Macro Cultural Psychology - Carl Ratner 2012

"Macro... explains how macro cultural factors--social institutions, cultural artifacts, and cultural concepts--are the cornerstones of society and how they form the origins and characteristics of psychological phenomena. This theory is used to explain the diversity of psychological phenomena such as emotions, self, intelligence, sexuality, memory, reasoning, perception, developmental processes, and mental illness. Ratner draws upon Lev Vygotsky's sociocultural psychology, Urie Bronfenbrenner's ecological psychology, as well as work in sociology, anthropology, history, and geography. He also explores the political implications and assumptions of psychological theories regarding social policy and reform. The theory outlined here addresses current theoretical and political issues, such as agency, realism, objectivity, subjectivism, structuralism, postmodernism, and multiculturalism..."--Jacket.

*The Hookup List* - Dakota Madison 2014-01-30

Mine. I liked the sound of that word. Whenever I thought about Ana, when I thought about having her naked in my bed, my fantasies always included her telling me that she was mine. It was a small word, only four letters, yet it meant so much. In some ways, it was everything. A FRESHMAN, HER ROOMMATE, A GUY and A LIST... THE FRESHMAN: Ana Alves came to college for one reason--to be the first person in her immigrant family to earn a degree. She doesn't want anything to derail her from her pre-med studies, especially a guy. HER ROOMMATE: Nicki Payne is ready to party and she doesn't waste any time hooking up with a guy in a frat house bathroom. Her motto: College is a time to be young, wild and free. A GUY: Christopher Knight is the easy-going English major with a sexy smile and killer body who sits next to Ana in her Shakespeare class. Ana finds Christopher intriguing. She just doesn't want to admit that she's falling for him. THE HOOKUP LIST: A list of freshman girls who are ready for action that's circulated to the freshman guys via a weekly Listserv. When Nicki Payne is one of the first girls featured on The Hookup List, guys start knocking on her dorm door at all hours of the day and night looking to score... Teenage Girls - Ginny Olson 2008-11-04

Girls are more than just sugar and spice. We've all figured that out. What we haven't figured out completely is how they're wired, why they do the things they do, how the world around them affects their choices and opinions, and what that means for youth ministry--until now. In Teenage Girls, you'll find advice from counselors and veteran youth workers, along with helpful suggestions on how to minister to teenage girls. Each chapter includes discussion questions to help you and other youth workers process the issues your own students face and learn how you can help them and mentor them through this tumultuous time. In addition to the traditional issues people commonly associate with girls, such as eating disorders, self-image issues, and depression, author Ginny Olson will guide you through some of the new issues on the rise in girls' lives. You'll understand more about issues related to: Family • Addiction • Emotional well-being • Mentalhealth • Physical welfare • Sexuality • Spirituality • Relationships

College Hookup Culture and Christian Ethics - Jennifer Erin Beste 2018

What happens at college parties? Why do students dress and behave the way they do? Who has power, and what kind? And are college students happy overall with party and hookup culture? In response to undergraduates' skepticism of researchers' accounts of hookup culture, the author engaged 126 college students as ethnographers to observe and analyze this complex social reality at parties.

The End of Sex - Donna Freitas 2013-04-02

Hookup culture dominates the lives of college students today. Most

students spend hours agonizing over their hopes for Friday night and, later, dissecting the evenings' successes or failures, often wishing that the social contract of the hookup would allow them to ask for more out of sexual intimacy. The pressure to participate comes from all directions -- from peers, the media, and even parents. But how do these expectations affect students themselves? And why aren't parents and universities helping students make better-informed decisions about sex and relationships? In *The End of Sex*, Donna Freitas draws on her own extensive research to reveal what young men and women really want when it comes to sex and romance. Surveying thousands of college students and conducting extensive one-on-one interviews at religious, secular public, and secular private schools, Freitas discovered that many students -- men and women alike -- are deeply unhappy with hookup culture. Meaningless hookups have led them to associate sexuality with ambivalence, boredom, isolation, and loneliness, yet they tend to accept hooking up as an unavoidable part of college life. Freitas argues that, until students realize that there are many avenues that lead to sex and long-term relationships, the vast majority will continue to miss out on the romance, intimacy, and satisfying sex they deserve. An honest, sympathetic portrait of the challenges of young adulthood, *The End of Sex* will strike a chord with undergraduates, parents, and faculty members who feel that students deserve more than an endless cycle of boozy one night stands. Freitas offers a refreshing take on this charged topic -- and a solution that depends not on premarital abstinence or unfettered sexuality, but rather a healthy path between the two.

*Hooking Up* - Kathleen A. Bogle 2008

A closer look into the new sexual culture on college campuses It happens every weekend: In a haze of hormones and alcohol, groups of male and female college students meet at a frat party, a bar, or hanging out in a dorm room, and then hook up for an evening of sex first, questions later. As casually as the sexual encounter begins, so it often ends with no strings attached; after all, it was "just a hook up." While a hook up might mean anything from kissing to oral sex to going all the way, the lack of commitment is paramount. *Hooking Up* is an intimate look at how and why college students get together, what hooking up means to them, and why it has replaced dating on college campuses. In surprisingly frank interviews, students reveal the circumstances that have led to the rise of the booty call and the death of dinner-and-a-movie. Whether it is an expression of postfeminist independence or a form of youthful rebellion, hooking up has become the only game in town on many campuses. In *Hooking Up*, Kathleen A. Bogle argues that college life itself promotes casual relationships among students on campus. The book sheds light on everything from the differences in what young men and women want from a hook up to why freshmen girls are more likely to hook up than their upper-class sisters and the effects this period has on the sexual and romantic relationships of both men and women after college.

Importantly, she shows us that the standards for young men and women are not as different as they used to be, as women talk about "friends with benefits" and "one and done" hook ups. Breaking through many misconceptions about casual sex on college campuses, *Hooking Up* is the first book to understand the new sexual culture on its own terms, with vivid real-life stories of young men and women as they navigate the newest sexual revolution.

Will it ever end? • Is it ok to shave my hair down there? • If I keep looking at other girls in the locker room, does that mean I'm gay? • Am I the only girl who isn't having sex? • Is oral sex really “sex”? • If I've only had oral sex, then I'm still a virgin, right? • There's a guy at school who says he wants to hook up with me. **PUA Is Bullshit for Dating and Seduction** - Jim Suski 2018-06-28

Pick Up Artists learnt about girls in school while you were in your room cramming for your exams' - Now they have all the girls and no money - and you have all the money but no girls ... " "...the best men are often the worst at approaching and seducing...for a women it sometimes takes two tequilas before good looking Joe Normal by the water cooler stops acting like such a "damm "wimp"... Pick Up Artists are full of bullshit! What women really want and why men are so bad at approaching. The mindset men need for women - Why a woman's "boyfriend material" acts so "creepy". "...men have always loved to hunt. 100 years ago they hunted tigers. Men who hunted years displayed the skin of the dead tiger with especial pride. A tiger hunter was greatly respected by his fellow man and held in awe by women. This was because tiger hunting was damm dangerous. Ok the man had a heavy calibre rifle capable of packing a tiger stopping bullet of over 4,000 joules (if you don't know guns - that's a friggin' big bullet). But to hit the tiger with that "friggin' big bullet", he had to... - Recognize the threat, - Find out where the threat is coming from. - Release the safety catch. - Move their body and point the gun at the threat. - Take aim (at a fast moving target). - Fire and hit the tiger in a part of the body that would kill it instantly. While this was happening the tiger has the advantage of... - Natural camouflage - Being an excellent natural hunter and stalker - Able to move over short distances very very fast. - Kill instantly, violently and quickly. No wonder tiger hunters were so respected. To kill a tiger you had to have big, big balls. This was not just "fun" it carried a very real possibility of a swift and very gory death. To hunt tigers the man had to have more than just a good gun. They had to have knowledge. They had to "Know the Beast". Know its nature, its habits and its powers. The gun was not enough. The same is your fear of rejection by a woman. That is your "beast". To cope with rejection you must "know the Beast". You must recognize its power. Forget what you have been told about how you should feel if a woman rejects you. She is rejecting you for sex. Sex is your most important mission, more important than defending yourself and your friends, more important than being a provider. The pain is real, the pain is powerful, it is strong. Rejection is more damaging to your self-esteem than being called a coward, more hurtful than being fired by your boss for incompetence. Stop telling yourself that it's not personal, that she is not in the mood, that she is weird / frigid etc. It's you; yes you absolutely and personally. Your manliness has been measured, judged evaluated and come up wanting. End of story! Your coping strategy is to "know the beast" and your sense of duty and mission. The tiger hunter who hunted with a rife for sport was considered to have big balls. Brave hunters, the most respected defended their loved ones in the tribe with no more than a spear - they were adored by their peers and idolized by the women - they had to have wheelbarrows to carry their balls. But those with the greatest balls, those whose feats were told through generations who were held up to be great hunters/ warriors. Those whose names are mentioned in hushed tones by their grandchildren and great grandchildren? They are the warriors that past their prime, with weakened arms and trembling knees, with their eyesight cloudy and their strength faded still walked out of the village to confront the Beast and in doing so to fulfil their destiny and their duty. There is no wheelbarrow built big enough to carry their balls! ..."
