**American King** - Sierra

Simone 2017-10-31

They say that every tragic hero has a fatal flaw, a secret sin, a tiny stitch sewn into his future since birth. And here I am. My sins are no longer secret. My flaws have never been more fatal. And I've never been closer to tragedy than I am now. I am a man who loves, a man whose love demands much in return. I am a king, a king who was foolish enough to build a kingdom on the bones of the past. I am a husband and a lover and a soldier and a father and a president. And I will survive this. Long live the king.

*Their Virgin Nanny* - S. C.

Daiko 2017-06-10

Two super-hot daddies + one willing girl = sparks ELERI

Working as a nanny in an exclusive London borough for two bi-sexual alphas is my dream job. Except Gabe and Luke are making me think such dirty thoughts. I can't have them though... it would be totally outta line. And they couldn't possibly be interested in a twenty-two-year-old virgin like me I should find someone else to punch my V card, right? Yeah, right... GABE AND LUKE Sweet, innocent Eleri doesn't realize how cute she is. Like a breath of fresh air, a ray of sunshine, and every other cliché you can think of. She's also sexy as f\*ck, tempting as sin, and trouble with a big T. We wanna take her, break her, and make her ours. We know it's wrong, she's our kids' nanny, but it feels so frigging

right. It's not like we're gonna fall for her... not like she's gonna fall for us either. Just a bit of fun, nothing more, nothing less... Until it isn't...  
Born to Die - Noble David Cook  
1998-02-13

The biological mingling of the Old and New Worlds began with the first voyage of Columbus. The exchange was a mixed blessing: it led to the disappearance of entire peoples in the Americas, but it also resulted in the rapid expansion and consequent economic and military hegemony of Europeans. Amerindians had never before experienced the deadly Eurasian sicknesses brought by the foreigners in wave after wave: smallpox, measles, typhus, plague, influenza, malaria, yellow fever. These diseases literally conquered the Americas before the sword could be unsheathed. From 1492 to 1650, from Hudson's Bay in the north to southernmost Tierra del Fuego, disease weakened Amerindian resistance to outside domination. The Black Legend,

which attempts to place all of the blame of the injustices of conquest on the Spanish, must be revised in light of the evidence that all Old World peoples carried, though largely unwittingly, the germs of the destruction of American civilization.

**Desperate Measures** - Katee Robert  
2020-12-09

Once upon a time, I was a princess in a tower. One night, and my entire life went up in flames. All because of him. Jafar. As my world burned down around me, he offered me a choice. Walk away with nothing but my freedom... Or rise to his challenge and win my fortune back. I bargained. I lost. Now Jafar owns me, body and soul. Even as my mind rails against his rules, my body loves the punishments he deals out when I break them. But a gilded cage is still a prison, I'll do anything to obtain my freedom. Even betray the man I'm falling for. In DESPERATE MEASURES, you'll find: -> Enemies to lovers -> Captive Heroine -> Kinky Roleplay -> Daddy/baby girl -> Alpha hero

*The Anatomy of Jane* - Amelia  
LeFay 2017-01-19

Jane I've always been on my own. My life used to consist of nothing but work, keeping Allen out of trouble, and if I had time, sleep. Then I became their maid. Max Every day more than half a million people tune in to watch my show. They trust me. I know it's because I'm the only son of the prominent Emerson family. However, I like to believe it because I'm honest no matter what story I report on. I'm honest about everything but the man I've been f\*\*king for the last four years... and now her. Wesley I want three things: First, Maxwell Emerson and Jane Chapman both in my bed. Second, to be the best bloody chef in the country. Third, to figure out how to simultaneously get the first and second things I want without any of us getting hurt. Three People One Love Story

**Beyond Jealousy** - Kit Rocha  
2014-03-17

She's been looking for the perfect man. She found two. When Rachel Riley sacrificed a

life in Eden to protect the O'Kanes, she earned her place in the powerful Sector Four gang. But the former crime princess is tired of being everyone's sweet little sister . It's time for her to get wild, to embrace her fantasies as only an O'Kane can—with a delicious exiled soldier and the gang's wickedly sinful tattoo artist. A saint... Lorenzo Cruz is a warrior, taught by his commanding officers in Eden that involvement equals distraction. Emotion is a liability, and desire a sin. In Sector Four, he finds decadence, shameless sex—and his own dark urges. No battle strategy prepared him for how Rachel makes his heart race...or the way his rival for her affections sets his blood on fire. ...and a sinner. Ace Santana has a dirty reputation and a mind to match, especially where his new lovers are concerned. He's eager to help Cruz embrace his dominant side, and to explore the lines between pleasure and pain with Rachel. But corrupting them quickly becomes an

obsession, a need he can't deny—and a love he never imagined. Three hearts on the line means a hundred ways their ménage a trois could go wrong. After all, even O'Kanes do forever two-by-two. One of them could be the missing piece that makes them all whole...or a temporary diversion destined for a broken heart.

*The Fifth Vital* - Mike Majlak  
2021-05-05

USA TODAY BESTSELLING BOOK! Mike Majlak was a seventeen-year-old from a loving, middle-class family in Milford, Connecticut, when he got caught up in the opioid epidemic that swept the nation. For close to a decade thereafter, his life was a wasteland of darkness and despair. While his peers were graduating from college, buying homes, getting married, having kids, and leading normal lives, Mike was snorting OxyContin, climbing out of cars at gunpoint, and burying his childhood friends. Unable to escape the noose of addiction, he eventually lost

the trust and support of everyone who had ever loved him. Alone, with nothing but drugs to keep him company, darkness closed in, and the light inside him--the last flicker of hope--began to dim. His dreams, potential, and future were all being devoured by a relentless addiction too powerful to fight. Despair filled him as he realized he wasn't going to survive. Somehow, he did... HE NOT ONLY SURVIVED, HE THRIVED. Now he's a social media personality with millions of followers, and an entrepreneur, marketer, podcaster, YouTuber, and author who hopes to use his voice to shine a light for those whose own lights have grown dim. This is his story.

Improvement of Crops in the Era of Climatic Changes - Parvaiz Ahmad 2014-07-28  
Abiotic stress drastically limits agricultural crop productivity worldwide. Climate change threatens the sustainable agriculture with its rapid and unpredictable effects, making it difficult for agriculturists and farmers to respond to the challenges cropping up from environmental stresses. In light of population growth and climate changes, investment in agriculture is the only way to avert wide scale food shortages. This challenge comes at a time when plant sciences are witnessing remarkable progress in understanding the fundamental processes of plant growth and development. Plant researchers have identified genes controlling different aspects of plant growth and development, but many challenges still exist in creating an apt infrastructure, access to bioinformatics and good crop results. Improvement of Crops

in the Era of Climatic Changes, Volume 2 focuses on many existing opportunities that can be applied methodically through conventional breeding, without touching upon the latest discoveries such as the power of genomics to applied breeding in plant biology. Written by a diverse faction of internationally famed scholars, this volume adds new horizons in the field of crop improvement, genetic engineering and abiotic stress tolerance. Comprehensive and lavishly illustrated, Improvement of Crops in the Era of Climatic Changes, Volume 2 is a state-of-the-art guide to recent developments vis-à-vis various aspects of plant responses in molecular and biochemical ways to create strong yields and overall crop improvement.

Freshman - Madison Faye  
2016-07-20

I'm going to be her first - no

matter what. She's the sweet temptation from down the street. My buddy's little girl. I watched her grow up, but now I'm obsessed with taking her, claiming every part of her, and making her mine. I know it's wrong as hell. She's off-limits and totally innocent, but I can't tame my desire for her, not when one blink of those wide eyes gets me hard as a rock. She ignites something inside of me, something that won't be tamed and won't be f\*cking stopped. I'm going to be her first, and claim every single part of her. I'm going to breed her and make her mine, and I don't care who knows. College is for firsts... He's my forbidden fantasy, the unbelievably hot retired rock star next door. He looks at me like I'm already his, and it's hard to ignore the pure, raw need he brings in out in me. I've been saving my v-card until college for the right man, but I know it's a matter of time before I let him take it all, even if he's more than twice my age. Then again, there's my best friend - she's my other half, my confidant. We've done

everything together our whole lives. Can I really lose it without her? And what happens when "friends" turn into so much more? What happens when you've got urges and feelings like this for two people?

Company for Three: MMF Menage Romance - Zoey Thames 2019-07-29

Two billionaire rivals and the woman who stands between them... Cara Ross is the manager of a non-profit ranch specializing in horse rescues. When she attends a fancy New York fundraiser, she meets the sexy James Lebray and the handsome Deacon Frost. Both men are interested in

becoming donors, so Cara invites them to the ranch for a tour, and things only heat up from there. But Cara's self-doubt haunts her. She's not rich, not famous, and she certainly can't fit into any of those size-zero dresses that the New York models wear. So why would two scorching-hot billionaires be interested in a plus-sized girl more comfortable wearing jeans and rescuing horses? And why does she suddenly feel like a prize they're battling each other to win—and she's cheering for them both? Deacon Frost has been wildly successful since leaving the military and starting his company years ago. These days, the biggest thorn in his side is billionaire James Lebray, a competitor who's as driven to win as he is handsome. James Lebray is a man who smiles too much and looks too good doing it—and he's a problem. Not only is James locked in a bidding war with Deacon for a company they each want for very different reasons, but he's also moving in on the fascinating

Cara Ross. And Deacon isn't going to let her go without a fight. James always plays to win. Cara's a pretty puzzle that immediately fascinates him, but his biggest rival, Deacon Frost, is clearly interested in the curvy woman too. Normally, James would be confident in his chances to win Cara's heart, but he's always had a thing for Deacon. The man is drop-dead gorgeous, and that alpha military bearing of his has sparked many a fantasy. Clearly, the only thing a sane man can do is kiss the guy and see what happens. He intends to win both Cara and Deacon. But emotions run hot and competition runs deep, threatening any chance the three of them have at happiness. Can enemies truly become lovers? Cara might be the one who bound them together, but will she be the thing that forever drives them apart? Reader note: contains MMF menage, BBW and billionaires, hot romance elements, enemies to lovers, male male love, and a happily ever after
