Find Out Anything From Anyone, Anytime - James O. Pyle 2014-01-20

“A new book by an army intelligence interrogator could help you get the answers to your most pressing questions.” —Time The secret to finding out anything you want to know is amazingly simple: Ask good questions. Most people trip through life asking bad questions—of teachers, friends, coworkers, clients, prospects, experts, and suspects. Even people trained in questioning, such as journalists and lawyers, commonly ask questions that get partial or misleading answers. People in any profession will immediately benefit by developing the skill and art of good questioning. Find Out Anything From Anyone, Anytime will give you the power to: Identify and practice good questioning techniques Recognize types of questions to avoid Know the questions required when hearing unconfirmed reports or gossip Practice good listening techniques and exploit all leads Determine when and how to control the conversation Gain real expertise fast Within professional interrogation circles, author James Pyle is known as a strategic debriefer—meaning there is no one around him more skilled at asking questions and getting answers. He has been training other interrogators in questioning techniques since 1989. “With his style of questioning alone, Jim Pyle can get more information than most other interrogators using multiple techniques.” —Gregory Hartley, co-author of How to Spot a Liar

Alice in Wonderland - Lewis Carroll 2009-01-01

Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influence generations of fiction writing.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others.

You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Easiest Way to Meet and Pick Up Girls-Ever!! - Dusty White 2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

Forget internet dating, Evie can only meet a man the way that Sally met Harry, or Hugh Grant meets anyone. Cue her entering into one ridiculous romcom scenario after another. But can life ever be like the movies? Of course, real life is never that straightforward . . . For readers who enjoyed Hot Mess, Everything I Know About Love and To All The Boys I've Loved Before

The Art of Asking - Amanda Palmer 2014-11-11

Rock star, crowdfunding pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for-as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional, philosophical, and practical aspects of The Art of Asking. Part manifesto, part revelation, this is the story of an artist struggling with the new rules of exchange in the twenty-first century, both on and off the Internet. The Art of Asking will inspire readers to rethink their own ideas about asking, giving, art, and love.
