own identity much thought. Now Rick's in middle school, and it's a place of new possibilities. With the help of his new friends that he meets at the Rainbow Spectrum club, Rick embarks on a

journey to find out who he truly is. An inspiring story about finding your place in the world.

How to Be Ace - Rebecca Burgess 2020-10-21
Selected as a 2020 LGBTQIA+ Graphic Novel for Young Readers by Publishers Weekly "When I was in school, everyone got to a certain age where they became interested in talking about only one thing: boys, girls and sex. Me though? I was only interested in comics." Growing up, Rebecca assumes sex is just a scary new thing they will 'grow into' as they get older, but when they leave school, start working and do grow up, they start to wonder why they don't want to have sex with other people. In this brave, hilarious and empowering graphic memoir, we follow Rebecca as they navigate a culture obsessed with sex - from being bullied at school and trying to fit in with friends, to forcing themselves into relationships and experiencing anxiety and OCD - before coming to understand and embrace their asexual identity. Giving unparalleled insight into asexuality and asexual relationships, *How To Be Ace* shows the importance of learning to be happy and proud of who you are.
