**And I Shall Have Some Peace There** Margaret Roach 2011-02-23 Margaret Roach worked at Martha Stewart Living Omnimedia for 15 years, serving as Editorial Director for the last 6. She first made her name in gardening, writing a classic gardening book among other things. She now has a hugely popular gardening blog, "A Way to Garden." But despite the financial and professional rewards of her job, Margaret felt unfulfilled. So she moved to her weekend house upstate in an effort to lead a more authentic life by connecting with her garden and with nature. The memoir she wrote about this journey is funny, quirky, humble--and uplifting--an Eat, Pray, Love without the travel--and allows readers to live out the fantasy of quitting the rat race and getting away from it all.

**God Land** Lyz Lenz 2019-07-19 In the wake of the 2016 election, Lyz Lenz watched as her country and her marriage were torn apart by the competing forces of faith and politics. A mother of two, a Christian, and a lifelong resident of middle America, Lenz was bewildered by the pain and loss around her—the empty churches and the broken hearts. What was happening to faith in the heartland? From drugstores in Sydney, Iowa, to skeet shooting in rural Illinois, to the mega churches

of Minneapolis, Lenz set out to discover the changing forces of faith and tradition in God's country. Part journalism, part memoir, *God Land* is a journey into the heart of a deeply divided America. Lenz visits places of worship across the heartland and speaks to the everyday people who often struggle to keep their churches afloat and to cope in a land of instability. Through a thoughtful interrogation of the effects of faith and religion on our lives, our relationships, and our country, *God Land* investigates whether our divides can ever be bridged and if America can ever come together.

**The Last Thread** Michael Sala 2017-02-27 Michaelis is four when they first move to Australia, leaving behind the cold and the snow and the mud, the flat grey landscape, his father, his mother's family, and everything he has ever known. He is seven when they pack up again and go home, nine when they return to Australia. When you are used to it, leaving is the easiest thing in the world—and where the sea is warm and the days linger, it is easier to forget. But his stepfather is a bully, and the absence of his real father masks a painful truth. Before long, Michaelis learns that no matter how far you go, your past always follows you, trailing questions in its wake. Beginning with memory's first fragments, *The Last Thread* traces a boy's journey into adulthood against a backdrop of family secrets, betrayals and unhealed wounds. Michael Sala was born in the Netherlands in 1975 to a Greek father and a Dutch mother, and first came to Australia in the 1980s. He lives in Newcastle. His critically acclaimed debut, *The Last Thread*, won the 2013 NSW Premier's Award for New Writing and was the regional winner (Pacific) of the 2013 Commonwealth Book Prize. 'Michael Sala has a rare gift: in prose that takes your breath away, he tells a story of heart-rending sorrow without a trace of sentimentality.' Raimond Gaita 'A confronting and compelling story of a family. Sala captures perfectly the puzzled silence of the uncomprehending child in a narrative swollen with unspoken secrets.' Debra Adelaide 'A gutsy, moving, beautifully wrought and utterly compelling work.' Readings Monthly 'There is so much to praise about this book. Michael Sala's prose is clear and unadorned, the setting exquisitely rendered, but it is his characters—all of them flawed and complex and deeply, deeply human—who will stay with me for a very long time. I would defy anyone to read this story and remain unmoved. *The Restorer* is an incredibly powerful novel and, I believe, an important one.' Hannah Kent on *The Restorer*

**100 Nasty Women of History** Hannah Jewell 2017-11-02 'Vital reading' STYLIST '...hooting with laughter - what a swashbuckler that Hannah Jewell is' MARINA HYDE 'Because 100 Nasty Women is so easy to read and witty, I didn't expect it to be the life changing, important book that I'm discovering it to be' PHILIPPA PERRY 'A fantastic addition to your feminist library and historical knowledge.' ANN SHEN, author of *Bad Girls Throughout History* \* \* \* \* \* 100 fascinating and brilliantly written stories about history's bravest, baddest but little known 'nasty' women from across the world. These are the women who were deemed too nasty for their times, too nasty to be recognised, too nasty to be paid for their work and sometimes too nasty to be allowed to live. When you learn about women in history, they're often made out to be shining, glittering souls. But when you hear about these Bold-Yet-Morally-Irreproachable Women of History who were 100% Pure and Good™, you're probably not being told the best bits of her life. You probably missed the part where she: Slept around Wore men's clothes Crashed planes Led a revolution Terrorised the seven seas Wrote ~sensual poetry~ Punched a Nazi (metaphorically, but not always) These are the women you've probably never heard of, but should. Take these stories and tell them to your friends, because everyone should know about the nasty women from history who gave zero f\*cks whatsoever. These are the 100 Nasty Women of History you need to know about.

**The Backyard Parables** Margaret Roach 2013-01-15 Margaret Roach has been harvesting thirty years of backyard parables—deceptively simple, instructive stories from a life spent digging ever deeper—and has distilled them in this memoir along with her best tips for garden making, discouraging all manner of animal and insect opponents, at-home pickling, and more. After ruminating on the bigger picture in her memoir *And I Shall Have Some Peace There*, Margaret Roach has returned to the garden, insisting as ever that we must garden with both our head and heart, or as she expresses it, with "horticultural how-to and woo-woo." In *The Backyard Parables*, Roach uses her fundamental understanding of the natural world, philosophy, and life to explore the

ways that gardening saved and instructed her, and meditates on the science and spirituality of nature, reminding her readers and herself to keep on digging.

Voice and Agency Jeni Klugman 2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women s empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.
