*No Bull****t Lyn Partridge-Webber. Wellington Witch 2015-01-21 The evening started much the same as any other Monday at circle, with a meditation. As soon as I closed my eyes, I became aware of my Native American guide, he was surrounded by many other Native American's. One stepped forward as if acting as a spokesperson, he told me he was Sitting Bull, a name I had heard many times but had no idea what he looked like before now. He told me that the earth was going to go through many changes in the next few years, and encouraged me to tell as many people as possible through modern media that these changes were coming. I asked what changes these were. Earth is fast approaching 21.12.2012 he said and before that, many people were needed to help to make these changes possible. He told me that these people had volunteered to be on earth during this important time, many had forgotten their mission and it was time for people to wake up and remember why they were here.

Essays on the Foundations of Astrology Charles E.O. Carter 2010-05 Charles Carter (1887-1968) wrote this book in London during World War II. It was his first book in more than a dozen years. In this book, Carter turns his attention to fundamentals. Why the planets are what they are. How the Sun differs from the Moon. How Jupiter and Mercury are interrelated. Having had his fill of aspects in terms of the planets, in this book Carter tells us of aspects in terms of signs and the elements they represent. A planet in a fire sign, in square to a planet in an earth sign, Carter says, is an obviously difficult combination: Fire consumes earth, or, earth smothers fire. On the other hand, air/water squares are much less stressful. Carter was particularly fascinated by the nativities of Benito Mussolini and Adolf Hitler, his contemporaries. Charts for both men are given. Mussolini he declares to be a "bombastic Italian dictator," but Hitler remained a puzzle. _____ Charles E.O. Carter, one of the leading astrologers of the 20th century, was President of the Astrological Lodge at the Theosophical Society from 1920 to 1952. He was first Principal of the Faculty of Astrological Studies, which he helped found in 1948. He edited *The Astrologer's Quarterly* from 1926 until 1959. *Essays on the Foundations of Astrology* was first published in 1947.

The Aquarian Gospel of Jesus the Christ Levi H. Dowling 2022-11-13 *The Aquarian Gospel of Jesus the Christ* is a book by Levi H. Dowling who claimed that he had transcribed the text of the book from the kashic records, a purported compendium of mystical knowledge supposedly encoded in a

non-physical plane of existence. In the later 20th century, it was adopted by New Age spiritual groups. The title is derived from the practice in astrology of naming time periods in terms of constellations and their dominant positions in the sky, according to the earth's axial precession. In that system, the Age of Aquarius is approaching. Winds of Change and Shifting Sands Kathleen Athena Currie Macloud 2002 We find ourselves engulfed in a sea of changes: political corruption, business mismanagement, stock market declines, reductions in health and other social programs, and the ever present spectre of war in the world. In the face of dwindling employment opportunities, lower wages, rising costs for everything, including higher education - our young people are often discouraged, disillusioned and demoralized. Those of us approaching retirement may feel the same way, as we watch our investments shrinking instead of

growing, our pension benefits being reduced in one way or another, while at the same time our capabilities are diminishing, and opportunities for re-training and re-employment approach zero. Expectations we once had are seen to be based on very shaky foundations. We believed that we could all make it if we worked hard enough, did our homework, got a good education, knew the right people, played our cards right, and didn't rock the boat! In this process we learned self-reliance, creative thinking, positive thinking, how to be a team player, and self-judgement (including self-evaluation). So when our house of cards collapses (as inevitably it does) we are bereft. We are full of self-blame, guilt, shame, and eventually anger, blaming of others, feelings of victimization, and for some, feelings of revenge and then acts of violence. This is and has been our human story. My friend and mentor Kathleen Macloud, for over twenty years up to her death in 2002, gently and lovingly taught me about God's love for me. This is a very different story - one of hope and strength and healing. We do have a choice. We can keep on doing what we're doing that isn't working (a definition of insanity), or we can start to build our lives on a solid foundation - a spiritual foundation. That is Kathleen's story. This is an "owner's manual" to show us how to find our way back to God. Karen E. May

The Text-Book of Astrology Alfred John Pearce 2006-08 The Text-Book of Astrology, written by noted English astrologer Alfred John Pearce, was first published as a combined edition in London in 1911. It includes the author's individual books on: Genethliacal Astrology Mundane Astrology Astro-Meteorology Medical Astrology Elections This classic work is filled with numerous examples and its original publication was praised in the the Spiritualist: "Even for those who desire only to obtain a general knowledge of the subject, or at most be able to cast and read an astrological figure, Mr. Pearce's book may be recommended as easily intelligible, and containing much interesting matter, besides the process that will be chiefly useful to the student whose aims are more ambitious. To the latter it is invaluable. It is enriched with many interesting notices of nativities illustrating the different rules and doctrines of the science. "

Graceful Women Constance Waeber Elsberg 2003 A number of religious movements were born in the United States in the 1970s as refugees from the counterculture sought new ways of living. In 1969 in Los Angeles, teacher Yogi Bhan founded the Healthy Happy Holy Organization (3HO) and dedicated it to yoga and healthy living. Many members began to convert to Sikhism, Bhan's faith, and soon the group numbered in the thousands. Graceful Women is the first look at the women who embraced this community as they sought meaning in their lives. Constance Waeber Elsberg follows members of an ashram over an extended period of time--from affiliation, through their first attempts to apply the teachings of 3HO to everyday life, through upheavals and doubts in the community, and finally, to mature formulations of their own purpose and identity. Both long-term and former members speak about the group and the process of adopting Sikhism and participating in such cultural practices as arranged marriages. In studying this group, Elsberg found women building individual and collective identities and using symbols, narratives, and metaphors to participate in a view of the world that stresses an essential unity beneath the conflicts of contemporary life. A regimen including yoga, meditation, and diet helped the women feel that they could control their responses to everyday stress and manage difficult decisions. A central focus of the book is the Sikh Dharma ideal of the "graceful woman" and the ways in which this concept both empowers and constrains women. Women are free to choose their degree of engagement in the public sphere: some build careers, some are active in the 3HO community, some dedicate their lives to their families. Work in community businesses allows many women to combine family and work lives. Curtailing this freedom of choice, however, is 3HO's teaching that women should also be gracious, undemanding, and willing to defer to those in authority. Elsberg places this movement in the context of other alternative religious organizations and provides a brief history of Sikhism, as well as reviewing events concerning Sikhs today. She explores the range of ways in which gender identities are created, transformed, and contested, particularly as a religion from one part of the world is adopted in a completely different country and culture. The Author: Constance Waeber Elsberg is professor of sociology and anthropology at Northern Virginia Community College.

The Age of Aquarius Robin Sacredfire 2016-08-24 All secret societies know that the world is currently crossing between realities, in which energy will certainly manifest in a new and completely different form, forcing us to rethink our values and priorities in life. As we move from the Age of Pisces to the Age of Aquarius many questions come to mind. What should we expect? What can we do about it? How can we be ready? What is the fate of human spirituality? What will be the new religion? And how can we fit ourselves within such new order of things? This book promises to answer these questions and many more based on an extended research of sources emerging from different religions and political views. From one side of the spectrum you will see how gnosticism, and societies with very peculiar beliefs, such as Rosicrucianism, Freemasonry and Scientology are perfectly capable of explaining this new phenomena with accuracy, and even though we don't necessarily need to address any of them to focus our attention on the main current of thought shared or others with a similar background. From another side, we can easily analyze what prominent anarchists have been trying to show us regarding the possibilities for democracy when extended to its limits, the individual gifted with full responsibility for his own fate. And all this, surely, can also be compartmented inside what astrology have always knew since its creation, since Man started using it to predict the future. With such variety of principles and values in mind, this book merges the core observations into easily applicable psychological reasons associated with our spirituality and natural predisposition for beauty and love. The commencing of a new worldwide social order, a new chapter in human history called the Aquarian dispensation, will lead us to challenges that are unavoidable, both in a personal as well as social and global scale. But, ultimately, it will show you the prospect of an approaching Golden Age of abundance and far much more happiness, along with more magic, innovation and creativity. We are now at the precipice of a new age of spiritual awakening, promising mighty accomplishments in the arts and sciences, while penetrating the minds of many with unique and uplifting ideas that benefit us all as one in health, wealth, wisdom and relationships.

Anunnaki Theory Authenticated with a New Twist Shafak GokTurk 2018-06-16 What do all books about the Anunnakis have in common? The answer doesn't really matter because in this book Shafak GokTurk brings a different perspective on the subject, one that will take you to another dimension of reality in our world. Ever wonder how humankind was able to make such tremendous progress over the last 2,000 years? Why is leadership of the world shifting from East to West in politics, economics, and technology? GokTurk makes significant claims that will answer some of these questions and may radically change your viewpoint on the world. Unlike some authors who claim the Anunnakis left our world, GokTurk historically and methodically proves that they remain and have had a significant impact on our lives. The two main groups of Anunnaki—Enlil and Enki—are still active and have always been. A shift of power from one to the other that will reshape our world in the near future is imminent. Will this shift of power bring peace and prosperity, or are we destined to take a turn for the worse? Reading this book will enlighten you about various topics: who Admiral Byrd had a conversation with; Who is Shem to the great Rumi? What are the messages that these people were trying to give us? Do Anunnakis take humans into their society by allowing them to live forever? Purchase the book now to see the world order from a new perspective, as we come closer to meeting our true ancestors in 2060 (?).

We all have been told in this patriarchal system that to look for salvation is to look upward and outward to a god or gods to worship. We are not here to worship, but to look inside ourselves and embrace who we are and grow to our full potential. Inanna is the archetypal Goddess of love and war. Her descent into the Underworld is a reflection of our journey of going inward to face our true nature. When we fight this, we then are at war with nature. Lilith is Inanna's handmaiden as we ourselves can also become partners with Inanna. Realizing who we are we then embrace the balance with the female archetype with the male archetype which will bring us wholeness as women become stronger and men and women come to love themselves. This new perspective is what is taken place as we enter into the Age of Aquarius.

An Aquarian Tragedy James Mundell 2006-02 At times it had seemed so irrational to me to endure this seven years of misery just to end it all the day it was up. Of course it was no more irrational than what Carol did. But she had her reasons and I had mine. The thought of that unhappy spirit wandering around wherever all that takes place had filled me every night of the past seven years with guilt and remorse. That was why I was doing it. mainly. While putting myself beyond the reach of the law, at least that's what they'd told us on Superman, I was also atoning in front of Carol for the way I'd treated her at the end. Every day I spoke to her about it. Every day I'd renewed my pledge to meet her. Every day she had the chance to see me suffer for what I'd done to her. At least now I felt I had purged myself of my guilt in her eyes.

Surviving Saturn's Return Sherene Schostak 2003-12-22 For the first time, psychological strategies for surviving the astrological fallout of turning the big 3-0! Many young women approach their 30th birthdays with anxiety. They suddenly notice every tiny wrinkle, question the speed of their corporate ladder climb, or suffer from a biological clock that rivals Big Ben. Is it vanity, fear of aging, early midlife crisis, or insanity? It's actually the result of what astrologers call the "Saturn Return," a phenomenon occurring every 28 years, when Saturn completes its cycle through an individual's birth chart. At this crucial juncture, women often experience a crisis of self, unexplained chaotic feelings, or the uncertainty of personal and professional crossroads. In *Surviving Saturn's Return*, the first book to explore the subject, the authors combine their psychological and astrological expertise to demystify this cosmic source of strife and offer self-help strategies for surviving, even thriving, during this "quarterlife" crisis. In a fun, friendly, and reassuring tone, they explain how to deal with everything from the father complex to money to marriage to maturing confidently into adulthood.

UFO Gerardo Santos 2012 The Book of Revelation tells of angels who fall from their heavenly estates. The Mayan calendar foretells the fall to some two hundred thousand years ago. The discord that followed sent repercussions to earth, arriving about nine thousand years ago when the first generation of the human race Israel emerged. By 4500 BC, an Agenda of a Snake from the fallen angels began to breed the biblical lines of Cain and Seth. Soon, the third generation emerged, and the conditions man calls good and evil began proliferating on the earth. Man's spirit commenced through the spirit of the angel Michael, but today it remains trapped within the human mind. Six thousand years ago, the angels Michael, Ra, Viracocha, and Ra Agenda came to earth to free man's spirit by attempting to prevent the creation of the human race. Unsuccessful, they left earth, bequeathing the Mayan calendar, which contains information about the five Ages, to the Mayan people. The Ra Agenda reemerged by 1948 as the mysterious UFO that defied the laws of reality. They have come to secretly assist mankind through the approaching shift in human consciousness scheduled to occur in the fifth Mayan Age of Aquarius in the year 2040.

Let LIGHT descend on Earth Marcella R. Womack 2010-11-11 A true story, this narrative covers a period of eight years, between 1985-1993. It is the story of a group that gathered in the heartland of the U.S. as they listened week after week to channeled Teachings coming from The Realms of Light. It is told by one of the group members who was present throughout the eight years of the group's existence and the one who is responsible for the three previously published volumes that contain the channeled Teachings of The Aquarius Materials. (Xlibris) The photo on the cover of this book (volume four) was taken on Friday, October 17, 1986 and shows a large shaft of LIGHT coming into the room and shining down onto the channel's body. The group was told from the beginning that the Earth was moving from the third dimension into the fourth and fifth dimensions and that there was a huge influx of LIGHT coming into Earth during this 200,000 Year World Age Change. Much more than a 2,000 or a 26,000 year change, this represents the Earth and humanity beginning its involution back into the LIGHT. Although the LIGHT seen in the photos was not apparent to the naked eye, many of the participants said they could "feel" the higher vibrations often when they came to

listen to The Aquarius Teachers. These LIGHT Energies propelled many in the group to begin to change their lives and an amazing sense of spiritual community was experienced. The content of this book is the “backdrop” behind the three books of Series I, The Aquarius Materials. It is the final book of this Series and perhaps the best overview for one beginning to read these Teaching. This body of Spiritual Teachings heralds a time of a New Dispensation upon the Earth, where the Spiritual Nature of Existence is to become known once more by people all over the world. The Teachers said that this is the time prophesied in the Christian Scriptures as the “Second Coming” and it is NOT to be an end-of-the-world-time but rather a time when humanity will awaken to the truth of Christ’s Teachings about LOVE. Humanity was never meant to disconnect from the spiritual dimension and forget the kinship that is ours as children of God. As Jesus attained that level of God Union called the Christ-Consciousness during his lifetime, we are meant to once again reach for Christ-Consciousness as we, ourselves, go inward to “Seek the Kingdom.” This Soul growth can transform both our individual lives and the Way we Live on Earth. The book is divided into two major sections - Part I - “The channeling years” (1985-1987) and Part II - “A Time and a House Called Aquarius” (1988-1993). (Photos of group activities are included with each chapter.) The Auarius Materials: Series I - This is the Overview book; three other books make up the Series.

Nimbus Stadt Eugene Patrick Ruisi 2022-11-30 In the future of an alternate world, Nimbus Stadt was a vast municipality on the continent of Vespasia. Only 115 miles away from the famous city of Polyxenburgh, Nimbus Stadt was a city where many immigrants to Vespasia first started their lives. One such immigrant was Taddeo Orzelli, a man who struggled at first to make ends meet. Taddeo struggled against the nativist policies of the native born Vespasians and their anti-immigration legislation in Vespasia. A different man, Jarvis Vassalle, the grandson of immigrants, struggled to find meaning in a world of dark secrets and wonderful hidden mysteries. Both of these men and their comrades will have to seek the truth while combating the machinations of a secret elite who will stop at nothing to achieve their malevolent goals. In the end, both Taddeo and Jarvis will meet their destinies in Nimbus Stadt. This is the sequel to Polyxenburgh.
