**Politiquette** - Nadia Asencio 2015-11-12

Partisanship is destroying the U.S. Whether you're an Independent fed up with your lack of representation in Washington, a moderate Democrat or Republican disappointed by the repeated failures of your party, or a Millennial whose disenchantment with our current political system has turned into apathy, you have options and the power to turn things around; in fact, We the People have an obligation to do so. But we can't change the current state of affairs until we realize that we're part of the problem: feeding into the fiction of the two party system and fighting amongst ourselves, even as our government creates policies to benefit its corporate friends at the expense of people everywhere. While no one can do everything, we can each do something; our nation's fate in the new millennium depends on it. The first step is effective communication. The first step, is Politiquette.

**It's Okay to Sleep With Him on the First Date** - Andrea Syrtash 2013-06-25

Debunks common dating myths that breed cynicism, insecurity, and anxiety, and provides advice on dating more effectively from both male and female perspectives.

**The Guyde** - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and

"ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

**F#\*ck the Insecurities** - J C Ragners 2020-08-03

Have a Heart-to-Heart With Your Insecurities and Make Them get Off For Good. For as long as humans have existed, they have been preyed upon by a powerful enemy. One that targets both males and females, old and young. It doesn't care how much money you have, where you live, or how successful you are. It can sicken your mind, make your day a living hell, and hinder your career. And it affects every single person on the planet. Yes, we're talking about self-doubt. It is one of the strongest feelings in the world, one that can take down even the most powerful individuals and can cause mayhem in anyone's life. There are many causes of insecurity, and it doesn't manifest the same in everyone. Some people hide themselves behind baggy clothes because they don't feel pretty enough. Others stay at home and avoid social events, worried that they might say something "stupid" and embarrass themselves. No matter what form your insecurity takes, the result is always the same: you are missing out on life. You could be out there, making friends, finding love, getting promoted, if your self-doubt wasn't holding you back. It's a tough rival to beat. But just like any other predator, self-doubt has a natural enemy, one that conquers it every time: confidence. Yes, confidence is the king of the jungle. Once you arm yourself with it, you're ready for the battle, and insecurities have no chance against this power. But becoming a strong, confident individual is easier said than done. Or is it? In this book, you'll discover: Simple techniques to break free from those hardwired negative thoughts that are poisoning your mind How to stop comparing yourself to others and eliminate destructive pangs of jealousy Why being perfect sucks, and how you can use your imperfections to your advantage Shocking revelations on self-sabotage, and how to recognize when you're doing it (hint: prepare to be surprised) How to use powerful tools such as CBT and self-talk to fight social anxiety, and rejoin the world How you are unconsciously projecting your insecurity to others by acting a certain way Strategies for boosting your defense mechanism and creating a shield of confidence no insecurity can penetrate And much more. A healthy dose of self-doubt has never hurt anyone. In fact, research suggests it can even help you progress and make you a better, more confident individual. But insecurities are subtle. They start slow, like you hiding your tummy on a beach, or avoiding public speaking. If left unchecked, they can grip you extremely fast and leave you vulnerable, self-conscious, and unsure in your own abilities. But if you react in time and employ confidence as your ally, self-doubt doesn't stand a chance. If you're ready to meet your insecurities on the battlefield, and emerge victorious, then scroll up and click the "Add to Cart" button right now.

**Just Another Teenage Girl** - Isha Nagappan 2016-04-08

Nostalgia is a funny thing, isn't it? Sometimes it reminds us of a period in the past that makes us so very unhappy but sometimes brings to mind, things that gave us the most happiness. These memories, good or bad, are the only things we will be carrying with us, no matter where life takes us. These memories are what make us who we are. I am eighteen years old and going off to college and even though the world would call me an "adult," I still feel like I have so much left to see and learn. Join me, Alisha, as I take a walk down memory lane to a time when teenage drama was at its peak, hashtags were not "cool," the battle with acne was never-ending, feelings for a boy wavered more than an opera singer's voice, when friends and family did not mean two different things, and every single problem seemed to be the end of the world.

Stand with me as I recollect every blunder I committed and be sure to smile with me as I remember all the high moments in life. For all you know, you might even be able to relate to a thing or two. So sit back, relax, and forget all about your drama as you read about mine. Love, Just Another Teenage Girl.

A cold girl discovers freedom where she could never imagine. What will happen when two hearts start to beat as one?

*Totlandia 2-Book Set* - Josie Brown 2018-08-28

THIS 2-BOOK SET CONTAINS THE FIRST TWO NOVELS OF THE ONESIES YEAR—FALL and WINTER—IN AN 8-PART EPISODIC SERIES. Each book completes a story arc, but it includes a series cliffhanger that connects Books 1-4; and then Books 5-8. Description: The Pacific Heights Moms & Tots Club is the most

exclusive children's playgroup in all of San Francisco. For the city's ultra-competitive elite, the club's ten annual spots are the ultimate parenting prize. But not everyone is PHM&TC material. The club's founder, Bettina Connaught Cross, adheres to strict membership rules: Moms only. No single parents or working mothers allowed. Membership is an arduous commitment. And there's no room in the club for scandal, bad behavior, or imperfection...from tots or their moms. In a world of power and prestige, no one has more than Bettina. And as every mom in Pacific Heights knows, you simply cannot cross her. But this year's admissions process is more rigorous than ever, pitting prospective members against each other to prove their mettle. But four of the six candidates vying for the remaining four slots have a secret that would knock them out of the running. Jade is a former stripper and porn actress, who has been absent for most of her son's life. Jillian's husband cleaned out their joint accounts and left her for his pregnant assistant. Ally never even had a husband—just a sperm donor—and she's hiding a high-ranking corporate job. And Lorna fears that her son may have special needs... just the excuse her sister-in-law, Bettina, needs to deny her entry to the club. Can these hopeful moms keep up appearances long enough to outlast the competition? Or will their chances—and their private lives—go up in flames? Friendship. Lies. Seduction. Betrayal. Welcome to Totlandia. PRAISE FOR THE TOTLANDIA SERIES: I love a good mommy send-up as much as the next gal, and this peek into the ridiculousness of the San Francisco upper crust is delightful. Whether or not you've ever had the pleasure (or pain) of joining a playgroup, Brown's tale is as charming as it is cringeworthy. I laughed, I winced, I kept scrolling." —Romantic Times "With affairs, pending divorces, secret jobs, and unsavory pasts, each wannabe member hides something that could blow her chances for good. Like the characters in reality shows such as "Dance Moms," the women in Pacific Heights might be over-the-top, but in the end, the best interests of their kids are (almost) always at heart. Laugh-out-loud funny and sometimes touching, the "Totlandia" novellas serve as the perfect quick read for busy moms or anyone looking to escape with some gossipy fun." —Examiner.com "Josie Brown writes Totlandia with her usual storytelling flair. The dialogue is smooth and flowing. The characters are easy to side with or become angry with, depending on each situation. The scenery is easy to visualize. And we mustn't forget all the sex

(blushworthy, at that) and scandal that is a staple of a true Josie Brown novel. It's like a soap opera for mommies. Guilty pleasure, anyone?" —Melissa Amster, Chick Lit Central "This book is wonderfully written and has more than just drama. There are touching moments, parts that made me laugh out loud, and as I read the story I felt like I was reading a television show!" —Divine Secrets of a Domestic Goddess "Totlandia by Josie Brown was just a real joy to read. I loved the variety of characters, the balance of funny and serious moments, and just the wacky story. I cannot wait to see what is next in the series!" —The Book CellarX "Brown did it again! She wrote a book that is both hysterical and original. She gets at the heart of motherhood and all its glory and shame! Brown loves to develop numerous characters and you sure to connect with one, if not all in some way. She makes you think, with whimsy and fun. I absolutely adore her writing and I cannot wait to drive into Book Two of this series!" —Mommy Book Nerd
