Women and Romance - Susan Ostrov Weisser 2001-07

Weisser (English, Adelphi U.) writes that her anthology is "for anyone who is interested in understanding the conflicted but powerful female urge to experience the pleasure and endure the pain of romantic love." In particular, she explores the collision of pervasive media images of romance with feminist values of independence and self-assertion. Several dozen historic and contemporary works of criticism, personal essays, and letters, by feminist and anti-feminist thinkers, consider changing images of romantic love and whether romance, fundamentally, weakens or empowers women. Contributors include Jean-Jacques Rousseau, Charlotte Bronte, Karen Horney, Simone de Beauvoir, Rita Mae Brown, bell hooks, Vivian Gornick, and Carolyn Heilbrun. c. Book News Inc.

A Craving Vacancy - Susan Ostrov Weisser 1997

What is the problem of sexual love? Neither inclusive of all aspects of sexuality nor fully synonymous with the idealized mythos of romantic love, sexual love as desire is marked by the highly charged intersection of sexuality and romantic love; it is a space where gender is imagined and enacted. In *A Craving Vacancy*, Susan Ostrov Weisser examines sexuality in the context of changing ideas of romantic love and femininity in Victorian Britain. Focusing her analysis on the works of Samuel Richardson, George Eliot, and Emily and Charlotte Bronte, Weisser reveals the complex relationship between conceptions of romantic passion and ideologies of sexuality. She illuminates the Victorian period as a time when these conceptions were shifting according to changing ideas of gender. With close attention to textual details, she introduces the concept of Moral Femininity, placing it in useful opposition to the competing Victorian ideal of the Lady. By forging a direct link between sexuality and romantic love ideology in the 19th century, and by highlighting the way in which the literary preoccupation with these subjects arises from

anxieties about the construction of gender, *A Craving Vacancy* breaks important new ground. **Brontë Studies** - 2006

Jane Eyre - Charlotte Bronte, Updated Edition - Charlotte Bronte 2014-09-23

Presents a collection of nine critical essays about the novel *Jane Eyre* by Charlotte Bronte.

Women and Sexual Love in the British Novel, 1740-1880 - 1997

Feminist Nightmares: Women At Odds - Susan Ostrov Weisser 1994-10

Though all women are women, no woman is only a woman, wrote Elizabeth Spelman in *The Inessential Woman*. Gone are the days when feminism translated simply into the advocacy of equality for women. Women's interests are not always aligned; race, class, and sexuality complicate the equation. In recent years, feminist ideologies have become increasingly diverse. Today, one feminist's most ardent political opponent may well be another feminist. As feminism grows increasingly diverse, the time has come to ask a painful and frequently avoided question: what does it mean for women to oppress women? This pathbreaking, provocative anthology addresses this troublesome dilemma from various feminist perspectives, offering an interdisciplinary collection of writings that widens our understanding of oppression to take into account women who are at odds. The book examines the social, political, and psychological ramifications of this phenomenon, as evidenced in a range of texts, from women's antislavery writing to women's anti-abortion writing, from mother-daughter incest stories to maternal surrogacy narratives, from the Bible to the popular romance novel, from Jane Austen to Alice Walker. The value of the volume is perhaps best summed up by an early response to the idea—This is a book that should never be written; feminists should concentrate on how men oppress women. Ironically, it is precisely because the subject triggers such responses, the authors argue, that a volume such as *Feminist Nightmares* has become a necessity.

The Lives and Letters of an Eighteenth-century Circle of Acquaintance - Temma F. Berg 2006

"While most of the letter writers are unknown,

four achieved prominence - the author Charlotte Lennox, the Reverend Thomas Winstanley, the navigator Charles Clerke, and the bluestocking Susannah Dobson. This book presents new perspectives on Lennox's and Winstanley's domestic lives, Clerke's ambiguous encounters with indigenous peoples, and Dobson's mysterious sexuality." "This book will appeal to eighteenth-century scholars as well as to scholars in women's and cultural studies. It will

also be of interest to postcolonial, queer, and other literary theorists."--BOOK JACKET.
