Sensual Magic Lauren Dane 2016-08-15 Sensual Magic is a novella that was originally published in the What Happens in Vegas...After Dark anthology, published with Spice in 2009 —now available as a digital novella on its own as of 8/15/2016. Two years ago, William Emery believed in love. Deciding to make his permanent home in Boston and start a nightclub there, he was locking down funding and approving the font on wedding invitations. Until he found out his fiancée was little more than a faithless gold digger. Emotionally devastated, he moved to Las Vegas where his younger brother lived and began work to create the kind of club he'd always wanted to run. And to drown the memories of his idealism in a sea of female flesh. If you didn't involve your heart, it never got broken. Nell Hunter is a witch on the trail of a human who's stolen from her people. This human is working with a group of mages stealing money and power from the clans and cabals, relying on the need for secrecy to keep their victims quiet and from going to the police. But they hadn't banked on Nell. She's a bonded hunter to the court of the Owen clan. In Vegas, Nell seeks William out, his ex- fiancée is the woman she's looking for. The sparks between them fly immediately and while Nell knows they're meant to be, William has a harder time with it. They come together as bullets and magic fly — nothing worth having is ever easy.

of poetry. Philip Hobsbaum called Redgrove 'the great poet of our time', while Angela Carter said: 'Redgrove's language can light up a page.' Redgrove ranks alongside Ted Hughes and Sylvia Plath. He is in every way a 'major poet'. Robinson's essay analyzes all of Redgrove's poetic work, including his use of sex magic, natural science, menstruation, psychology, myth, alchemy and feminism. 'Robinson's enthusiasm is winning, and his perceptive readings are supported by a very useful bibliography' (Acumen magazine) 'Sex-Magic-Poetry-Cornwall is a very rich essay... It is like a brightly-lighted box' (Peter Redgrove) 'This is an excellent selection of poetry and an extensive essay on the themes and theories of this unusual poet by Jeremy Robinson' (Chapman magazine)

The Magic Box Olivia M. Ravensworth 2015-06-26 Elizabeth has always been a “good girl”—a proper Catholic schoolgirl, shy, uncertain co-ed, and now a devoted and respectable wife. Despite her façade of normalcy, however, Elizabeth seethes inwardly with repressed desires. She guiltily dreams of forbidden acts - lesbian seductions, shameless exhibitionism, bondage, dominance, submission, and depraved orgies. She cannot stop her crazy longings. One night, her husband Bill coaxes to share her naughty fantasies. Inspired, and with the help of his best friend, a magician named Kyle, Bill arranges a scenario straight from her dirty daydreams: being blindfolded and bound in a perversely compartmentalized “magic box” while Bill’s friends, erect, grinning and wild-eyed, use the helplessly writhing woman as an intimate plaything. It is everything Elizabeth has dreamed of, and more. Once a former good girl has plummeted so deeply into degradation and debauchery, can there ever be any going back? The hesitant wife at last consents to join her husband and his friend in founding a secret sex club - The Magic Box. Only then will she learn how far she will go to satisfy her true needs.

and subspecies of North American turtles. In the foreword to 1995 paperback edition, J. Whitfield Gibbons, renowned ecologist and natural history author, brings the book into historical perspective and supplies information to bring it up to date. In the introduction, Carr considers such topics as turtle physiology, reproduction, growth, adaptation, and behavior. The introduction also includes discussions of methods for collecting specimens, the evolutionary origins of turtles, and the mythology and folklore surrounding the turtle. The second part of the volume is organized according to keys that give identifying characteristics, life histories, and illustrations of each species. Under headings of geographical range, distinguishing features, description, habitat, habits, breeding, feeding, and economic importance, the volume provides detailed accounts of the various species and subspecies. Throughout Carr offers colorful recollections and anecdotes about his fieldwork and research.

The Magic Box Rob Young 2021-08-03 A LOUDER THAN WAR BOOK OF THE YEAR A riveting journey into the psyche of Britain through its golden age of television and film; a cross-genre feast of moving pictures, from classics to occult hidden gems, The Magic Box is the nation's visual self-portrait in technicolour detail. 'The definition of gripping. Truly, a trove of wyrd treasures.' BENJAMIN MYERS 'A lovingly researched history of British TV [that] recalls the brilliant, the bizarre and the unworldly.' GUARDIAN 'A reclamation, not just of a visual 'golden age', but of Britain as a darkly magical place.' THE SPECTATOR 'A feat of argument, description and affection.' FINANCIAL TIMES 'Young unearths the ghosts of TV past - and Britain's dark psyche.' HERALD 'Highly entertaining . . . [A] fabulous treasure

trove.' SCOTSMAN 'Young is a phenomenal scholar.' OBSERVER 'Impassioned.' THE CRITIC Growing up in the 1970s, Rob Young's main storyteller was the wooden box with the glass window in the corner of the family living room, otherwise known as the TV set. Before the age of DVDs and Blu-ray discs, YouTube and commercial streaming services, watching television was a vastly different experience. You switched on, you sat back and you watched. There was no pause or fast-forward button. The cross-genre feast of moving pictures produced in Britain between the late 1950s and late 1980s - from Quatermass and Tom Jones to The Wicker Man and Brideshead Revisited, from A Canterbury Tale and The Go-Between to Bagpuss and Children of the Stones, and from John Betjeman's travelogues to ghost stories at Christmas - contributed to a national conversation and collective memory. British-made sci-fi, folk horror, period drama and televisual grand tours played out tensions between the past and the present, dramatised the fractures and injustices in society and acted as a portal for magical and ghostly visions. In *The Magic Box*, Rob Young takes us on a fascinating journey into this influential golden age of screen and discovers what it reveals about the nature and character of Britain, its uncategorisable people and buried histories - and how its presence can still be felt on screen in the twenty-first century. '[A] forensic dissection . . . this tightly packed treatise takes pains to illustrate how what we view affects how we view ourselves.'

Wet Magic (Illustrations) Edith Nesbit 2015-11-01 Example in this ebook CHAPTER ONE Sabrina Fair THAT going to the seaside was the very beginning of everything—only it seemed as though it were going to be a beginning without an end, like the roads on the Sussex downs which look like roads and then look like paths, and then turn into sheep tracks, and then are just grass and furze bushes and tottergrass and harebells and rabbits and chalk. The children had been counting the days to The Day. Bernard indeed had made a calendar on a piece of cardboard that had once been the bottom of the box in which his new white sandshoes came home. He marked the divisions of the weeks quite neatly in red ink, and the days were numbered in blue ink, and every day he crossed off one of those numbers with a piece of green chalk he happened to have left out of a penny box. Mavis had washed and ironed all the dolls' clothes at least a fortnight before The Day. This was thoughtful and farsighted of her, of course, but it was a little trying to Kathleen, who was much younger and who would have preferred to go on playing with her dolls in their dirtier and more familiar state. "Well, if you do," said Mavis, a little hot and cross from the ironing board, "I'll never wash anything for you again, not even your face." Kathleen somehow felt as if she could bear that. "But mayn't I have just one of the dolls" was, however, all she said, "just the teeniest,

weeniest one? Let me have Lord Edward. His head's half gone as it is, and I could dress him in a clean hanky and pretend it was kilts." Mavis could not object to this, because, of course, whatever else she washed she didn't wash hankies. So Lord Edward had his pale kilts, and the other dolls were put away in a row in Mavis's corner drawer. It was after that that Mavis and Francis had long secret consultations—and when the younger ones asked questions they were told, "It's secrets. You'll know in good time." This, of course, excited everyone very much indeed—and it was rather a comedown when the good time came, and the secret proved to be nothing more interesting than a large empty aquarium which the two elders had clubbed their money together to buy, for eight-and-ninepence in the Old Kent Road. They staggered up the front garden path with it, very hot and tired. "But what are you going to do with it?" Kathleen asked, as they all stood around the nursery table looking at it. "Fill it with seawater," Francis explained, "to put sea anemones in." "Oh yes," said Kathleen with enthusiasm, "and the crabs and starfish and prawns and the yellow periwinkles—and all the common objects of the seashore." "We'll stand it in the window," Mavis added: "it'll make the lodgings look so distinguished." "And then perhaps some great scientific gentleman, like Darwin or Faraday, will see it as he goes by, and it will be such a joyous surprise to him to come face-to-face with our jellyfish; he'll offer to teach Francis all about science for nothing—I see," said Kathleen hopefully. "But how will you get it to the seaside?" Bernard asked, leaning his hands on the schoolroom table and breathing heavily into the aquarium, so that its shining sides became dim and misty. "It's much too big to go in the boxes, you know." "Then I'll carry it," said Francis, "it won't be in the way at all—I carried it home today." "We had to take the bus, you know," said truthful Mavis, "and then I had to help you." "I don't believe they'll let you take it at all," said Bernard—if you know anything of grown-ups you will know that Bernard proved to be quite right. "Take an aquarium to the

seaside—nonsense!” they said. And “What for?” not waiting for the answer. “They,” just at present, was Aunt Enid. To be continue in this ebook...
