Take My Date, Please! Richard W. Wiener 2013-02-01 After decades of being married, author Richard Wiener, now in his 60s, found himself on the journey to find that elusive perfect woman and last date. He went into this experience as a naive, hopeful guy who thought he'd find the right girl easily. That didn't happen. Instead, he had many dates that started out good but eventually went wrong ... really, really wrong ... Wiener figured that if he'd had these bad date experiences, then other people must've had them, too. Thus, the idea for this two-book series was born. *Take My Date, Please!*, the sequel to *Check Please ... and Hurry!*, chronicles these dating disasters. This man vs. woman tell-all details several peoples' disastrous dates and explores the rude and the ugly, as well as the rare prince or princess charming in the single world. The 300+ people interviewed for this book prove that no matter what age you are, whether you are white, black, Asian, European or an alien from another planet, bad dates happen to just about everyone.

Girl Walks into a Bar . . . Rachel Dratch 2012-03-29 In this side-splitting memoir, the former Saturday Night Live star recounts the hilarious adventures and unexpected joy of dating and becoming a mother when she least expected it-at the age of forty-four. Anyone who saw an episode of Saturday Night Live between 1999 and 2006 knows Rachel Dratch. She was hilarious! So what happened to her? After a misbegotten part as Jenna on the pilot of *30 Rock*, Dratch was only getting offered roles as "Lesbians. Secretaries. Sometimes secretaries who are lesbians." Her career at a low point, Dratch suddenly had time for yoga, dog-sitting, learning Spanish-and dating. After all, what did a forty-something single woman living in New York have to lose? Resigned to childlessness but still hoping for romance, Dratch was out for drinks with a friend when she met John. Handsome and funny, after only six months of dating long-distance, he became the inadvertent father of her wholly unplanned,

undreamed-of child, and moved to New York to be a dad. With riotous humor, Dratch recounts breaking the news to her bewildered parents, the awe of her single friends, and the awkwardness of a baby-care class where the instructor kept tossing out the f-word. Filled with great behind-the-scenes anecdotes from Dratch's time on SNL, *Girl Walks into a Bar...* is a refreshing version of the "happily ever after" story that proves female comics-like bestsellers Tina Fey and Chelsea Handler are truly having their moment.

Make Your Move Jon Birger 2021-02-02 Modern romance is broken. It's time to flip the script. Apps have transformed dating from a mysterious adventure into a daily chore. Young, single, college-educated women are sick and tired of competing for a shrinking supply of guys. And marriage-material men, long expected to take the lead when it comes to asking women out, are suddenly balking at making the first move, fearing they'll come across as creepy or inappropriate. Society is changing, which means it's time for dating to evolve. Millennial and Gen Z women are more than capable of seeking out what—and who—they want. They're standouts in the classroom and champions on the playing fields. They're leaders in the workplace and trailblazers in city halls, state houses, and Congress. So why would we tell a generation of badass women that they're not allowed to be bold when it comes to finding love? Why should they have to sit back and wait (and wait and wait) for men to find them? In *Make Your Move: The New Science of Dating and Why Women Are in*

If you're tired of playing by old rules, look no further: Make your move and win.
