The Life & Times of Malcolm McLaren Paul Gorman 2020-04-09 'I couldn't put this book down. Malcolm inspired us to make art out of our boredom and anger. He set us free' Bobby Gillespie, Primal Scream Included in the Guardian 10 best music biographies 'Excellent . . . With this book, Gorman convincingly moves away from the ossified image of McLaren as a great rock'n'roll swindler, a morally bankrupt punk Mephistopheles, and closer towards his art-school roots, his love of ideas. Tiresome, unpleasant, even cruel - he was, this book underlines, never boring' Sunday Times 'Exhaustive . . . compelling' Observer 'Definitive . . . epic' The Times 'Gobsmacker of a biography' Telegraph 'This masterful and painstaking biography opens its doorway to an era of fluorescent disenchantment and outlandish possibility' Alan Moore Malcolm McLaren was one of the most culturally significant but misunderstood figures of the modern era. Ten years after his life was cruelly cut short by cancer, *The Life & Times of Malcolm McLaren* sheds fascinating new light on the public achievements and private life of this cultural iconoclast and architect of punk, whose championing of street culture movements including hip-hop and Voguing reverberates to this day. With exclusive contributions from friends and intimates and access to private papers and family documents, this biography uncovers the true story behind this complicated figure. McLaren first achieved public prominence as a rebellious art student by making the news in 1966 after being arrested for burning the US flag in front of the American Embassy in London. He maintained this incendiary reputation by fast-tracking vanguard and left-field ideas to the centre of the media glare, via his creation and stewardship of the Sex Pistols and work with Adam Ant, Boy George and Bow Wow Wow. Meanwhile McLaren's groundbreaking design partnership with Vivienne Westwood and his creation of their visionary series of boutiques in the 1970s and early '80s sent shockwaves through the fashion industry. *The Life & Times of Malcolm McLaren* also essays McLaren's exasperating Hollywood years when he broke bread with the likes of Steven Spielberg though his slate of projects, which included the controversial *Heavy Metal Surf Nazis* and *Wilde West*, in which Oscar Wilde introduced rock'n'roll to the American mid-west in the 1880s, proved too rich for the play-it-safe film business. With a preface by Alan Moore, who collaborated with McLaren on the unrealised film project *Fashion Beast*, and an essay by Lou Stoppard casting a twenty-first-century perspective over his achievements, *The Life & Times Of Malcolm McLaren* is the explosive and definitive account of the man dubbed by Melvyn Bragg 'the Diaghilev of punk'.

Redefining Mainstream Popular Music Sarah Baker 2013-02-12 *Redefining Mainstream Popular Music* is a collection of seventeen essays that critically examines the idea of the "mainstream" in and across a variety of popular music styles and contexts. Notions of what is popular vary across generations and cultures - what may have been considered alternative to one group may be perceived as mainstream to another. Incorporating a wide range of popular music texts, genres, scenes, practices and technologies from the United Kingdom, North America, Australia and New Zealand, the authors theoretically challenge and augment our understanding of how the mainstream is understood and functions in the overlapping worlds of popular music production, consumption and scholarship. Spanning the local and the global, the historic and contemporary, the iconic and the everyday, the book covers a broad range of genres, from punk to grunge to hip-hop, while also considering popular music through other mediums, including mash-ups and the music of everyday work life. *Redefining Mainstream Popular Music* provides readers with an innovative and nuanced perspective of what it means to be mainstream.

Die Sex Pistols Thomas Westphal 2022-05-18 Die Sex Pistols waren eine englische Punkrockband, die 1975 in London gegründet wurde. Obwohl ihre

anfängliche Karriere nur zweieinhalb Jahre dauerte, sind sie eine der bahnbrechendsten Bands in der Geschichte der Popmusik. Sie waren für die Entstehung der Punk-Bewegung im Vereinigten Königreich verantwortlich und inspirierten viele spätere Punk- und Alternative-Rock-Musiker. Ihre Mode und ihre Frisuren haben das Image des Punks maßgeblich geprägt, und sie werden oft mit Anarchismus in der Musik in Verbindung gebracht.

Notes From A Small Military Chip Chapman 2015-07-02 Stumbling from a university anarchist meeting into a career in the army, Chip Chapman is conscious of how very incompetent he is. The Royal Military Academy Sandhurst confirms his worst fears. He is eventually let loose on 6 Platoon of 2 PARA and, via the Falklands War, manages to elevate himself to a position of conscious competence and save his career. An insight into a generation of soldiering in the late 20th century and beyond, this hilarious, touching, informative, and thought-provoking memoir is set against the drumbeat of the social, cultural, and legal rhythms of the age, and the change from the certainties of the Cold War to the nihilism of 9/11. With shades of David Niven's *The Moon's a Balloon*, Lesley Thomas's *Virgin Soldiers*, and the travelogs of Bill Bryson, Chapman captures the rawness, spirit, and fortitude of the soldier in both peace and war.

Lost in Translation Suzanne Ferriss 2023-03-09 Sofia Coppola's *Lost in Translation* (2003) brings two Americans together in Tokyo, each experiencing a personal crisis. Charlotte (Scarlett Johansson), a recent graduate in philosophy, faces an uncertain professional future, while Bob Harris (Bill Murray), an established celebrity, questions his choices at midlife. Both are distant - emotionally and spatially - from their spouses. They are lost until they develop an intimate connection. In the film's poignant, famously ambiguous closing scene, they find each other, only to separate. In this close look at the multi-award-winning film, Suzanne Ferriss mirrors *Lost in Translation*'s structuring device of travel: her analysis takes the form of a trip, from planning to departure. She details the complexities of filming (a 27-day shoot with no permits in Tokyo), explores Coppola's allusions to fine art, subtle colour palette and use of music over words, and examines the characters' experiences of the Park Hyatt Tokyo and excursions outside, together and alone. She also re-evaluates the film in relation to Coppola's other features, as the product of an established director with a distinctive cinematic signature: 'Coppolism'. Fundamentally, Ferriss argues that *Lost in Translation* is not only a cinema classic, but classic Coppola too.

Digital Prohibition Carolyn Guertin 2012-04-26 The act of creation requires us to remix existing cultural content and yet recent sweeping changes to copyright laws have criminalized the creative act as a violation of corporate rights in a commodified world. Copyright was originally designed to protect publishers, not authors, and has now gained a stranglehold on our ability to transport, read, write, teach and publish digital materials. Contrasting Western models with issues of piracy as practiced in Asia, *Digital Prohibition* explores the concept of authorship as a capitalist institution and posits the Marxist idea of the multitude (à la Antonio Negri and Michael Hardt, and Paulo Virno) as a new collaborative model for creation in the

digital age. Looking at how digital culture has transformed unitary authorship from its book-bound parameters into a collective and dispersed endeavor, Dr. Guertin examines process-based forms as diverse as blogs, Facebook, Twitter, performance art, immersive environments, smart mobs, hacktivism, tactical media, machinima, generative computer games (like Spore and The Sims) and augmented reality.

Authenticity David Boyle 2003 Getting real is the next big thing in Western living - the determined rejection of the fake, the virtual, the spun and the mass-produced, in the search for authenticity. There's a revolution going on and (however unconsciously) we're all already part of it. Welcome to the New Realism. The charms of the global and virtual future we were all brought up to expect, where meals would be eaten in the form of pills and machines would do all our work, have worn rather thin. It's not that we don't want all the advantages of progress - we do - we just want a future that manages to be local and real too. Tracking the struggle for reality from Japanese theme parks to mock-Tudor villas and from Byron to Big Brother, this book explains where our reactions against spin and fakeness come from - and where they are going. The current revival of real food, real business, real culture flies in the face of expert opinion from politicians, economists, advertisers and big business - and they're having to run to keep up as our hype attention-span gets ever shorter.

THE CRUISE ANTHONY HULSE 2012-06-25 June 1st 1925, the magnificent passage liner, The Empress Medina was found deserted in the Mediterranean Sea. All the lifeboats had been launched, and no evidence of food or drink was on board. Many explanations were offered, such as piracy, but with the lavish furnishings and priceless artwork still intact, this theory was dismissed. The weather had been fine, so what happened to the three hundred and eighty passengers and one hundred and fifty crew members? No wreckage of the lifeboats or evidence of bodies was ever found. Modern day and Ben Duncan and his wife, Natasha, along with four other couples receive a letter informing them that they have won a Mediterranean cruise, even though none of the recipients can recall entering the competition. James Davenport, the owner of the cruise ship meets the couples in Naples and they embark on what turns out to be a horrifying and enigmatic voyage in which the passengers under extreme circumstances are forced into the act of cannibalism.

Real Life Rock Greil Marcus 2015-10-20 For nearly thirty years, Greil Marcus has written a remarkable column called "Real Life Rock Top Ten." It has been a laboratory where he has fearlessly explored and wittily dissected an enormous variety of cultural artifacts, from songs to books to movies to advertisements. Taken together, his musings, reflections, and sallies amount to a subtle and implicit theory of how cultural objects fall through time and circumstance and often deliver unintended consequences, both in the present and in the future. Real Life Rock reveals the critic in full: direct, erudite, funny, fierce, vivid, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.

Karaoke Nights Rob Drew 2001 Karaoke creates its own culture, while reflecting much about the wider culture and the place of popular music as a media form. Its complexities and nuances make karaoke a marvelous ethnographic subject, and Rob Drew is compelling in his experience and understanding. Karaoke Nights is both a keen observation on the external behavior of deejays, performers, and audience and an intimate portrait of the emotional rollercoaster that is the internal life of a karaoke singer.

Karaoke Xun Zhou 2013-06-01 Dancing Queen. Respect. Brandy (You're a Fine Girl). There are some songs so infectious that you can't help but belt out the lyrics along with the singer. Karaoke—meaning "empty orchestra" in Japanese—gets rid of the singer and leaves you in the spotlight alone. It is the social manifestation of our desire to sing, in tune or out, and in three short decades, it has exploded into a worldwide craze. In this

unprecedented study, Zhou Xun and Francesca Tarocco engagingly examine karaoke and all its associated kitsch, crime, and weirdness. Usually thought of as the pastime of desperately bad singers and slurring drunks, karaoke has never enjoyed a particularly stellar image. Xun and Tarocco, however, reveal its surprisingly complex history and significant cultural impact around the world. Originating in postwar Japan, karaoke soon spread to Southeast Asia and the West. Karaoke traces how it became a wildly successful social phenomenon that constantly evolved to keep pace with changes in technology and culture. Drawing on extensive research and international travels, the authors chart the varied manifestations of karaoke, from karaoke taxis in Bangkok to nude karaoke in Toronto to the role of karaoke in prostitution. Extensive personal anecdotes reveal the dramatic range of social experiences made possible by karaoke and how the obsession with performance and song has touched politics, history, and pop culture throughout global society. Karaoke bars are at the heart of rich escapist fantasies and the authors—in readable fashion and using vibrant full-color illustrations—document this unpredictable fantasy world and the people who inhabit it. Karaoke, therefore, will delight anyone who has had the courage to take the mike and front the “empty orchestra.”

Hippo Eats Dwarf Alex Boese 2010-02-05 The following news story apparently first appeared in the Las Vegas Sun: 'A circus dwarf, nicknamed Od, died recently when he bounced sideways from a trampoline and was swallowed by a yawning hippopotamus waiting to appear in the next act. More than 1,000 spectators continued to applaud wildly until they realized the tragic mistake.' And yet, of course, Od never existed; which doesn't stop the story appearing every few years as a news item, set in fictional circuses from Manchester to Thailand and Sydney. The hippo-eats-dwarf story is a) bizarre, b) almost certainly fake and c) masquerading as real, which describes a disturbing amount of what we hear and read about in magazines and on the web. Scientific investigator Alex Boese, who has for ten years run the web's biggest myth-busting website www.museumofhoaxes.com, has collected together a wonderfully entertaining anthology of the best urban myths of recent years, from bonsai kittens reared in jars to keep them small to male lactation, and confirms or de-bunks them once and for all. So did Burger King really release a left-handed Whopper, with all of the condiments rotated through 180 degrees? Is dehydrated water available to buy online? Or are they just hippo-eats-dwarf urban myths?

The Punk Turn in Comedy Krista Bonello Rutter Giappone 2018-05-24 This book examines the interconnections between punk and alternative comedy (altcom). It explores how punk’s tendency towards humour and parody influenced the trajectory taken by altcom in the UK, and the punk strategies introduced when altcom sought self-definition against dominant established trends. The Punk Turn in Comedy considers the early promise of punk-comedy convergence in Peter Cook and Dudley Moore’s ‘Derek and Clive’, and discusses punk and altcom’s attitudes towards dominant traditions. The chapters demonstrate how punk and altcom sought a direct approach for critique, one that rejected innuendo, while embracing the ‘amateur’ in style and experimenting with audience-performer interaction. Giappone argues that altcom tended to be more consistently politicised than punk, with a renewed emphasis on responsibility. The book is a timely exploration of the ‘punk turn’ in comedy history, and will speak to scholars of both comedy and punk studies.

Show Me the Prisoner Patricia Farren 2002-11-20 Show Me the Prisoner is written from the perspective of a prison teacher who later served on the prison monitoring body. It covers a 15-year period of involvement in two of Northern Ireland’s prisons during the troubles, when terrorists hogged the limelight. They met in prison where she taught classes. Now estranged from his family, the young man had spent most of his life either in care or in one or other of Northern Ireland’s prisons. She set out to help him. He knuckled down and achieved a university place. Time done, he could move on. But was it all too good to be true? ‘Hah,’ predicted a prison officer, ‘If yous teachers think yous are going to change any of them boys, let me tell you...’ Headlines appeared in newspapers and on radio branding him ‘Ulster’s most feared prisoner’, predicting that one day Charlie Conlon would kill somebody. ‘Hannibal’, they dubbed him. Convinced he was the victim of institutional racism and sectarianism, Charlie believed he was guilty only of the rage of the powerless and the downtrodden. Witnessing how the system treated him, did he have a point? A meeting with his mother and

brother and an internet search for relatives in the USA threw interesting new light on his father's tour in Vietnam. It was then that his mother became evasive. On her deathbed mother and son were reconciled, and for the first time Charlie learned his true identity. But was it all too late? Show Me the Prisoner is a criminal justice memoir of Irish interest that will appeal to readers who enjoy social history. Patricia is inspired by Sister Helen Prejean's Dead Man Walking, a story she would love to have written.

Relocations Karen Tongson 2011-08 What queer lives, loves and possibilities teem within suburbia's little boxes? Moving beyond the imbedded urban/rural binary, *Relocations* offers the first major queer cultural study of sexuality, race and representation in the suburbs. Focusing on the region humorists have referred to as "Lesser Los Angeles"—a global prototype for sprawl—Karen Tongson weaves through suburbia's "nowhere" spaces to survey our spatial imaginaries: the aesthetic, creative and popular materials of the new suburbia. Across southern California's freeways, beneath its overpasses and just beyond its winding cloverleaf interchanges, Tongson explores the improvisational archives of queer suburban sociability, from multimedia artist Lynne Chan's JJ Chinois projects and the amusement park night-clubs of 1980s Orange County to the imperial legacies of the region known as the Inland Empire. By taking a hard look at the cosmopolitanism historically considered de rigeur for queer subjects, while engaging with the so-called "New Suburbanism" that has captivated the national imaginary in everything from lifestyle trends to electoral politics, *Relocations* radically revises our sense of where to see and feel queer of color sociability, politics and desire.

Lost in Translation Homa King 2010-07-19 In a nuanced exploration of how Western cinema has represented East Asia as a space of radical indecipherability, Homa King traces the long-standing association of the Orient with the enigmatic. The fantasy of an inscrutable East, she argues, is not merely a side note to film history, but rather a kernel of otherness that has shaped Hollywood cinema at its core. Through close readings of *The Lady from Shanghai*, *Chinatown*, *Blade Runner*, *Lost in Translation*, and other films, she develops a theory of the "Shanghai gesture," a trope whereby orientalist curios and décor become saturated with mystery. These objects and signs come to bear the burden of explanation for riddles that escape the Western protagonist or cannot be otherwise resolved by the plot. Turning to visual texts from outside Hollywood which actively grapple with the association of the East and the unintelligible—such as Michelangelo Antonioni's *Chung Kuo: Cina*, Wim Wenders's *Notebook on Cities and Clothes*, and Sophie Calle's *Exquisite Pain*—King suggests alternatives to the paranoid logic of the Shanghai gesture. She argues for the development of a process of cultural "de-translation" aimed at both untangling the psychic enigmas prompting the initial desire to separate the familiar from the foreign, and heightening attentiveness to the internal alterities underlying Western subjectivity.

Don't Stop Believin' Brian Raftery 2008-12-09 Armed with a keen eye and a terrible singing voice, writer Brian Raftery sets out across the globe, tracing karaoke's evolution from cult fad to multi-million dollar phenomenon. In Japan, he meets Daisuke Inoue, the godfather of karaoke; in Thailand, he follows a group of Americans hoping to win the Karaoke World Championships; and in New York City, he hangs out backstage with the world's longest-running heavy-metal karaoke band. Along the way, Raftery chronicles his own time as an obsessive karaoke fan, recalling a life's worth of noisy relationships and poor song choices, and analyzing the karaoke-bar merits of such artists as Prince, Bob Dylan and Fugazi. Part cultural history, part memoir, *Don't Stop Believin': How Karaoke Conquered the World and Changed My Life* is a hilarious and densely reported look at the liberating effects of a good sing-along.

Shadowrun: World of Shadows Michael A. Stackpole 2016-02-06 DARKNESS EVERYWHERE... The Sixth World is a dangerous place, with deadly hazards lurking around every corner. Everywhere shadowrunners go, from the top of the world to the deepest, darkest Sprawl neighborhood,

someone's always looking to make their rep by taking you down. World of Shadows is the second anthology of original Shadowrun short stories, each one showcasing some of the most far-flung, treacherous locations around the world. From a scientific mission gone wrong in the snowy wilds of Russia to an AR nightclub in Morocco sheltering runners on the lam to a recovering runner drawn into a deadly web of intrigue in the darkest alleys of Hong Kong, these eighteen original short stories explore exotic settings far off the beaten path. Featuring stories by Michael A. Stackpole, Mel Odom, Jean Rabe, Aaron Rosenberg, Phaedra Weldon, Annie Bellet, Chris A. Jackson and many others, find out what happens when shadowrunners have to battle not only with the ever-present threat of the corps and Mr. Johnson, but also the dangers of the very land they stand on.

In the Chair John Brown 2002 All of the poets interviewed in this collection are from Northern Ireland, all were born after 1920, and each has published at least one volume of poetry. Arranged chronologically by each poet's date of birth, this collection deals with an impressive body of work. The poets include Seamus Heaney, Paul Muldoon, Michael Longley, John Montague, Derek Mahon, Ciaran Carson, as well as less-known voices, including Gerald Dawe, Roy McFadden, and Conor O'Callaghan. The interviews explore the poet's work and development, the social/historical context, and the impact of assimilated influences. If they explore a poetry often rooted in "the North," they also suggest the individuality and diversity of this poetry, of work whose imaginative range is not circumscribed by either literal borders or critically convenient categories. The other poets included are: James Simmons, Tom Paulin, Frank Orsmy, Medbh McGuckian, Robert Greacen, Cathal P Searcaigh, Colette Bryce, Moyra Donaldson, Jean Bleakney, Martin Mooney, Padraic Fiacc, and Cherry Smyth.
