The Breath of Horse Crazy - Lynn Baber 2019-03-28

Horses make Dreams. Come. True. Horses live, move, and think at the speed of trust, and unlike some people, horses can't be bought. The end of the rainbow for horse-crazy ladies is transformation; becoming more than they were alone. Horses tell you things about yourself you don't already know. Horses are as true to their nature as you are, never believing things about themselves that aren't real. "I slept on that horse, and ate breakfast, lunch, and dinner on the toy Wonder pony. When I woke out of a dead sleep I cried, because I wasn't done riding my Wonder horse. From that moment, the breath of horse-crazy was instilled in me." - Jessica Shively Until I was thirty-three years old, I kept the dream of horses alive in my heart, doing everything possible to ride, pet, talk to, or simply be near one. This book is for my sisters in the Realm of Horses, those living the dream and those still clinging to the hope that one day hers will come true. My years as an equine entrepreneur taught me lessons I couldn't learn anywhere else because each one either blessed my heart or broke it. Horse-crazy isn't a fad. It's true love. I'm so grateful to my Sisters of the Realm, generous women who share their memories and hearts with readers. Even if youth is a memory and you aren't living your horse dream yet, don't let it fade. For some the dream takes wings as a little girl and for others it arrives with wrinkles and grandchildren. Girls and horses go together like moss on a north-facing rock. Some of my sisters in the Realm of Horses come late to the party but have just as much fun. Why do women love horses? Husband, fathers, and sons try to understand us but often give up, accepting that the woman in his life was born that way and it's better to accept than resist. If you're in the sisterhood of horsewomen, I invite you to share the dream.

Crazy in Love - jetaime0830

This is the book 1 of Crazy in Love. What will you do when you are fucking in love with someone who doesn't love you back then woke up the next day forced to marry another girl you don't even know or love? "Where the hell have you been, Hannah?" I turned around as she yelled from my back, full of hate in her eyes, grabbing my arm, pulling me inside, and laying me on the couch violently. I was shocked by her presumption. "You're still my fucking wife, Hannah. You are mine, don't ever forget that," she leaned on me as she held both my hands, feeling her grip trembling in rage. I was motionless and speechless... "What? is she great? Is she making you cum more than me? Are you not satisfied with my performance? I can do it again, you fucking whore" her face was dark, her voice crack and hatred in every word she spits out. She slips forcibly her finger inside my panty and stroke my vagina, feeling my wetness. I slapped her hard. I was hurt by what she said. I could never imagine those words coming out from her. Where's the Ally I have known? Everything is my fault. I can't blame her if she started to treat me this way. I might hurt her ego. Even we agreed not to intrude on others' lives still. It's not going to work the way we want it to be. "Fucked Hannah, you are my wife. I can do whatever I want!" she shouted as she ripped my clothes and held me tighter. Ally got even angrier when I slapped her, struggling, but I didn't have a match on her. Ally kissed me forcibly started to touch me out of love, stroking my breast, playing her fingers into my clit, burning with only lust.

Texting Women - Cristiano Marquez 2019-11-22

If you are reading my book's description it's because maybe you are having trouble finding a girlfriend, isn't it? It's likely that among the photos you posted online there isn't one in which you look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman. Or maybe your girlfriend never texts you until you do, and when she answers, hours later, it's with a simple or . Or perhaps you're one of those guys who's convinced he can get the attention of a beautiful girl by simply texting her " Hi! " or " Hey! "? I guess I must give you a hint then, pal: Women are different from men! And naturally, they think differently, they love differently! And this is because before loving with their body women always love with their mind... In my book, "Texting Women", I give you the right tips, quick and simple, to learn everything there is to know about texting a woman, and especially to understand how to get the timing right. In your opinion, what's every man's main goal when texting a woman he likes? Easy! That she always texts him back - the sooner the better - and eagerly! But clearly, to be able get there one must study the

method and train hard - as if it were a physical activity - and put all of the following steps into practice: Mindset: work on yourself. Remember how as a child you were told to always be yourself? Well, forget that! Unless you want to die alone... The thing is, there is no "self". Which self? There can be many different selves, you can be whatever you want, you can improve: To manipulate girls, first you must be able to manipulate yourself. Skills: The main skill consists in figuring out who is the girl you're writing to, what she likes, what language frequencies she travels on. By doing that, you will be able to become the mirror in which she sees herself, and in you and in your texts she will recognize a part of herself and of her mind. Techniques: The right techniques allow you to seduce girls by doing nothing, you have to get to the point where, whatever you write them, they start answering with long messages, as if they were talking about themselves with a psychologist. This way girls feel like they're seducing themselves with their own mind and will increasingly feel the need to answer your texts. Secrets: once you have completed all the previous steps, you should not be in a hurry to meet or see them, enjoy the moment and let them stew in their own juice. Raise the conversation's level by talking about spicy stuff, that's when they'll go crazy, and that's how when you'll see them in person they will already be completely obsessed with you and they will be yours. In the end it's going to be you the one not texting them back.

THE SEDUCTION HANDBOOK FOR SHY GUYS - Paola Rubio 2022-05-24

This book has been written by Paola, the typical girl of the next door, in order to beat your shyness, to make you gain self-confidence and make you loosen up when it comes to approach women. Paola will help you overcome your fears, anxieties and insecurities, so that you can establish a relationship with women with spontaneity and success. No magical formula, no pretentious and seductive playboy ready to become your

guru disclosing arrogantly his precious seductive secrets. Here, you will just find a friend, why not, maybe a potential "friend with a benefit", who, with the maximum complicity of the case, looking in your eyes and holding your hand, will reassure you and push you towards new goals and seduction aims! FROM PAOLA'S INTRODUCTION Hello and welcome to the world of seduction for shy guys. Let me introduce myself: I am Paola, medium stature, brown hair with light eyes, I am a simple and joyful person, I have a job, a dog, hobbies and friends... well, I bet you recognized me: I'm here to guide you to the discovery of seduction. Sure enough, I was asked to write a book because, according to everyone, I am able to make men feel comfortable, creating a calm and enjoyable atmosphere. So, for this reason I'm addressing the people who like you, are shy and who would like to have a capable friend who could help breaking the ice with women. Maybe you're thinking that you're the only guy who's not able to approach girls you like, and all around, you see over and over again less attractive, interesting and funny men... always in company! Have you ever wondered what they have in addition in comparison with you? Do you think they have a secret move to make all girls go crazy for them? I can assure you that they do not have any secret move: often, you can win a woman over by using a word in the right moment, a nice action, a joke: well, the so-called soul willingness. You just have to put your terrible shyness apart (or use it in your favour: I will explain it!) Anyway, you have to know that you're in good company: as a matter of fact, shyness is really common among you guys, and from my experiences, I convinced myself that this causes "blocks" when a man tries to approach a woman, even if inside he would do anything to talk to her calmly. Good, it's time to make a break. I want to teach you how to overcome this problem, that right now could seem insuperable. We can also say that, nowadays, women seem free, strong, independent and this could create a lot of confusion in men. Maybe as a child you grew up with stereotypes that clash with reality: it's true, there aren't any princesses waiting for the prince charming. But do not forget that little girls too used to read the same fairy tales, and every girl, deep inside, dream of living one. So, where is the catch? Believe me if I tell you that this is a matter of points of view. For example, did you know that shy people are great observers, reflective people and in general more intelligent than anyone else? You just have to find your strength points and turn them in your advantage. How? We will see how together. For now, you just have to consider that I will bring you out from your dolt shell, and after reading and putting into practice my advices, your relationship with women will improve in a surprising way. We will start by trying to understand what kind of shy man you are; then we will work together in order to turn you into a more self-confident man; we will take a look at the female universe to understand in a better way women, their weak points, what they love and what they hate; then, I will show you some typical situation in which you can find yourself when it comes to approach a girl; I will explain to you what to do and what to say, and lastly I will give you some easy but also valid tricks to win the woman of your dreams over.
