Fight Back Legal Abuse - Rose Colombo 2010-07-30

Rose Colombo hit the news when she asked the question, "How much justice can you afford?" Colombo said she walked into the courtroom of no justice wealthy and walked out of the courtroom poor after she was thrust into the dark side of justice and felt as if she had been stripped of her freedom and thrown into a concentration camp with no rights. Most people know nothing about the legal system. We must not go down to their level but must force them to come up to our level.

Blood Ecstasy - Tessa Dawn 2016-05-26

Some wounds run deeper than others. Some tragedies never heal. Some enemies just won't give up... Julien Lacusta is a troubled soul, born into tragic circumstances, and raised in a violent time. Despite being a Master Warrior in the house of Jadon, and one of the most elite trackers the Vampyr have ever seen, he is damaged to the core: tormented by endless shadows, haunted by unseen ghosts. And he knows—by all the celestial gods; he knows—that if he ever releases those demons, the beasts that lurk within, there will be hell, fire, and brimstone to pay. The very earth will suffer. Rebecca Johnston is fighting hellhounds of her own: a stalker who won't let her go, an enemy she cannot defeat, a life that is no longer safe...or free. When she ventures into Dark Moon Vale to raise funds for a worthy cause, she has no idea that she is knocking on the door of fate. She has no idea that an ancient Blood Moon and an inescapable dark Curse are about to change her life. Caught in a web of ever-increasing danger, the machinations of an ancient foe, and a burgeoning house of lies, Julien and Rebecca must summon their courage, face their fears head-on, and fight their way through the chemical allure of BLOOD ECSTASY.

Beneath the Bleak New Moon - Debra Purdy Kong 2021-05-18

What happens when a street race down a busy Vancouver thoroughfare goes horribly wrong and a pedestrian dies? And what happens when it happens again, deliberately? The third installment in the Casey Holland Mysteries is a wild ride that will hold you in suspense until the end. "A good read with urban grit and a spicy climax." -- The Hamilton Spectator *Kings Corners* - Randy H. Greer 2011-05-16

From the pages of a lost journal comes the true story of a small town police officer in the 1980s. Author, Randy H. Greer, details his experiences fighting crime in an era when resources were slim, backup was far away, and danger was often present. Equipped only with a badge

and revolver Greer patrolled the streets and back roads of this rural community battling ruffians, gun runners, thieves, killers, and even town officials. Greer's memoirs include accounts of manhunts and murders, sheriffs and shenanigans, triumphs and tragedies, punctuated with historical events of the region. Working the night shift, Greer shares details of a world virtually unknown by most, a world where criminal activity hides under the cover of darkness. A personal account of the life and times of a small town police officer, this book serves as a tribute to those who dedicate their lives to protect and serve.

Running Hot - HelenKay Dimon 2014-12-16

HelenKay Dimon kicks off her hot new romantic suspense series, *Bad Boys Undercover*, featuring the fierce men of Alliance— and the only women capable of taming their hearts. Camped out at a resort bar in Fiji, CIA operative Ward Bennett may look like he's on vacation but he's really deep undercover, hunting a dictator on the run. Ward may be on the job, but that doesn't mean there isn't time for the sexy female bartender. That is, until she drugs him. When Tasha Gregory discovers the hottie on the barstool isn't who he pretends to be, her MI6 training kicks into gear, and she has no choice but to take him out. Problem is, Ward's not an easy man to put down for long. More than once, his interference almost blows her surveillance operation—and her ability to keep her heart to herself. As the situation heats up, these two must decide whether they can trust one another—and quick. Working together might just make everyone safer, but getting close enough for comfort ... might just get them killed.

You Do Have Perrier, Don't You? - Anthony Cavallo 2009-09

I started in fine dining the summer of '79. At the time Perrier was the rage. The in thing was to order, and be heard ordering, Perrier. This bottle sat on everyone's table - an excellent drink with dinner and wine. My book is a collection of memories that I recall all too often - thoughts of events that occurred over twenty-five years that are too interesting not to be told. The best I can do is let you read about them. I wish I could tell you....I wish you were there. Being a waiter, and especially a maitre d', was fun not knowing what unique experience would occur today, and involve me. Unintentionally and willingly I had the best job of my life. If any waiter, or restaurant employee, or any type of worker had a more interesting or exciting job than I, more power to them.

Lucky 666 - Bob Drury 2016-10-25

The "untold story of friendship, heroism and survival in World War II"-- Book jacket.

The Gothic Tradition in Supernatural - Melissa Edmundson 2016-04-13

The CW's long-running series *Supernatural* follows the adventures of brothers Sam and Dean Winchester as they pursue the "family business" of hunting supernatural beings. Blending monster-of-the-week storylines with the unfolding saga of the brothers' often troubled relationship, the show represents Gothic concerns of anxiety, the monstrous, family trauma and, of course, the supernatural. The lines between human and monster, good and evil, are blurred and individual identities and motivations resist easy categorization. This collection of new essays

examines how the series both incorporates and complicates Gothic elements related to traditional tropes, storytelling, women and gender issues and monstrosity.

Whiskey and Dragon Fire - Marilyn Peake 2018-02-15

It's hard to resist a man as smooth and hot as a glass of fine whiskey. Rose Cooper trades her Wall Street job and abusive boyfriend for a peaceful life in an Irish village. Working as barmaid in a local pub, she's content. That is, until the gorgeous man with copper-colored skin, green eyes and golden hair walks into the bar and completely captivates her. When a fire begins raging out of control in the mountains surrounding the village, locals nickname it Dragon's Breath. Little do they know how close they've come to identifying the truth. *Whiskey and Dragon Fire* is a Paranormal Romance novella with some adult content.

The House of Wonders - Kirby Record 2016-08-04

The House of Wonders By Kirby Record and Manouchehr Hosseinzadeh The House of Wonders is a mythic tale from the imaginary Kingdom of Ajayeeb, set in the Middle East. This book is a satirical depiction of the hypocrisies of government leaders—both Eurocentric and Middle Eastern—as they ruthlessly pursue their own interests at the expense of their countries and people. The book's protagonists consist of the uneducated and foolish Emir Hallaku, his immature teenage son, Allameh, and the Emir's illegitimate son, Tallal Marouf, a precocious and charismatic young man, who alone might raise the consciousness of his father and preserve the Kingdom. Meanwhile, the Emir's Queen Mother and her equally sinister paramour, General Shefiq, work ceaselessly for greater shares of the Kingdom's power and wealth. What begins as a hilarious, even leisurely tale builds steadily into a tense thriller, as the irresistible forces of change clash with the unmovable wall of blind tradition. Will the Emir ever acknowledge Tallal as his son and do what he can to lessen the suffering of the Ajayeebian people? Can the Emir and his sons find a way to counter the dire threats, both domestic and foreign, that surround them?

One Murder at a Time: A Casebook - Richard A. Lupoff 2013-04-11

Is it really over? Have Hobart Lindsey and Marvia Plum solved their last case? Lindsey, the mild-mannered bachelor insurance adjuster. Plum, the tough inner-city cop and single mom. You can hardly think of an odder couple, but somehow they were able to bring out the best in each other. Through a series of eight novels that carried them from California to Louisiana, from Denver to Chicago to New York to Rome, they explored the eccentricities of American pop culture, from comic books to race movies, from classic cars to sleazy gangster novels. And now...is this really the end? *One Murder at a Time* chronicles eight shorter cases of Lindsey and Plum, originally published in magazines and anthologies in the United States and Great Britain. Bonus material in this surprising book are the complete text of "Death in the Ditch," the McGuffin in The Cover Girl Killer, as well as "Yesterday Calling," the complete radio scripts of The Radio Red Killer. And the biggest treat of all--an alternate ending that was omitted from The Emerald Cat Killer, something that will delight every Lindsey and Plum fan. First-rate mystery and suspense writing from a master of the genre!

The Old Man from Leftfield - Neil McKee 2014-10-17

When I was a kid in the late 1950s, while I was a student at Paoli Elementary School, I read the famous children's book that talks about the Kid from Leftfield. Also around that time, I always said to myself, "What is it going to be like in the year 2000? I'll be fifty years old!" I couldn't comprehend being that old; the thought of it scared me, and I'd probably be in a wheelchair or something worse. I bet a lot of people my age thought the same thing. This is the story of what that kid did when he reached the age of fifty.

Where the Boys (and Girls) Were!: The Fun and Sun History of Fort Lauderdale Beach - Dan Santoro 2015-11-19

Once upon a time there was a sleepy oceanside town in South Florida that came to life for only two weeks every springtime. Then a midwestern English professor wrote a cheeky novel based on his observations of college guys and girls on Spring Break 1959 as they chased each other across the surf and sand in search of that perfect someone. When the novel *Where the Boys Are* was released in early 1960 and the movie version debuted at the end of that year, it put Fort Lauderdale on the lips and to-do lists of millions of North American college students and other fun-seekers for much of the next three decades. The city dubbed "The Venice of America" welcomed everyone and the party still hasn't stopped!

Mariko Marie Marina - Marina DiMaggio 2023-02-06

In Japan I was Mariko, in Germany I was Marie, and now I am Marina. A child of three lands, proud of each, unable to say where each began and

ended within me. I decided to write a book so my family could know the life I have been so fortunate to live. This is my story, previously unknown to them. "Mariko" was born in Yokohama, Japan, in 1932. Her name meant "of the sea" after her father who was a seaman. He was from Germany, and this was during pre-World War II tensions. Her mother was from Japan. When her parents married, her mother automatically became a German citizen, as did Mariko. Wartime arrived in 1942 when the United States sought revenge against Japan for the attack on Pearl Harbor. Mariko and her family narrowly avoided the firebombing and subsequent attacks. In late 1946, an order made by U.S. forces, declared that German nationals including those by marriage and birth must leave Japan in a forced repatriation to their home country. "Marie" was born when her family moved to Hamburg, Germany. It had experienced even worse wartime bombing. The family struggled to rebuild their life, but eventually they had a home for their family. When life was finally stable, Marie was able to pursue her dream of becoming a dancer. She later met a U.S. soldier, married and moved to San Francisco. "Marina" led an adventuresome life in America, eventually opening two Japanese restaurants. It was coming full circle, uniting her heritage and her experiences in a tangible way. Marina's life was not always easy, but it was full of love and exploration. It is this history she wanted to document for her children, grandchildren and great-grandchildren, so they would understand how she was a child of three lands.

In this, the author's second book, she addresses what she calls 90% of the job of bartending—everything but making the drink. Bartenders in the biggest city restaurants to the smallest town saloons will both want to keep a copy handy. Cheers.

Blood Betrayal - Tessa Dawn 2017-06-05

Saxson Olaru is one of the select, the few, the elite... As a ruthless sentinel sworn to protect the ancient Vampyr king and the house of Jadon, he has "HOJ" literally inscribed on his heart: a heart that was tragically broken centuries earlier, when human hunters slayed his mother and Dark Ones murdered his father. Having survived the unthinkable, he never dreamed he would come this close to another human predator, let alone a female pretending to be his destiny. Kiera and Kyla Sparrow are twin sisters: humans, living very different lives. While Kiera is selfless, clever, and talented, Kyla is dark, duplicitous, and damaged—she belongs to a secret society of vampire-hunters, and she has sworn to destroy as many as she can. When Saxson's Blood Moon appears in a February sky, and the matching constellation, Cetus the Sea Monster, appears on Kiera's wrist, Kyla knows exactly what it means: The celestial gods have chosen her beautiful sister to be the eternal mate of an immortal vampire—she just doesn't know which one. And it really doesn't matter. If Kyla can recreate the sacred emblem on her own inner wrist, she can take Kiera's place and commit the ultimate Blood Betrayal. When duty, obedience, and honor clash with a deep, gnawing intuition, an honor-bound warrior will be forced to choose between allegiance to the house he loves and the quiet voice within, whispering: "Warning!" One wrong move. One wrong choice. And all will be lost forever.

One Murder at a Time - Richard A. Lupoff 2001-01-01

Seven puzzlers range from police procedurals featuring Marvia Plum and the insurance investigations of Hobart Lindsey to a superbly affecting reunion story.
