You Hold the Key to Finding Real Love - Sarah Reid 2019-04-15

The idea of the book is that there are two questions for you to answer. This is the reason why there is a blank space in the middle for you to write down your answers. Please take your time to reflect on your experiences before you write down your answers. You will be surprised at the way your answers spontaneously start to flow. My answers to the questions, which I have called my scenario, are at the bottom of the page. If you have struggled finding your ideal partner, you may have to look deep within yourself in areas you are not aware of that need to be addressed to avoid repeating the same mistakes.

Clare and Alison Jenson, twins living in an Australian country town, are as different as night and day. Alison is quiet and loves reading by the lake or walking through the countryside. Clare is daring and ambitious; when she isn't tending to the animals on the farm, she's preparing for her dream career as a veterinary surgeon.

Neither woman has plans to fall in love, but when they have a chance encounter with two young men from Sydney, both sisters are drawn to one man, Daniel. They all go their separate ways, but as time passes and their lives change, the twins find themselves meeting up with Daniel when they move to Sydney to pursue their education and careers. Alison and Daniel become a couple, but Clare soon finds she can't keep away from him. Although Daniel loves both sisters, he knows he must choose, an act that may drive Alison and Clare apart forever. Can these three people ever find balance and happiness in love, in spite of the conflict that tears their lives apart?

In this novel, twin sisters fall in love with the same man, an event that will shake their trust in each other and disrupt their lives for years to come.

Body Language - Mark H. Ford 2010-10-27

"Body language and Behavioral Profiling" is a timely book on the vital roles of nonverbal communications and people reading in our everyday lives. We all use body language to communicate our innermost feelings, thoughts, and attitudes along with spoken words. Knowing the hints, clues, signals, and signs that people use in business and social settings helps people to interpret behavioral motives, and enables them to rapidly organize information for quick decisions that may be consequential. In addition, facial expressions, posture, dress attire, and gestures that people use all infer future behavior patterns. In this book, body language signals and signs are broken down into understandable topics backed by authoritative sources. Practical pointers help readers to adopt better image and self-presentation skills. The social science tools that are covered will help readers to "get" the motives and behavior of others, while improving their own intercommunications, which helps people make more informed decisions, meet personal goals, and more fully protect themselves.

Chivalry and Courtesy: Medieval Manners for a Modern World - Danièle

Cybulskie 2023-10-24

A surprising look at how medieval etiquette can improve our lives today, from the author of the popular *How to Live Like a Monk* Medieval people are often portrayed as having poor hygiene and table manners—licking their knives or throwing chicken bones on the floor. In the Middle Ages, however, such behavior was not tolerated. Medieval society cherished order in nearly every facet of life, from regular handwashing to daily prayer. There were consequences if you didn't adhere to the rules of good behavior: you wouldn't be invited to the lord's next dinner, you wouldn't win the battle, and you wouldn't win the lady. Author Daniele Cybulskie explores the world of medieval etiquette, encompassing table manners and interpersonal relationships as well as running a household and ruling a kingdom. With wit and insight, Cybulskie draws on a wide variety of primary sources, from handbooks for young knights to romantic poems. Though we may no longer need best practices for things like dueling or ordering about our servants, the principles of generosity, kindness, and respect still apply today. After all, it's a good reminder to "not talk when you have food in your mouth" and "anything you say should be entertaining, polite, and sophisticated." Illustrated with original drawings by Anna Lobanova as well as eighty medieval artworks, *Chivalry and Courtesy* is full of good advice for everyone, whether you are a peasant or a knight, a student or a CEO, a king or a queen.

A to Z About Body Language - Jackson Yogarajah

A to Z about Body Language is written by an expert on body language and deception detection with over 25 years of teaching and deception detection experience. The writer's expertise and deception detection services are often sought after by enforcement agencies, including the Royal Malaysian Police Force in Malaysia. This book is useful for anyone who wishes to avoid being deceived or for those seeking to benefit from their own body language. Written in two parts, it can help anyone learn simple ways to read body language, detect deception, and take advantage of their very own body language. The author includes a chapter on his observation of the video clip and body language of Captain Zaharie Ahmad Shah, who piloted the missing MH 370. The clip in the airport at the time of his departure, 7th March 2014, gives convincing and dramatic body language signs and later clues to the disappearance of MH 370. The author's further research on the ill-fated flight, points to the disappearance of MH 370 to Captain Zaharie Ahmad Shah. The writer also rebuts author Florence de Changy's latest book that MH370 was shot down into the sea, and that the disappearance was a massive cover-up by the Malaysian authorities. The book benefits you in more ways than you ever thought about body language, by learning to spot body language and using it in the best ways for your own advantage. You will also learn more about your body language and the subconscious mind and how to use its power to make you a better person. Crossing your arms may be viewed somewhat negatively by some, but not if you know its significance and its benefits. If you change the way, you use your arms, and if you understand your habit mind, which is your subconscious mind, you can be a better person. If you are a school teacher, you can use body language to help your class of boisterous children to be calm and focused. By requesting these children to cross their arms and legs for just two to three minutes, these children's anxieties and restlessness would vanish, and they would be as calm as after the storm. The second part of the book teaches you simple ways to escape from been deceived or scammed out of your hard-earned money, betrayed by a trusted friend, colleague, relative, or even your spouse. The simple lie detection skills highlighted within are the most valuable aids this book will provide you. It is a treasured skill, as you can never be guaranteed if people are lying, until you ask the right questions, observe and listen to the how-to that is taught in this book. It is not hard to determine truths, analyze body language and verbal language if you know what you are looking and listening for. This is what is precisely taught in this beneficial 13-chaptered book that generously features a grand total of 266 photographs, images, tables, drawings, and illustrations, to help you interpret correctly the hidden messages you see, hear, feel, smell and taste every day.

Love Or Lust - Antwan Williams 2009-04

Have you noticed that most people today love in a lusting way? In fact, most people engaged in relationships are with each other because of every reason except for love. Understand that most people today are not in love, their in lust. That true love we once had before is gone, it does not exist anymore. Most people are in relationships today because they

don't want to be alone. Some are just together because they are simply comfortable with each other. Others are together because of financial reasons or physical beliefs. Understand these are all relationships full of nothing but emptiness. It's possible to actually be in love and learn the ways to acquire such a thing. I have mapped out the rules to find love and get past lust. I found out that we are all color-coded, that's why we behave different in certain situations towards love. Find out if you are a lover or a luster. Find out how to avoid all the red flags and pin point a disaster. Find out that sincere love still exist, but it lies in you.

Body Language: Ultimate Guide To Learn The Secrets Non-verbal Body Cues And Mastering Social Skills (Master Speed Reading People Through Body Language Analysis And Psychology Tricks) - Rob C Beckham

There is no doubt about it, humans are social beings. In other words, we depend on each other for many things and thus we are interacting with each other all the time. In order to interact with each other we must communicate; we are all aware of the verbal communication we have with each other, but few of us are aware of the unspoken language that occurs between us as well. This is because it is often done unconsciously. Despite the fact that it is done unconsciously, it has a profound effect on the messages we convey to others. Here is what this guide to reading body language can offer you: Common body language characteristics explained An in-depth guide to master the art and science of body language - from toddler to old person Exercises for learning quick scanning and analysis while entering the room The body language in the workspace - what your colleagues think The body language of love and attraction - is the person you are talking to interested in you And much more! If you want to learn how to read other people's minds and use that to stay one step ahead of everyone and improve every aspect of your life, all you need to do is follow the simple step-by-step guides and practical exercises found inside. Nonverbal communication gives us much more information about a person than verbal communication does. Body language helps us better understand people and pick up on what they do not verbalize. For that, you must be ready to pay more attention to body language. With this book, you will have the opportunity to learn how to read others' body language. All the tips in this book will help you discover and understand people. Do not waste your time, and learn to use the power of body language to your advantage. Get this book today! Read less
