Sex Ed Robert T. Eberwein 1999 In a 1914 movie, *Damaged Goods*, a doctor shows a character the horrific effects of venereal disease. In contrast, many of today's sex ed videos encourage viewers to realize their sexuality more fully as a source of pleasure. In *Sex Ed*, Robert Eberwein demonstrates how films and videos used for sex education have provided a complex ideological framework in which questions of sexuality, gender, and race are compellingly foregrounded. Eberwein starts his investigation in the silent and early sound eras with educational films used both to warn audiences about venereal disease and to provide basic contraception information. World War II movies, he states, waged their own war against venereal disease—in the armed services and at home. Newer works deal with birth control and focus in particular on AIDS. *Sex Ed* also highlights the classroom. Eberwein draws connections between the earliest and most recent examples of educational films as he analyzes their ideological complexity. He concludes by examining marriage-manual films of the early 1970s and very recent videos for couples and individuals seeking instruction in sexual techniques to increase pleasure.

[How Tobacco Smoke Causes Disease](#) 2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of

tobacco products.

The Comfort Women C. Sarah Soh 2020-05-15 In an era marked by atrocities perpetrated on a grand scale, the tragedy of the so-called comfort women—mostly Korean women forced into prostitution by the Japanese army—endures as one of the darkest events of World War II. These women have usually been labeled victims of a war crime, a simplistic view that makes it easy to pin blame on the policies of imperial Japan and therefore easier to consign the episode to a war-torn past. In this revelatory study, C. Sarah Soh provocatively disputes this master narrative. Soh reveals that the forces of Japanese colonialism and Korean patriarchy together shaped the fate of Korean comfort women—a double bind made strikingly apparent in the cases of women cast into sexual slavery after fleeing abuse at home. Other victims were press-ganged into prostitution, sometimes with the help of Korean procurers. Drawing on historical research and interviews with survivors, Soh tells the stories of these women from girlhood through their subjugation and beyond to their efforts to overcome the traumas of their past. Finally, Soh examines the array of factors— from South Korean nationalist politics to the aims of the international women’s human rights movement—that have contributed to the incomplete view of the tragedy that still dominates today.

Voice and Agency Jeni Klugman 2014-09-29 Despite recent advances in important aspects of the lives of girls and women, pervasive challenges remain. These challenges reflect widespread deprivations and constraints and include epidemic levels of gender-based violence and discriminatory laws and norms that prevent women from owning property, being educated, and making meaningful decisions about their own lives--such as whether and when to marry or have children. These often violate their most basic rights and are magnified and multiplied by poverty and lack of education. This groundbreaking book distills vast data and hundreds of studies to shed new light on deprivations and constraints facing the voice and agency of women and girls worldwide, and on the associated costs for individuals, families, communities, and global development. The volume presents major new findings about the patterns of constraints and overlapping deprivations and focuses on several areas key to women s empowerment: freedom from violence, sexual and reproductive health and rights, ownership of land and housing, and voice and collective action. It highlights promising reforms and interventions from around the world and lays out an urgent agenda for governments, civil society, development agencies, and other stakeholders, including a call for greater investment in data and knowledge to benchmark progress.

Gender, Sex and Translation Jose Santaemilia 2015-12-08 Gendered and sexual identities are unstable constructions which reveal a great deal about the ideologies and power relationships affecting individuals and societies. The interaction between gender/sex studies and translation studies points to a fascinating arena of discursive conflict in which our intimate desires and identities are established or rejected, (re)negotiated or censored, sanctioned or tabooed. This volume explores diverse and heterogeneous aspects of the manipulation of gendered and sexual identities. Contributors examine translation as a feminist practice and/or theory; the importance of gender-related context in translation; the creation of a female image of secondariness through dubbing and state censorship; attempts to suppress the blatantly patriarchal and sexist references in the German dubbed versions of James Bond films; the construction of national heroism and national identity as male preserve; the enactment of Chamberlain's 'gender metaphors' in Scliar and Calvino; the transformation of Japanese romance fiction through Harlequin translations; the translations of the erotic as site for testing the complex rewriting(s) of identity in sociohistorical term; and the emergence of NRTs (New Reproductive Technologies), which is causing fundamental changes in the perception of 'creativity' or 'procreation' as male domains.

Khullam Khulla Rishi Kapoor 2017-01-15 Son of a famous father. Father of a famous son. I am the hyphen between them. Only, Rishi Kapoor was and is so much more. Few actors in Hindi cinema have had this sort of a career arc: from the gawky adolescent pining for his schoolteacher (*Mera Naam Joker*, 1970) to the naughty ninety-year-old (*Kapoor & Sons*, 2016), Rishi Kapoor has regaled audiences for close to fifty years. He won a National Award for his debut, became an overnight sensation with his first film as a leading man (*Bobby*, 1973), and carved a niche for himself with a string of romantic musical blockbusters in an era known for its angst-ridden films. He was the youth icon that is still the toast of the satellite TV circuit. The songs he lip-synced are the bread and butter of all radio stations even today. Then there was the second coming after a brief hiatus in the 1990s - as one of the finest actors in mainstream Hindi cinema with powerhouse performances in films like *Do Dooni Chaar*, *D-Day*, *Agneepath* and others. Characteristically candid, Rishi Kapoor brings Punjabi brio to the writing of *Khullam Khulla*. This is as up close and personal a biography as any fan could have hoped for. He writes about growing up in the shadow of a legendary father, skipping school to act in *Mera Naam Joker*, the workings of the musical hits of the era, an encounter with Dawood Ibrahim, his heroines (their working relationship, the gossip and the frisson that was sometimes real), his approach to his craft, his tryst with clinical depression, and more. A foreword by Ranbir Kapoor and a stirring afterword by Neetu Singh bookend the warmest, most dil se biography an Indian star has ever penned.

Gay Male Pornography Christopher N. Kendall 2004 The 2000 case of *Little Sisters Book and Art Emporium v. Customs Canada* provided Canada's highest court with its first opportunity to consider whether the analysis set out in *R. v. Butler* - in which the Supreme Court identified pornography as an issue of sex discrimination - applies to pornography intended for a lesbian or gay male audience. The Court held that it did, finding that, like heterosexual pornography, same-sex pornography also violates the sex equality interests of all Canadians. Christopher Kendall supports this finding.

arguing that gay male pornography reinforces those social attitudes that create systemic inequality on the basis of sex and sexual orientation - misogyny and homophobia alike - by sexually conditioning gay men to those attitudes and practices. The author contends that as a result of litigation efforts like those brought by lesbian and gay activists in the Little Sisters case, the notion of empowerment and the rejection of those values that daily result in all that is anti-gay have been replaced with a misguided community ethic and identity politic that encourages inequality. This is best exemplified in the gay male pornography defended in Little Sisters as "liberation" and "central to sexual freedom." Gay Male Pornography rejects the equality claims of gay male pro-pornography advocates and argues that there is little to be gained from sexualized conformity. To date, no one has taken the position that gay male pornography violates the legal right to sex equality. This book does that and, as such, it will be of value to scholars of law, sociology, and gender studies, as well as to all who have an interest in equality and justice.

The Second Sex Simone de Beauvoir 1997 Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time
