Sex Toys 101 - Rachel Venning 2003-10-02

How to Choose Them, How to Use Them Are you intimidated by your neighborhood sex toy store? Are you baffled by online sex toy shops? Ever wished sex toys came with a user's manual? Well, now they do. Sex Toys 101 is the first fully illustrated, comprehensive guide to the world of sex toys. Practical and authoritative, yet playful and accessible, Sex Toys 101 tells you everything you ever wanted to know but were afraid to ask about sex toys, from vibrators and dildos to lubricants and butt plugs. Authors Rachel Venning and Claire Cavanah, founders of the renowned store Toys in Babeland, offer expert advice about sex toys, such as: what to look for when you shop for one, tips on how to get the most fun out of them, and how to clean and maintain them. Also included are answers to the most frequently asked questions: Will my vibrator give me an electrical shock? Is it possible to become addicted? Could they desensitize me? Will my girlfriend's sex toy replace me? Sex Toys 101 presents much-needed information and gentle encouragement to a wide range of readers, both female and male, gay and straight, from the uninitiated and curious to the avid, experienced sex toy aficionado.

Lesbian Health - Institute of Medicine
1999-05-11

Women's health, as a field of study, is a developing discipline. Health theories in general have been based on studies of men. However, in recent years, more attention has shifted to women's health, realizing the disparities between men and women in relation to their health. During the last two decades, a similar shift has occurred for a group of women—lesbian women—to further identify and specify their health needs. Over the past decade, lesbians have organized to call for attention to the health issues of this community, resulting in several federally funded research initiatives. This book offers a comprehensive view of what is known about lesbian health needs and what questions need further

investigation, including: How do we define who is lesbian? Are there unique health issues for lesbians? Are lesbians at higher or lower risk for such health problems as AIDS, sexually transmitted diseases, breast cancer, mental disorders, and substance abuse? How does homophobia affect lesbian health and the funding of research on lesbian health? How do lesbian health needs fit into the health care system and the larger society? What risk and protective factors shape the physical and mental health of lesbians? The book discusses how to determine which questions to ask about sexual orientation, the need to obtain information without violating privacy, the importance of considering racial and ethnic diversity in the study of lesbians, strategies for exchanging information among researchers and disseminating findings to the public, and mechanisms for supporting greater numbers of researchers. Lesbian Health takes a frank look at the political pressures, community attitudes, and professional concerns uniquely affecting the study of lesbian health issues. The book explores many other issues including the potential for transferring findings in this field to other population groups, including other rare populations and women in general.

Communities in Action - National Academies of Sciences, Engineering, and Medicine 2017-04-27
In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that

Downloaded from
legacy.opendemocracy.net on
2023-04-04 by guest

shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

The Health of Lesbian, Gay, Bisexual, and Transgender People - Institute of Medicine
2011-06-24

At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. The Health of Lesbian, Gay, Bisexual, and Transgender People assesses the state of science on the health status of LGBT populations, identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. The Health of Lesbian, Gay, Bisexual, and Transgender People is a

valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

Cunnilingus - Brian Hodges 2009-12-10

50 ACTUAL ways to lick your lover! Want to master the beautiful art of cunnilingus? You can now learn everything you ever wanted to know about pleasuring the vagina with your mouth... but were too afraid to ask about. This is the most comprehensive book ever made on woman focused oral sex, including 50 mild to wild techniques to try on your lover. This book is the master collection of years of research into various techniques, movements, patterns, speeds, directions, pressure points, and general combinations as it relates to her most feminine of openings. Forget an orgy or a three-way; you can have more fun 1 on 1 just following this book. Open a bottle of wine. Take off her shirt. Take off her bra. Light a candle as she gets topless. Admire her nipples getting hard in anticipation. Take off her pants, so she is almost naked. Take off her panties, so she is fully nude. Lay her down on her back. Open her legs. Then, try any quantity or combination of the 50 steps to really light her fire. This book Includes 100+ illustrations with explanatory text. Straight men, as well as new lesbians can benefit from the techniques in this book. You will travel from her breasts to her ass exploring all of her erogenous zones, but will focus on the most important target; her clitoris, or "clit". Some people will view this as XXX, porn, or NC-17, and it is likely to be banned by some countries... but what it truly is... is a beautiful oral version of the Kama Sutra. Oral meets tantric, with 50 easy to follow steps and ideas to try. Find her own favorite combination of techniques, and keep improving on it....

The Ultimate Guide to Sex and Disability - Cory Silverberg 2016-09-06

The Ultimate Guide to Sex and Disability is the first complete sex guide for people who live with disabilities, pain, illness, or chronic conditions. Useful for absolutely everyone, regardless of age, gender, or sexual orientation, the book addresses a wide range of disabilities — from chronic fatigue, back pain, and asthma to spinal cord injury, hearing and visual impairment, multiple sclerosis, and more. Expertly written by

a medical doctor, a sex educator, and a disability activist, *The Ultimate Guide* provides readers with encouragement, support, and all the information they need to create a sex life that works for them. The authors cover all aspects of sex and disability, including building a positive sexual self-image; positions to minimize stress and maximize pleasure; dealing with fatigue or pain during sex; finding partners and talking with partners about sex and disability; adapting sex toys; and more.

What Do Women Want? - Daniel Bergner
2013-06-20

In this headline-making book, Daniel Bergner turns everything we thought we knew about women's desire on its head. Drawing on extensive research and interviews with renowned behavioural scientists, sexologists, psychologists and everyday women, Daniel Bergner asks: - Do women really crave intimacy and emotional connection? - Are women more disposed to sex with strangers or multiple partners than either science or society have ever let on? - And is 'the fairer sex' actually more sexually aggressive and anarchic than men?

[Lesbian Sex Guide with Over 100 Illustrated Sex Positions](#) - Trish Maine 2016-10-20

She Comes First - Ian Kerner 2019-10-10

Did you know that the clitoris has 8000 nerve

endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

Sex Toys 101 - Rachel Venning 2003

The Karezza Method - John William Lloyd 199?
1931 the Art of Connubial Love. the lover is the artist in touch. Karezza in its perfect form is natural marriage - that clinging, satisfied union of body and soul which true love ever craves and in which ideal marriage consists - and with every repeti.

good way! Click the Buy Now button to start your new journey. Have you been incredibly frustrated by the lack of books on lesbian tantric sex? Do you find that this incredibly straight world is so unfair to lesbians? Have you always wanted to practice tantra, but felt left out because some guru said tantra wasn't for you? Have you been frustrated with your sex life? Then keep reading...

Box Lunch - Diana Cage 2004

Written by a woman experienced on both ends of the oral sex equation, this nuts-and-bolts exploration of cunnilingus is written for both novices and pros, and demystifies the female anatomy with an eye towards making oral sex as satisfying for the giver as it is for the receiver. Explicit, detailed, and enormously entertaining, Cage guides women (and men) through the basics to more advanced topics such as anilingus, G spot stimulation, female ejaculation, and clit pumping.

The Cunnilinguist - Alex B Porter 2019-02

Going down. Eating out. Rug-munching.

Speaking in tongues. No matter what you call cunnilingus, talking about it is sometimes uncomfortable and awkward-Until now. The Cunnilinguist is a refreshingly modern guide to oral sex with a sense of humor. Written by a woman with experience at both ends of the tongue, this guide will build your confidence in giving-or receiving-oral sex. How to Give and Receive Great Oral Sex Did you know that lesbians report more orgasms than straight women and receiving oral sex can double a woman's chance of orgasm? Those are two findings from a large research study into the differences in orgasm frequency among gay, lesbian, bisexual, and heterosexual men and women. However, fear not; The Cunnilinguist has you covered. In #TheCunnilinguist... You'll learn tested tips, tricks and techniques that any giver or receiver can try. The Cunnilinguist: How To Give And Receive Great Oral Sex has insights and tips for readers from beginner to advanced, single to married, and regardless of gender or sexual orientation. You'll learn tips about how to: Find and use pleasure points Move from foreplay to oral sex Overcome fears and insecurities Make sex safe, hygienic and fun You'll learn next-level tips on how to: Change up your positions Use fingers, vibrators and dildos

Incorporate roleplay or power play Spark intimacy before, during and after oral sex And you'll learn what not to do! The Cunnilinguist includes the latest scientific research alongside firsthand advice from a woman with experience on both ends of the tongue. Edited and Foreword by sexuality educator Susan Harper, PhD Selected excerpts below: What this book has turned out to be is even more exciting that I had ever hoped. Working closely with Alex to craft a guidebook that could be used by anyone who wants to learn to give or receive good cunnilingus, regardless of gender, has been an adventure. I especially loved that this book focuses on the experience of oral sex for both the giver and the receiver. I love that with The Cunnilinguist, Alex has chosen to open up the discussion to anyone who wants to give oral sex to someone with a vulva, and anyone with a vulva who wants to receive. There's such a need for writing about sex that recognizes trans, nonbinary, and intersex people, and I think this book does an elegant (and fun) job of broadening the conversation beyond cisgender bodies. The Cunnilinguist is the kind of book I wish I'd had available to my Sociology of Sexuality students. It manages to be both informative and well-researched while also being a fun, irreverent frolic. The description of the vaginal / vulvar / clitoral anatomy is worth the cover price alone, given how many people who possess these structures don't know what they're called or how they work. This refreshingly modern guide takes the business of giving and receiving pleasure seriously, but never takes itself too seriously. It's full of orgasm-inducing tips and techniques for both giver and receiver, presented with equal doses of good humor and practical, usable information. -Susan Harper PhD The Ultimate Gift for Your Lover? Could this be the ultimate gift? Christmas, birthday or any-day gift? Man, woman, transgender; bisexual, straight, fluid; single, dating, married; polyamorous or monogamous. Regardless of gender, sexuality, relationship status or anything else, if you're someone who would like to improve your experience of giving or (and?!) receiving cunnilingus this "refreshingly modern guide" on how to please, pleasure or be pleased might just be the gift you're looking for. Enjoy!:) #TheCunnilinguist

Lesbian Sex Licking Techniques & Positions -

Marie Turner 2015-12-02

How to please your partner with different lesbian techniques to reach an orgasm Licking Techniques Eating P**y Positions Vaginal and Anal Strap-On Positions 50 Threesome Positions Want to do something different with your partner whether it is a lover, girlfriend or your wife.
