When she was just four days old, her parents learned she would need heart surgery. They had no idea that her future held multiple surgeries and even more unexpected challenges. Sixteen years later, as Jessica sat in her cardiologist's office for a routine checkup, he told her and her mom that there was nothing more he could do for her. Jessica needed a heart transplant. Three weeks later, Jessica underwent heart transplant surgery. Her recovery was long, but good—but about ten years later, she learned that she was in desperate need of a new

Secret to Modern Woman's Heart (I and II) - Hemant Pandey 2017-08-27
This gentlemen is so underrated ! I have purchased the book written by him and oh boy, it was pure gold. You have changed my entire notion of thinking about the girls. Bless you sir. Keep writing." (Via Quora Comments) Ever wondered what women really want and why? Why your girlfriend behaves irrationally ? Author writes on Quora (2500 followers, 3 million views) and runs his own blog (Hemantpandeyblog.com). Book Rated 4.33 on Good Reads. Hemant was a typical die hard romantic, writing love sonnets and letters to women he loved. Even after pouring his heart out he faced countless problems with women in his life. Changing mood of girls, suddenly going cold, neglecting etc. He started by classic psychology textbooks and was utterly disappointed. d104books teach nothing about women psychology or seduction (May be due to its

controversial nature), similar to reproductive systems being treated in biology textbooks. Author started his quest in other seduction books. (Just like we learn sex through porn). The problem was immense again. Many of these books are fake and the methods simply don't work. Out of 1000s of pick up artist books and seduction material on 100s of websites, only a handful worked. It took 10 years for author to try and test almost all books on the subject. Second problem was that although these methods really work (No doubt about it), these books never teach you why they work. All methods are basically trial and error. In this book author solved these two problems. All material reinvented (10 years research) and rewritten (modified) by avoiding those which never work. Author devised 100s of entirely new methods which really work in any given scenario with any girl for any man (irrespective of his looks or personality). Every method discussed is supported by logic.
