Friday Night James Elward 1969 THE STORIES: In the first play, THE RIVER, two unmarried ladies meet in a cafe to lament the fact that one of them just reached the dangerous age of thirty--which the other (a far more philosophic sort) has long since sailed safely past. Brooding on *Far from Vietnam* Nadia Tesich 2012-04-16 *Far from Vietnam* is a coming of age story that concerns, Ann, an American student living in Paris in the mid-1960s, who discovers herself first as a woman and then as a political activist. Her journey involves other American expatriates and their complicated relationship with French society, her travels to the former Yugoslavia and Greece, which are preludes to her involvement in organizing the first demonstration against the Viet Nam War in Paris, and ultimately to a trip to Cuba, where she sees socialism in action. Written in the immediate and tentative style of a journal, the novel draws us into the intimate world of a dedicated revolutionary who must change her own life before it can continue. Milo Yelesiyevich, Publisher --- The Serbian Classics Press Nadja Tesichs new novel *Far from Vietnam*, is a brilliant work on the level of her previous novels. here she takes on a new locale and time period in her on-going sensitive portrayals of a woman searching for tenderness in a lost world. Laura Shaine Cunningham Nadja teaches a lesson. She teaches of the difference between having money and being high class. And on why the single way to be high class in this world of ours -is to become a revolutionary against the Gordon Gekkos who rule all of us. Nstor Gorojovsky, Journalist, Buenos Aires Praise for *To Die In Chicago* As seen through the eyes of an innocent and idealistic 16-year-old immigrant girl from Yugoslavia, a tale of disillusionment, struggle, and resistance in the American heartland of the 1950s. Beautifully told, deeply felt. Rebecca Clare, Artist and Writer This book surpasses Nadja Tesichs previous brilliant works, *Shadow Partisan* and *Native Land*--She is an interesting literary treasure. **Lifting the Taboo** Sally Cline 1997-03 Illuminated by a profound yet humorous vision, Lifting the Taboo explores the specific relationship women of many colors, cultures, ages, and sexual orientations have to their own deaths, their attitudes towards loss, and their disposition to their role as primary care-givers to the dying. Specifically, the book weighs the implications of breast cancer and examines in detail Alzheimer's Disease which, contrary to popular myth, can in several significant ways be perceived as a women's disease. Investigating mothers' responses to children's deaths, Sally Cline establishes that women's relationships to death are intricately connected to the experience of giving birth. They are, she argues, therefore psychologically and emotionally different from those of men. Cline goes on to examine women's roles and responses to AIDS and suicide, women's sexual relationships while dying, how society views widows as leftover lives, and women's radical work in hospices and death therapy, as well as their roles as female funeral directors.
