*Resurrecting Sex* - David Schnarch 2010-09-21  
In this remarkable book, Dr. David Schnarch, world-renowned sex and marital therapist and author of *Passionate Marriage*, offers a groundbreaking approach to resolving sexual difficulties and the relationship problems they

cause. By showing couples how they can turn their worst sex and relationship disasters into personal growth and spiritual connection, Dr. Schnarch offers couples the best sex of their lives. In addition to taking an unflinchingly honest, realistic, and erotic approach to sex, Dr.

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2021-01-31  
by guest

Schnarch reveals the complicated emotional interactions hidden within couples' most private moments. Resurrecting Sex speaks of compassion, partnership, generosity, and integrity in adult sexual relationships, offering hope to millions of people who are struggling with sexual difficulties. Uplifting, provocative, and heartfelt, the book is organized into four sections: A crash course in sex Explanation of how sexual relationships really work Medical options and bionic solutions Vignettes of couples changing their sexual relationships Resurrecting Sex addresses all major sexual issues, including male erection problems such as rapid orgasm and delayed orgasm; women's problems with arousal and lubrication, difficulty reaching orgasm, and low desire; full coverage of Viagra (for both men and women); and other sex-enhancing drugs and medical options. Rather than dwelling on sexual techniques, this sympathetic book shows how to cure the rejection, hostility, and emotional alienation that

often accompany sexual problems. Its unique method helps couples develop the love, affection, and commitment that prevent divorce and strengthen families.

*Reclaiming Desire* - Andrew Goldstein, M.D.  
2009-06-09

A holistic approach to the problem of low libido in women explains how a variety of physical, emotional, spiritual, and intellectual factors, as well as such events as pregnancy, marriage, childbirth, menopause, and divorce, can affect a woman's sex drive and offers a variety of medical and psychological treatment options to help women reinvigorate their intimate relationships. 35,000 first printing.

**Exploring the Dimensions of Human Sexuality** - Jerrold S. Greenberg 2007

Exploring The Dimensions Of Human Sexuality, Third Edition, Has Been Extensively Updated To Include Information And Statistics About Recent Developments. This Text Continues To Encourage Students To Explore The Varied

Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality, Sexual Health, And Sexual Responsibility. All Aspects Of Sexuality--Biological, Spiritual, Psychological, And Sociocultural--Are Presented Factually And Impartially.

*Men Trapped in Men's Bodies* - Anne A. Lawrence 2012-12-09

There are few topics in sex research as compelling and confounding to researchers, clinicians, and the general public as that of transsexualism. Upending normative notions of gender, eroticism, and identity, it poses significant scientific and clinical challenges. The book addresses a fascinating and largely unexplored topic within the study of transsexualism: The feelings and desires of conventionally masculine men who are attracted to women yet want to become women themselves. Through a collection and discussion of vivid first-person narratives, the book provides an in-depth examination of these men's

unusual propensity to be sexually aroused by the thought of themselves as women and how these men's sexual feelings influence their decisions to seek or undergo sex reassignment. These narratives about autogynephilia by autogynephilic male-to-female (MtF) transsexuals provide the first comprehensive documentation of the erotic ideation that underlies the most common form of MtF transsexualism. The narratives provide empirical evidence for Blanchard's theory of MtF transsexual motivation, and thus are of interest to researchers and theorists studying the phenomenology of MtF transsexualism. The narratives are likely to be eye-opening to psychologists, psychiatrists, physicians, and other professionals who work with MtF transsexuals: Most clinicians probably do not fully appreciate the erotic underpinnings of their clients' condition. A better understanding of their clients' autogynephilic feelings and motivations would enable these professionals to

provide more empathetic and effective clinical care.

What Do Women Want? - Daniel Bergner  
2013-06-20

In this headline-making book, Daniel Bergner turns everything we thought we knew about women's desire on its head. Drawing on extensive research and interviews with renowned behavioural scientists, sexologists, psychologists and everyday women, Daniel Bergner asks: - Do women really crave intimacy and emotional connection? - Are women more disposed to sex with strangers or multiple partners than either science or society have ever let on? - And is 'the fairer sex' actually more sexually aggressive and anarchic than men?

**Come As You Are: Revised and Updated** - Emily Nagoski 2021-03-02

A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure

that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science

of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

**Ace** - Angela Chen 2020-09-15

An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction, and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, Ace addresses the misconceptions around the “A” of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist

Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that “not wanting sex” was a sign of serious illness, and a man who grew up in a religious household and did everything “right,” only to realize after marriage that his experience of sexuality had never been the same as that of others. Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness.

advertise their sexual inclinations and preferences, many people identify as asexual, lacking sexual attraction to either men or women. This book introduces the idea of asexuality as a fourth category of sexual orientation and re...

*Inside of Me* - Shellie R. Warren 2008-08

Shellie R. Warren knows what it means to be a survivor. Although born and raised as a Christian, Warren experienced sexual abuse, rape and low self-esteem in her childhood, which led her to a vicious cycle of sexual promiscuity in her 20s. Multiple abortions and severe bouts of depression plagued her life until she found freedom, healing and reconciliation in an intimate relationship with G-d unlike any she'd ever experienced. As she turns 30, Warren pens this memoir, giving voice to her pain, discoveries and triumphs. Through narrative and spoken word poetry, she offers personal and biblical insights and hard-hitting assessments that attack this cancerous epidemic deceiving young

women and men today.

Exploring the Dimensions of Human Sexuality - Jerrold Greenberg 2010-03-10

Exploring the Dimensions of Human Sexuality, Fourth Edition addresses all aspects of sexuality—biological, spiritual, psychological, and sociocultural—and presents the information both factually and impartially. Throughout the text, students will find an emphasis on health and well-being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality. Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality, sexual health, and sexual responsibility.

Social Constructionism - Vivien Burr 2015-04-21

Now in its third edition, this successful book introduces students to the area of social science theory and research known as social constructionism. Using a variety of examples from everyday experience and from existing

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2021-01-31  
by guest*

research in areas such as personality, sexuality and health, it clearly explains the basic theoretical assumptions of social constructionism. Key debates, such as the nature and status of knowledge, truth, reality and the self are given in-depth analysis in an accessible style. Drawing on a range of empirical studies, the book clearly defines the various different approaches to social constructionist research and explores the theoretical and practical issues involved. While the text is broadly sympathetic to social constructionism, it also adopts a critical perspective to the material, addressing its weaknesses and, in the final chapter, subjecting the theory itself to a more extensive critique. New to this edition: Extended coverage of the relationship between 'mainstream' psychology and social constructionism and how the two fields can engage with each other. An exploration of the rise and popularity of neuroscience and the challenge it poses to social constructionism. New material on the field of

psychosocial studies. Updated coverage of existing key issues such as age and sexuality, and inclusion of more recently emerging issues (e.g. status and role of affect). Updated discussion of key social constructionist contributors, with revised references. Updated chapter on research methods, including more on narrative and critical narrative analysis, and personal construct methods. The third edition of Social Constructionism extends and updates the material covered in previous editions and will be an invaluable and informative resource for undergraduate and postgraduate students across the social and behavioural sciences.

harmony to any relationship.

**Volatile Bodies** - Elizabeth Grosz 1994-06-22

"Volatile Bodies demonstrates that the sexually specific body is socially constructed: biology or nature is inherently social and has no pure or natural 'origin' outside culture. Being the raw material of social and cultural organization, it is subject to the endless rewriting and inscription that constitute all sign systems. Grosz demonstrates that the theories of, among others, Freud and Lacan theorize a male body. She then turns to corporeal experiences unique to women--menstruation, pregnancy, childbirth, lactation, menopause--to lay the groundwork for new theories of sexed corporeality."--Back cover.

Plato and Sex - Stella Sandford 2013-04-24

What does the study of Plato's dialogues tell us about the modern meaning of 'sex'? How can recent developments in the philosophy of sex and gender help us read these ancient texts anew? Plato and Sex addresses these questions for the first time. Each chapter demonstrates

how the modern reception of Plato's works has in both mainstream and feminist philosophy and psychoanalytical theory has presupposed a 'natural-biological' conception of what sex might mean. Through a critical comparison between our current understanding of sex and Plato's notion of *genos*, Plato and Sex puts this presupposition into question. With its groundbreaking interpretations of the Republic, the Symposium and the Timaeus, this book opens up a new approach to sex as a philosophical concept. Including critical readings of the theories of sex and sexuation in Freud and Lacan, and relating such theories to Plato's writings, Plato and Sex both questions our assumptions about sex and explains how those assumptions have coloured our understanding of Plato. What results is not only an original reading of some of the most prominent aspects of Plato's philosophy, but a new attempt to think through the meaning of sex today.

**Psychology of the Unconscious** - Carl Gustav Jung 2001

"This book became a landmark, set up on the spot where two ways divided. Because of its imperfections and its incompleteness it laid down the program to be followed for the next few decades of my life." Thus wrote C. G. Jung about his most famous and influential work, the one that marked the beginning of his divergence from the psychoanalytic school of Freud. In this book Jung explores the fantasy system of Frank Miller, the young American woman whose account of her poetic and vivid mental images helped lead him to his redefinition of libido while encouraging his explorations in mythology. Published in 1912 as *Wandlungen und Symbole der Libido*, this is a key text for the study of the formation of Jung's ideas and for understanding his personal and psychological condition during this crucial time. Miller's fantasies, with their mythological implications, supported Jung's notion that libido is not primarily sexual energy,

as Freud had described it, but rather psychic energy in general, which springs from the unconscious and appears in consciousness as symbols. Jung shows how libido organizes itself as a metaphorical "hero," who first battles for deliverance from the "mother," the symbol of the unconscious, in order to become conscious, then returns to the unconscious for renewal. Jung's analytical commentary on these fantasies is a complex study of symbolic parallels derived from mythology, religion, ethnology, art, literature, and psychiatry, and foreshadows his fundamental concept of the collective unconscious and its contents, the archetypes.

[The Logic of Sexuation](#) - Ellie Ragland  
2012-02-01

Challenges essentialist notions of gender through a detailed account of Lacan's theories of gender, sexuality, and sexual difference.

**Give your life a meaning or enjoy...** - Rudi Zimmerer 2019-03-14

Consider please: Nothing has a meaning until we

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2021-01-31  
*by guest*

give it a meaning. If we would enjoy our entire life, we don't need a meaning for our life. Most people can't enjoy their life even they can't enjoy their working time... I will help you in this book to enjoy your entire life! Still, we should give our life a meaning that will direct our life. So that we know why we do this and not waste our time for meaningless things... You find the answers in this book. Why can't we enjoy our life? Why are good relationships more important than wealth and success? Why should we care for our intimacy relationships? Why do we need to enjoy our Job? Why do we need a goal setting? Why can't we rely on our kids as the meaning of life? Why should we fulfill our heart desires? Why is it essential to have a mission? Why should we stop regretting instead to do it? Why should we learn to go beyond our desires? Why do we need to be connected with God/divine? Why can God/Divine give us a meaning of life?

The Meaning of Sex - Dennis P. Hollinger  
2009-06-01

Our culture is not only sex-crazed but also deeply confused about sex and sexual ethics. Unfortunately, Christians seem equally confused, and the church has tended to respond with simplistic answers. The reason for this confusion is that the meaning of sex has been largely lost. Dennis Hollinger argues that there is indeed a God-given meaning to sex. This meaning, found in the Christian worldview, provides a framework for a biblical sexual ethic that adequately addresses the many contemporary moral issues. The Meaning of Sex provides a good balance between accessible theology and engaging discussion of the practical issues Christians are facing, including premarital sex, sex within marriage, homosexuality, reproductive technologies, and faithful living in a sex-obsessed world.

**Mayo Clinic The Menopause Solution** -

Stephanie S. Faubion 2016-04-26

**Confront menopause symptoms such as weight gain, mood swings, and low sex drive**

*Downloaded from*

**with clear advice from a trusted source.**

*Mayo Clinic The Menopause Solution* is the definitive guide to making your life change a positive one. Drawing on the latest information, leading women's health expert Dr. Stephanie Faubion covers common questions, lifestyle strategies, and treatment options.

Unlike other books, *Mayo Clinic The Menopause Solution* is comprehensive, easy to navigate, and authoritative.

Features include:

- A complete look at what happens to your body before, during, and after menopause.
- Up-to-date information on over-the-counter medications, nutritional supplements, and

hormone therapy

- Sidebars, lists, and summaries to make finding information a cinch

Dr. Faubion knows that what works for one woman doesn't necessarily work for another. In approachable terms, she presents a balanced, unbiased overview of what to expect in midlife and beyond. You'll find accurate information on perimenopause, premature menopause, menopause symptoms, long-term effects of estrogen loss, and a wide variety of therapies to enhance health.

Professional, accessible, and essential for any woman entering menopause, *Mayo Clinic The Menopause Solution* offers everything you need to take charge of your own health and get the best care from your doctor.
