**Then Again, Maybe I Won't** Judy Blume 2014-04-29 There is a lot going on in his life that thirteen-year-old Tony Miglione does not really understand--like why his parents suddenly have money enough to buy a house on Long Island, why his mother has changed, why his rich friend Joel shoplifts, why he is obsessed with Joel's sixteen-year-old sister, and why he is having terrible stomach pains.

**Fated Souls** Ellie Wade 2023-07-04 As an author, words have always been my escape. In my mind, I've lived the many versions of happily ever afters I've written for the world to read. I've created swoon-worthy men who would do anything for the women they love. The worlds I've created have left women wishing the stories I've penned were real. Yet my life outside the pages is void of romance and dictated by fear—something I have in abundance while my trust is scarce. I'm terrified of the horrors that could break me and avoid them at all costs. But he found me anyway. I imagine he's every hero I've ever written. I feel him in my bones, and I see him in my dreams. It's as if I was manifesting him into my life all along. He's kind, sexy, and smart...and I deserve to be cherished by him. I write about soul-crushing love because nothing in life comes wrapped in a neat little bow. Love is hard, and the journey is often riddled with obstacles that break our hearts. Yet true love is always worth the battle. I just have to find the courage to fight. I've written so many happily ever afters. It's time I find mine. \*\*\*Book Four in The Beautiful Souls Collection. friendly, isn't he? And how can she say no? But Callum's hug lasts a few seconds too long, and feels...weird. According to her friend, Zara, Mila is being immature and overreacting. Doesn't she know what flirting looks like? But the boys don't leave Mila alone. On the bus. In the halls. During band practice—the one place Mila could always escape. Whether parents like it or not, romance is a part of girls' everyday lives. They see it in the media and hear about it from their friends and older family members. They may be having feelings they're

not even sure how to define. It's all very exciting, but also very confusing for girls. This book helps answer all the questions popping up in her head: How can you tell if a person likes you? How do you tell someone you like them? What if you haven't had a crush yet? And, ugh, what about rejection? **Crush School** Oskar Cymerman 2016-07-28 DON'T READ THIS BOOK. USE IT. There are many zombies walking around your school. They sleepwalk through their classes hoping the information will magically seep into their brain. Then they complain when it doesn't. You see, these zombie students don't know what you are about to find out. It's that YOU CAN LEARN ANYTHING NO MATTER WHERE YOU START. But... You need to know how to learn. This book will show you how. "Crush School" is unique. It is not one of those stiff books that make you want to throw up after you read the first sentence. It's actually written in a conversational format. It feels like the author is talking to you when you read it. It uses stories and examples of classroom situations students often find themselves in. The book explains them from both the student and teacher points of view. The learning strategies that help you crush school are straightforward but not "dumbed-down". Each chapter is short and straight to the point. The book is unlike anything out there. Seriously, the author googled it! While "Crush School" can be used by teachers, it was written for students specifically. It contains teen life, school jokes and humor, but most importantly the strategies to use at school and home to become an awesome student. "Crush School" is not a book. Well, it is... And it isn't... It's more of a GUIDE TO LEARNING ANY SUBJECT. The book is not designed to be read from beginning to end. You can, and it will be helpful, but it's better used by skipping around to the strategies you can use right away. You don't have to suffer through 200 pages of Blah before

you get to the useful stuff, because this book is full of it."Crush School" talks about how your brain learns best and gives you the strategies to do it. You know how some teachers tell you to do something or study something, but never explain why you need to know this stuff? Some even get all mad when you ask why. The author of "Crush School" doesn't stop at telling you WHAT TO DO. He explains WHY IT WORKS."Crush School" is a game changer for students. USE IT AT YOUR OWN RISK.

*White Women Getting Real About Race* Judith M. James 2023-07-03 For many White women teachers and teachers in training - who represent the majority of our teaching force today - the issue of race is fraught with discomfort. It may challenge assumptions, evoke a sense of guilt, or give rise to a fear of

making mistakes or saying the wrong thing. This book presents the first-person stories of White women teachers who tell us not only how they have grappled with race in diverse classrooms, but how they continue to this day to be challenged by issues of color and privilege. These are no stories of heroic feats or achievement of perfection, but stories of self-disclosure that lay bare their authors' emotions, ideas, curiosity, vulnerability, and reflections as they engaged with race, and challenged practices of color blindness and empathetic distance. Avoiding abstract educational lingo, these teachers come clean about the emotional cost of dealing with racism, White privilege, and fear of being racist in our rapidly diversifying schools. Admitting their cultural mistakes, they hope their readers can find a safe place to use theirs for honest dialogue and positive learning. In approaching chapter authors for this book, the editors asked the writers to ask themselves, "Will my well-being and sense of self be at risk if I tell this story?" Recognizing what's at stake, they wanted writers who would be real with themselves. The women in this book hope that their stories will resonate with readers, help them feel less alone, and give them courage to begin a dialogue with colleagues, friends, staff and administrators around race concerns. Each chapter concludes with a few questions to prompt self-reflection at home, or for use as exercises to use in small groups or staff development training.

**Standing in the Shadows of Street Legends** Vernon Lucas 2010-06-01 I have heard it said that we all shall pay for the sins of the father. Someone once told me that when the next generation

has it rough, its because they are reaping what the generation before them has sowed. This is what Creole people would call Blood Magic in the Basement (or so Ive been told). I am Vernon Lucas II and my father was a kingpin in the heroin drug trade. I cant say that my adult life has been easy, but at least as a child I never really wanted for anything. Ive been told that since my family has helped to poison many people in America with illegal drugs, that I was cursed to suffer in my adult life for their sins. I almost believed that for a time. I felt very restless in my adult life and very few goals that I set for myself ever worked out for me. I felt ashamed and even embarrassed by my family, until I began to research the reasons why they did what they did in the first place. My father and his brothers came from very humble beginnings. His mother, my Grandmother was a field hand/housewife and her husband, my Grandfather was a share cropper as well as a bootlegger. They lived, loved and struggled in the segregated south of the early 1900s. There have been rumors about how mean my Grandfather was, but by the time I had to live with him he was much kinder and gentler. My Fathers brother, Frank Lucas was at least 20 years older than he was, so it was natural for him to look up to my Uncle Frank as not only an older brother but also as somewhat of a Father figure. Frank left home at a very early age to make his own way in life and turned to a life of crime out of necessity. He became one of the best at what he did. It was just a matter of time before my father eventually followed in his footsteps. I am by no means condoning what they did in the 60s & 70s I just want to let it be known that they were not Harvard Educated, to say the least and they felt that they didnt have much choice in what they did. To follow their American dream, they sold narcotics and cut out the middle man in doing so. This allowed them to sell it very pure and inexpensive. Needless to say, it pissed a lot of people off. Once they made their fortune, they invested within their community, gave an economic boost to many minorities across America, as well as paying back taxes and

saving the homes of certain celebrities. These were only some of the positive things that they accomplished. The real story is that of the Country Boys. Even though there wouldnt be any Country Boys without the help of my Uncle Frank. The Country Boys and Frank Lucas were 2 completely separate entities. It took the help of the Country boys to expand Frank Lucas empire and even though it started out with number running and narcotics, it eventually became so much more. My father, Vernon (Shorty) Lucas Sr. helped run the Country Boys and with the help of his brothers he was able to pull his family and everyone he knew out of obscurity and poverty. Frank wasnt very proud of what he felt he had to do to make a living so he lied to his mother and told her that he was a business man. When he brought her up north from North Carolina he Lived in New York and set his Parents and most of his siblings up in Northern New Jersey. This autobiographical tale gives firsthand insight on what it was actually like growing up in such a household. I have decided to share at least the first 30 years of my life to show exactly what I personally went through as the son of an American Gangster. It has been an emotional roller coaster for me and I cannot determine which came first; the chicken or the egg. Meaning: Was my lifes emotional instability inherited, or was it caused by the way I had to live? You be the judge. I am hoping this autobiography serves some as a manual as well as entertainment through self education. So in synopsis, what Im trying to convey is that the Lucas family is so much more than this gangster image

**Middle School Matters** Phyllis L. Fagell 2019-08-06 A counselor and popular Washington Post contributor offers a new take on grades 6-8 as a distinct developmental phase--and the perfect time to set up kids to thrive. Middle school is its own important, distinct territory, and yet it's either written off as an uncomfortable rite of passage or lumped in with other developmental phases. Based on her many years working in schools, professional counselor Phyllis Fagell sees these years instead as a critical stage that parents can't afford to ignore (and though "middle school" includes different grades in various regions, Fagell maintains that the ages make more of a difference

than the setting). Though the transition from childhood to adolescence can be tough for kids, this time of rapid physical, intellectual, moral, social, and emotional change is a unique opportunity to proactively build character and confidence. Fagell helps parents use the middle school years as a low-stakes training ground to teach kids the key skills they'll need to thrive now and in the future, including making good friend choices, negotiating conflict, regulating their own emotions, be their own advocates, and more. To answer parents' most common questions and struggles with middle school-aged children, Fagell combines her professional and personal expertise with stories and advice from prominent psychologists, doctors, parents, educators, school professionals, and middle schoolers themselves.

*Knighthood* Xavier J. Fulwood 2022-02-03 What would you do if you woke up one day and suddenly discovered you had superpowers? No need to be specific. What if that superpower could be anything you chose it to be? What would it be? What would you do with it? In the *Knighthood* world, these aren't mere hypothetical questions. It's a reality many face on a day-a-day basis. Superhumans, as they're called, roam all over the globe with powers ranging from great and terrible to just plain odd. While many choose to use these powers for good or neutral purposes, there are even more who would use their skills to cause chaos. From Harlem, New York, watch the birth of a new group of young heroes who have banded together in the effort to make the world a better and safer place for everyone, superhuman and normal. In this chronicle series of their lives, see how they came to be the great heroes and legends of the future, and follow the many struggles they face along the way. It is the age of *Knighthood*.

**Star-Crossed** Barbara Dee 2018-03-13 Twelve-year-old Mattie wrestles with her crush on Gemma as they participate in their school production of *Romeo and Juliet* in what School Library Journal calls "a fine choice for middle school libraries in need of an accessible LGBTQ stories." Twelve-year-old Mattie is thrilled when she learns the eighth grade play will be *Romeo and Juliet*. In particular, she can't wait to share the stage with Gemma Braithwaite, who has been cast as Juliet. Gemma is brilliant, pretty—and British!—and Mattie starts to see her as more than just a friend. But Mattie has also had an on/off crush on her classmate Elijah since, well, forever. Is it possible to have a crush on both boys AND girls? If that wasn't enough to deal with, things

offstage are beginning to resemble their own Shakespearean drama: the cast is fighting, and the boy playing Romeo may not be up to the challenge of the role. And due to a last-minute emergency, Mattie is asked to step up and take over the leading role—opposite Gemma’s Juliet—just as Mattie’s secret crush starts to become not-so-secret in her group of friends. In this funny, sweet, and clever look at the complicated nature of middle school romance, Mattie learns how to become a lead player in her own life.
