Blissful Surrender M. C. Fields 2018-11-27 Justin is a Mixed Martial Arts instructor who has been enlisted by the ruling Mohawk Matriarchs to help protect the most vulnerable women in their community. Since then he has devoted his life to empowering women. Marie is a free-spirited aircraft mechanic determined to live life to the fullest. And she's Justin's student. Justin is the best martial arts instructor Marie has ever had. He is also the subject of her raunchy sexual fantasies. Unfettered by the traditional roles of women in society, she's unafraid to show Justin what she wants, but he's having none of it. After Justin saves her from being attacked, Marie realizes her feelings go deeper than sexual attraction alone. She knows that Justin is reluctant to have sex with a student but pursues him brazenly nonetheless. But she doesn't know that Justin is guarded for another reason: he is able to call up the Shadow of the Leopard, a mysterious force that once led him to kill two cops. As the attraction between them intensifies, Justin is forced to make a decision: keep walking the tightrope he is on, or surrender to Marie and risk putting the school in jeopardy or even worse.... Blissful Surrender is a 31,000-word novella.

Natural Remedies for Low Testosterone Stephen Harrod Buhner 2016-01-22 How to maintain optimum testosterone levels for the male body through the use of herbs, nutritional supplements, and diet • Explains the phenomenon of male menopause and how to deal with it • Reveals scientific evidence of testosterone-blocking agents in the environment that alter men's essential chemistry as they age • Presents safe, organic plant medicines that can restore optimum testosterone levels • Contains the most up-to-date natural treatments for impotence, infertility, and prostate disease The recognition of andropause, the middle-age stage in male development comparable to women's menopause, is hampered by the lack of a clear outward manifestation of the chemistry and physiology specific to aging men. Men are still capable of reproduction well into and beyond middle age. Yet a man's sexual desire and potency varies, often according to his testosterone level. Recent studies show that the lowered testosterone levels endemic in aging men--a gradual drop that is quite normal--are being exacerbated by environmental agents. Testosterone-blocking estrogen agents are present in insecticides, industrial materials, pharmaceuticals, and foods. Men are daily inundated with a "cocktail" of estrogen agents that alter the fine balance of testosterone that makes them male. But as recent medical research has revealed, testosterone replacement therapy with Low T drugs is not a good option because of the increased risk of cardiovascular problems, such as heart attack and stroke, and because the body can become dependent on pharmaceutical testosterone and stop producing any on its own. In this updated edition of *The Natural Testosterone Plan*, Stephen Harrod Buhner shows why men need help to maintain their testosterone levels as they age and explains how naturally occurring phytoandrogens--plant medicines that contain male hormones--can safely remedy the depletion exerted by the environment. Buhner details how each phytoandrogen works, when its use is indicated, and the most appropriate method of application, providing all men with safe, natural, and effective means of maintaining optimum testosterone levels well into old age.

S=EX2 Pere Estupinyà 2016-08-25 You have in your hands the most rigorous, complete and readable book ever written about the fascinating science of human sexuality. This book goes beyond the well-worn sexual education advice and the usual evolutionist psychology. After *The Brain Snatcher*, Pere Estupinyà comes back with the first popular science book on sex aimed at a wide audience. While there are some tips for the more adventurous, there is also a wealth of new information to be discovered. Distancing himself from the many books on advice or techniques, Estupinyà brings sex to another dimension by combining popular beliefs and science. Do you want proof that our decision-making in the "heat of the moment" is less rational than we think? Did you know that mind and vagina each go their own way? Are you interested in learning about the effects of yoga on sexual pleasure? Did you know about the attempts in the 60s to "cure" homosexuals with electric shock therapy, the chemical analysis of female ejaculation, or the fundamental relationship between the sympathetic and parasympathetic nervous system? The author has spoken directly with asexual and intersexual individuals, fetishists, multi-orgasmic women, women who never have orgasms through penetration, and men who have no refractory period. He has also participated in sadomasochistic events; learned tantric techniques with a couple of coaches, spoken with porn performers at Barcelona's Bagdad, and attended workshops in which a woman teaches how to have orgasms with your mind and breathing. The result is an incredible miscellany of information that appeals to both the scientific community and the curious.

Azula Seven Rue 2021-12-05 AZULA Being loved by a man was one of the best feelings in the world. But being loved by five at once was even better, no matter how fucked up that love was. Growing up in a trailer park always made me feel different, and the stares and laughs from people who thought my family and home were strange never bothered me. I was happy, but even the happiest people took things too far sometimes, ignoring their limits and not seeing all the red flags lighting up around them. My own happiness slowly broke me as I let those five men show me how much they adored me. I let them destroy me in the best way possible, and ruin me internally simultaneously. When I reached my lowest point and exhaustion took over my body, I didn't think there'd be a way back to the girl I was before. Never had I thought the five men who ruined me would end up being the ones saving me.

Living Dolls Natasha Walter 2011-05-26 I once believed that we only had to put in place the conditions for equality for the remnants of old-fashioned sexism in our culture to wither away. I am ready to admit that I was wrong.' Empowerment, liberation, choice. Once the watchwords of feminism, these terms have now been co-opted by a society that sells women an airbrushed, highly sexualised and increasingly narrow vision of femininity. Drawing on a wealth of research and personal interviews, LIVING DOLLS is a straight-talking, passionate and important book that makes us look afresh at women and girls, at sexism and femininity - today.

**Porneia** Aline Rousselle 2013-01-07 Porneia means fornication, unchastity, desire for another's body. Drawing on Roman and Greek works of science, medicine, gynecology, and law and on Christian and pagan religious texts, Aline Rousselle discovers the intimate fears, passions, superstitions, and ambitions of the people of the Mediterranean world during the first four centuries AD. The first part of the book describes Roman notions of male and female sexuality; attitudes to fertility, inheritance, child care, and training; legal restraints on sexual behavior; concubinage and divorce; and the extraordinary rituals of orgy, castration and sacrifice associated with ancient rites of fertility and spirituality. Yet the sexual problems of antiquity will be seen in many respects to be almost exactly those of the contemporary West—from fear of impotence to the concern of parents about teenage misbehavior. The second part of the work is concerned with the impact of Christian ideas upon a settled pagan tradition. Abstinence, once associated with the enhancement of fertility, becomes the key to salvation. The first monastic regimes, and the means by which men and women curtailed and overcame their desire for one another, are described in detail. Centuries of concern with fertility became, in this revolutionary period, an obsession with chastity in this world and a secure place in the next. This is a tour de force of scholarship and historical anthropology. The author's argument may be controversial, but few can fail to be fascinated by the evidence she marshals to support it.

**Isabel the Queen** Peggy K. Liss 2004 Queen Isabel of Castile is perhaps best known for her patronage of Christopher Columbus and for the religious zeal that led to the Spanish Inquisition, the waging of holy war, and the expulsion of Jews and Muslims across the Iberian peninsula. In this sweeping biography, newly revised and annotated to coincide with the five-hundredth anniversary of Isabel's death, Peggy K. Liss draws upon a rich array of sources to untangle the facts, legends, and fiercely held opinions about this influential queen and her decisive role in the tumultuous politics of early modern Spain. Isabel the Queen reveals a monarch who was a woman of ruthless determination and strong religious beliefs, a devoted wife and mother, and a formidable leader. As Liss shows, Isabel's piety and political ambition motivated her throughout her life, from her earliest struggles to claim her crown to her secret marriage to King Fernando of Aragn, a union that brought success in civil war, consolidated Christian hegemony over the Iberian peninsula, and set the stage for Spain to become a world empire.

Nina Hartley's Guide to Total Sex Nina Hartley 2006-10-19 Legendary porn star Nina Hartley's guide to thrilling, liberating, mind-blowing, soul-fulfilling, and intimacy-building sex! Witty, smart, and frankly provocative, Nina Hartley knows sex. As a sex performer, sexual adventurer, and sex educator, she's done the fieldwork and has taken extensive notes. Now, she's ready to share her research. Let's just say that she's had all the sex—the good, the bad, and the indifferent—so you won't necessarily have to! Nina Hartley's Guide to Total Sex is for sexual pioneers and enthusiastic novices. Unabashedly erotic, the book covers a lot of territory, allowing readers to sample the whole smorgasbord or just nibble at what they see as the choicest bits. To start things off, Nina includes explicitly detailed chapters on foreplay, oral sex, masturbation, toys, and games. Sexual adventurers (and voyeurs) will find chapters on swinging, three-ways, anal sex, erotic domination, sensual submission, and much more. Nina is a strong advocate of safe sex, physically and emotionally, and she helps readers establish personal ground rules. But as a sexual liberationist and a feminist, her core belief is that, between consenting adults, all sexual behaviors are a matter of personal choice. Whether you're trying to reignite the passion with a longtime spouse, or explore new terrain with a new lover, Nina offers a variety of ideas to achieve exhilarating, deeply satisfying, intimate, and profoundly liberating sex.

*The Changing Fictions of Masculinity* David Rosen 1993 In a sensitive and provocative study of six great works of British literature, David Rosen traces the evolution of masculinity, inviting readers to contemplate the shifting joys and sorrows men have experienced throughout the last millennium, and the changing but constant tensions between their lives and ideals. Focusing on Beowulf, Sir Gawain and the Green Knight, Hamlet, Paradise Lost, Hard Times, and Sons and Lovers, Rosen shows how the actions of heroes fail to resolve tensions between masculine ideals and male experiences.
