

Because I Love You

Because I Love You - Joyce Allan 2002
Confronted in midlife with a devastating discovery about her father's most secret life as a paedophile, Joyce Allan, a psychiatric nurse/therapist, traces the history of sexual abuse across five generations of her family. Providing the unique insight into the value systems that perpetuate child sexual abuse within families, churches, and society, this memoir describes how silence itself creates the 'ecology of sexual abuse'. Compassionately and skilfully written, it is particularly useful for victims of sexual abuse, family and friends of a victim, or even the family and friends of the perpetrator.

With him, she finds comfort and the support she desperately needs to make the hardest decision of her life: whether or not to keep the baby. Then a tragic accident leads Andie to discover Neil's keeping a secret that could dramatically alter their lives, and she's forced to make a choice. But after hearing her son's heartbeat for the first time, she doesn't know how she'll ever be able to let go.

[I Wrote This Book Because I Love You](#) - Tim Kreider 2018-02-06

A People Top 10 Book of 2018 The New York Times essayist and author of *We Learn Nothing*, Tim Kreider trains his singular power of observation on his (often befuddling) relationships with women. Psychologists have

told him he's a psychologist. Philosophers have told him he's a philosopher. Religious groups have invited him to speak. He had a cult following as a cartoonist. But, above all else, Tim Kreider is an essayist—one whose deft prose, uncanny observations, dark humor, and emotional vulnerability have earned him deserved comparisons to David Sedaris, Sarah Vowell, and the late David Foster Wallace (who was himself a fan of Kreider's humor).

"Beautifully written, with just enough humor to balance his spikiness" (Booklist), *I Wrote This Book Because I Love You* focuses Tim's unique perception and wit on his relationships with women—romantic, platonic, and the murky in-between. He talks about his difficulty finding lasting love and seeks to understand his commitment issues by tracking down the John Hopkins psychologist who tested him for a groundbreaking study on attachment when he was a toddler. He talks about his valued female friendships, one of which landed him on a circus train bound for Mexico. He talks about his time teaching young women at an upstate New York college, and the profound lessons they wound up teaching him. And in a hugely popular essay that originally appeared in *The New York Times*, he talks about his nineteen-year-old cat, wondering if it's the most enduring relationship he'll ever have. "In a style reminiscent of Orwell, E.B. White and David Sedaris" (*The New York Times Book Review*), each of these pieces is "heartbreaking, brutal, and hilarious" (Judd Apatow), and collectively they cement Kreider's place among the best essayists working today.

I Only Say This Because I Love You - Deborah Tannen 2003

Why does talk in families so often go in circles, leaving us tied up in knots? Linguist Deborah Tannen reveals why talk among adult family members so often leads to arguments and hurt feelings. Learn to separate the word meaning, or 'message' from the heart meaning, or 'metamessage' - the unstated but powerful

meaning that comes from the history of our relationships in the family, where our hopes for being understood and our experience of criticism can painfully meet. Using real conversations from the lives of real people, Tannen shows us how talk in a family is a high-wire act as we balance connection and power, struggling to get close without giving up our freedom. By helping us understand what conversations in the family really mean, she shows how to improve relationships with family members throughout our lives.
